

Thank you for selecting us as your healthcare provider

We offer convenient access to our network of doctors focused on meeting your health needs, from simple illnesses to early detection and prevention to chronic disease management.

✦ BaylorScott&White QUALITY ALLIANCE

EHN Employers
Health
Network

Our clinically integrated network includes over 8,500+ primary and specialty care doctors, 85+ hospitals and 400+ post-acute care facilities, imaging centers and laboratory services all working collaboratively to make sure your personal health needs are met.

Our Care Navigation representatives are on call to help you find a primary or specialty care doctor. While specialty care is essential when managing chronic conditions, it is important that you are mindful of maintaining your overall health and well-being with the help of a primary care doctor.

Creating a continuing, trusting relationship with a primary care doctor has immense value. They know you and your history, allowing them to recognize changes in your health. A primary care doctor cares for you as an entire person (physical, mental and emotional) in addition to overseeing all your routine care.

To find a BSWQA doctor or get help scheduling an appointment, call **1.844.BSW.QLTY (279.7589.)** Care Navigation is available to serve you Monday-Friday from 7:00 AM – 9:00 PM and Saturday-Sunday 9:00 AM – 7:00 PM.

If you do not wish to receive future mailings from Baylor Scott & White Health, please call 1.844.BSW.DOCS. Educational resources and patient rights and responsibilities can be found at [BSWHealth.com/QualityAlliance](https://www.bswhealth.com/QualityAlliance).
