Shelf Makeover: Weeding, Selection, Displays ~ When it comes to weeding your collection, how do you get started? What do you get rid of first? What do you hang onto and hope will come back into fashion (like acid wash jeans?) What do you keep because it's a wardrobe staple? What do you toss because it's so last season? Using principles from the renowned CREW manual and also guidelines from the equally renowned television show What Not to Wear, Jen will provide weeding pointers and emotional support for those of you who just aren't sure about the difference between trash and treasure.
