

**Elizabethtown Area School District  
Scope & Sequence - Quick Reference**

---

**Department:** Art

**Course:** Painting II

**Grade Level(s):** 9-12

**Course Description:** This course is open for all high school students who have successfully completed Painting I and have an interest in further developing their technique and portfolio. Students will continue to examine the basic elements of art and principles of design through a variety of techniques, styles and media in painting. The course will include advanced painting skills in acrylic paint and watercolor, as well as the use of color theory and color for self-expression. Students will learn the importance of imagination as well as more advanced observation and perspective. Students will reference artists, art works, and styles. Critical analysis and interpretation of art works is required for personal growth.
