

**Elizabethtown Area School District  
Scope & Sequence - Quick Reference**

---

**Department:** Math

**Course:** AP Calculus BC

**Grade Level(s):** 11-12

**Course Description:** This weighted course is an extension of AP Calculus. Students will continue to study advanced topics, including techniques of integration, polynomial approximations, and series. Upon successful completion of this course, students choosing to take the advanced placement exam, scoring three or above, may receive college credit from participating colleges and universities. A graphing calculator will be required for this course. (A TI-83 or TI-84 is the recommended calculator.)
