-
- Not sure what class you should take, talk to your teachers and they will let you know what classes you are prepared for, or might be interested in.
 - Still stuck on what classes to take? Research courses for a specific college program, visit the college website and review the courses you would need to take with them in order to earn the degree, and sign up for those courses if we offer

them. This will help prepare you for that college program.

- Final Deadline for completing your Naviance plan is 1-27-25. This program will be locked at midnight the 31st and you will no longer be able to access course registration.
- All applications, forms, and flyers about specific departments and programs are in your google classroom. Students must join the google classroom and then guardians can be sent an invite from the counselor after they have joined.
