C. Recommendation to Approve Minutes of 1-15-25

Minutes approved from 1-15-25

D. Committee Discussion:

1. Policy: D6 Class Size

The meeting focused on approving minutes, adding a policy on investigation, interrogation, arrest, and search, and discussing the implications of the D6 and C30 policies. Key points included concerns about equity issues introduced by the D6 choice option, and the potential impact of legislative changes on school district boundaries. The meeting concluded with a consensus to proceed with the D6 policy and to address C30 in a future meeting.

Provide more details on the communication and exploration process for the school choice policy (D6) at the next meeting.

Monitor the developments in the legislature regarding district boundaries and consolidation timelines, and update the board as needed.

Schedule the C30 discussion for a future meeting when all board members can be present.

Jamie McCallum confirms the approval of the minutes by unanimous consent. Steve explains the process of unanimous consent to speed up meetings. Jamie McCallum motions to add a policy on investigation, interrogation, arrest, and search to the agenda. The motion is seconded and passed by unanimous consent. Jamie McCallum clarifies that the policy was requested by Superintendent Baker. Jamie McCallum explains the new policy, which is an amalgam of other policies, focusing on student searches and law enforcement interactions. Steve seeks clarification on whether the policy addresses student privacy or law enforcement interactions. Wendy enters the meeting and suggests tabling the discussion due to substantial changes and issues.

Steve proposes removing the choice option in the policy due to equity concerns, citing research from various institutions. Wendy clarifies the controlled choice process, emphasizing the need for transportation and other accommodations. Steve expresses concerns about the potential inequities introduced by the choice option. Wendy outlines the communication plan to ensure equitable access to information about the choice option. The board discusses the timeline for exploring the choice option and the need for thorough communication.

Discussion about Governor proposal

Wendy discusses the potential impact of legislative changes on school district boundaries and local control. Jamie McCallum and others express concerns about the timeline and the need for local decision-making power. Wendy emphasizes the importance of engaging in the legislative process and being prepared for potential changes.

Steve emphasizes the need for a policy on school consolidation to address potential closures in a rational and reasonable way. Jamie McCallum and others discuss the challenges of having a conversation about school consolidation without it getting in the way of rational discussion of other issues. The board thinks it might be possible to include the consolidation question in the larger C 30 debate.

The board discusses the timeline for the second reading of the D6 policy and the need to finalize it before the next school year.

The board agrees to proceed with the D6 policy as revised, with a focus on addressing equity concerns.

Policy

It is the intent of this policy to ensure the district maintains equitable access for all ACSD students to learning environments that are appropriate for academic success, social and emotional well-being, and are sufficient to support the district's educational programming. The board will comply with sections 15 and 16 of Act 153 of 2010 requiring superintendent to work with school boards to develop policy guidelines for minimum, maximum, and optimal class sizes in a regular and technical education classes. Class size guidelines will be used to inform annual decisions related to staffing and program offerings. A class shall be defined as a group of students composed of one or two grades of students unless otherwise authorized by the superintendent.¹

Implementation

1. The superintendent or his or her designee shall, in consultation with building principals, develop district wide class minimum, maximum, and optimum class size guidelines to take into account the instructional needs of specific elementary grade intervals, and required and elective courses at the secondary level.

Current ACSD guidelines are as follows:

K: A minimum of 10, maximum of 19

Grades 1-3: A minimum of 10, maximum of 20

Grades 4-5: A minimum of 10, maximum of 24

The optimal average class size taking across all grades is 15.

2. Class size guidelines in the district may vary as necessary to reflect differences among schools, such as school size and programmatic needs.

¹ Typically, these class size guidelines are followed with greater fidelity in grades K-8 than in technical educational settings or in grades 9-12, when a variety of factors may require smaller subsets of students.

3. The guidelines shall ensure compliance with state or federal requirements related to matters such as student-teacher ratios, special education, technical education, and multilingual learners.
4. The superintendent shall report to the board at least annually on the implementation of this policy, and shall include in his or her report information related to the use of the guidelines in determining actual class sizes and program offerings in the schools within the district.

Policy contingencies

1. If a class exceeds or is projected to exceed the upper limit of D6 guidelines, and the superintendent determines the integrity of the education educational program is jeopardized, the superintendent has the authority to divide that class into sections that meets policy guidelines.
2. If a class is projected to have a size that is below the minimum D6 guidelines, and the superintendent determines the integrity of the education educational program is jeopardized, the superintendent will invite families across ACSD to indicate if they prefer to have their student move to that school and class. Families who volunteer to send their students to the receiving ACSD school can also choose to send the sibling(s) of that student to the same new school, pending the superintendent's determination that all aspects of this policy continue to be met. The district will make every effort to ensure that volunteer families can be provided transportation to the new school under existing bus routes. Given the broad geographic spread of our district, however, under a certain conditions, transportation may not be guaranteed. Under this policy, it is anticipated that students who volunteer to move to the new school will be enrolled at that school for the duration of their elementary school education.
3. The superintendent will ensure that any movement of students across schools will take class size, school capacity, and equity considerations into account and ensure compliance with D6 and other policies across all ACSD schools and classrooms.
4. If indicated preferences do not adequately ensure class sizes that comply with D6, the superintendent can assign a cohort of students—the entire class—to another school in order to ensure the integrity of the educational program. In this case, ACSD will provide transportation for the students to and from their newly assigned school. These students can request to attend a different school than the one they are assigned by the superintendent in accordance with policy C30. In this case, ACSD may not be able to provide transportation for their student to and from school.

Policy

PK-12 students are assigned to schools based on the attendance area in which their parent(s) and/or legal guardian reside(s). The attendance areas are established with the premise that the assigned schools provide equal educational opportunities for students in the communities they serve. Attendance areas for Addison Central School District are town borders, and correspond to town elementary schools:

Town of Bridport: Bridport Central School
Town of Cornwall: Bingham Memorial Elementary School
Town of Middlebury: Mary Hogan Elementary School
Town of Ripton: Ripton Elementary School
Town of Salisbury: Salisbury Community School
Town of Shoreham: Shoreham Elementary School
Town of Weybridge: Weybridge Elementary School

Students who live in towns whose elementary school has a pre-Kindergarten program have first priority to enroll in their school of residence pre-Kindergarten program. If space allows, pre-Kindergarten slots will be opened annually at ACSD schools with pre-Kindergarten programs for students in Addison Central School District from towns in which their local schools do not provide a pre-Kindergarten program.

Students whose residence changes within the District boundaries after January 15 may continue in the school serving the former residence until the end of the school year. The parent/guardian will be responsible for providing transportation for his/her student changing attendance areas for reasons other than those provided by law.

The Board acknowledges that circumstances may arise that result in a need to transfer a student to a school outside of his/her designated attendance area. All intra-district transfers shall be evaluated based upon documented circumstances which may include the following:

1. The student is a victim of a violent criminal offense in or on the resident school grounds;
2. Continuing enrollment in the student's current school for the remainder of the school year, given a change of the parent/guardian official residence;
3. Significant family and/or student circumstances of an educational, medical, financial, or personal nature which would be relieved by a change in attendance status;
4. A request is made to enroll a student in a school prior to the parent/guardian moving into that school's attendance area with documentation showing the move will occur within two months of the start of the school year or the date of the transfer submission, whichever is later;

Decisions regarding a student transfer shall be made by the Superintendent or designee, in consultation with the student's parent(s)/guardian, and relevant education and social service professionals. The decision by the Superintendent is final and not subject to appeal.

Procedure outlines application and enrollment criteria.

Addison Central School District

Policy: Title I Comparability

File Code: D4

Warned: January 6, 2017

Adopted: January 17, 2017

If a school in the *Addison Central School District* becomes eligible to receive Title I funds, the school shall provide comparable services, staffing levels, curriculum materials, and instructional supplies for Title I eligible and non-Title I eligible schools. The district shall use local and state funds to ensure equivalence among schools in staffing and the provision of curricular materials and instructional supplies. Students in all schools shall be eligible for comparable programs and supplemental supports. The district shall utilize district-wide salary schedules for professional and non-professional staff.

The superintendent or designee shall develop procedures for compliance with this policy and shall maintain records that are updated biennially documenting the district's compliance with this policy.
