Use of School Property Procedures

The Governing Board believes that school facilities and grounds are a vital community resource, which should be used to foster community involvement and development. Therefore, the Board authorizes the use of school facilities by district residents and community groups for purposes specified in the Civic Center Act, to the extent that such use does not interfere with school activities or other school-related issues.

I. Purpose and Scope

For purposes of adequate administration and control, the Superintendent or designees of the Perris Union High School District (the "District") are authorized by provisions of the Education Code and the Civic Center Act to determine the availability of District facilities under his or her jurisdiction and to enforce the laws, rules, regulations, and policies. (Education Code Section 38133.)

II. Control

The Deputy Superintendent of Business Services and the Director of Facilities Services, the Superintendent's designees, shall perform the following functions:

- A. Determine the eligibility of groups or organizations seeking use of District facilities;
- B. Secure required signatures, information, and applications for use of District facilities;
- C. Determine if the applicant is entitled to use of District facilities based upon free use, direct cost fee, or fair rental value fee;
- D. Issue permits to those who qualify if the District facilities are available;
- E. Notify all parties and departments concerned when permits are issued, canceled, or changed;
- F. Keep adequate records of all uses of District facilities for public purposes;
- G. Insist upon the observance of all rules and regulations as set forth by the Education Code, the Civic Center Act, Board Policies, and Administrative Regulations; and
- H. Revoke permits and deny the use of District facilities to any group or organization when a violation of regulations occurs.

III. Eligibility for Use

The use of school facilities, or part thereof, by groups, organizations clubs, or associations is predicated upon the adherence to the rules and regulations as set forth by the Board of Trustees. Applications from individuals will not be considered. In general, the subject matter of civic center meetings shall pertain to the recreational, educational, political, economic, artistic, or moral interests of the community. No group or organization, regardless of its character, may interfere with the educational program of the District or the schools.

IV. Scheduling Conflicts, Priority System, and Fees

- A. Once an event/activity has been approved by school administration followed by the appropriate District personnel for use of school facilities as specified on the approved application form, the requesting group or organization shall have confirmation of the approval of its application and the date and time for the specified facility. Prior to the actual confirmation and approval of the use of school facilities, the system of priorities discussed below shall be consulted. A system of priorities has been established to prevent conflicts between groups or organizations wishing to use the same school property at the same time.
- B. Business Services shall make the final determination as to which group or organization may use the school facilities according to the following system of priorities:

Priority 1	Activities and programs directly related to the instructional and educational program(s) of the District and District-sponsored organizations, including student body organizations.
Priority 2	Activities related to the District's adult education instructional programs.
Priority 3	Events and activities designed to serve the school's youth.
Priority 4	Use of the facilities for cultural events and activities, supervised youth group activities, and for civic and service groups' activities.
Priority 5	Use by groups or organizations who do not qualify under the provisions of the Civic Center Act for free use or direct-cost use, but to whom the District may make facilities available for a fair rental value fee.

No group or organization shall monopolize the use of school facilities.

- C. If the school facilities are needed for school purposes, any permit may be canceled at any time prior to use.
- D. Permission to use school facilities will be granted as provided in Board Policy 1330 and, if applicable, in accordance with the fee schedule in effect at the time the application is approved.
- E. The applicant group or organization is responsible for cleaning the facility by the closing time designated in the permit. Groups or organizations exceeding allocated times of closure will be assessed a fee sufficient to cover excess service costs, as determined by the fee schedule.

V. Safety

- A. A Civic Center permit does not necessarily authorize the use of certain school equipment nor the use of any student body equipment. Prior written approval shall be obtained from Business Services in coordination with school administration for the supervision, operation, and payment for the use of any special equipment made available. The group or organization shall note its request for arrangements to use special equipment on the application prior to its submission to the school administrator.
- B. No structures may be erected or assembled on school premises, nor any extraordinary electrical, mechanical, or other equipment be used or brought thereon unless prior written approval has been obtained from Business Services.
- C. Any group or organization using school facilities shall do so in such a manner that guarantees the safe operation of those facilities.
- D. Any use of school facilities for non-school purposes shall comply with all state and local fire, health, and safety laws. Groups or organizations to whom permits are issued shall assume the responsibility to ensure that all such activities carried on the property and all equipment used, placed, or distributed upon school premises shall comply with applicable state and local fire, health, and safety laws and regulations.
- E. School facilities shall not be available for non-school-related users for any activity involving the use of fireworks or any other type of pyrotechnic display. This restriction is to ensure the safety of participants, bystanders, and/or neighbors due to the risk of fire.
- F. School facilities shall not be available for any activity involving the use of animals of any type, kind, or size, nor is straw or hay to be used in any activity unless previously approved in writing by Business Services. This restriction is for sanitation purposes and due to the risk of fire when these materials are present.

- G. Applicant's are not permitted to use any District resulting images, videos, or portions of images without written consent from the District. Photographic, filming, video production services, social media posts, graphics, pictorial, and other means of creative expression of and about any PUHSD Facility or Site are also not permitted;
- H. Business Services in coordination with school administration reserves the right to provide campus security and/or fire protection services at users' cost for all activities held on school property when such protection is deemed necessary.

- J. The Governing Board is committed to providing a safe environment for students, staff, and visitors on campus. The Perris Union High School District prohibits the possession, use, or storage of firearms, fireworks, other lethal weapons, and other dangerous instruments, as defined in law and administrative regulation, in school buildings, and on school grounds. (Board Policy 3515.7)

- A. School property must be protected from damage and mistreatment, and ordinary precautions for cleanliness must be maintained. The group or organization shall properly dispose of paper or trash in proper receptacles and restore the school facilities to their previous condition of order. Any breakage, damage, or loss of school property shall be paid by the group or organization that made the application for use of the facilities even though such loss was caused by a person or persons not officially belonging to the group or organization. The cost shall be established by the Business Services Division and an invoice shall be submitted to the responsible group or organization. Failure to pay such damage promptly shall be grounds for refusal of all future applications.
- B. Any group or organization using school facilities shall be liable for any injuries that result during the time of such use. The group or organization shall bear the cost of insuring against this risk and defending itself and the District against claims arising from this risk.

The insurance coverages and limits of liability shown are the minimum insurance requirements in this Agreement. Each organization is responsible for obtaining adequate insurance. Failure to provide adequate insurance will result in the request being denied. Perris Union High School District staff will not refer any organization to an insurance broker or assist any organization with finding adequate insurance. District staff will not accept calls from insurance agents on behalf of the organization. Inadequate insurance documents are returned to the "insured/applicant" with specific instructions regarding what needs to be corrected and/or what is inadequate. Last-minute rehearsals or additional room use will not be permitted. The applicant shall not arrive before the time authorized for use of the school facilities. School employees are not permitted to open the facilities at any time other than the time listed on the approved application. It shall be the responsibility of the group or organization to whom the permit was issued to ensure that the unauthorized portions of the facilities are not used and that the school premises are vacated as scheduled.
- H. Any use contrary to or in violation of any law, Board Policy, or Administrative Regulation shall be grounds for cancellation of the permit, for removing the users from the property, and may be grounds for barring such group or organization from further use of school facilities.
- I. Any approved application for the use of school facilities may be revoked without prior notice where conflicting dates have resulted or where the need for the property for public school purposes has subsequently developed. For other causes, permits may be revoked at any time upon reasonable notice.
