

1. Facebook:

Age Restriction: 13 years and older.

Reason: Complies with COPPA, which restricts the collection of personal information from children under 13.

2. TikTok:

Age Restriction: 13 years and older.

Reason: TikTok requires users to be at least 13 to create an account and collect data.

3. Snapchat:

Age Restriction: 13 years and older.

Reason: Users must be at least 13 to comply with COPPA standards.

4. YouTube:

Age Restriction: 13 years and older for the main platform, but there is a dedicated app called YouTube Kids designed for children under 13.

Reason: To ensure a safer environment for children, YouTube Kids offers age-appropriate content.

5. WhatsApp:

Age Restriction: 16 years and older in some countries, including the EU, and 13 years in others.

Reason: Compliance with privacy regulations.

6. Discord:

Age Restriction: 13 years and older.

Reason: The platform includes chat and voice features that may not be suitable for younger users without supervision.

7. Instagram:

Age Restriction: 13 years and older.

Reason: Similar to Facebook, Instagram adheres to COPPA guidelines.

8. Fortnite:

Age Restriction: Rated T for Teen (ages 12+) by ESRB.

Reason: Contains violence and may not be suitable for younger children.

9. Minecraft:

Age Restriction: Rated E for Everyone (suitable for all ages).

Reason: The game does not contain any inappropriate content but still requires parental supervision.

10. Roblox:

Age Restriction: Rated E10+ for Everyone 10 and older.

Reason: Although designed for kids, the platform includes user-generated content, and age-appropriate supervision is recommended.
