COMPREHENSIVE SCHOOL SAFETY PLAN 2024 – 2025

PUBLIC REDACTED VERSION

Visalia Unified School District

5000 West Cypress Avenue, Visalia, CA 93277
559-730-7300

Kirk Shrum, Superintendent

Ben Dhillon, Assistant Superintendent - Human Resources Development

Andy Di Meo, Assistant Superintendent - Educational Services

Mark Thompson, Assistant Superintendent - Learning & Leadership

Dear Parents,

The Visalia Unified School District Board of Education has stated that a primary goal of the school district is to ensure positive and safe learning environments. A safe school environment provides the basic atmosphere where learning is maximized. All Visalia Unified School District staff participate in maintaining this safe and positive environment. Each school site has developed a comprehensive safe school plan with the input from parents, staff, students and community agencies such as law enforcement. These plans address key safety improvement needs and are evaluated on a regular basis. They address all aspects of school safety such as the physical facilities and grounds; conduct codes; staffing needs; positive learning approaches and character education.

Each school site and the school district has also developed crisis response plans which provide staff and students with efficient, safe and orderly prepared responses in case of a crisis or disaster occurring at the school(s). The school district has worked closely with the community's emergency response agencies such as law enforcement, fire, hospital and others. School staff have been selected and trained to carry out specific roles in a disaster such as first aid, parent contacts, student release, etc.

In case of a disaster on our school campus, please do not use the telephone to call us, as phone lines will be needed for emergency communications. Parent messages will be sent containing incident information and where to pick up your child(ren).

Students have the right to a safe campus and learning environment. Prevention of school safety problems is a priority of all school staff, parents and students. The disaster preparedness plans are in place, but hopefully never needed. Each day students come to school to learn, be safe and enjoy the learning environment. Keeping safety in mind, in all we do, makes this possible.

Angelina G. Thomas
Principal

INTRODUCTION

AUTHORITY

State law requires that all California public schools develop a comprehensive school safety plan that addresses the safety concerns identified through a systematic planning process in cooperation with local law enforcement agencies, community leaders, parents, students, teachers, administrators, classified staff, and other persons who may be interested in the prevention of campus crime and violence. It is also the intent of the Legislature that all school staff be trained on the comprehensive school safety plan.

This **COMPREHENSIVE SCHOOL SAFETY PLAN** meets the requirements of:

- California Education Code [§ 32280 through § 32289.5](#) (School Safety Plans)
- California Education Code [§ 35295 through § 35297](#) (Earthquake Emergency Procedures)
- California Government Codes [§ 3100](#) and [§ 8607](#) (Disaster Preparedness)
- California Department of Education Comprehensive School Safety Plans best practice considerations and resources for reviewing and approving plans. (<https://www.cde.ca.gov/ls/ss/vp/cssp.asp>)

BACKGROUND

The California Constitution guarantees California children the right to attend public schools that are safe, secure, and peaceful.

The CDE, public school districts, county offices of education (COEs), and schools and their personnel are responsible for creating learning environments that are safe and secure. First responders, community partners, and families play an essential role, as well. Schools must be prepared to respond to emergencies including natural and man-made hazards, and strive to prevent violence and behavior issues that undermine safety and security. CSSPs include strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on the school campus and aspects of social, emotional, and physical safety for both youth and adults.

The Governing Board recognizes that students and staff have the right to a safe and secure campus where they are free from physical and psychological harm. The Board is fully committed to maximizing school safety and to creating a positive learning environment that includes strategies for violence prevention and high expectations for student conduct, responsible behavior, and respect for others. (Board Policy 0450)

OVERVIEW

This Comprehensive School Safety Plan addresses three major safety faucets of **Emergency Preparedness, Emergency Management, and Emergency Response.**

Its primary purpose is to help school officials protect the lives and well-being of students and staff through emergency preparedness planning and the prompt and appropriate response of trained school personnel when a school crisis occurs.

We recognize that emergencies are fluid events and the emergency procedures outlined in this plan may not fit every situation. As such, administrators and staff will remain flexible and be prepared to promptly adapt

their actions as necessary. In a community-wide crisis, such as a major earthquake or flood, local fire and law enforcement personnel may be overwhelmed and unable to immediately respond to the school's request for assistance. This plan assists the school to be self-sufficient for a time and provide extended care and shelter to students and staff, and to members of the immediate community if needed.

PLAN ORGANIZATION

Effective management of school emergencies requires proper Emergency Preparedness and appropriate Emergency Response.

This plan addresses these elements in the following sections:

- **Section I** provides an overview and introductory information
- **Section II** deals with emergency preparedness. It describes a variety of tasks that must be accomplished in advance to ensure school staff and students are well prepared to handle campus emergencies.
- **Section III** deals with emergency management. It describes emergency Incident Command System organization and defines the roles and responsibilities of the Incident Command Team.
- **Section IV** provides response options for a variety of emergencies, including extended response options and forms.
- **Section V** includes board policy and administrative regulation pertaining to procedures for complying with school safety

PLAN IMPLEMENTATION

In an emergency, the Emergency Response Plan will be initiated by the District Superintendent, School Principal, or designees, and carried out collectively by District and/or school administration and staff.

As required by **Government Code § 3100**, it is hereby declared that the protection of the health and safety and preservation of the lives and property of the people of the state from the effects of natural, manmade, or war-caused emergencies which result in conditions of disaster or in extreme peril to life, property, and resources is of paramount state importance requiring the responsible efforts of public and private agencies and individual citizens. In furtherance of the exercise of the police power of the state in protection of its citizens and resources, **all public employees are hereby declared to be disaster service workers subject to such disaster service activities as may be assigned to them by their superiors or by law.**

I. EMERGENCY PREPAREDNESS

OVERVIEW

In order to be prepared for, and safely and efficiently mitigate emergencies, these plans have been developed and will continue to be developed to be used for training and appropriate crisis response.

This **Emergency Preparedness** section outlines minimum ongoing preparatory tasks to ensure school administrators, staff, students and parents are prepared for school emergencies.

As this **CRISIS RESPONSE PLAN** is improved and updated, District/school officials will develop and add other required elements to this Emergency Preparedness section as necessary.

The Emergency Preparedness activities addressed in this plan include:

- Hazard Assessments
- Staff Training
- Emergency Safety Drills
- Special Preparedness Exercises
- Staff Personal Preparedness
- Basic Personal Preparedness Guide
- Use of School as Evacuation Center or Shelter
- *Crisis Response Binder*
- “Buddy Teacher” System
- School Safety Information
- District Safety Information
- Curriculum that Emphasizes Prevention and Alternatives to Violence
- Prevention / Intervention Strategies that Promote Drug-Free Schools
- Community Relationship
- Positive School Climate / Safe and Orderly Learning Environment
- Safe Ingress and Egress of Students, Parents, and Employees
- Parent Involvement Strategies

HAZARD ASSESSMENTS

Principals at each school complete a *Building and Site Safety Hazard Checklist* twice each year.

Teachers at each school complete a *Classroom Safety Hazard Checklist* twice each year.

The inspections listed above are typically scheduled in September and January. Following inspections, site safety representatives prepare a *School Hazard Correction Record*, if any deficiencies are found.

The simple document:

1. Briefly describes each significant safety deficiency found
2. Establishes how, when and by whom the deficiency was, or will be, corrected
3. Describes interim protective measures put into place until the deficiency is corrected

A copy of these hazard assessments can be found in the following pages.

STAFF TRAINING

Training is the most effective way to help ensure a proper response to emergencies. All site staff are oriented to this plan by their site principal and/or designee at the beginning of each school year to help become familiar with these plans.

This training extends out to after school staff (e.g., ProYouth and Elevo) and others employed through TCOE who provide a service to our students outside school hours on our campuses.

In addition to the components in this COMPREHENSIVE SCHOOL SAFETY PLAN, district personnel receive yearly “Active Shooter” training with materials received from Navigate 360 – ALICE Active Shooter Training.

ALICE Active Shooter Training consists of:

- Class/Instruction training
- Practical scenario-based training

EMERGENCY SAFETY DRILLS

An emergency safety drill is a practice method to help prepare individuals for an actual emergency. It is a mandatory and repetitive practice of basic campus emergencies such as building evacuations (fire drills), earthquake, shelter in place, or lockdowns.

Emergency Safety Drills are conducted in accordance with State law:

1. Fire drills shall be conducted at least on a monthly basis for elementary schools, at least four times every school year at the intermediate levels, and not less than twice every school year for secondary schools. ([EC § 32001](#))
 - **The first fire drill** of each school year shall be conducted **within 10 days** of the beginning of classes. ([CA Fire Code 403.4.2](#))
 - Fire drills shall be conducted at **different hours of the day** ([CA Fire Code 403.4.3](#))
2. An earthquake drill will be held at least each quarter for elementary schools and at least once each semester for secondary schools. ([EC § 35297](#))
3. Lockdown/Active Shooter drills will be conducted at least once a year for both elementary and secondary schools.

SPECIAL PREPAREDNESS EXERCISES

“Exercises” are defined as pre-planned events that may involve staff, students, parents and/or emergency first responders.

Exercises provide training, preparation and assessment. They may be “hands-on” (mock responses to a simulated emergency). They may be in a “table-top” format (staff and emergency response representatives are given hypothetical problems to solve in a group discussion setting).

All exercises are planned in advance. District administrators work with experts from fire, law enforcement, ambulance or other emergency response agencies to develop and conduct exercises.

STAFF PERSONAL PREPAREDNESS

School personnel may be required to remain at work for extended periods of time during a crisis.

In a community-wide disaster, staff may be unable to travel home. We encourage all to do emergency preparedness planning for their home, vehicle and work. The following *Basic Personal Preparedness Guide* can help staff become prepared.

BASIC PERSONAL PREPAREDNESS GUIDE

HOME PREPAREDNESS:

An employee's personal preparedness at home is essential and includes planning, training, assessing home safety and obtaining emergency supplies and equipment.

Planning:

- At least once a year, have a meeting with family members or housemates to design and/or update a plan for how each person will respond during an emergency.
- Sketch a floor plan of your home, showing the location of exits (windows and doors), utility cutoffs, first aid kits, emergency supplies, tools, clothing, etc.
- Make sure each person is familiar with the plan.
- Identify a nearby meeting location (tree, mailbox, etc.) in case the house has to be evacuated suddenly. Also discuss alternate reunion locations and strategies if a disaster were to strike while you or others were away from home.
- Become familiar with the disaster policies and plans at your children's schools and your spouse's or housemate(s) workplace.
- Make/update a list of key addresses and phone numbers and ensure each family member has a copy.

Training:

- Make sure each person knows and practices ways of protecting themselves from falling objects, smoke, fire, caustic fumes, etc.
- Make sure each person practices, and is capable of, escaping their sleeping area. It is especially important to practice escaping out windows, if that is the plan.
- Make sure that each person knows and practices how to shut off utilities, and that any required tools are readily accessible.

Home Safety:

- Secure items that could fall and cause damage or injury during a disaster, such as the water heater, refrigerator, book shelves, and other tall and heavy furniture.
- If necessary, change the placement of furniture and household items to make the home environment safer. For example, don't place beds under windows or heavy objects over beds; keep exit routes clear; move heavy items to lower shelves or drawers; and remove or isolate flammable materials.
- Install clips, latches, or other locking devices on cabinet doors.
- Provide strong support and flexible connections on gas appliances.
- Make sure that everyone has a flashlight and sturdy shoes near the bed.

Emergency Supplies and Equipment:

- It is recommended that your home be equipped with the emergency supplies and equipment listed below. Store items in a place that will be accessible even if there should be structural damage to the home (e.g., in garage near the door, in secure outside storage cabinet, etc.):
 - Bottled Water (two quarts to 1 gallon per person per day)
 - Food (canned or dehydrated, with current expiration dates)
 - Utensils (knives and forks, can opener, pots, etc.)
 - Paper Plates and Towels
 - First Aid Kit (with instructions)
 - Feminine hygiene
 - Blankets or Sleeping Bags
 - Portable Radio (with spare batteries)
 - Critical Medication and Glasses
 - Fire Extinguisher (dry chemical)
 - Flashlight (with spare batteries and bulb)
 - Watch or Clock (battery or spring wound)
 - Sanitation Supplies (soap, plastic bags, tissues, waste containers, etc.)
 - Adjustable-end Wrench (for turning off gas)
 - Other Tools (ax, hammer, screw driver, pliers, shovel)
 - Rope and Plastic Tape
 - Gloves
 - Candles and Matches

VEHICLE PREPAREDNESS:

It is recommended that your automobile be equipped with these emergency supplies and equipment:

- First aid supplies
- Food and water
- Flashlights and extra batteries; Battery-powered radios and extra batteries
- Fire extinguisher
- Space blankets, heavy duty plastic bags, or regular blankets
- Sanitation supplies
- Useful non-prescription drugs
- Road flares, triangle, or flashing beacon
- Tools
- Zip ties
- Jumper cables
- Knife or cutting tool

WORK PREPAREDNESS:

Besides taking part in training and drills, each employee should take measures to become personally prepared at work:

- Be familiar with the location of nearby exits and alternate evacuation routes.
- Know the location of fire extinguishers and first aid kits.
- Keep a small personal supply of emergency food on hand (e.g., energy bars, nonperishable snack items, etc.) as well as bottled drinking water.

- Arrange nearby file cabinets so that heavier items are in the bottom, to lessen the potential of the cabinets falling over. Always keep cabinets closed and latched when not in use.
- Do not place heavy items on top of cabinets and/or files where they could fall on seated and/or standing employees or students. Be especially careful about what is placed around and above your desk.
- Each employee takes responsibility for securing his/her personal work area; and completes appropriate forms (hazard reports or work orders) as needs arise.
- Do not store boxes, etc., under desks or tables that will interfere with ability to get under desk in an event of an earthquake.
- If you have special dietary and/or medical needs, keep a small supply of required food or medicine in a secure location and advise fellow staff members.

USE OF SCHOOL AS EVACUATION CENTER OR SHELTER

Under State law (California Emergency Services Act) all public schools are subject to use as mass care and welfare evacuation centers or shelters or for other emergency purposes during a disaster. In the event that any VUSD school site may be needed to be used as an evacuation center or shelter, a District Team will be assembled to assist.

CRISIS RESPONSE BINDER

Each principal maintains a school *Crisis Response Binder* as outlined below. This Binder shall be kept in a place immediately accessible to emergency response personnel.

The *CRISIS RESPONSE BINDER* contains:

- Campus Maps:
 - Fire Evacuation Routes with Designated Command Post Locations
 - Location of Utility Shut-offs (gas, electrical & water)
 - “Four Corners” Off-Site Evacuation Sites
 - Google Maps Photo of Campus
- Incident Command System Assignments and complete Staff Roster with photos (if possible)
- Daily Student Attendance Roster with photos, including:
 - *Students with Special Needs*
 - *Students with Health Concerns*
- All *Student Release* information (see Student Release Procedures)

CLASSROOM CRISIS RESPONSE FOLDER

Each teacher maintains a *Classroom Crisis Response Folder* as outlined below. This Folder shall be kept in a place immediately accessible by the front door to be accessed during an emergency.

The Classroom Crisis Response Folder contains:

- Emergency Action Guide
- Campus Maps:
 - Fire Evacuation Routes with Designated Command Post Locations
 - “Four Corners” Off-Site Evacuation Sites
- Incident Command System
- Teacher’s own class roster
- Buddy Teacher List with class roster
- Student Release Procedures

“BUDDY TEACHER” SYSTEM

A “Buddy Teacher” system is organized at each school and is updated / reviewed annually.

The “Buddy Teacher” list located under the **Emergency Response** section.

Below are all the components of the “Buddy Teacher” system:

1. Teachers in adjacent or nearby rooms are assigned as "buddies."
2. Evacuation routes are reviewed.
3. After incident & classroom status check, buddy teachers check with each other to determine: each other's health status, need to assist with injuries, need to stay with injured students, etc. If possible, injured students should not be left alone. Remember, teacher's responsibility is to all students, but in situations which threaten the lives of all, do the greatest good for the greatest number.
4. If necessary, one buddy teacher will evacuate both classrooms. Students should exit without the teacher leading them. Teacher should stay back to check the classroom & close the door (do not lock). If both buddy teachers are available for evacuation, one leads and the other brings up the rear, checking briefly to make sure that both classrooms are empty and closing doors.
5. Once in assembly area, buddy classrooms line up next to each other for student accounting. All teachers are to take accountability using Raptor of all their students present and any other staff or student with them even if they are not in their class.
6. Each **classroom crisis response folder** should contain teacher's class roster as well as buddy classroom roster.
7. In emergency situations which do not involve evacuation, it may be necessary to move all students from one buddy's classroom into the other. One of the teachers is then available for assignments.
8. Be sure that substitute teachers know the emergency procedures as well as who and where their buddy teacher is.

ASSESSMENT ISSUES OR CONCERNS RELATED TO SCHOOL CLIMATE

In the 2020-2021 school year, VUSD established a student forum and leadership committee to address ongoing concerns related to civility, climate, and culture within the district. Since then, the student voice group has expanded to include superintendent advisories from elementary, middle, and high schools. Each month, students have the opportunity to share their perspectives on campus issues, including student connection and engagement, discipline, safety, and counseling services. These students also collaborate closely with district administration, offering input on the district's recently launched strategic plan.

COMMUNITY RELATIONSHIPS

YOUTH SERVICES OFFICER PROGRAM

The Visalia Unified School District has teamed with the Visalia Police Department to promote positive relationships with law enforcement through Youth Services Officer Program.

The Visalia Unified School District Board and the City of Visalia share the costs of the Youth Services Officers equally. The Youth Services Officer program serves students in all school campuses. An officer is assigned to each middle and high school while also providing service to the elementary schools. The goal of the program is for the officers to serve as a resource to the school and make a positive effort to interact with students as a role model at the schools. Youth Services Officers work towards building positive relationship with students, staff and community while developing relationships with families. Youth Services Officers utilize intervention, prevention or suppression skills with the students who are involved in criminal activity or are in need of special attention, counseling or enforcement. The Youth Services Officers are not responsible for requests to resolve routine discipline problems involving students.

POSITIVE SCHOOL CLIMATE / SAFE AND ORDERLY LEARNING ENVIRONMENT

At Goshen Elementary, staff members encourage students daily to be relentless in their soaring S. O. A. R be. (Self Control, Act Responsibly, On task and on time, and Respect everyone and everything). Our goal is to ensure that Every one of our children is connected to someone in our school family and believes in the endless possibilities to what they are capable of learning and achieving. We will continue with P.B.I.S. Positive Behavior Intervention in order to teach students expectations for behavior in all settings. When students know expectations for behavior the campus is safer. Students who S.O.A.R. are rewarded in various ways: notes home (from teacher and/or principal), Character Counts! Student of the Month Assemblies, Eagle of the week rallies, shout-outs on the all call, positive referrals, postcards and phone calls and other fun assemblies to reiterate to students that positive behavior counts!

Safety is the key to a positive learning environment. Parents are welcome to volunteer on campus and can do so by going through the district volunteer process. The volunteer requirements and training are online at <https://www.vusd.org/volunteer>. Volunteers are required to have a TB test and be completely cleared through the district before they can volunteer. During the school day, all visitors must stop and check-in at the school office to receive a visitor's badge. When the students are on the school grounds, the bell rings to inform them that it is time to line up. When the bell rings or whistle blows, students stop playing and "freeze", then walk to their classroom. This is to signify that playtime is over and it is time to line and then go back into the classroom. This has been an effective way to reduce injury from students running to line up after the bell. When a student is injured on the playground, students report to the school nurse's office or are brought there with assistance from staff members. In order to have fun while at school, it is important to first provide a safe, positive and orderly environment for all children to succeed.

SAFE INGRESS AND EGRESS OF STUDENTS, PARENTS AND EMPLOYEES

At Goshen Elementary, our goal is to maintain the safety of our students at all times. Therefore, we have established an arrival/dismissal procedure for our students. It requires everyone to do their part when dropping off and picking up their student. Follow procedures and be a good example for other parents and all students. All students who walk or ride bikes to school are reminded and encouraged to use the crosswalks and sidewalks. Students that use the bridge should walk (bikes included) on the school pathways and walk or ride over the bridge. Never run through the main parking lot in front of the school office. Teachers and Staff are typically on duty to assist with bus loading, bridge walking, and dismissal. Students are not allowed to leave campus once they arrive unless a parent/guardian or authorized adult whose name appears on the student's emergency card on file properly checks the student out in the office.

Arrival/Dismissal to school: Students who ride the bus enter the gate along Avenue 308 in that area and report directly to the cafeteria to either eat breakfast or wait in the hallway to be dismissed by staff on duty to the playground. UTK and Kindergarten students wait in the cafeteria at their assigned tables to be picked up by their teachers in the morning. Students in 1st through 3rd grade have recess on the primary playground. Students in grades 4th through 6th grade have recess on the upper yard (basketball courts). Students who walk or are dropped off by a parent/guardian will come through the main gate located beside the front office. If students arrive after 8:10 a.m. they will report to the front office to receive a late pass and then report directly to their classroom.

For the safety of your child, they should not be on campus prior to 7:30 am because there is NO SUPERVISION. We ask that you always enter and exit at the Northern point off Avenue 308 and follow traffic rules. That means all parents need to drive slowly and watch for students and staff, especially in the area directly in front of the school office. Do not park/block the front entrance or bus loading area, nor our neighbors driveway. We ask that you do not drop your child off in the left hand passing lane (Parson Drive is the street directly in front of the school office). Only allow students to get out of the car by the red curb in the right hand drop off lane, not the drive through lane which is to the left. That lane should be for driving through to leave the parking lot. The Drop off/pick up area begins just past the storage sea trains and up to the office and your child can walk on the sidewalk up to the front of the office and through the gate to the cafeteria.

After school, students should be picked up 15 minutes after the bell rings as per district policy. Please use the parking lot only if you are going to the office and do not park along the red curb as it means no parking. Students who ride the bus at dismissal go to the designated area by the bus gate and wait for school staff to dismiss and load the appropriate bus. Parents of UTK students walk on campus and check out students from their individual classrooms. The entrance for UTK parents is the garden gate located beside the cafeteria on Parson Drive (the street that runs in front of the office). We ask that you do not pick up from the left hand passing lane (Parson Drive is the street directly in front of the school office). Only allow students to get in the car while in the pick up lane on the right side closest to the school. K-2nd students are picked up at the gate next to the front office. Students in grades 3rd through 6th are picked up at the upper gate closest to the blacktop. Students that ride their bikes or walk home will meet the bridgewalker (school staff) beside the kindergarten playground and walk as a group over the bridge. Please follow all procedures and traffic as you would want others to do in order to keep all children safe.

PARENT INVOLVEMENT STRATEGIES

Parents/guardians and teachers/staff members are an essential team that must work together in a child's life. Parents and guardians are welcome at Goshen Elementary School and are strongly encouraged to be present and visible during the school day. Parents can be involved at the school site after they have a TB test on file, been fingerprinted and background checked by: working in their child's classroom, attending and chaperoning field trips, volunteering to work at school events (Family Literacy Night or Fall Festival), assisting with fundraisers, book fairs, awards assemblies, assisting with instrumental music, and working on campus to serve on committees such as PTA, School Site Council, the English Language Advisory Council, or one of our Leadership Teams, etc. Parents can be involved at home by: establishing a daily family routine, modeling the value of learning, self-discipline and hard work, expressing high and realistic expectations for student achievement and behavior, encouraging student attendance, encouraging children's development and progress in school, modeling daily reading, and by becoming a community resource. The volunteer requirements and training are online at <https://www.vusd.org/volunteer>. We would love to have you!

II. EMERGENCY MANAGEMENT

INCIDENT COMMAND SYSTEM

This section of the CRISIS RESPONSE PLAN details the *Incident Command System (ICS)* that the Education Code (and other regulations) requires schools to use for managing emergencies.

It includes an organizational chart for both school and district personnel identifying the responsibilities of each person assigned on the chart.

INITIAL CRISIS RESPONSE **OVERVIEW**

This section outlines the four basic *Initial Response Actions* that staff and students will take in response to most campus emergencies.

This section also includes detailed guidance on dealing with an “Active Shooter” and other IMMINENT THREAT situations. They cover actions staff/students should take when they are in immediate contact with a person shooting a gun, or being confronted by a person wielding another potentially lethal weapon such as a knife or bat. These protocols are the cornerstone of the basic school crisis response.

INITIAL RESPONSE ACTIONS

Regardless of the type of emergency that occurs, the initial response by staff and students will almost always include one or more of these four basic *Initial Response Actions*:

- 1. Imminent Threat / Lock-Down**
- 2. Shelter-in-Place**
- 3. Evacuate**
- 4. Drop and Cover**

When there is a sudden loud noise, or other indication that something bad is happening, it is recommended that staff and students become alert and analyze their surroundings to evaluate their best response to the given threat. The staff member may have to be the one to inform the rest of the campus and *Incident Commander* of the present threat.

Any VUSD employee can initiate an emergency through the **Raptor Alert** app or desktop browser. This empowers all individuals to be able to notify all other staff from the location/site.

Although these four basic initial response actions will suffice for the vast majority of campus emergencies, some emergencies may prompt the *Incident Commander* to follow these with additional emergency procedures. Examples of other potential actions include the total evacuation of staff and students to an off-site location, or the release of students to parents. When it is necessary to implement these other actions, the *Incident Commander* will provide direction in person or by other means as necessary. Recommended additional actions for some specific emergencies are included in **Section IV – Emergency Response**.

EMERGENCY ACTION GUIDE

The *Emergency Action Guide* provides a simple explanation/response of each of the *Initial Response Actions*.

It identifies the specific sound/signal/announcement heard in the event of an emergency. It also provides staff a quick explanation and response to follow when hearing a specific signal. The *Emergency Action Guide* is posted in all classrooms and offices.

EXTENDED RESPONSE OPERATIONS

OVERVIEW

In the early stages of most campus emergencies, the *Incident Commander* and school staff will implement one or more of the four “Initial Response Actions” outlined in this plan. Then, as the scope of the emergency becomes clearer, the Incident Commander may determine it necessary to implement other procedures based on the type of incident faced.

Predefined procedures provide continuity of operations and can greatly assist staff in successfully fulfilling Incident Command System roles. However, they must be reviewed and practiced regularly.

EMERGENCY RESPONSE PROCEDURES LIST

The following Emergency Procedures are available in the Emergency Response section:

- *Bus Accident*
- *Hazardous Material Release*
- *Severe Weather*
- *Utility Loss / Damage*
- *Bomb Threats*
- *Fire / Explosion / Building Collapse*
- *Basic Medical Emergencies*
- *Pandemic Emergencies*

HAZARDOUS MATERIAL RELEASE

A Hazardous Material (HazMat) release is the discharge/spill of a biological/chemical substance including release of radioactive materials. HazMat incidents most commonly involve liquids, powders, or vapors. On-campus incidents most often occur in school labs or in maintenance areas. Off-campus incidents may involve chemical releases from rail cars, trucks, or industrial sites near campus. They may both pose threats that require prompt action by school officials.

ON-CAMPUS RELEASE - WITHIN A BUILDING

INCIDENT COMMAND STAFF will:

- Initiate a *Classroom Evacuation* of that building only
- If possible exterior doors should be closed (but not locked), and air moving systems shut down
 - If a substantial vapor cloud is present, efforts should be made to evacuate upwind
 - The *Incident Commander* should initiate a *Shelter-In-Place* action for other buildings on campus
- The *Incident Commander* will call 9-1-1 and:
 - Identify the school and location
 - Describe the nature of the emergency (fire, smoke, building collapse, chemical spill, etc.)
 - Describe actions being taken to safeguard staff and students
 - Provide the exact location of the problem
 - Advise of the location of the school *Incident Command Post*
- The *Incident Commander* will direct staff to secure the area around the chemical spill
- The *Incident Commander* will establish *Incident Command Post*, upwind/out of danger
- The *Incident Commander* will confirm roll has been taken/students are accounted for
- Until emergency responders can arrive and assist, the *Incident Commander* must consider these questions:
 - *Could the team safely look for missing students?*
 - *Should other buildings be evacuated?*
 - *Should evacuees be moved to a safer indoor location (Shelter-In-Place)?*
 - *Are any evacuees contaminated, and should they be separated from others?*
 - *Can First-Aid be started on injured persons without contaminating others?*
 - *Should a Student Release or School Evacuation be started?*

ON-CAMPUS RELEASE - OUTSIDE BUILDING OR RELEASE - THREAT FROM OFF-CAMPUS

INCIDENT COMMAND STAFF will:

- The *Incident Commander* will initiate a campus-wide *Shelter-In-Place* action and ensure all students and staff outside buildings are quickly moved indoors
- The *Incident Commander* should remind staff to turn off air handling/ventilation systems, close all windows and doors and turn off fans and air conditioners
- The *Incident Commander* will call 9-1-1 and:
 - Identify the school and location
 - Describe the nature of the emergency (fire, smoke, building collapse, chemical spill, etc.)
 - Describe actions being taken to safeguard staff and students
 - Provide the exact location of the problem
 - Advise of the location of the school *Incident Command Post*

- The *Incident Commander* should consider initiating an immediate parent notification - **Parents should NOT come to the school and risk being exposed to the chemical release!**
- The *Incident Commander* will ensure that any buses en route to the school with students are re-directed to the school's off-campus evacuation site to await further instructions
- The school will remain in *Shelter-In-Place* until the Incident Commander and emergency response officials can further assess the situation to determine the best next course of action:
 - Continue *Shelter-In-Place*
 - Notify parents and initiate the *Student Release* procedure
 - Initiate an immediate *School Evacuation* procedure
 - Issue an "ALL CLEAR" signal and resume normal school operations

SEVERE WEATHER

"Severe Weather" is defined as a severe windstorm, hailstorm, lightning storm or other weather event that could result in damage to school facilities or injuries to students or staff.

If a "Severe Weather Watch" has been issued by the National Weather Service:

- Monitor NOAA Weather Stations (National Weather Service, Weather Channel, etc.)
- Bring all persons inside building(s).
- Be prepared to move students from mobile classrooms into permanent buildings
- Close facility doors, windows and blinds or curtains
- Review severe weather drill procedures and location of safe areas (Severe weather safe areas are under desks, in hallways and interior rooms away from windows)
- Review *Drop and Cover* procedures with students
- Avoid cafeterias with wide free-span roofs and large areas of glass windows

If a "Severe Weather Warning" has been issued in the school area, or if severe weather is being observed at or near the school:

- The *Incident Commander* will initiate a *Shelter-In-Place*
- If flying debris or hail is creating a risk of broken windows, etc. the *Incident Commander* will further direct staff to implement *Drop and Cover* procedures until the threat subsides
- The *Incident Commander* should also be prepared to provide shelter to parents who may arrive to pick up children during the storm, until such time as it is safe to formally release the students without posing undue risk to staff or other students

After passage of the storm:

- The *Incident Commander* will rescind the *Drop and Cover* order
- *Shelter-In-Place* should temporarily be continued
- The *Incident Commander* should deploy staff to do a preliminary damage assessment of campus buildings and facilities, to identify issues that need to be immediately addressed before students and staff are released to move about
- Based on this assessment the *Incident Commander* will:
 - Continue *Shelter-In-Place* until campus can be made safe
 - Give the "ALL CLEAR" signal and resume normal school operations
 - Notify parents and initiate *Student Release*
 - Initiate *Campus Evacuation*

UTILITY LOSS / DAMAGE

Loss of electricity is the most common utility problem. However, loss of gas, water, or sewage disposal may also occur. Utility systems may also suffer damage or failure of related components on the school campus.

LOSS OF UTILITIES

Most often the loss of utilities is a result of failure or damage of utility company infrastructure located off-campus. It is important to contact the utility company as soon as failure occurs to find out how long they anticipate an outage might last. When it appears the outage will not end in a reasonable amount of time, school officials must weigh their options for closing school and sending the students home.

UTILITY SYSTEM DAMAGE OR FAILURE ON CAMPUS

The initial response to any problem with utility systems on campus is to try to identify the source, isolate the area, and shut off the supply of water, gas or electricity to the affected system component or building. The other, but less desired, approach is to shut down the gas, water or electrical supply to the entire campus.

There is no difference in emergency procedures for shutting off natural gas versus bottled gas, except that the main shut-off for the bottled gas is located on top of the tank, instead of at a natural gas valve or meter typically supplied through a pipe from the street. The *Incident Commander*/other key school personnel must know which type of system supplies the school and how to shut it off.

Gas Leak - INDOOR:

- Upon detecting gas odor, staff shall initiate *Classroom Evacuation* of the affected building
 - If the fire alarm uses mechanical bells, versus a speaker system, avoid using the fire alarm as it may create an explosive spark
 - DO NOT turn off lights or other electrical equipment which may cause a spark
 - Leave doors open to provide ventilation of the building
- The school Incident Commander/designee will call 9-1-1:
 - Give school name and address
 - Give location of gas leak – what building and what's leaking, if known
 - Describe best UPWIND access point for emergency responders – driveway/gate
 - Indicate that evacuation is underway and stay on the line to provide updates
- The *Incident Commander* will notify the natural gas company or bottled gas provider, describe the problem and request a response if appropriate
- The *Incident Commander* will determine whether to evacuate other buildings
 - *Shelter-In-Place* may be most appropriate if leak is small and contained to other building, weather is inclement, etc.
 - If sheltering in place, SHUT DOWN HVAC systems to keep gas out of buildings!
- The *Incident Commander* will activate the *Utility Team* to attempt to shut down gas at main shut-off or building shut-off
- Do not reenter the building(s) until fire or utility officials say it is safe

Gas Leak - OUTDOOR:

- Upon detecting gas odor, staff shall initiate *Evacuation* of the immediate area
 - Move everyone UPWIND, at least 100', more if leak is major
 - Post staff to prevent entry to the area
 - Prevent vehicles, including school service carts, etc. from entering area
- Notify the school office / *Incident Commander*
- The *Incident Commander* will call 9-1-1:
 - Give school name and address

- Give location of gas leak – what area of campus and what’s leaking, if known
- Describe best UPWIND access point for emergency responders – driveway/gate
- Request 9-1-1 operator to call Gas Company (they have rapid access)
- Stay on the line to provide updates
- The *Incident Commander* will determine whether to evacuate buildings
 - *Shelter-In-Place* may be most appropriate way to protect, unless gas is filling buildings (get everyone moved out and well upwind of leak)
 - If sheltering in place, SHUT DOWN HVAC systems to keep gas out of buildings!
- The *Incident Commander* will activate the *Utility Team* to attempt to shut down gas at main shut-off or building shut-off
- Do not allow anyone to reenter the building(s) until fire or utility officials say it is safe!

Electrical System Damage / Failure:

- If problem is in, or on, a school building and there is smoke or threat of fire:
 - Evacuate the building(s)
 - Close, but do not lock door
- Notify the school office / *Incident Commander*
- The *Incident Commander* will call 9-1-1:
 - Give school name and address
 - Give location and nature of the electrical problem
 - Describe best access point for emergency responders – driveway/gate
 - Indicate if evacuation is underway
 - Request 9-1-1 operator to call Electric Company (they have rapid access)
 - Stay on the line to provide updates
- *Incident Commander* will determine need to evacuate buildings, if not already done
- *Incident Commander* will activate the *Utility Team* to attempt to shut down electrical at main shut-off or building shut-off
- Do not reenter the building(s) until fire or utility officials say it is safe
- If problem is outdoors, Incident Commander will direct staff to isolate the area and stand watch until the power can be shut down
 - If school’s electrical system is involved, school will be responsible for shutting down power and calling an electrician
 - If Utility Company line/equipment is involved, the they will effect shut-down / repair

Water/Sewer Line Break:

- If water leak is in attic or other area where weight or effect of water may cause ceiling or building to collapse, enact *Classroom Evacuation*.
- Notify the school office / *Incident Commander*
- The *Incident Commander* will activate the *Utility Team* to attempt to shut down water at main shut-off or building shut-off
- The *Incident Commander* will assess situation and determine next step:
 - Whether to evacuate buildings, if not already done
 - Need to remove water, and / or cover / remove contents to protect equipment / electronics
 - Need to contact Maintenance (plumber), water removal specialists or others
- Do not allow anyone to reenter the building(s) until fire or utility officials say it is safe!
- If problem is outdoors, *Incident Commander* will direct staff to isolate the area and stand watch until the leak can be shut down

BOMB THREAT

Even though most bomb threats are pranks, they must all be taken seriously to ensure the safety of school students, staff and visitors.

FIRE / EXPLOSION / BUILDING COLLAPSE

Fire, explosion and/or building collapse may result from earthquakes, severe weather, vehicle accidents, structural defects or many other reasons. Remember - Smoke is just as dangerous as fire. Most fire deaths are due to smoke inhalation.

INCIDENT COMMAND STAFF will:

- Call 9-1-1 and provide information about the emergency:
 - Confirm address of school
 - Provide exact location of fire, explosion or collapse
 - Describe current situation, including damage and estimated number of injured
 - Provide location of school Incident Command post
 - Describe best access for emergency responders – driveway/gate
 - If possible, remain on line to provide updates
- Ensure fire alarm has been sounded (If needed, announce changes in evacuation routes due to incident location)
- Establish an *Incident Command Post*
- Meet arriving fire and police personnel:
 - Take *Crisis Response Binder*
 - Identify the location of fire, smoke, explosion or gas smell
 - Advise locations of injured or trapped persons
 - Provide last known location of any missing persons
- Establish Unified Command with emergency response officials
- Determine if it is necessary to:
 - Cancel school and notify parents to pick up students from campus
 - Call *Classroom or Site Evacuation* to an off-campus site for pick-up by parents
- Announce “All Clear” if and when it is safe to re-enter the buildings

STAFF will:

- Upon discovery of a fire, explosion or building collapse, activate the fire alarm
- Implement *Classroom Evacuation* procedures
 - Use a secondary route if the primary route is blocked or hazardous
 - Close, but do not lock, doors when leaving
- Inform office/ *Incident Commander* of the emergency
- Following evacuation:
 - Account for all students and check for injuries
 - Immediately report any missing, extra or injured students
 - Wait for additional instructions

BASIC MEDICAL EMERGENCY

This procedure outlines basic steps to be taken for day-to-day campus medical emergencies involving a single victim. In major emergencies involving multiple victims, many of the basic principles outlined below will also apply.

School Staff Response:

- Quickly assess the situation
- Make sure it is safe for you to approach
- Some examples of danger include:
 - *Live electric wires*
 - *Gas leak*
 - *Building damage*
 - *Animal or insect threat*
- Immediately notify the office / *Incident Commander*
- Assess the seriousness of the injury or illness, and update office / *Incident Commander*
- Protect yourself against contact with blood or body fluids (put on gloves if possible)
- Administer appropriate first aid according to your level of training until help arrives
- Do not move if seriously injured unless the scene is absolutely unsafe
- If the victim is not breathing, or there is no pulse, begin CPR if so trained.

Incident Commander:

- Send available staff with first aid training to injured person's location

If injury / illness not deemed an emergency:

- Get the victim moved to the designated treatment area (*Health Services Office*)
- Notify parent / guardian
- Ensure appropriate treatment (and / or release to parent / guardian)

If injury / illness is deemed an emergency:

- Ensure 9-1-1 is called, and appropriate information is provided to emergency operator
- Notify Coordinator, Health Services that an ambulance has been called
- Assign a staff member to meet and direct emergency responders to the victim
- Assign a staff member to remain with the victim if transported to the hospital
- Ensure student/staff emergency medical information goes with victim to the hospital
- Notify parent / guardian of the situation, and where the victim has been taken

Post event considerations:

- Review event to determine if incident was caused by a safety issue that requires further investigation or corrective action
- Review incident to assess need for improved procedures or additional staff training
- Consider need to provide follow-up counseling to students / staff / parents
- Remember that information regarding injuries or illnesses is confidential and cannot be shared with the media or others

PANDEMIC EMERGENCIES

In the event of a declared pandemic emergency, all schools in VUSD will adhere to the guidelines and direction of the State, County Health Department and District Office for Pandemic Protocols and procedures including but not limited to:

- School Closures and Reopenings (revised instructional schedules. distance learning, hybrid schedules and other protocols for school enrollment or support services)
- Safety Precautions (masks, social distancing, washing hands, sanitizing areas and equipment, PPE as needed and directed by District Office, directives from Health Department regarding meetings and groups)
- Perform contact tracing and other directives from County Health and State Department

IV. PROCEDURES FOR COMPLYING WITH EXISTING LAWS RELATED TO SCHOOL SAFETY

CHILD ABUSE REPORTING PROCEDURES

BOARD POLICY 5141.4(a)

The Governing Board recognizes that the district has a responsibility to protect students by facilitating the prompt reporting of known and suspected incidents of child abuse and neglect. The Superintendent or designee shall establish procedures for the identification and reporting of such incidents in accordance with law.

Employees who are mandated reporters, as defined by law and district administrative regulation, are obligated to report all known or suspected incidents of child abuse and neglect. Mandated reporters shall not investigate any suspected incidents but rather shall cooperate with agencies responsible for reporting, investigating and prosecuting cases of child abuse and neglect. The Superintendent or designee shall provide training regarding the reporting duties of mandated reporters.

In the event that training is not provided to mandated reporters, the Superintendent or designee shall report to the California Department of Education the reasons that such training is not provided. (Penal Code 11165.7) Parents/guardians may contact the Superintendent or designee to obtain procedures for filing a complaint against a district employee or other person whom they suspect has engaged in abuse of a child at a school site.

AR 5141.4

CHILD ABUSE PREVENTION AND REPORTING

Definitions

Child abuse or neglect includes the following: (Penal Code 11165.5, 11165.6)

1. A physical injury or death inflicted by other than accidental means on a child by another person
2. Sexual abuse of a child, including sexual assault or sexual exploitation, as defined in Penal Code 11165.1
3. Neglect of a child as defined in Penal Code 11165.2
4. Willful harming or injuring of a child or the endangering of the person or health of a child as defined in Penal Code 11165.3

3. An injury resulting from the exercise by a teacher, vice principal, principal, or other certificated employee of the same degree of physical control over a student that a parent/guardian would be legally privileged to exercise, not exceeding the amount of physical control reasonably necessary to maintain order, protect property, protect the health and safety of students, or maintain proper and

appropriate conditions conducive to learning (Education Code 44807)

4. An injury caused by a school employee's use of force that is reasonable and necessary to quell a disturbance threatening physical injury to persons or damage to property, to protect himself/herself, or to obtain weapons or other dangerous objects within the control of a student (Education Code 49001)
5. Physical pain or discomfort caused by athletic competition or other such recreational activity voluntarily engaged in by a student (Education Code 49001)

(Penal Code 11165.7)

Reasonable suspicion means that it is objectively reasonable for a person to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his/her training and experience, to suspect child abuse or neglect. However, reasonable suspicion does not require certainty that child abuse or neglect has occurred nor does it require a specific medical indication of child abuse or neglect. (Penal Code 11166)

Reportable Offenses

A mandated reporter shall make a report using the procedures provided below whenever, in his/her professional capacity or within the scope of his/her employment, he/she has knowledge of or observes a child whom the mandated reporter knows or reasonably suspects has been the victim of child abuse or neglect. (Penal Code 11166)

Any mandated reporter who has knowledge of or who reasonably suspects that a child is suffering serious emotional damage or is at a substantial risk of suffering serious emotional damage, based on evidence of severe anxiety, depression, withdrawal, or untoward aggressive behavior toward self or others, may make a report to the appropriate agency. (Penal Code 11166.05, 11167)

Any district employee who reasonably believes that he/she has observed the commission of a murder, rape, or lewd or lascivious act by use of force, violence, duress, menace, or fear of immediate and unlawful bodily injury against a victim who is a child under age 14 shall notify a peace officer. (Penal Code 152.3, 288)

Responsibility for Reporting

The reporting duties of mandated reporters are individual and cannot be delegated to another person. (Penal Code 11166)

When two or more mandated reporters jointly have knowledge of a known or suspected instance of child abuse or neglect, the report may be made by a member of the team selected by mutual agreement and a single report may be made and signed by the selected member of the reporting team. Any member who has knowledge that the member designated to report has failed to do so shall thereafter make the report. (Penal Code 11166)

No supervisor or administrator shall impede or inhibit a mandated reporter from making a report. (Penal Code 11166)

Any person not identified as a mandated reporter who has knowledge of or observes a child whom he/she knows or reasonably suspects has been a victim of child abuse or neglect may report the known or suspected instance of child abuse or neglect to the appropriate agency. (Penal Code 11166)

Reporting Procedures

1. Initial Telephone Report

Immediately or as soon as practicable after knowing or observing suspected child abuse or neglect, a mandated reporter shall make an initial report by telephone to any police department (excluding a school district police/security department), sheriff's department, county probation department if designated by the county to receive such reports, or county welfare department. (Penal Code 11165.9, 11166)

Tulare County Child Protective Services
Child Welfare Services/Attn: Screeners

When the initial telephone report is made, the mandated reporter shall note the name of the official contacted, the date and time contacted, and any instructions or advice received.

2. Written Report

Within 36 hours of knowing or observing the information concerning the incident, the mandated reporter shall then prepare and either send, fax, or electronically submit to the appropriate agency a written follow-up report, which includes a completed Department of Justice (DOJ) form (BCIA 8572). (Penal Code 11166, 11168)

The Department of Justice form may be obtained from the district office or other appropriate agencies, such as the county probation or welfare department or the police or sheriff's department. Reports of suspected child abuse or neglect shall include, if known: (Penal Code 11167)

1. The name, business address, and telephone number of the person making the report and the capacity that makes the person a mandated reporter
2. The child's name and address, present location, and, where applicable, school, grade, and class
3. The names, addresses, and telephone numbers of the child's parents/guardians
4. The name, address, telephone number, and other relevant personal information about the person who might have abused or neglected the child

The principal so notified shall provide the mandated reporter with any assistance necessary to ensure that reporting procedures are carried out in accordance with law, Board policy, and administrative regulation. At the mandated reporter's request, the principal may assist in completing and filing the necessary forms.

Reporting the information to an employer, supervisor, principal, school counselor, coworker, or other person shall not be a substitute for making a mandated report to the appropriate agency. (Penal Code 11166)

Training

Within the first six weeks of each school year, the Superintendent or designee shall provide training on mandated reporting requirements to district employees and persons working on their behalf who are mandated reporters. Any school personnel hired during the school year shall receive such training within the first six weeks of employment. (Education Code 44691; Penal Code 11165.7)

The Superintendent or designee shall use the online training module provided by the California Department of Social Services. (Education Code 44691)

The training shall include, but not necessarily be limited to, training in identification and reporting of child abuse and neglect. In addition, the training shall include information that failure to report an incident of known or reasonably suspected child abuse or neglect as required by law is a misdemeanor punishable by imprisonment and/or a fine as specified. (Education Code 44691; Penal Code 11165.7)

The Superintendent or designee shall obtain and retain proof of each mandated reporter's completion of the training. (Education Code 44691)

In addition, at least once every three years, school personnel may receive training in the prevention of child abuse, including sexual abuse, on school grounds, by school personnel, or in school sponsored programs.

(Education Code 44691)

Victim Interviews by Social Services

Whenever the Department of Social Services or another government agency is investigating suspected child abuse or neglect that occurred within the child's home or out-of-home care facility, the student may be interviewed by an agency representative during school hours, on school premises. The Superintendent or designee shall give the student the choice of being interviewed in private or in the presence of any adult school employee or volunteer aide selected by the student. (Penal Code 11174.3)

A staff member or volunteer aide selected by a child may decline to be present at the interview. If the selected person accepts, the principal or designee shall inform him/her of the following requirements: (Penal Code 11174.3)

1. The purpose of the selected person's presence at the interview is to lend support to the child and enable him/her to be as comfortable as possible.
2. The selected person shall not participate in the interview.
3. The selected person shall not discuss the facts or circumstances of the case with the child.
4. The selected person is subject to the confidentiality requirements of the Child Abuse and Neglect Reporting Act, a violation of which is punishable as specified in Penal Code 11167.5.

If a staff member agrees to be present, the interview shall be held at a time during school hours when it does not involve an expense to the school. (Penal Code 11174.3)

Release of Child to Peace Officer

When a child is released to a peace officer and taken into custody as a victim of suspected child abuse or neglect, the Superintendent or designee and/or principal shall not notify the parent/guardian, but rather shall provide the peace officer with the address and telephone number of the child's parent/guardian. (Education Code 48906)

Parent/Guardian Complaints

Upon request, the Superintendent or designee shall provide parents/guardians with procedures for reporting suspected child abuse occurring at a school site to appropriate agencies. For parents/guardians whose primary language is not English, such procedures shall be in their primary language and, when communicating orally regarding those procedures, an interpreter shall be provided.

To file a complaint against a district employee or other person suspected of child abuse or neglect at a school site, parents/guardians may file a report by telephone, in person, or in writing with any appropriate agency identified above under "Reporting Procedures." If a parent/guardian makes a complaint about an employee to any other employee, the employee receiving the information shall notify the parent/guardian of procedures for filing a complaint with the appropriate agency. The employee also is obligated pursuant to Penal Code 11166 to file a report himself/herself using the procedures described above for mandated reporters.

In addition, if the child is enrolled in special education, a separate complaint may be filed with the California

Department of Education pursuant to 5 CCR 4650.

Notifications

The Superintendent or designee shall provide to all new employees who are mandated reporters a statement that informs them of their status as mandated reporters, their reporting obligations under Penal Code 11166, and their confidentiality rights under Penal Code 11167. The district also shall provide these new employees with a copy of Penal Code 11165.7, 11166, and 11167. (Penal Code 11165.7, 11166.5)

Before beginning employment, any person who will be a mandated reporter by virtue of his/her position shall sign a statement indicating that he/she has knowledge of the reporting obligations under Penal Code 11166 and will comply with those provisions. The signed statement shall be retained by the Superintendent or designee. (Penal Code 11166.5)

Employees who work with dependent adults shall be notified of legal responsibilities and reporting procedures pursuant to Welfare and Institutions Code 15630-15637.

The Superintendent or designee also shall notify all employees that:

1. A mandated reporter who reports a known or suspected instance of child abuse or neglect shall not be held civilly or criminally liable for making a report and this immunity shall apply even if the mandated reporter acquired the knowledge or reasonable suspicion of child abuse or neglect outside of his/her professional capacity or outside the scope of his/her employment. Any other person making a report shall not incur civil or criminal liability unless it can be proven that he/she knowingly made a false report or made a report with reckless disregard of the truth or falsity of the report. (Penal Code 11172)
2. If a mandated reporter fails to timely report an incident of known or reasonably suspected child abuse or neglect, he/she may be guilty of a crime punishable by a fine and/or imprisonment. (Penal Code 11166)
3. No employee shall be subject to any sanction by the district for making a report unless it can be shown that he/she knowingly made a false report or made a report with reckless disregard of the truth or falsity of the report. (Penal Code 11166)

SUSPENSION AND EXPULSION

BOARD POLICY 5144.1

The Governing Board desires to provide district students access to educational opportunities in an orderly school environment that protects their safety and security, ensures their welfare and well-being, and promotes their learning and development. The Board shall develop rules and regulations setting the standards of behavior expected of district students and the disciplinary processes and procedures for addressing violations of those standards, including suspension and/or expulsion.

The grounds for suspension and expulsion and the procedures for considering, recommending, and/or implementing suspension and expulsion shall be only those specified in law, in this policy, and in the accompanying administrative regulation.

Except when otherwise permitted by law, a student may be suspended or expelled only when his/her behavior is related to a school activity or school attendance occurring within any district school or another school district, regardless of when it occurs, including, but not limited to, the following: (Education Code 48900(s))

1. While on school grounds
2. While going to or coming from school
3. During the lunch period, whether on or off the school campus
4. During, going to, or coming from a school-sponsored activity

District staff shall enforce the rules concerning suspension and expulsion of students fairly, consistently, equally, and in accordance with the district's nondiscrimination policies.

Appropriate Use of Suspension Authority

Except when a student's act violates Education Code 48900(a)-(e), as listed in items #1-5 under "Grounds for Suspension and Expulsion: Grades K-12" of the accompanying administrative regulation, or when his/her presence causes a danger to others, suspension shall be used only when other means of correction have failed to bring about proper conduct. (Education Code 48900.5, 48900.6)

A student's parents/guardians shall be notified as soon as possible when there is an escalating pattern of misbehavior that could lead to on-campus or off-campus suspension. No student in grades K-8 may be suspended for disruption or willful defiance, except by a teacher pursuant to Education Code 48910. (Education Code 48900)

Students shall not be suspended or expelled for truancy, tardiness, or absenteeism from assigned school activities.

On-Campus Suspension

To ensure the proper supervision and ongoing learning of students who are suspended for any of the reasons enumerated in Education Code 48900 and 48900.2, but who pose no imminent danger or threat to anyone at school and for whom expulsion proceedings have not been initiated, the Superintendent or designee shall

establish a supervised suspension classroom program which meets the requirements of law. Except where a supervised suspension is permitted by law for a student's first offense, supervised suspension shall be imposed only when other means of correction have failed to bring about proper conduct. (Education Code 48900.5)

Authority to Expel

A student may be expelled only by the Board. (Education Code 48918(j)) As required by law, the Superintendent or principal shall recommend expulsion and the Board shall expel any student found to have committed any of the following "mandatory recommendation and mandatory expulsion" acts at school or at a school activity off school grounds: (Education Code 48915)

1. Possessing a firearm which is not an imitation firearm, as verified by a certificated employee, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal or designee's concurrence
2. Selling or otherwise furnishing a firearm
3. Brandishing a knife at another person
4. Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058
5. Committing or attempting to commit a sexual assault as defined in Penal Code 261, 266c, 286, 288, 288a, or 289, or committing a sexual battery as defined in Penal Code 243.4
6. Possessing an explosive as defined in 18 USC 921

For all other violations listed in the accompanying administrative regulation the Superintendent or principal shall have the discretion to recommend expulsion of a student. If expulsion is recommended, the Board shall order the student expelled only if it makes a finding of either or both of the following: (Education Code 48915(b) and (e))

1. That other means of correction are not feasible or have repeatedly failed to bring about proper conduct
2. That due to the nature of the violation, the presence of the student causes a continuing danger to the physical safety of the student or others

A vote to expel a student shall be taken in an open session of a Board meeting.

The Board may vote to suspend the enforcement of the expulsion order pursuant to the requirements of law and the accompanying administrative regulation. (Education Code 48917)

No student shall be expelled for disruption or willful defiance. (Education Code 48900)

No child enrolled in a preschool program shall be expelled except under limited circumstances as specified in AR 5148.3 - Preschool/Early Childhood Education.

Due Process

The Board shall provide for the fair and equitable treatment of students facing suspension and/or expulsion by affording them their due process rights under the law. The Superintendent or designee shall comply with procedures for notices, hearings, and appeals as specified in law and administrative regulation. (Education Code 48911, 48915, 48915.5, 48918)

Maintenance and Monitoring of Outcome Data

The Superintendent or designee shall maintain outcome data related to student suspensions and expulsions in accordance with Education Code 48900.8 and 48916.1, including, but not limited to, the number of students recommended for expulsion, the grounds for each recommended expulsion, the actions taken by the Board, the types of referral made after each expulsion, and the disposition of the students after the expulsion period. For any expulsion that involves the possession of a firearm, such data shall include the name of the school and the type of firearm involved, as required pursuant to 20 USC 7961. Suspension and expulsion data shall be reported to the Board annually and to the California Department of Education when so required.

In presenting the report to the Board, the Superintendent or designee shall disaggregate data on suspensions and expulsions by school and by numerically significant student subgroups, including, but not limited to, ethnic subgroups, socioeconomically disadvantaged students, English learners, students with disabilities, foster youth, and homeless students. Based on the data, the Board shall address any identified disparities in the imposition of student discipline and shall determine whether and how the district is meeting its goals for improving school climate as specified in its local control and accountability plan.

AR5144.1

SUSPENSION AND EXPULSION/DUE PROCESS

Definitions

Suspension means removal of a student from ongoing instruction for adjustment purposes. However, suspension does not mean any of the following: (Education Code 48925)

(Education Code 48911)

This conference may be omitted if the Superintendent, principal, or designee determines that an emergency situation exists involving a clear and present danger to the lives, safety, or health of students or school personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of the conference and the conference shall be held within two school days, unless the student waives his/her right to it or is physically unable to attend for any reason. In such a case, the conference shall be held as soon as the student is physically able to return to school. (Education Code 48911)

2. **Administrative Actions:** All requests for student suspension are to be processed by the principal or designee. A school employee shall report the suspension, including the name of the student and the cause for the suspension, to the Superintendent or designee. (Education Code 48911)
3. **Notice to Parents/Guardians:** At the time of the suspension, a school employee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall also be notified in writing of the suspension. (Education Code 48911)

This notice shall state the specific offense committed by the student. (Education Code 48900.8)

4. **Parent/Guardian Conference:** Whenever a student is suspended, school officials may request a meeting with the parent/guardian to discuss the cause(s) and duration of the suspension, the school policy involved, and any other pertinent matter. (Education Code 48914)

If school officials request to meet with the parent/guardian, the notice may state that the law requires the parent/guardian to respond to such requests without delay. However, no penalties may be imposed on the student for the failure of the parent/guardian to attend such a conference. The student may not be denied reinstatement solely because the parent/guardian failed to attend the conference. (Education Code 48911)

5. **Extension of Suspension:** If the Board is considering the expulsion of a suspended student from any school or the suspension of a student for the balance of the semester from continuation school, the Superintendent or designee may, in writing, extend the suspension until such time as the Board has made a decision, provided the following requirements are followed: (Education Code 48911)
 - a. The extension of the original period of suspension is preceded by notice of such extension with an offer to hold a conference concerning the extension, giving the student an opportunity to be heard. This conference may be held in conjunction with a meeting requested by the student or parent/guardian to challenge the original suspension.
 - b. The Superintendent or designee determines, following a meeting in which the student and the student's parent/guardian were invited to participate, that the student's presence at the school or at an alternative school would endanger persons or property or threaten to disrupt the instructional process. (Education Code 48911)
 - c. If the student involved is a foster youth, the Superintendent or designee shall notify the district liaison for foster youth of the need to invite the student's attorney and a representative of the appropriate county child welfare agency to attend the meeting. (Education Code 48912)

The Board may suspend a student enrolled in a continuation school or class for a period not longer than the remainder of the semester. The suspension shall meet the requirements of Education Code 48915. (Education Code 48912.5)

When the Board is considering a suspension, disciplinary action, or any other action (except expulsion) against any student, it shall hold a closed session if a public hearing would lead to disclosure of information that would violate a student's right to privacy under Education Code 49073-49079. (Education Code 35146, 48912)

The Board shall provide the student and his/her parent/guardian with written notice of the closed session by registered or certified mail or personal service. Upon receiving this notice, the student or parent/guardian may request a public meeting, and this request shall be granted if made in writing within 48 hours after receipt of the Board's notice. However, any discussion that conflicts with any other student's right to privacy still shall be held in closed session. (Education Code 35146, 48912)

4. The student shall be responsible for contacting his/her teacher(s) to receive assignments to be completed in the supervised suspension classroom. The teacher(s) shall provide all assignments and tests that the student will miss while suspended. If no such work is assigned, the person supervising the suspension classroom shall assign schoolwork.

At the time a student is assigned to an on-campus suspension classroom, the principal or designee shall notify the student's parent/guardian in person or by telephone. When the assignment is for longer than one class period, this notification may be made in writing. (Education Code 48911.1)

1. Causing serious physical injury to another person, except in self-defense
2. Possession of any knife or other dangerous object of no reasonable use to the student

Student's Right to Expulsion Hearing

Any student recommended for expulsion shall be entitled to a hearing to determine whether he/she should be expelled. The hearing shall be held within 30 school days after the Superintendent, principal, or designee determines that the student has committed the act(s) that form the basis for the expulsion recommendation. (Education Code 48918(a))

The student is entitled to at least one postponement of an expulsion hearing for a period of not more than 30 calendar days. The request for postponement shall be in writing. Any subsequent postponement may be granted at the Board's discretion. (Education Code 48918(a))

If the Board finds it impractical during the regular school year to comply with these time requirements for conducting an expulsion hearing, the Superintendent or designee may, for good cause, extend the time period by an additional five school days. Reasons for the extension shall be included as a part of the record when the expulsion hearing is held. (Education Code 48918(a))

If the Board finds it impractical to comply with the time requirements of the expulsion hearing due to a summer recess of Board meetings of more than two weeks, the days during the recess shall not be counted as school days. The days not counted during the recess may not exceed 20 school days, as defined in Education Code 48925. Unless the student requests in writing that the expulsion hearing be postponed, the hearing shall be held not later than 20 calendar days prior to the first day of the next school year. (Education Code 48918(a))

Once the hearing starts, all matters shall be pursued with reasonable diligence and concluded without unnecessary delay. (Education Code 48918(a))

(Education Code 48918(c))

If a hearing that involves a charge of sexual assault or sexual battery is to be conducted in public, a complaining witness shall have the right to have his/her testimony heard in closed session when testifying in public would threaten serious psychological harm to the witness and when there are no alternative procedures to avoid the threatened harm, including, but not limited to, a videotaped deposition or contemporaneous examination in another place communicated to the hearing room by closed-circuit television. (Education Code 48918(c))

The Board's decision in response to such an objection shall be final and binding. (Education Code 48918(i))

If the Board determines, or if the hearing officer or administrative panel finds and submits to the Board, that a witness would be subject to unreasonable risk of harm by testifying at the hearing, a subpoena shall not be issued to compel the personal attendance of that witness at the hearing. (Education Code 48918(h))

Before such a determination is made, the complaining witness shall be given notice and an opportunity to oppose the introduction of this evidence. In the hearing on the admissibility of this evidence, the complaining witness shall be entitled to be represented by a parent/guardian, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of a complaining witness shall not be admissible for any purpose.
- g. In order to facilitate a free and accurate statement of the experiences of the complaining witness and to prevent discouragement of complaints, the district shall provide a nonthreatening environment.
 - 1) The district shall provide a room separate from the hearing room for the use of the complaining witness before and during breaks in testimony.
 - 2) At the discretion of the person conducting the hearing, the complaining witness shall be allowed reasonable periods of relief from examination and cross-examination during which he/she may leave the hearing room.
 - 3) The person conducting the hearing may:
 - a) Arrange the seating within the hearing room so as to facilitate a less intimidating environment for the complaining witness
 - b) Limit the time for taking the testimony of a complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours
 - c) Permit one of the support persons to accompany the complaining witness to the witness stand

6. **Decision:** The Board's decision as to whether to expel a student shall be made within 40 school days after the student is removed from his/her school of attendance, unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

Alternative Expulsion Hearing: Hearing Officer or Administrative Panel

Instead of conducting an expulsion hearing itself, the Board may contract with the county hearing officer or with the Office of Administrative Hearings of the State of California for a hearing officer. The Board may also appoint an impartial administrative panel composed of three or more certificated personnel, none of

whom shall be members of the Board or on the staff of the school in which the student is enrolled. (Education Code 48918)

A hearing conducted by the hearing officer or administrative panel shall conform to the same procedures applicable to a hearing conducted by the Board as specified above in "Conduct of Expulsion Hearing," including the requirement to issue a decision within 40 school days of the student's removal from school, unless the student requests that the decision be postponed. (Education Code 48918(a) and (d))

The hearing officer or administrative panel shall, within three school days after the hearing, determine whether to recommend expulsion of the student to the Board. If expulsion is not recommended, the expulsion proceeding shall be terminated and the student shall be immediately reinstated and permitted to return to the classroom instructional program from which the referral was made, unless another placement is requested in writing by the student's parent/guardian. Before the student's placement decision is made by his/her parent/guardian, the Superintendent or designee shall consult with the parent/guardian and district staff, including the student's teachers, regarding other placement options for the student in addition to the option to return to the classroom instructional program from which the student's expulsion referral was made. The decision to not recommend expulsion shall be final. (Education Code 48918(e))

If expulsion is recommended, findings of fact in support of the recommendation shall be prepared and submitted to the Board. All findings of fact and recommendations shall be based solely on the evidence presented at the hearing. The Board may accept the recommendation based either upon a review of the findings of fact and recommendations submitted or upon the results of any supplementary hearing the Board may order. (Education Code 48918(f))

In accordance with Board policy, the hearing officer or administrative panel may recommend that the Board suspend the enforcement of the expulsion. If the hearing officer or administrative panel recommends that the Board expel a student but suspend the enforcement of the expulsion, the student shall not be reinstated and permitted to return to the classroom instructional program from which the referral was made until the Board has ruled on the recommendation. (Education Code 48917, 48918)

Final Action by the Board

Whether the expulsion hearing is conducted in closed or open session by the Board, a hearing officer, or an administrative panel or is waived through the signing of a stipulated expulsion agreement, the final action to expel shall be taken by the Board in public. (Education Code 48918(j))

The Board's decision is final. If the decision is to not expel, the student shall be reinstated immediately. If the decision is to suspend the enforcement of the expulsion, the student shall be reinstated under the conditions of the suspended expulsion.

Upon ordering an expulsion, the Board shall set a date when the student shall be reviewed for readmission to a school within the district. For a student expelled for any "mandatory recommendation and mandatory expulsion" act listed in the section "Authority to Expel" in the accompanying Board policy, this date shall be one year from the date the expulsion occurred, except that the Board may set an earlier date on a case-by-case basis. For a student expelled for other acts, this date shall be no later than the last day of the semester following the semester in which the expulsion occurred. If an expulsion is ordered during

summer session or the intersession period of a year-round program, the Board shall set a date when the student shall be reviewed for readmission not later than the last day of the semester following the summer session or intersession period in which the expulsion occurred. (Education Code 48916)

At the time of the expulsion order, the Board shall recommend a plan for the student's rehabilitation, which may include: (Education Code 48916)

1. Periodic review, as well as assessment at the time of review, for readmission
2. Recommendations for improved academic performance, tutoring, special education assessments, job training, counseling, employment, community service, or other rehabilitative programs

With parent/guardian consent, students who have been expelled for reasons relating to controlled substances or alcohol may be required to enroll in a county-sponsored drug rehabilitation program before returning to school. (Education Code 48916.5)

Written Notice to Expel

The Superintendent or designee shall send written notice of the decision to expel to the student or parent/guardian. This notice shall include the following:

1. The specific offense committed by the student for any of the causes for suspension or expulsion listed above under "Grounds for Suspension and Expulsion: Grades K-12" or "Additional Grounds for Suspension and Expulsion: Grades 4-12" (Education Code 48900.8)
2. The fact that a description of readmission procedures will be made available to the student and his/her parent/guardian (Education Code 48916)
3. Notice of the right to appeal the expulsion to the County Board (Education Code 48918)
4. Notice of the alternative educational placement to be provided to the student during the time of expulsion (Education Code 48918)
5. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the expelling district, pursuant to Education Code 48915.1 (Education Code 48918)

Decision to Suspend Expulsion Order

In accordance with Board policy, when deciding whether to suspend the enforcement of an expulsion order, the Board shall take into account the following criteria:

1. The student's pattern of behavior
2. The seriousness of the misconduct
3. The student's attitude toward the misconduct and his/her willingness to follow a rehabilitation program

The suspension of the enforcement of an expulsion shall be governed by the following:

1. The Board may, as a condition of the suspension of enforcement, assign the student to a school, class, or program appropriate for the student's rehabilitation. This rehabilitation program may provide for the involvement of the student's parent/guardian in the student's education. However, a parent/guardian's refusal to participate in the rehabilitation program shall not be considered in the Board's determination as to whether the student has satisfactorily completed the rehabilitation program. (Education Code 48917)
2. During the period when enforcement of the expulsion order is suspended, the student shall be on probationary status. (Education Code 48917)
3. The suspension of the enforcement of an expulsion order may be revoked by the Board if the student commits any of the acts listed under "Grounds for Suspension and Expulsion: Grades K-12" or "Additional Grounds for Suspension and Expulsion: Grades 4-12" above or violates any of the district's rules and regulations governing student conduct. (Education Code 48917)
4. When the suspension of enforcement of an expulsion order is revoked, a student may be expelled under the terms of the original expulsion order. (Education Code 48917)
5. Upon satisfactory completion of the rehabilitation assignment, the Board shall reinstate the student in a district school. Upon reinstatement, the Board may order the expunging of any or all records of the expulsion proceedings. (Education Code 48917)
6. The Superintendent or designee shall send written notice of any decision to suspend the enforcement of an expulsion order during a period of probation to the student or parent/guardian. The notice shall inform the parent/guardian of the right to appeal the expulsion to the County Board, the alternative educational placement to be provided to the student during the period of expulsion, and the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of his/her status with the expelling district, pursuant to Education Code 48915.1(b). (Education Code 48918(j))
7. Suspension of the enforcement of an expulsion order shall not affect the time period and requirements for the filing of an appeal of the expulsion order with the County Board. (Education Code 48917)

Appeal

The student or parent/guardian is entitled to file an appeal of the Board's decision with the County Board. The appeal must be filed within 30 days of the Board's decision to expel, even if the expulsion order is suspended and the student is placed on probation. (Education Code 48919)

If the student submits a written request for a copy of the written transcripts and supporting documents from the district simultaneously with the filing of the notice of appeal with the County Board, the district shall provide the student with these documents within 10 school days following the student's written request. (Education Code 48919)

Notification to Law Enforcement Authorities

Prior to the suspension or expulsion of any student, the principal or designee shall notify appropriate city or county law enforcement authorities of any student acts of assault which may have violated Penal Code 245. (Education Code 48902)

The principal or designee shall notify appropriate city or county law enforcement authorities of any student acts which may involve the possession or sale of narcotics or of a controlled substance, or of any student acts involving the possession, sale, or furnishing of firearms, explosives, or other dangerous weapons in violation of Education Code 48915(c)(1) or (5) or Penal Code 626.9 and 626.10. (Education Code 48902)

Within one school day after a student's suspension or expulsion, the principal or designee shall notify appropriate county or district law enforcement authorities, by telephone or other appropriate means, of any student acts which may violate Education Code 48900(c) or (d), relating to the possession, use, offering, or sale of controlled substances, alcohol, or intoxicants of any kind. (Education Code 48902)

Placement During Expulsion

The Board shall refer expelled students to a program of study that is: (Education Code 48915, 48915.01)

1. Appropriately prepared to accommodate students who exhibit discipline problems
2. Not provided at a comprehensive middle, junior, or senior high school or at any elementary school, unless the program is offered at a community day school established at any of these
3. Not housed at the school site attended by the student at the time of suspension

When the placement described above is not available and when the County Superintendent so certifies, students expelled for only acts described in items #6-12 under "Grounds for Suspension and Expulsion: Grades K-12" and items #1-3 under "Additional Grounds for Suspension and Expulsion: Grades 4-12" above may be referred to a program of study that is provided at another comprehensive middle, junior, or senior high school or at an elementary school. (Education Code 48915)

The program for a student expelled from any of grades K-6 shall not be combined or merged with programs offered to students in any of grades 7-12. (Education Code 48916.1)

Readmission After Expulsion

Prior to the date set by the Board for the student's readmission:

1. The Superintendent or designee shall hold a conference with the parent/guardian and the student. At the conference, the student's rehabilitation plan shall be reviewed and the Superintendent or designee shall verify that the provisions of this plan have been met. School regulations shall be reviewed and the student and parent/guardian shall be asked to indicate in writing their willingness to comply with these regulations.
2. The Superintendent or designee shall transmit to the Board his/her recommendation regarding readmission. The Board shall consider this recommendation in closed session. If a written request for

open session is received from the parent/guardian or adult student, it shall be honored to the extent that privacy rights of other students are not violated.

3. If the readmission is granted, the Superintendent or designee shall notify the student and parent/guardian, by registered mail, of the Board's decision regarding readmission.
4. The Board may deny readmission only if it finds that the student has not satisfied the conditions of the rehabilitation plan or that the student continues to pose a danger to campus safety or to other district students or employees. (Education Code 48916)
5. If the Board denies the readmission of a student, the Board shall determine either to continue the student's placement in the alternative educational program initially selected or to place the student in another program that serves expelled students, including placement in a county community school.
6. The Board shall provide written notice to the expelled student and parent/guardian describing the reasons for denying readmittance into the regular program. This notice shall indicate the Board's determination of the educational program which the Board has chosen. The student shall enroll in that program unless the parent/guardian chooses to enroll the student in another school district. (Education Code 48916)

No student shall be denied readmission into the district based solely on the student's arrest, adjudication by a juvenile court, formal or informal supervision by a probation officer, detention in a juvenile facility, enrollment in a juvenile court school, or other such contact with the juvenile justice system. (Education Code 48645.5)

Maintenance of Records

The district shall maintain a record of each suspension and expulsion, including its specific cause(s). (Education Code 48900.8)

Expulsion records of any student shall be maintained in the student's mandatory interim record and sent to any school in which the student subsequently enrolls upon written request by that school. (Education Code 48918(k))

The Superintendent or designee shall, within five working days, honor any other district's request for information about an expulsion from this district. (Education Code 48915.1)

When allowed, an employee may only possess pepper spray in accordance with administrative regulations and Penal Code 22810. Any employee who is negligent or careless in the possession or handling of pepper spray shall be subject to appropriate disciplinary measures.

The Board requires employees to take immediate action upon being made aware that any person is in possession of a weapon or unauthorized injurious object on school grounds or at a school-related or school-sponsored activity. 1. Acts That Are Grounds for Suspension or Expulsion
 - a. The Superintendent or designee shall inform the teacher(s) of each student who, during the previous three school years, has engaged in or is reasonably suspected to have engaged in any act, except the possession or use of tobacco products, that would constitute a ground for suspension or expulsion as specified in AR 5144.1-Suspension and Expulsion/Due Process. This information shall be based upon district records maintained in the ordinary course of business or records received from a law enforcement agency. (Education Code 49079)
 - b. (Education Code 48201)

Accommodations for Victims of Domestic Violence, Sexual Assault, or Stalking

In determining whether an accommodation is reasonable, the Superintendent or designee shall consider any exigent circumstance or danger facing the employee. (Labor Code 230)

Upon the request of the Superintendent or designee, an employee requesting a reasonable accommodation shall provide a written statement, signed by the employee or an individual acting on the employee's behalf, certifying that the accommodation is for an authorized purpose. The employee shall be notified before any authorized disclosure. (Labor Code 230)

Every six months after the date of the certification, the Superintendent or designee may request recertification of the employee's status as a victim of domestic violence, sexual assault, or stalking or ongoing circumstances related to the crime or abuse. The employee shall notify the Superintendent or designee if, due to changing circumstances, the employee needs a new accommodation or no longer needs an accommodation. (Labor Code 230)

The district shall not retaliate against an employee because of the employee's status as a victim of crime or abuse or for requesting a reasonable accommodation, regardless of whether the request was granted. (Labor Code 230)

STUDENT NONDISCRIMINATION / HARASSMENT

Board Policy 5145.3

The Governing Board desires to provide a safe school environment that allows all students equal access and opportunities in the district's academic, extracurricular, and other educational support programs, services, and activities. The Board prohibits, at any district school or school activity, unlawful discrimination, including discriminatory harassment, intimidation, and bullying, targeted at any student by anyone, based on the student's actual or perceived race, color, ancestry, nationality, national origin, immigration status, ethnic group identification, ethnicity, age, religion, marital status, pregnancy, parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, gender expression, or genetic information, or association with a person or group with one or more of these actual or perceived characteristics.

This policy shall apply to all acts related to school activity or to school attendance occurring within a district school, and to acts which occur off campus or outside of school-related or school-sponsored activities but which may have an impact or create a hostile environment at school or a school sponsored activity. This policy shall also apply to off-campus speech which has some nexus to the school or is reasonably foreseeable to reach the school, and the speech substantially disrupts or materially interferes with the school environment or activities, causes an administrator to reasonably forecast that it will cause a substantial disruption of or material interference with the school environment or activities, or collides with the rights of students to be left alone in the school environment.

Unlawful discrimination, including discriminatory harassment, intimidation, or bullying, may result from physical, verbal, nonverbal, or written conduct based on any of the categories listed above. Unlawful discrimination also includes the creation of a hostile environment through prohibited conduct that is so severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; has the effect of substantially or unreasonably interfering with a student's academic performance; or otherwise adversely affects a student's educational opportunities.

Unlawful discrimination also includes disparate treatment of students based on one of the categories above with respect to the provision of opportunities to participate in school programs or activities or the provision or receipt of educational benefits or services. The Board also prohibits any form of retaliation against any individual who reports or participates in the reporting of unlawful discrimination, files or participates in the filing of a complaint, or investigates or participates in the investigation of a complaint or report alleging unlawful discrimination. Retaliation complaints shall be investigated and resolved in the same manner as a discrimination complaint. The Superintendent or designee shall facilitate students' access to the educational program by publicizing the district's nondiscrimination policy and related complaint procedures to students, parents/guardians, and employees. He/she shall provide training and information on the scope and use of the policy and complaint procedures and take other measures designed to increase the school community's understanding of the requirements of law related to discrimination. The Superintendent or designee shall periodically review the implementation of the district's nondiscrimination policies and practices and, as necessary, shall take action to remove any identified barrier to student access to or participation in the district's educational program. He/she shall report his/her findings and recommendations to the Board.

As a general rule, regardless of whether a complainant complies with the writing, timeline, and/or other formal filing requirements, all complaints alleging unlawful discrimination, including discriminatory

harassment, intimidation, or bullying, shall be investigated and prompt action taken to stop the discrimination, prevent recurrence, and address any continuing effect on students. If the complaint is verbal, complainants shall be encouraged to submit their complaint in writing. However, if the complaint is anonymous, the Superintendent or designee shall determine whether it is reasonable to pursue an investigation considering the timeliness, specificity and reliability of the information, the seriousness of the alleged incident, and whether any individuals can be identified who were subjected to the alleged bullying. The District shall consider, on a case-by-case basis whether or not to investigate anonymous complaints.

Students who engage in unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, in violation of law, Board policy, or administrative regulation shall be subject to appropriate consequence or discipline, which may include suspension or expulsion when the behavior is severe or pervasive as defined in Education Code 48900.4. Any employee who permits or engages in prohibited discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, shall be subject to disciplinary action, up to and including dismissal. This includes expressions of hate speech and messages of hate, intolerance, and discrimination.

Record-Keeping

The Superintendent or designee shall maintain a record of all reported cases of unlawful discrimination, including discriminatory harassment, intimidation, or bullying, to enable the district to monitor, address, and prevent repetitive prohibited behavior in district schools.

 - 1) An explanation of the statute of limitations within which a complaint must be filed after an alleged incident of discrimination has occurred and how a complaint may be filed beyond the statute of limitations
 - 2) An explanation of how the complaint will be investigated and how the complainant may further pursue the complaint, including web links to this information on the OCR's web site

- 3) A web link to the OCR complaints form and the contact information for the office, including the phone number and email address for the office
5. Post a link to statewide CDE-compiled resources, including community-based organization, that provide support to youth who have been subjected to school-based discrimination, harassment, intimidation, or bullying and to their families. Such resources shall be posted in a prominent location on the district's web site in a manner that is easily accessible to parents/guardians and students. (Education Code 234.5, 234.6)
6. Provide to students a handbook that contains age-appropriate information that clearly describes the district's nondiscrimination policy, procedures for filing a complaint, and resources available to students who feel that they have been the victim of any such behavior. (Education Code 234.1)
7. Annually notify all students and parents/guardians of the district's nondiscrimination policy, including its responsibility to provide a safe, nondiscriminatory school environment for all students, including transgender and gender-nonconforming students. The notice shall inform students and parents/guardians that they may request to meet with the compliance officer to determine how best to accommodate or resolve concerns that may arise from the district's implementation of its nondiscrimination policies. The notice shall also inform all students and parents/guardians that, to the extent possible, the district will address any individual student's interests and concerns in private.
8. The Superintendent or designee shall ensure that students and parents/guardians, including those with limited English proficiency, are notified of how to access the relevant information provided in the district's nondiscrimination policy and related complaint procedures, notices, and forms in a language they can understand. If 15 percent or more of students enrolled in a particular district school speak a single primary language other than English, the district's policy, regulation, forms, and notices concerning nondiscrimination shall be translated into that language in accordance with Education Code 234.1 and 48985. In all other instances, the district shall ensure meaningful access to all relevant information for parents/guardians with limited English proficiency.
9. Provide to students, employees, volunteers, and parents/guardians age-appropriate training and information regarding the district's nondiscrimination policy; what constitutes prohibited discrimination, including discriminatory harassment, intimidation, retaliation, or bullying; how and to whom a report of an incident should be made; and how to guard against segregating or stereotyping students when providing instruction, guidance, supervision, or other services to them. Such training and information shall include details of guidelines the district may use to provide a discrimination-free environment for all district students, including transgender and gender-nonconforming students.
10. At the beginning of each school year, inform school employees that any employee who witnesses any act of unlawful discrimination, including discriminatory harassment, intimidation, or bullying, against a student is required to intervene if it is safe to do so. (Education Code 234.1)
11. At the beginning of each school year, inform each principal or designee of the district's responsibility to provide appropriate assistance or resources to protect students from threatened or potentially discriminatory behavior and ensure their privacy rights.

Enforcement of District Policy

The Superintendent or designee shall take appropriate actions to reinforce BP 5145.3 - Nondiscrimination/Harassment. As needed, these actions may include any of the following:

1. Removing vulgar or offending graffiti
2. Providing training to students, staff, and parents/guardians about how to recognize unlawful discrimination, how to report it or file a complaint, and how to respond
3. Disseminating and/or summarizing the district's policy and regulation regarding unlawful discrimination
4. Consistent with laws regarding the confidentiality of student and personnel records, communicating to students, parents/guardians, and the community the school's response plan to unlawful discrimination or harassment
5. Taking appropriate disciplinary action against students, employees, and anyone determined to have engaged in wrongdoing in violation of district policy, including any student who is found to have filed a complaint of discrimination that he/she knew was not true

Process for Initiating and Responding to Complaints

Any student who feels that he/she has been subjected to unlawful discrimination described above or in district policy is strongly encouraged to immediately contact the compliance officer, principal, or any other staff member. In addition, any student who observes any such incident is strongly encouraged to report the incident to the compliance officer or principal, whether or not the alleged victim files a complaint.

Any school employee who observes an incident of unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, or to whom such an incident is reported shall report the incident to the compliance officer or principal within a school day, whether or not the alleged victim files a complaint.

Any school employee who witnesses an incident of unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, shall immediately intervene to stop the incident when it is safe to do so. (Education Code 234.1)

When a verbal report of unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, is made to or received by the principal or compliance officer, he/she shall make a note of the report and encourage the student or parent/guardian to file the complaint in writing, pursuant to the provisions in AR 1312.3 - Uniform Complaint Procedures. Once notified verbally or in writing, the principal or compliance officer shall begin the investigation and shall implement immediate measures necessary to stop the discrimination and ensure that all students have access to the educational program and a safe school environment. Any interim measures adopted to address unlawful discrimination shall, to the extent possible, not disadvantage the complainant or a student who is the victim of the alleged unlawful discrimination.

Any report or complaint alleging unlawful discrimination by the principal, compliance officer, or any other

person to whom a report would ordinarily be made or complaint filed shall instead be made to or filed with the Superintendent or designee who shall determine how the complaint will be investigated.

Transgender and Gender-Nonconforming Students

Gender identity of a student means the student's gender-related identity, appearance, or behavior as determined from the student's internal sense of his/her gender, whether or not that gender-related identity, appearance, or behavior is different from that traditionally associated with the student's physiology or assigned sex at birth.

Gender expression means a student's gender-related appearance and behavior, whether stereotypically associated with the student's assigned sex at birth. (Education Code 210.7)

Gender transition refers to the process in which a student changes from living and identifying as the sex assigned to the student at birth to living and identifying as the sex that corresponds to the student's gender identity.

Gender-nonconforming student means a student whose gender expression differs from stereotypical expectations.

Transgender student means a student whose gender identity is different from the gender he/she was assigned at birth.

Regardless of whether they are sexual in nature, acts of verbal, nonverbal, or physical aggression, intimidation, or hostility that are based on sex, gender identity, or gender expression, or that have the purpose or effect of producing a negative impact on the student's academic performance or of creating an intimidating, hostile, or offensive educational environment are prohibited. Examples of the types of conduct which are prohibited in the district and which may constitute gender-based harassment include, but are not limited to:

1. Refusing to address a student by a name and the pronouns consistent with his/her gender identity
2. Disciplining or disparaging a student or excluding him/her from participating in activities for behavior or appearance that is consistent with his/her gender identity or that does not conform to stereotypical notions of masculinity or femininity, as applicable
3. Blocking a student's entry to the restroom that corresponds to his/her gender identity
4. Taunting a student because he/she participates in an athletic activity more typically favored by a student of the other sex
5. Revealing a student's transgender status to individuals who do not have a legitimate need for the information, without the student's consent
6. Use of gender-specific slurs
7. Physical assault of a student motivated by hostility toward him/her because of his/her gender, gender identity, or gender expression

The district's uniform complaint procedures (AR 1312.3) shall be used to report and resolve complaints alleging discrimination against transgender and gender-nonconforming students.

Examples of bases for complaints include, but are not limited to, the above list, as well as improper rejection by the district of a student's asserted gender identity, denial of access to facilities that correspond with a student's gender identity, improper disclosure of a student's transgender status, discriminatory enforcement of a dress code, and other instances of genderbased harassment.

To ensure that transgender and gender-nonconforming students are afforded the same rights, benefits, and protections provided to all students by law and Board policy, the district shall address each situation on a case-by-case basis, in accordance with the following guidelines:

1. **Right to privacy:** A student's transgender or gender-nonconforming status is his/her private information and the district shall only disclose the information to others with the student's prior written consent, except when the disclosure is otherwise required by law or when the district has compelling evidence that disclosure is necessary to preserve the student's physical or mental well-being. In any case, the district shall only allow disclosure of a student's personally identifiable information to employees with a legitimate educational interest as determined by the district pursuant to 34 CFR 99.31. Any district employee to whom a student's transgender or gender-nonconforming status is disclosed shall keep the student's information confidential. When disclosure of a student's gender identity is made to a district employee by a student, the employee shall seek the student's permission to notify the compliance officer. If the student refuses to give permission, the employee shall keep the student's information confidential, unless he/she is required to disclose or report the student's information pursuant to this administrative regulation, and shall inform the student that honoring the student's request may limit the district's ability to meet the student's needs related to his/her status as a transgender or gender-nonconforming student. If the student permits the employee to notify the compliance officer, the employee shall do so within three school days.

As appropriate given the student's need for support, the compliance officer may discuss with the student any need to disclose the student's transgender or gender-nonconformity status or gender identity or gender expression to his/her parents/guardians and/or others, including other students, teacher(s), or other adults on campus. The district shall offer support services, such as counseling, to students who wish to inform their parents/guardians of their status and desire assistance in doing so.

2. **Determining a Student's Gender Identity:** The compliance officer shall accept the student's assertion of his/her gender identity and begin to treat the student consistent with his/her gender identity unless district personnel present a credible and supportable basis for believing that the student's assertion is for an improper purpose.
3. **Addressing a Student's Transition Needs:** The compliance officer shall arrange a meeting with the student and, if appropriate, his/her parents/guardians to identify and develop strategies for ensuring that the student's access to education programs and activities is maintained. The meeting shall discuss the transgender or gender-nonconforming student's rights and how those rights may affect and be affected by the rights of other students and shall address specific subjects related to the student's access to facilities and to academic or educational support programs, services, or activities, including,

but not limited to, sports and other competitive endeavors. In addition, the compliance officer shall identify specific school site employee(s) to whom the student may report any problem related to his/her status as a transgender or gender-nonconforming individual, so that prompt action can be taken to address it. Alternatively, if appropriate and desired by the student, the school may form a support team for the student that will meet periodically to assess whether the arrangements for the student are meeting his/her educational needs and providing equal access to programs and activities, educate appropriate staff about the student's transition, and serve as a resource to the student to better protect the student from gender-based discrimination.

4. **Accessibility to Sex-Segregated Facilities, Programs, and Activities:** When the district maintains sex-segregated facilities, such as restrooms and locker rooms, or offers sex-segregated programs and activities, such as physical education classes, intermural sports, and interscholastic athletic programs, students shall be permitted to access facilities and participate in programs and activities consistent with their gender identity. To address any student's privacy concerns in using sex-segregated facilities, the district shall offer available options such as a gender-neutral or single-use restroom or changing area, a bathroom stall with a door, an area in the locker room separated by a curtain or screen, access to a staff member's office, or use of the locker room before or after the other students. However, the district shall not require a student to utilize these options because he/she is transgender or gender-nonconforming. In addition, a student shall be permitted to participate in accordance with his/her gender identity in other circumstances where students are separated by gender, such as for class discussions, yearbook pictures, and field trips. A student's right to participate in a sex-segregated activity in accordance with his/her gender identity shall not render invalid or inapplicable any other eligibility rule established for participation in the activity.
5. **Student Records:** A student's legal name or gender as entered on the mandatory student record required pursuant to 5 CCR 432 shall only be changed with proper documentation. However, at the written request of a student or, if appropriate, his/her parents/guardians, the district shall use the student's preferred name and pronouns consistent with his/her gender identity on all other district-related documents. Such preferred name may be added to the student's record and official documents as permitted by law.
6. **Names and Pronouns:** If a student so chooses, district personnel shall be required to address the student by a name and the pronouns consistent with his/her gender identity, without the necessity of a court order or a change to his/her official district record. However, inadvertent slips or honest mistakes by district personnel in the use of the student's name and/or consistent pronouns will, in general, not constitute a violation of this administrative regulation or the accompanying district policy.
7. **Uniforms/Dress Code:** A student has the right to dress in a manner consistent with his/her gender identity, subject to any dress code adopted on a school site.

BULLYING

Board Policy 5131.2

This policy shall apply to all acts constituting bullying related to school activity or to school attendance occurring within a district school, to acts which occur off campus or outside of school-related or school-sponsored activities but which may have an impact or create a hostile environment at school, and to all acts of the Governing Board and the Superintendent in enacting policies and procedures that govern the district.

The Board recognizes the harmful effects of bullying on student well-being, student learning, and school attendance and desires to provide a welcoming, safe, and supportive school environment that protects students from physical, mental, and emotional harm. No individual or group shall, through physical, written, verbal, visual, or other means, harass, sexually harass, threaten, intimidate, cyberbully, cause bodily injury to, or commit hate violence against any student or school personnel, or retaliate against them for filing a complaint or participating in the complaint resolution process.

The Superintendent or designee shall develop strategies for addressing bullying in district schools with the involvement of students, parents/guardians, and staff. As appropriate, the Superintendent or designee may also collaborate with social services, mental health services, law enforcement, courts, and other agencies and community organizations in the development and implementation of effective strategies to promote safety in schools and the community.

Such strategies shall be incorporated into the comprehensive safety plan and, to the extent possible, into the local control and accountability plan and other applicable district and school plans.

Any complaint of bullying shall be investigated and, if determined to be discriminatory, resolved in accordance with law and the district's uniform complaint procedures specified in Administrative Regulation 1312.3. If, during the investigation, it is determined that a complaint is about nondiscriminatory bullying, the principal or designee shall inform the complainant and shall take all necessary actions to resolve the complaint.

If the Superintendent or designee believes it is in the best interest of a student who has been the victim of an act of bullying, as defined in Education Code 48900, the Superintendent or designee shall advise the student's parents/guardians that the student may transfer to another school. If the parents/guardians of a student who has been the victim of an act of bullying requests a transfer for the student pursuant to Education Code 46600, the Superintendent or designee shall allow the transfer in accordance with law and district policy on intradistrict or interdistrict transfer, as applicable.

District families are encouraged to model respectful behavior, contribute to a safe and supportive learning environment, and monitor potential causes of bullying.

Any employee who permits or engages in bullying or retaliation related to bullying shall be subject to disciplinary action, up to and including dismissal.

AR 5131.2

Examples of Prohibited Conduct

Bullying is an aggressive behavior that involves a real or perceived imbalance of power between individuals with the intent to cause emotional or physical harm. Bullying can be physical, verbal, or social/relational and may involve a single severe act or repetition or potential repetition of a deliberate act. Bullying includes, but is not limited to, any act described in Education Code 48900(r).

Cyberbullying includes the electronic creation or transmission of harassing communications, direct threats, or other harmful texts, sounds, or images, which may be shared, sent, or posted publicly. Cyberbullying may include, but is not limited to, personal or private information that causes humiliation, false or negative information to discredit or disparage, or threats of physical harm. Cyberbullying may also include breaking into another person's electronic account or assuming that person's online identity in order to damage that person's reputation.

Examples of the types of conduct that may constitute bullying and are prohibited by the district include, but are not limited to:

1. Physical bullying: An act that inflicts harm upon a person's body or possessions, such as hitting, kicking, pinching, spitting, tripping, pushing, taking or breaking someone's possessions, or making cruel or rude hand gestures
2. Verbal bullying: An act that includes saying or writing hurtful things, such as teasing, name-calling, inappropriate sexual comments, taunting, or threats to cause harm

4. Cyberbullying: An act that occurs on electronic devices such as computers, tablets, or cell phones, such as sending demeaning or hateful text messages, direct messages or public posts on social media apps, gaming forums, or emails, spreading rumors by email or by posting on social networking sites, shaming or humiliating by allowing others to view, participate in, or share disparaging or harmful content, or posting or sharing embarrassing photos, videos, website, or fake profiles

Measures to Prevent Bullying

The Superintendent or designee shall implement measures to prevent bullying in district schools, including, but not limited to, the following:

Developing a strategic plan for school connectedness and social skills with benchmark tracking, which may include providing regular opportunities and spaces for students to develop social skills and strengthen relationships and promoting adult support from family and school staff, peer-led programs, and partnerships with key community groups, implementing socially based educational techniques such as cooperative learning projects that can improve educational outcomes as well as peer relations, creating a supportive school environment that fosters belonging through equitable classroom management, mentoring, and peer support groups that allow students to lean on each other and learn from each other's experiences, and building social

connection into health education courses including information on the consequences of social connection on physical and mental health, key risk and protective factors, and strategies for increasing social connection

1. Ensuring that each school establishes clear rules for student and staff conduct and implements strategies to promote a positive, supportive, and collaborative school climate
2. Providing information to students, through student handbooks, district and school websites and social media, and other age-appropriate means, about district and school rules related to bullying, mechanisms available for reporting incidents or threats, and the consequences for engaging in bullying
3. Encouraging students to notify school staff when they are being bullied or when they suspect that another student is being bullied, and providing means by which students may report threats or incidents confidentially and anonymously
4. Conducting an assessment of bullying incidents at each school and, if necessary, increasing supervision and security in areas where bullying most often occurs, such as playgrounds, hallways, restrooms, and cafeterias
5. Annually notifying district employees that, pursuant to Education Code 234.1, any school staff who witnesses an act of bullying against a student has a responsibility to immediately intervene to stop the incident when it is safe to do so

Staff Development

The Superintendent or designee shall annually make available to all certificated staff and to other employees who have regular interaction with students the California Department of Education (CDE) online training module on the dynamics of bullying and cyberbullying, including the identification of bullying and cyberbullying and the implementation of strategies to address bullying. (Education Code 32283.5)

The Superintendent or designee shall provide training to teachers and other school staff to raise their awareness about the legal obligation of the district and its employees to prevent discrimination, harassment, intimidation, and bullying of district students. Such training shall be designed to provide staff with the skills to:

1. Discuss the diversity of the student body and school community, including their varying immigration experiences
2. Discuss bullying prevention strategies with students, and teach students to recognize the behavior and characteristics of bullying perpetrators and victims
3. Identify the signs of bullying or harassing behavior
4. Take immediate corrective action when bullying is observed
5. Report incidents to the appropriate authorities, including law enforcement in instances of

criminal behavior

Information and Resources

The Superintendent or designee shall post on the district's website, in a prominent location and in a manner that is easily accessible to students and parents/guardians, information on bullying and harassment prevention which includes the following: (Education Code 234.6)

The district's policy on student suicide prevention, including a reference to the policy's age appropriateness for students in grades K-6

1. The definition of sex discrimination and harassment as described in Education Code 230, including the rights set forth in Education Code 221.8
2. Title IX information included on the district's website pursuant to Education Code 221.61, and a link to the Title IX information included on CDE's website pursuant to Education Code 221.6
3. District policies on student sexual harassment, prevention and response to hate violence, discrimination, harassment, intimidation, bullying, and cyberbullying
4. A section on social media bullying that includes all of the references described in Education Code 234.6 as possible forums for social media
5. A link to statewide resources, including community-based organizations, compiled by CDE pursuant to Education Code 234.5
6. Any additional information the Superintendent or designee deems important for preventing bullying and harassment

Student Instruction

As appropriate, the district shall provide students with instruction, in the classroom or other educational settings, that promotes social-emotional learning, effective communication and conflict resolution skills, character development, respect for cultural and individual differences, self-esteem development, assertiveness skills, digital and media literacy skills, and appropriate online behavior.

The district shall also educate students about the negative impact of bullying, discrimination, intimidation, and harassment based on actual or perceived immigration status, religious beliefs and customs, or any other individual bias or prejudice.

Students should be taught the difference between appropriate and inappropriate behaviors, how to advocate for themselves, how to help another student who is being bullied, and when to seek assistance from a trusted adult. As role models for students, staff are responsible for teaching and modeling respectful behavior and building safe and supportive learning environments, and are expected to demonstrate effective problem-solving and anger management skills.

To discourage cyberbullying, teachers may advise students to be cautious about sharing passwords, personal data, or private photos online and to consider the consequences of making negative

comments about others online.

Reporting and Filing of Complaints

Any student, parent/guardian, or other individual who believes that a student has been subjected to bullying or who has witnessed bullying may report the incident to a teacher, the principal, a compliance officer, or any other available school employee.

When a report of bullying is submitted, the principal or a district compliance officer shall inform the student or parent/guardian of the right to file a formal written complaint in accordance with Administrative Regulation 1312.3 - Uniform Complaint Procedures. The student who is the alleged victim of the bullying shall be given an opportunity to describe the incident, identify witnesses who may have relevant information, and provide other evidence of bullying.

Within one business day of receiving such a report, a staff member shall notify the principal of the report, regardless of whether a uniform complaint is filed. In addition, any school employee who observes an incident of bullying involving a student shall, within one business day, report such observation to the principal or a district compliance officer, regardless of whether the alleged victim files a complaint.

Within two business days of receiving a report of bullying, the principal shall notify the district compliance officer identified in Administrative Regulation 1312.3.

Any individuals with information about cyberbullying activity shall save and print any electronic or digital messages that they feel constitute cyberbullying and shall notify a teacher, the principal, or other employee so that the matter may be investigated. When an investigation concludes that a student used a social networking site or service to bully or harass another student, the Superintendent or designee may report the cyberbullying to the social media platform and may request the material be removed.

Discipline/Corrective Actions

Corrective actions for a student who commits an act of bullying of any type may include counseling, behavioral intervention, and education, and, if the behavior is severe or pervasive as defined in Education Code 48900, may include suspension or expulsion in accordance with district policies and regulations.

When a student has been suspended, or other means of correction have been implemented against the student, for an incident of racist bullying, harassment, or intimidation, the principal or designee shall engage both the victim and perpetrator in a restorative justice practice suitable to the needs of the students. The principal or designee shall also require the perpetrator to engage in a culturally sensitive program that promotes racial justice and equity and combats racism and ignorance and shall regularly check on the victim to ensure that the victim is not in danger of suffering from any long-lasting mental health issues. (Education Code 48900.5)

When appropriate based on the severity or pervasiveness of the bullying, the Superintendent or designee shall notify the parents/guardians of victims and perpetrators and may contact law enforcement.

Support Services

The Superintendent, principal, or designee may refer a victim, witness, perpetrator, or other student affected by an act of bullying to a school counselor, school psychologist, social worker, child welfare attendance personnel, school nurse, or other school support service personnel for case management, counseling, and/or participation in a restorative justice program as appropriate. (Education Code 48900.9)

If any student involved in bullying exhibits warning signs of suicidal thought or intention or of intent to harm another person, the Superintendent or designee shall, as appropriate, implement district intervention protocols which may include, but are not limited to, referral to district or community mental health services, other health professionals, and/or law enforcement, in accordance with Board Policy and Administrative Regulation 5141.52 - Suicide Prevention.

HATE-MOTIVATED BEHAVIOR

Board Policy 5145.9

The Governing Board is committed to providing a safe learning environment that protects students from discrimination, harassment, intimidation, bullying, and other behavior motivated by a person's hostility towards another person's real or perceived ethnicity, national origin, immigrant status, sex, gender, sexual orientation, religious belief, age, disability, or any other immutable physical or cultural characteristic. The Superintendent or designee shall design strategies to promote harmonious relationships among students, prevent incidents of hate-motivated behavior to the extent possible, and address such incidents if they occur.

The Superintendent or designee shall, to the extent possible, collaborate with regional programs and community organizations to promote safe environments for youth. Such collaborative efforts shall focus on ensuring an efficient use of district and community resources, developing effective prevention strategies and response plans, providing assistance to students affected by hate-motivated behavior, and/or educating students who have perpetrated hate-motivated acts.

As needed, the district shall provide students with age-appropriate instruction that includes the development of social-emotional learning, promotes their understanding of and respect for human rights, diversity, and acceptance in a multicultural society, and provides strategies to manage conflicts constructively.

As necessary, the district shall provide counseling, guidance, and support to students who are victims of hate-motivated behavior and to students who exhibit such behavior.

The Superintendent or designee shall ensure that the rules prohibiting hate-motivated behavior and procedures for reporting a hate-motivated incident are provided to students and parents/guardians.

The Superintendent or designee shall provide staff with training on recognizing and preventing hate-motivated behavior and on effectively enforcing rules for appropriate student conduct.

A student's use of hate speech shall be considered prohibited discrimination and a hate-motivated act, communicating a message of hate, intolerance, and discrimination due to the tension these words create, the actual or reasonably foreseeable substantial disruption they cause to the educational environment, and the negative psychological impact they have on other students. This policy shall also apply to off-campus speech, including expression on off-campus Internet web sites, when the speech has some nexus to the school or is

reasonably foreseeable to reach the school, and the speech substantially disrupts or materially interferes with the school environment or activities, causes an administrator to reasonably forecast that it will cause a substantial disruption of or material interference with the school environment or activities, or collides with the rights of students to be left alone in the school environment.

“Hate speech” is defined as abusive, threatening, insulting, harassing or intimidating speech, writing or symbols directed or targeted at another individual or group of individuals, which (1) infringes on their right to be secure or left alone at school; and, (2) which expresses prejudice against a particular group motivated by hostility towards the other individual’s real or perceived characteristics, including, but not limited to, race, religion, ethnicity, national origin, sex, disability, sexual orientation, or gender identity.

As a general rule, any student who uses hate speech shall be first counseled about the use of hate speech, the history and social ramifications of the speech, and warned that messages of hate, intolerance, and discrimination are unacceptable at school and, if continued, could lead to further discipline, including possible expulsion.

Notwithstanding the general rule set forth above, suspension and expulsion for hate speech shall be implemented as appropriate and to the extent allowable by law. Suspension and expulsion shall be reserved for students whose use of hate speech has continued to occur after attempts to counsel and educate the student about appropriate speech and behavior; when the hate speech is unprovoked and targeted at other student(s) or staff; when the hate speech is linked to other serious misconduct; or when the behavior is severe or pervasive as defined in Education Code 48900.4.

Complaint Process

A student or parent/guardian who believes the student is a victim of hate-motivated behavior is strongly encouraged to report the incident to a teacher, the principal, or other staff member.

Any staff member who is notified that hate-motivated behavior has occurred, observes such behavior, or otherwise becomes aware of an incident shall immediately contact the school’s administration team (e.g. principal or assistant principal) who will then contact the district’s compliance officer responsible for coordinating the district’s investigation response to complaints and complying with state and federal civil rights laws. As appropriate, the administrator shall also contact law enforcement. It is the responsibility of the school site’s administration team to promptly and appropriately respond to hate-motivated behavior while coordinating with the District’s compliance officer.

Any complaint of hate-motivated behavior shall be investigated and, if determined to be discriminatory, shall be resolved in accordance with law and the district’s uniform complaint procedures specified in AR 1312.3 - Uniform Complaint Procedures. If, during the investigation, it is determined that a complaint is about nondiscriminatory behavior, the principal or designee shall inform the complainant and shall take all necessary actions to resolve the complaint.

STUDENT SEXUAL HARASSMENT

Board Policy 5145.7

The Governing Board is committed to maintaining a safe school environment that is free from harassment and discrimination. The Board prohibits, at school or at school-sponsored or school-related activities, sexual harassment targeted at any student by anyone. The Board also prohibits retaliatory behavior or action against any person who reports, files a complaint or testifies about, or otherwise supports a complainant in alleging sexual harassment.

The district strongly encourages any student who feels that he/she is being or has been sexually harassed on school grounds or at a school-sponsored or school-related activity by another student or an adult or who have experienced off-campus sexual harassment that has a continuing effect on campus, to immediately contact their teacher, the principal, the district's Title IX Coordinator, or any other available school employee. Any employee who receives a report or observes an incident of sexual harassment shall notify the Title IX Coordinator.

Once notified, the Title IX Coordinator shall ensure the complaint or allegation is addressed through AR 5145.71 – Title IX Sexual Harassment Complaint Procedures or BP/AR 1312.3 – Uniform Complaint Procedures, as applicable. Because a complaint or allegation that is denied under the Title IX complaint procedures may still be subject to consideration under state law, the Title IX Coordinator shall ensure that any implementation of AR 4145.71 concurrently meets the requirements of BP/AR 1312.3.

The Title IX Coordinator shall offer supportive measures to the complainant and respondent, as deemed appropriate under the circumstances.

The Superintendent or designee shall inform students and parents/guardians of the district's sexual harassment policy by disseminating it through parent/guardian notifications, publishing it on the district's web site, and including it in student and staff handbooks. All district staff shall be trained regarding the policy.

Instruction/Information

The Superintendent or designee shall ensure that all district students receive age-appropriate information on sexual harassment. Such instruction and information shall include:

1. What acts and behavior constitute sexual harassment, including the fact that sexual harassment could occur between people of the same sex and could involve sexual violence
2. A clear message that students do not have to endure sexual harassment under any circumstance
3. Encouragement to report observed incidents of sexual harassment even where the alleged victim of the harassment has not complained
4. A clear message that student safety is the district's primary concern, and that any separate rule violation involving an alleged victim or any other person reporting a sexual harassment incident will be addressed separately and will not affect the manner in which the sexual harassment complaint will be received, investigated, or resolved

5. A clear message that, regardless of a complainant's noncompliance with the writing, timeline, or other formal filing requirements, every sexual harassment allegation that involves a student, whether as the complainant, respondent, or victim of the harassment, shall be investigated and prompt action shall be taken to stop any harassment, prevent recurrence, and address any continuing effect on students
6. Information about the district's procedure for investigating complaints and the person(s) to whom a report of sexual harassment should be made
7. Information about the rights of students and parents/guardians to file a civil or criminal complaint, as applicable, including the right to file a civil or criminal complaint while the district investigation of a sexual harassment complaint continues
8. A clear message that, when needed, the district will take interim measures to ensure a safe school environment for a student who is the complainant or victim of sexual harassment and/or other students during an investigation

Disciplinary Actions

Upon completion of an investigation of a sexual harassment complaint, any student found to have engaged in sexual harassment or sexual violence in violation of this policy shall be subject to disciplinary action. For students in grades 4-12, disciplinary action may include suspension and/or expulsion, provided that, in imposing such discipline, the entire circumstances of the incident(s) shall be taken into account.

Upon investigation of a sexual harassment complaint, any employee found to have engaged in sexual harassment or sexual violence toward any student shall be subject to disciplinary action, up to and including dismissal, in accordance with law and the applicable collective bargaining agreement.

Record-Keeping

The Superintendent or designee shall maintain a record of all reported cases of sexual harassment to enable the district to monitor, address, and prevent repetitive harassing behavior in district schools.

For purposes of suspension and expulsion, Education Code 48900.2 defines sexual harassment as conduct, when considered from the perspective of a reasonable person of the same gender as the victim, that is sufficiently severe or pervasive as to have a negative impact upon the victim's academic performance or to create an intimidating, hostile, or offensive educational environment for the victim; see AR 5144.1 - Suspension and Expulsion/Due Process. Conduct that meets the federal definition of sexual harassment in 34 CFR 106.30 (i.e., (1) a district employee conditioning the provision of a district aid, benefit, or service on an individual's participation in unwelcome sexual conduct; (2) unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the district's education program or activity; or (3) sexual assault, dating violence, domestic violence, or stalking as defined in 20 USC 1092 and 34 USC 12291) requires investigation and resolution through Title IX regulations; see AR 5145.71 - Title IX Sexual Harassment Complaint Procedures.

The district designates the following individual(s) as the responsible employee(s) to coordinate its efforts to comply with Title IX of the Education Amendments of 1972 in accordance with AR 5145.71 – Title IX Sexual Harassment Complaint Procedures, as well as to investigate and resolve sexual harassment complaints under AR 1312.3 - Uniform Complaint Procedures. For purposes of applying the complaint procedures specified in Title IX of the Education Amendments of 1972, sexual harassment is defined as any of the following forms of conduct that occurs in an education program or activity in which a district school exercises substantial control over the context and respondent: (34 CFR 106.30, 106.44)

1. A district employee conditioning the provision of a district aid, benefit, or service on the student's participation in unwelcome sexual conduct

3. Sexual assault, dating violence, domestic violence, or stalking as defined in 20 USC 1092 or 34 USC 12291

Reporting Complaints

A student or parent/guardian who believes that the student has been subjected to sexual harassment by another student, an employee, or a third party or who has witnessed sexual harassment is strongly encouraged to report the incident to a teacher, the principal, the district's Title IX Coordinator, or any other available school employee. Within one school day of receiving such a report, the school employee shall forward the report to the principal or the district's Title IX Coordinator. In addition, any school employee who

observes an incident of sexual harassment involving a student shall, within one school day, report his/her observation to the principal or Title IX Coordinator, regardless of whether the alleged victim files a formal complaint.

When a report or complaint of sexual harassment involves off-campus conduct, the Title IX Coordinator shall assess whether the conduct may create or contribute to the creation of a hostile school environment. If the Title IX Coordinator determines that a hostile environment may be created, the complaint shall be investigated and resolved in the same manner as if the prohibited conduct occurred at school. When a verbal or informal report of sexual harassment is submitted, the Title IX Coordinator shall inform the student or parent/guardian of the right to file a formal written complaint in accordance with the district's uniform complaint procedures.

Complaint Procedures

All complaints and allegations of sexual harassment by and against students shall be investigated and resolved in accordance with law and district procedures. The Title IX Coordinator shall review the allegations to determine the applicable procedure for responding to the complaint. All complaints that meet the definition of sexual harassment under Title IX shall be investigated and resolved in accordance with AR 5145.71 - Title IX Sexual Harassment Complaint Procedures. Other sexual harassment complaints shall be investigated and resolved pursuant to AR 1312.3 - Uniform Complaint Procedures. If sexual harassment is found following an investigation, the Title IX Coordinator, or designee in consultation with the Coordinator, shall take prompt action to stop the sexual harassment, prevent recurrence, implement remedies, and address any continuing effects.

DRESS AND GROOMING

Board Policy 5132

The Governing Board believes that appropriate dress and grooming contribute to a productive learning environment and encourages parents to promote positive, healthy, and safe clothing choices for students. The Board expects students to give proper attention to personal cleanliness and to wear clothing that is suitable for the school activities in which they participate. Students shall not wear clothing that presents a health or safety hazard, promotes drugs or other illegal activities, or expresses hate speech as defined in BP 5145.9.

Students and parents/guardians shall be informed about dress and appearance standards at the beginning of the school year and whenever these standards are revised. District and school rules pertaining to student attire shall be included in student handbooks, may be posted in school offices and classrooms, and may be periodically reviewed with all students as necessary. A student who violates these standards shall be subject to informal student-teacher conferences, alternative means of correction, or formal appropriate disciplinary action depending on the circumstances.

Students shall not be prohibited from dressing in a manner consistent with their gender identity or gender expression or with their religious or cultural observance.

In addition, the dress code shall not discriminate against students based on hair texture and protective hairstyles, including, but not limited to, braids, locks, and twists. (Education Code 212.1)

The principal or designee is authorized to enforce this policy and shall inform any student who does not reasonably conform to the dress code. Enforcement of these standards shall be done fairly, consistently, and equally to all students. The dress code shall not be enforced in a manner that discriminates against a particular viewpoint or results in a disproportionate application of the dress code based on students' gender, sexual orientation, race, ethnicity, household income, or body type or size.

School administrators, teachers, and other staff shall be trained to ensure appropriate and equitable enforcement of the dress code.

When practical, students shall not be directed to correct a dress code violation during instructional time or in front of other students.

Repeated violations or refusal to comply with the district's dress code may result in disciplinary action.

Gang-Related Apparel

The principal, staff and parents/guardians at a school may establish a dress code that prohibits students from

wearing gang-related apparel when there is evidence of a gang presence that disrupts or threatens to disrupt the school's activities if the school's dress code is approved by the governing board. The dress code policy may be included in the school's comprehensive safety plan. (Education Code 35183)

When determining specific items of clothing that may be defined as gang apparel, the school shall ensure that the determination is free from bias based on race, ethnicity, national origin, immigration status, or other protected characteristics.

Uniforms

The Board may approve a school-initiated dress code requiring students at the school to wear a school uniform whenever the Board determines that such a dress code will promote student achievement, a positive school climate, and/or student safety.

Such a dress code may be included as part of the school safety plan and must be presented to the Board for approval. The principal or designee shall notify parents/guardians about such a dress code at least six months in advance of implementation. (Education Code 35183)

If a school's plan to require uniforms is adopted, the Superintendent or designee shall establish procedures whereby parents/guardians may choose to have their children exempted from the school uniform policy. Students shall not be penalized academically, otherwise discriminated against or denied attendance to school if their parents/guardians so decide. (Education Code 35183)

The Superintendent or designee shall ensure that resources are identified to assist economically disadvantaged students in obtaining uniforms. (Education Code 35183)

AR 5132

In cooperation with teachers, students and parents/guardians, the principal or designee shall establish school rules governing student dress and grooming which are consistent with law, Governing Board policy and administrative regulations.

It is the responsibility of students and parents/guardians, with the cooperation of the school, to maintain an acceptable standard of dress. All students should be able to dress appropriately and comfortably for school without fear of unnecessary discipline or fear of displaying their body in front of others when the dress code is enforced. An individual student's clothing should not be regulated based on another student or staff member's personal perspective or discomfort but should instead be regulated to prevent a student's attire from interfering with their or any other student's health or safety, and to ensure that student attire does not contribute to a hostile or intimidating atmosphere for any student.

The following guidelines shall apply to all regular school activities for grades K- 12, and includes clothing and where applicable, jewelry and other personal items (e.g., backpacks, fanny packs, gym bags, water bottles, etc.):

1. Students must wear appropriate bottoms, tops, and shoes at all times. Students may wear pants; fitted pants, including leggings, yoga pants, and "skinny jeans"; sweatpants; ripped jeans, as long as underwear is not exposed; athletic attire; shorts; skirts; and dresses. Tops must reach the waistband of bottoms, regardless of arm position (tops that reveal midriff is a violation). When students are sitting

or standing, clothing must cover underwear, genitals, buttocks, and areolae/nipples with opaque material. Shoulders must be covered with at least a non-undergarment strap of clothing (strapless/backless tops are in violation of dress code), unless it is formal attire for a school-sponsored event. (Visible waistbands or straps on undergarments worn under other clothing are not a violation.)

2. Students cannot have clothing or personal items on campus, including brands that promote any of the following:
 - a. Violent language or images.
 - b. Images or language depicting vaping, drugs, or alcohol (or any illegal item or activity) or the use of same
 - c. Hate speech as defined in BP 5145.9 – Hate-Motivated Behavior.
 - d. Profanity
 - e. Pornography
 - f. Images and/or language that creates a hostile or intimidating environment based on any protective class. Religious messages may not be singled out for suppression but shall be subject to the same rules that apply to comparable nonreligious messages. Students with any tattoo that creates a hostile or intimidating environment based on a protective class may be required to wear clothing or other types of coverings over the tattoo to ensure an appropriate and safe learning environment for all students.
3. Students may wear sun-protective clothing, including hats, caps, beanies, durags, and other head coverings outdoors. Students shall be allowed to wear sun-protective clothing, including but not limited to hats with the school logo, for outdoor use during the school day. (Education Code 35183.5) Students without religious accommodations must remove headwear when indoors in the classroom. Helmets, hoods, headphones, or headgear that obscures the face or ears are not allowed except as required by law, including religious observance and disability accommodation, or as necessary for the educational or athletic activity.
4. Attire or accessories that could be considered dangerous or which may be used as a weapon are not allowed. This includes, but is not limited to chains, wallet chains, and items with spikes or studs.
5. Sunglasses shall not be worn in school buildings unless there is a physician's letter on file specifying the need or the need is specified in a student IEP.

Students who shall be provided, as necessary, access to alternative clothing when their dress and grooming violates the above regulations.

The dress code shall be modified as appropriate to accommodate a student's religious or cultural observance, health condition, or other circumstance deemed necessary by the principal or designee. When wearing particular attire, such as yarmulkes, head scarves, hijabs, patkas, or other clothing or jewelry associated with their religion or containing a religious message during the school day, schools generally may not prohibit the wearing of such items, unless it is likely to cause a substantial disruption of, or interference with, the orderly operation of the school. Students desiring to attend school with a kirpan should consult with school officials to ensure that the wearing of a kirpan complies with applicable laws restricting knives on school grounds while also accommodating as best as possible the student's sincerely held religious belief. If a student's religious

attire could cause a safety hazard in a particular activity, an alternative activity shall be substituted for that student.

In addition, the principal or designee may impose dress requirements to accommodate the needs of special school activities, physical education classes, athletic activities, and other extracurricular and co-curricular activities.

No grade of a student participating in a physical education class shall be adversely affected if the student does not wear standardized physical education apparel because of circumstances beyond the student's control. (Education Code 49066)

Instructional time that includes specific attire as part of the curriculum (e.g. public speaking, historical dress, drama, internships) shall not promote negative messages predicated on body maturity or shape. (Education Code 221.5.)

Gang-Related Apparel

At individual schools that have a board approved dress code prohibiting gang-related apparel at school or school activities, the principal, staff and parents/guardians participating in the development of the school safety plan shall define "gang-related apparel" and shall limit this definition to apparel that reasonably could be determined to threaten the health and safety of the school environment if it were worn or displayed on a school campus. (Education Code 35294.1)

Because gang-related symbols are constantly changing, definitions of gang-related apparel shall be reviewed periodically. As necessary, the school shall collaborate with law enforcement agencies to update definitions of gang-related apparel.

Uniforms

In schools where a school-wide uniform is required, the principal, staff and parents/guardians of the individual school shall jointly select the specific uniform to be worn. (Education Code 35183)

At least six months before a school uniform policy is implemented, the principal or designee shall notify parents/guardians of this policy. (Education Code 35183)

Parents/guardians shall also be informed of their right to have their child exempted.

The principal or designee shall also repeat this notification at the end of the school year so that parents/guardians are reminded before school clothes are likely to be purchased.

The Superintendent or designee shall establish criteria for determining student eligibility for financial assistance when purchasing uniforms.

The Superintendent or designee shall establish a method for recycling or exchanging uniforms as students grow out of them.

Students who participate in a nationally recognized youth organization shall be allowed to wear organization uniforms on days when the organization has a scheduled meeting. (Education Code 35183)

To ensure effective and equitable enforcement of this dress code, school staff shall enforce the dress code consistently using the requirements below. School administration and staff shall not have discretion to vary the requirements in ways that lead to discriminatory enforcement.

- Students will only be removed from spaces, hallways, or classrooms as a result of a dress code violation as outlined above. Students in violation of the dress code will be provided three (3) options to be dressed more to code during the school day:
 - Students will be asked to put on their own alternative clothing, if already available at school, to be dressed more to code for the remainder of the day.
 - Students will be provided with temporary school clothing to be dressed more to code for the remainder of the day.
 - If necessary, students' parents may be called during the school day to bring alternative clothing for the student to wear for the remainder of the day.
- No student should be affected by dress code enforcement because of racial identity, sex assigned at birth, gender identity or expression, sexual orientation, ethnicity, cultural or religious identity, household income, body size/type, or body maturity.
- School staff shall not enforce the school's dress code more strictly against transgender and gender nonconforming students than other students.
- Students should not be required to display their body in front of others (students, parents, or staff) in school during dress code enforcement by staff. This includes, but is not limited to, staff instructing students to:
 - Kneel or bend over to check attire fit;
 - Measure straps or skirt length;
 - Answer questions to account for their attire in the classroom or in hallways in front of others;

These dress code guidelines shall apply to regular school days and summer school days, as well as any school-related events and activities, such as graduation ceremonies, dances and prom.

Students who feel they have been subject to discriminatory enforcement of the dress code should contact the Administrator of Equity & Student Services or filling a report using the District's Student Reporting System.

VISITORS / OUTSIDERS

Board Policy 1250

The Governing Board believes that it is important for parents/guardians and community members to take an active interest in the issues affecting district schools and students. Therefore, the Board encourages interested parents/guardians and community members to visit the schools and participate in the educational program.

To ensure the safety of students and staff and minimize interruption of the instructional program, the Superintendent or designee shall establish procedures which facilitate visits during regular school days. Visits during school hours should be arranged with the principal or designee. When a visit involves a conference with a teacher or the principal, an appointment should be scheduled during noninstructional time.

Any person who is not a student or staff member shall register immediately upon entering any school building or grounds when school is in session.

The principal or designee may provide a visible means of identification for all individuals who are not students or staff members while on school premises.

No electronic listening or recording device may be used by any person in a classroom without the teacher's and principal's permission. (Education Code 51512)

The Board encourages all individuals to assist in maintaining a safe and secure school environment by behaving in an orderly manner while on school grounds and by utilizing the district's complaint processes if they have concerns with any district program or employee. In accordance with Penal Code 626.7, the principal or designee may request that any individual who is causing a disruption, including exhibiting volatile, hostile, aggressive, or offensive behavior, immediately leave school grounds.

AR 1250

The Superintendent or designee shall post at the entrance to each school and school grounds a notice setting forth visitor registration requirements, hours during which registration is required, the registration location, the route to take to that location, and the penalties for violation of registration requirements. (Penal Code 627.6)

Unless otherwise directed by the principal or designee, a staff member shall accompany all visitors while they are on school grounds.

Registration Procedure

In order to register, visitors shall, upon request, furnish the principal or designee with the following information: (Penal Code 627.3)

1. His/her name, address and occupation
2. His/her age, if less than 21
3. His/her purpose for entering school grounds
4. Proof of identity
5. Other information consistent with the provisions of law

- a. An outside agency requesting observation of a special education student is required to have or maintain a release of information signed by the parent/guardian with educational rights on file in the school office prior to observation.

Visitors referred to in this section include parents/guardians, elected public officials, or students from other campuses.

Outsiders referred to in this section are persons other than students, parents/guardians, district employees, elected public officials, or persons on school grounds at the request of the school. (Penal Code 627.1)

Denial of Registration

1. The principal or designee may refuse to register any outsider if he/she reasonably concludes that the outsider's presence or acts would disrupt the school, students, or employees; would result in damage to property; or would result in the distribution or use of a controlled substance. The principal or designee or school security officer may revoke an outsider's registration if he/she has a reasonable basis for concluding that the outsider's presence on school grounds would interfere or is interfering with the peaceful conduct of school activities or would disrupt or is disrupting the school, students or staff. (Penal Code 627.4)
2. The principal or designee may request that an outsider who has failed to register, or whose registration privileges have been denied or revoked, promptly leave school grounds. When an outsider is directed to leave, the principal or designee shall inform the outsider that if he/she reenters the school within seven days he/she will be guilty of a misdemeanor subject to a fine and/or imprisonment. (Penal Code 627.7)

Appeal Procedure

This request must state why he/she believes the denial or revocation was improper and must provide an address to which the hearing notice may be sent. Upon receipt of the request for a hearing, the Superintendent or principal shall promptly mail a notice of the hearing to the person requesting it. A hearing before the Superintendent or principal shall be held within seven days after receipt of the request. (Penal Code 627.5)
