¹ Each educational agency, including a school district, is required to publish a “Bill of Rights for Data Security and Privacy” on its website. See, Education Law Section 2-d(3)(a) and Part 121.3(a). The Bill of Rights [that is posted on a district’s website] must also include “supplemental information” for each contract that the school district enters into with a third-party contractor where the third-party contractor receives student data or teacher or principal data [protected by Education Law Section 2-d]. See, Education Law Section 2-d(3)(c) and Part 121.3(c).

Nothing in Education Law Section 2-d or Part 121 requires an educational agency to post its third-party contracts on its website *in their entirety*. In addition, nothing in Education Law Section 2-d or Part 121 requires an educational agency to include the “supplemental information” about each contract, within the contract itself.

However, many school districts and other educational agencies have considered it a best practice to include most or all of the required elements of “supplemental information” within each applicable contract, and have complied with the obligation to include the “supplemental information” for each applicable contract with their Bill of Rights, by posting *the text from this page of this Exhibit* from each applicable contract (or a link to this text) on their website in proximity to their Bill of Rights.
