2023-2024 School Accountability Report Card
(Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/.
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/.

2024-25 School Description and Mission Statement

Arroyo Elementary School's Vision: All Arroyo students will learn in a safe, supportive, challenging environment that fosters resiliency, kindness, and curiosity. Empowering our students with these foundational life skills will serve to cultivate invested, successful, responsible, and considerate global citizens.

Arroyo prides itself in delivering a 21st century instructional program that is differentiated to meet the needs of its diverse learners. In addition to providing students with a standards-based curriculum, Arroyo teachers feel strongly that a balanced program is essential to meeting the needs of the whole child. As such, Arroyo provides students with opportunities to

participate in activities that promote STEM (Science, Technology, Engineering, and Mathematics), the arts, physical well-being, and projects that promote community service. In support of student wellness, we have access to a school counselor and mental health specialist, as well as two positive behavior support staff members who provide social emotional learning support and opportunities to our students and support families as needed.

Student growth and progress is monitored through a variety of means such as Running Records, teacher created common assessments, classroom observation and anecdotal records, district assessments as well as the results from the Interim Assessments. Progress is monitored regularly, with formal assessments being given at least once per trimester. Moreover, teachers engage in weekly focused grade level collaboration where they discuss student progress and outcomes as well as best practices in support of student success.

Arroyo is proud to have a very active PTA that funds a variety of school wide programs to support students. We have a reading intervention program whereby classified staff provide reading support to small groups of students utilizing the Orton-Gillingham structured literacy approach. Our certificated PE teacher provides standards based physical education instruction once a week to all students, giving teacher release time for grade level collaboration. Finally, we have enrichment programs available in the areas of outdoor science and the arts, as well as a 21st century Mustang Maker Space where students engage in coding, engineering, design, and hands-on learning experiences.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Tustin Unified School District sets a high priority on ensuring that high-quality, standards-based textbooks and materials are available for every student to support instructional programs in the schools. Prior to adoption, the Tustin Unified School District conducts a thorough review of its curriculum to ensure that it is aligned with the California Standards for the Common Core.

District K-8 textbooks in the subjects of English language arts, mathematics, history/social science, health, foreign language, visual and performing arts, and science have been adopted from those approved by the State Board of Education. The Tustin Unified School District Board of Education has adopted district textbooks in the subjects listed below. K-12 textbooks for mathematics, history/social science, science, English language arts (including reading), and foreign language are aligned with state-adopted content standards and state or national frameworks. All TUSD students, including all English learners, have textbooks* and instructional materials, including science laboratory equipment at the 9-12 level, that are current and in good condition in accordance with Education Code requirements. All textbooks* and instructional materials are provided in sufficient quantities for each student for use in class and to access from home.

On September 23, 2024, the Tustin Unified School District Board of Education verified by resolution that each student at this school has a textbook and/or instructional materials for each core subject area that are aligned to the content and cycles of the curriculum framework adopted by the State of California.

*textbooks may be digital or hard copy depending on the textbook and adoption cycle

School Facility Conditions and Planned Improvements

The Tustin Unified School District takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the District uses a facility survey instrument developed by the State of California Office of Public School Construction (OPSC). The results of this survey are available at the school office, the District office, or on the Internet at https://tinyurl.com/TUSD-Facility-Inspection-Tool. The District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Arroyo Elementary is a school that was built in 1965 and located in a suburban area of North Tustin/Santa Ana, characterized by residential neighborhoods and nearby parks. During the summer of 2016, Arroyo received a major construction upgrade, demolishing the old portables that had been there since 1972, with nine brand new portables. During the 2019-2020 school year, a solar panel was installed on the field next to a play structure. The paneling serves as a shade structure for students during recess time. In Summer 2023, the parking lots and playground spaces received new asphalt and/or slurry as needed. In 2024, a 10-foot fence was installed around the perimeter of the school to increase safety measures.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments
(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

Tustin Unified School District values our parents and community. We believe that parental engagement is integral to student success and one of our goals is to continuously increase parental involvement in our schools. In TUSD, parents receive regular emails from a Parent Square listserv that provides information on district and school-wide updates and events, available resources, training, opportunities, etc.

In addition to district-wide efforts, our school believes that parent involvement drives the daily learning for all students. Parents and credentialed teachers work together to review the core program, academic support, and supplemental learning opportunities available to students. Annually, parents have the opportunity to meet with their child's teacher or counselor (HS) and work together in the development of the student's educational plan and goal setting at the beginning of each school year. Additionally, parents always have the opportunity to communicate with the administrative team, teachers, counselors, and other school support staff when the need arises.

All parents have the opportunity to be on our School Site Council or to attend the meetings. School Site Council members are elected for a two-year term and meet a minimum of four times per year. The function of the School Site Council is two-fold: to provide feedback and advice to the School Plan for Student Achievement, as well as suggestions and ideas for improving the school's educational programs; and to uphold the mission of the school and contribute to the success of the school. Parents of EL students have access to our TUSD Office of Language Acquisition, site-based ELAC, and district DELAC committees to learn about the EL Program and the comprehensive support available to EL families. Parents of ELs are able to provide input into decisions related to English language acquisition at the ELAC and DELAC meetings.

For Special Education students, there is ongoing parental collaboration and support provided to the parent to ensure that their student's needs are met as part of the Individualized Education Program. Parents have access to special education support providers as well as special education department administration.

Parents at Arroyo Elementary School participate in activities such as Outdoor Science Learning Programs; MakerSpace Engineering, Design, and Coding; Meet the Masters; PE; Library; Parent Conferences; and School Learning Celebrations, to name a few.

2024-25 Opportunities for Parental Involvement

Parents stay connected with Arroyo's activities through the communication efforts of the principal, teachers, school counselor, mental health specialist, and PTA. As such, parents participate in book fairs, spirit weeks, family nights, cultural events, community fundraisers, and activities such as Dino Dash and Red Ribbon Week. The principal sends out a weekly newsletter to highlight safety and school news, in addition to the PTA newsletter that is shared out weekly. Additionally, parent volunteers support our PBIS program by working in the General Store each week. Parent involvement opportunities are shared with the community via digital newsletters, in addition to the school's social media and principal's newsletter.

Arroyo is proud to have a very active PTA that funds a variety of school-wide programs to support students and numerous opportunities for volunteer and school involvement. For more information on how to become involved at the school, please contact Agnes Vasquez (school principal) or Arlene Lopez (school secretary) at (714) 730-7381.

2024-25 School Safety Plan

Date Last Reviewed by School Site Council (SSC): 11/14/2024
Date Updated and Approved by SSC: 11/14/2024
Date Discussed by Staff: 12/2/2024

Our School Safety Plan includes the following elements: Child abuse reporting procedures, disaster procedures (routine and emergency); suspension, expulsion, or mandatory expulsion recommendations; procedures to notify teachers of dangerous pupils; discrimination/harassment policy; provisions of any school-wide dress code; procedures for safe ingress and egress; safe and orderly environment; rules and procedures on school discipline and dress code; hate crime reporting; school safety goals and objectives. We run monthly drills and work closely with our Student Services department to ensure that we have updated procedures and practices in place to ensure school-wide safety.

At Arroyo, we also have a School Site Council that annually updates the School Safety Plan and runs annual school safety drills for all students and staff. The committee is made up of administrators, certificated and classified staff, and parents.

During the 2023-24 school year, all TUSD schools participated in Stop the Bleed training, which prepares schools to help in a bleeding emergency before professional help arrives. For the 2024-2025 school year, we will conduct a review of Stop the Bleed training, as well as annual health and safety trainings. Additionally, we will continue practicing emergency procedures for fire, earthquake, lockdown, and shelter-in-place scenarios to ensure safety teams are familiar with their assigned responsibilities, as well as the use and location of emergency supplies and tools.

Fiscal Year 2023-24 Types of Services Funded

In addition to base per pupil funding, our school receives supplemental one time and ongoing funds to support all students and student groups in academic achievement. The Tustin Public Schools Foundation and site PTO/PTA also supports the school with donations and financial contributions throughout the year to support school-wide programs and events for students.

The School Plan for Student Achievement (SPSA) identifies student needs and addresses specifically how these categorical funds will support student learning and achievement through a Multi-Tiered System of Support. The allocated funds are used to provide tiered and targeted supports or interventions for unduplicated students in the areas of academics, behavior and social-emotional learning, absenteeism, professional development, instructional materials, additional personnel to support all students in accessing academic standards, and technology resources.

Students are administered local assessments three times per year, and more often if at-risk, and being monitored for progress. Within the MTSS model, students scoring below their current grade level on any standard are eligible for intervention and targeted academic support. Our intervention students are provided class-based or small-group intervention sessions which target their specific performance level, focusing on ELA or Math standards. In addition, using LCAP and categorical instructional funds, our students and their teachers have a variety of supplemental print and online intervention curriculum options to choose from.

Some of these district and school-wide programs include Lexia, Freckle, Lexia English, ST Math, Literably, and Renaissance Learning.

Please refer to our district LCAP or School Plan for Student Achievement for a more detailed list of goals and actions that the school currently funds.

Professional Development

Tustin Unified School District provides dedicated time for professional development for all staff. The comprehensive training takes place before the school year starts, providing teachers with current best practices and opportunities for collaboration around instruction/curriculum for the upcoming year with site and district colleagues. An all-district professional development day is also provided on a non-student day in the fall, focusing on any current instructional or organizational professional learning needs at the time.

Schools also provide professional development opportunities based on school-wide student needs driven by an analysis of student data and funded by site categorical or supplemental allocations. Staff development opportunities can take place before, during, or after school and by release time throughout the school year. All new teachers engage in the Induction Program through OCDE, which provides new teachers with ongoing support through the first two years of teaching.

As a school, we focus on providing ongoing professional development opportunities that are aligned with our students' needs after gathering multiple sources of data (district assessments, state assessments, classroom assessments, behavior data, etc.). At Arroyo Elementary School teachers participate in ongoing Orton-Gillingham Structured Literacy training, 5-Part Structure and CGI Math Training, Safety training, Professional learning data disaggregation training, PBIS and SEL training, to name a few. Teachers are released once a week during the school day for professional learning collaboration with an emphasis on best practices, common assessments, data analysis, and student learning goals in math. All teachers participate in school decision-making by meeting weekly to evaluate curriculum, plan lesson delivery based on assessment data, share research, reflect on classroom practices, and confer about specific student challenges. Teachers and staff take advantage of two to three hours of the designated time for school site planning, curriculum and grade level planning, staff meetings, and site and district staff development. Our school leadership and PBIS teams meet monthly to discuss implementation of our school mission and vision, using data to best support our students.

Paraeducators and classified staff are given opportunities to participate in training as well, including safety and supervision training, CPI training, and behavior and social emotional learning training to name a few. These opportunities are optional but provide employees with additional training and support that they may need to further develop their professional goals.
