B. PUBLIC FORUM

Listed below are the procedures for addressing the School Board on a topic of interest or concern.

1. Speakers must reside in the District, be a guardian of a student(s) in the District, be a student in the District, or be employed by the District. The School Board will give priority to individuals who wish to address a specific item that is on the agenda for that meeting. After this priority has been applied, any remaining openings to speak - up to the total of ten individuals - will be determined by lot.
2. Public Forum will be open for up to 30 minutes (3 minutes per speaker, 10 minutes per topic, no more than 3 speakers per topic). Speakers are encouraged to avoid repeating comments that other speakers have made.
3. Those who wish to address the School Board must submit a written request to speak before 3:00 pm on the day of the School Board meeting. Requests must be submitted to the following email address: publiccomment@isd624.org, or by phone at 651-407-7563.
4. The School Board Chair will call speakers to the microphone and will recognize one speaker at a time. Speakers must be in person to be recognized. Only those individuals who have been recognized by the School Board Chair will be allowed to speak during the public comment period.
5. School District policy and data privacy laws preclude the School Board from publicly discussing personnel and student matters or data, including information, which, if discussed in a public meeting could violate law or policy.
6. Members of the public may not engage in conduct that materially and substantially disrupts any part of a School Board meeting, or that otherwise impedes the School Board's ability to conduct its business in an orderly and efficient fashion.
7. If a speaker violates any of the established procedures or engages in any prohibited conduct, the Board Chair will rule the speaker out of order.
8. An appropriate school district official may be assigned to contact the speaker with answers to their questions or with follow-up information.
9. A handout on the purpose of the Public Forum and the process is available at each regular School Board meeting.
10. Citizens may be asked to address the School Board on a particular subject during the discussion of that item.

School District #624 Policy 505

505 DISTRIBUTION OF NON-SCHOOL-SPONSORED MATERIALS ON SCHOOL PREMISES BY STUDENTS AND EMPLOYEES

I. PURPOSE

The purpose of this policy is to protect the exercise of students' and employees' free speech rights, taking into consideration the educational objectives and responsibilities of the school district.

II. GENERAL STATEMENT OF POLICY

- A. Independent School District 624 recognizes that students and employees have the right, protected by the First Amendment of the Constitution of the United States, to exercise freedom of expression on school property. Inclusive in this protection is the right to distribute, at a reasonable time and place and in a reasonable manner, non-school-sponsored written materials, petitions, buttons, badges, or similar items.
- B. To protect First Amendment rights, while at the same time preserving the integrity of the educational objectives and responsibilities of the district, the School Board adopts the following regulations and procedures regarding distribution of non-school-sponsored material on school property and at school activities.

III. DEFINITIONS

- A. "Approval" by the school district is not the same as, nor does it imply authorization by the school district.
- B. "Community", unless expressly stated otherwise, means the city, town, village, or township in which the district is located. Unless otherwise stated, community does not mean only that group of people associated with the schools in the district.
- C. "Distribute" or "Distribution" means circulation or dissemination of material by any means, including but not limited to, electronically, handing out free materials, selling or offering materials for sale, accepting donations for materials, posting or displaying material, or placing material in internal staff or student mailboxes.

- D. "Distribution time" is the time a person wishes to begin distributing non-school-sponsored material.
- E. "Libelous" is a false and unprivileged statement about a specific individual that tends to harm the individual's reputation or to lower that individual in the self-esteem of the community.
- F. "Material and substantial disruption" of a normal school activity means:
1. Where the normal school activity is an educational program of the district for which student attendance is compulsory, "material and substantial disruption" is defined as any disruption which interferes with or impedes the implementation of that program.
 2. Where the normal school activity is voluntary in nature (including, without limitation, school athletic events, school plays and concerts, and lunch periods), "material and substantial disruption" is defined as student rioting, unlawful seizures of property, conduct inappropriate to the event, participation in a school boycott, demonstration, sit-in, stand-in, walk-out, or other related forms of activity.
- In order for expression to be considered disruptive, there must exist specific facts upon which the likelihood of disruption can be forecast, including past experience in the school, current events influencing student activities and behavior, and instances of actual or threatened disruption relating to the written material in question.
- G. "Minor" means any person under the age of eighteen (18).
- H. "Non-school-sponsored material" or "unofficial material" includes all materials or objects intended for distribution, except school newspapers, employee newsletters, literary magazines, yearbooks, and other publications funded and/or sponsored or authorized by the school. Examples of non-school-sponsored materials include, but are not limited to, leaflets, brochures, badges, flyers, petitions, posters, and non-school newspapers, whether written by students, or employees, or others, and tangible objects.
- I. "Obscene to minors" means:
1. The average person, applying contemporary community standards, would find that the material, taken as a whole, appeals to the prurient interest of minors of the age to whom distribution is requested;

2. The material depicts or describes, in a manner patently offensive to prevailing standards in the adult community concerning how such conduct should be presented to minors of the age to whom distribution is requested, sexual conduct such as intimate sexual acts, masturbation, excretory functions, and exhibition of the genitals; and
 3. The material, taken as a whole, lacks serious literary, artistic, political, or scientific value for minors.
- J. "Posting" means placing material in a conspicuous place for public review. Examples of conspicuous places for public review include, but are not limited to, bulletin boards, lounges, walls, posts, and windows that are frequently viewed by the general school population.
- K. "School activities" means any activity of students which is sponsored by the school and includes, but is not limited to, classroom work, library activities, physical education classes, official assemblies and other similar gatherings, school athletic contests, band concerts, school plays and other theatrical productions, and in-school lunch periods.
- L. "School property" includes all real property and buildings owned by the school district as well as school buses. It is not limited to any particular school building or to any particular school campus.

IV. GUIDELINES

- A. No person, employee, or student may distribute, post, or otherwise display any non-school-sponsored written material without first obtaining the approval of the building principal.
- B. Requests for distribution of non-school-sponsored material will be reviewed by the administration on a case-by-case basis. However, distribution of the materials listed below is always prohibited. Material is prohibited that:
1. is obscene to minors;
 2. is libelous or slanderous;
 3. is pervasively indecent or vulgar; or contains any indecent or vulgar language or representations, with a determination made as to the appropriateness of the material for the age level of students to which it is intended;
 4. advertises any product or service not permitted to minors by law;
 5. advocates violence or other illegal conduct;

6. constitutes insulting or threatening words, the very expression of which injures or harasses other people (e.g., threats of violence, defamation of character, or of a person's race, religion, ethnic origin, gender, or sexual orientation);
 7. presents a clear and present likelihood that, either because of its content or the manner of distribution, it will cause:
 - a. a material and substantial disruption of the proper and orderly operation and discipline of the school or school activities;
 - b. the commission of unlawful acts; or
 - c. the violation of lawful school regulations.
- C. Distribution by students and employees of non-school-sponsored materials on school district property are subject to reasonable time, place, and manner restrictions set forth below. In making decisions regarding the time, place, and manner of distribution, the administration will consider factors including, but not limited to, the following:
1. whether the material is educationally related;
 2. the extent to which distribution is likely to cause disruption of or interference with the school district's educational objectives, discipline, or school activities;
 3. whether the materials can be distributed from the office or other isolated location so as to minimize disruption of traffic flow in hallways;
 4. the quantity or size of materials to be distributed;
 5. whether distribution would require assignment of school district staff, use of school district equipment, or other resources;
 6. whether distribution would require that non-school persons be present on the school grounds;
 7. whether the materials are a solicitation for goods or services not requested by the recipients.

V. TIME, PLACE AND MANNER OF DISTRIBUTION

- A. No non-school-sponsored material shall be distributed during and at the place of a normal school activity if it is reasonably likely to cause a material and substantial disruption of that activity.
- B. Distribution of non-school sponsored material is prohibited when it blocks the safe flow of traffic within corridors and entrance-ways of the school, and school parking lots. Distribution shall not impede entrance to or exit from school premises in any way.
- C. No one shall coerce a student or staff member to accept any publication.
- D. The time, place, and manner of distribution will be solely within the discretion of the administration, consistent with the provisions of this policy.

VI. PROCEDURES

- A. Any student or employee wishing to distribute (as defined in this policy) non-school-sponsored material must first submit for approval a copy of the material to the principal at least 48 hours in advance of desired distribution time, together with the following information:
 - 1. Name and phone number of the person submitting the request, and, if a student, the room number of his or her first-period class.
 - 2. Date(s) and time(s) of day intended for distribution.
 - 3. Location where material will be distributed.
 - 4. If intended for students, the grade(s) of students to whom the distribution is intended.
- B. Within one school day, the building administrator will review the request and render a decision. In the event that permission to distribute the material is denied or limited, the administrator may use any reasonable method to inform the person of the denial or limitation; however, the administrator must, upon request of the person submitting the request, provide a written denial of or limitation on the request including the reason(s) for denial or limitations.
- C. If the person submitting the request does not receive a response within one school day, the person may contact the office to verify that the lack of response was not due to an inability to locate the person.
- D. If the person is dissatisfied with the decision of the administrator, the person may submit a written request for appeal to the Superintendent. If the person does not receive a response within three (3) school days (not

counting Saturday, Sunday, and holidays) of submitting the appeal, the person may contact the office of the Superintendent to verify that the lack of response is not due to an inability to locate the person.

- E. Permission or denial of permission to distribute material does not imply approval or disapproval of its contents by either the school, the administration of the school, the School Board, or the individual reviewing the material submitted.

VII. DISCIPLINARY ACTION

- A. Distribution by any student of non-school-sponsored material prohibited herein or in violation of the provisions of time, place, and manner of distribution as described above will be halted, and appropriate disciplinary action will be taken in accordance with the school district's Student Discipline Policy.
- B. Distribution by any employee of non-school-sponsored material prohibited herein or in violation of the provisions of time, place, and manner of distribution as described above will be halted, and appropriate disciplinary action will be taken in accordance with any individual contract, collective bargaining agreement, school district policies and procedures, and/or governing statute.
- C. Any other party violating this policy will be requested to leave school property immediately, and, if necessary, the police will be called.

VIII. PERMISSION TO DISTRIBUTE MATERIAL DOES NOT CONSTITUTE APPROVAL OF CONTENT

White Bear Lake Area
School District #624 Policy 599

599 ACADEMIC RECOGNITION

I. PURPOSE

The purpose of this policy is to establish a criterion-based academic honor system which recognizes high academic achievement.

II. GENERAL STATEMENT OF POLICY

Students at White Bear Lake Area High School are encouraged to strive for excellence. It is the responsibility of all school employees to challenge and support all students in the pursuit of their highest levels of academic and personal achievement. Accordingly, White Bear Lake Area High School will provide a positive and stimulating learning environment which inspires students to reach their fullest potential. The curriculum offerings provide the necessary rigor to allow students to excel and meet the highest academic standards.

The White Bear Lake Area High School diploma represents the pursuit of academic excellence. A student's transcript reflects their personal achievement and rigorous course selection. The District has established an academic honors system to commend and recognize students for their academic excellence and success. In order to realize these goals, the system must: reflect high academic achievement; be honest, transparent, and fair; be criterion-referenced; and reflect high expectations for all students across all courses and programs.

III. DEFINITIONS

- A. "Criterion-Referenced" is a standard on which a judgment or decision may be based.
- B. "Cumulative Grade Point Average" is a calculation of the average of all of a student's grades for all semesters/**trimesters** and courses completed to a given academic term.
- C. "Eligible Student" means any White Bear Lake student, including a transfer student, who has completed all courses and has met state and local graduation requirements. When a student has a unique circumstance, an administrative team will review the student's transcript to determine whether the student has demonstrated academic excellence and success consistent with the spirit of this policy.

- D. “Grade Point Average (GPA)” is the student’s numerical average for all courses taken. It is computed by adding the total number of the letter grade point values and dividing it by the number of credits completed.
- E. “Grade Weighting” is the assignment of a greater numerical value to the letter grade’s numeric point value to reward a student completing any of the following courses:
 - Advanced Placement (AP) and taking the national assessment;
 - College in the Schools (CIS);
 - Project Lead the Way (PLTW) courses that qualify for college credit and taking the required assessment for college credit; and
 - Post Secondary Enrollment Options (PSEO) courses.
- F. “Term” is a period of time equaling one grading period (semester or trimester) at the end of which grades are recorded on a student’s transcript.
- G. “Term Grade Point Average” is the student’s numerical average for a given grading period (semester or trimester). It is computed by adding the total number of the letter grade point values and dividing it by the number of credits for a given semester/trimester.

IV. HIGH ACADEMIC HONORS RECOGNITION

- A. Effective with the Class of 2013, the *Laude* Latin model will be used to recognize academic excellence for recognition at commencement. Eligible students will work to compete against the criterion for academic honors, rather than each other.
- B. An eligible student’s final cumulative, weighted GPA at the end of the senior year will be used to determine the level of honor on a high school transcript, and for academic recognition at commencement.
- C. The three levels of honors to be awarded to eligible students who have acquired academic excellence are:
 - 1. Summa Cum Laude: With Highest Distinction
Cumulative weighted GPA of 4.1 or above
 - 2. Magna Cum Laude: With Great Distinction
Cumulative weighted GPA of 4.0 - 4.09
 - 3. Cum Laude: With Distinction
Cumulative weighted GPA of 3.8 - 3.99
- D. The weighted cumulative GPA will be used to calculate all academic honors. In the event that a miscalculation occurs, honors may be

awarded after the fact; however, honors mistakenly awarded will not be retracted.

E. Honor Rolls

1. Each semester or trimester, the Honor Roll will be calculated based on the weighted term GPA.
2. Students with a term GPA of 3.67 and above will be listed on the A Honor Roll.
3. Students with a term GPA of 3.00 to 3.66 will be listed on the B Honor Roll.

F. Academic Lettering

Earning an Academic Letter is another way that White Bear Lake Area High School students can be recognized for their achievements. An eligible student must earn an overall 3.67 GPA during each of the specified grading periods (terms):

1. Seniors: Final semester or trimester of junior year and first semester or trimester of senior year.
2. Juniors: Final semester or trimester of sophomore year and first semester or trimester of junior year.
3. Sophomores: Final semester or trimester of freshman year and first semester or trimester of sophomore year.
4. Freshmen: First semester or trimester of freshman year.

V. POST HIGH SCHOOL REPORTING

Official student transcripts will include the cumulative weighted and unweighted cumulative GPA and class rank. The transcript will also denote any cum laude honors.

VI. TREATMENT OF TRANSFER STUDENTS

Students transferring to White Bear Lake Area High School will be eligible for recognition upon a review of their transcript, application of grade weighting, and verification of course rigor when applicable.

VII. IMPLEMENTATION

The Superintendent or designee is directed and authorized to develop and approve specific procedures for the implementation of this policy.

610 STUDENT FIELD TRIPS, FEES AND FINES

I. PURPOSE

The purpose of this policy is to provide guidelines for student trips, fees, and fines and to identify the general process to be followed for review and approval of trip requests.

II. GENERAL STATEMENT OF POLICY

The general expectation of the School Board is that the district will provide free public school education, and that no student will be denied an education because of economic inability to secure books and supplies and to access opportunities outside of the classroom necessary to complete education requirements. (~~Policy reference—Minnesota Statutes, sections—Stat. §§123B.35, 123B.36 and 123B.37).~~

The general expectation of the School Board is that all student trips will be well planned, conducted in an orderly manner and safe environment, and will relate directly to the objectives of the class or activity for which the trip is requested. Student trips will be categorized within three general areas, which are defined below as instructional trips, supplementary trips, and extended trips.

A. Instructional Trips

Trips that take place during the school day and relate directly to a course of study shall fall into this category. These trips shall be subject to review and approval of the building principal, and shall be financed by school district funds within the constraints of the school building budget. Fees may not be assessed against students to defray direct costs of instructional trips. (Minnesota Statutes, section—Stat. §123B.37). The school district may accept voluntary donations to defray the costs of field trips that are not required as part of a basic education or course. (Minnesota Statutes, sections—Stat. §§ 123B.35 and 123B.02, Subd. 6).

B. Supplementary Trips

This category pertains to those trips in which students voluntarily participate and which usually take place outside the regular school day. Examples of trips in this category involve student activities, clubs, and other opportunities. These trips are subject to review and approval of the activities director and/or the building principal. Financial contributions by students may be requested. (Minnesota Statutes, section ~~Stat. §~~ 123B.36, ~~Authorized Fees~~)

C. Extended Trips

1. Trips that involve one or more overnight stops fall into this category. Extended trips may be instructional or supplementary, and must be requested well in advance of the planned activity. Prior to an extended trip, the request form must be completed and approved at each level: principal, athletic-activity director, superintendent or designee, and School Board. Exceptions to the approval policy may be granted or expedited by the superintendent or designee to accommodate emergencies or contingencies (e.g., tournament competition).
2. The School Board acknowledges and supports the efforts of booster clubs and similar organizations in providing extended trip opportunities for students.

III. REGULATIONS

- A. Rules of conduct and discipline for students and employees shall apply to all student trip activities.
- B. The school administration shall be responsible for providing more detailed procedures about the trips, including the nature and extent of parental involvement, supervision, and such other factors deemed important and in the best interest of students.
- C. Transportation shall be furnished through a commercial carrier or school-owned vehicle.
- D. An employee may use a personal vehicle to transport staff or personal property for purposes of a field trip upon prior written approval from administration.
- E. An employee must not use a personal vehicle to transport one or more students for purposes of a field trip.
 1. If immediate transportation of a student is required due to an emergency or unforeseen circumstance, such as the illness or injury of a child, and the transportation does not constitute

regular or scheduled transportation, a personal vehicle may be used. To the extent a personal vehicle is used, the vehicle must be properly registered and insured.

2. An employee must obtain preapproval by administration of student transportation by a personal vehicle, pursuant to Section II.E.1, if practicable. If preapproved by administration of use of a personal vehicle cannot be obtained in a reasonable time given the circumstances, an employee shall report the relevant facts and circumstances justifying the need for use of a personal vehicle to administration as soon as practicable. The relevant facts and circumstances for use of a personal vehicle shall be documented by administration.

IV. FEES AND FINES

A. Fees

1. Students may be charged fees in areas considered to be co-curricular, non-curricular, or supplementary to the education requirements for graduation.
2. District approved fees, as authorized by the School Board after public hearing, may be charged to help fund activities that are not required for graduation, as permitted by state law.
3. The School Board will hold a public hearing within the district upon three weeks' published notice prior to the initiation of any new fee not specifically authorized or prohibited under Minnesota Statutes, section ~~Stat. §~~ 123B.36 or Minnesota Statutes, section ~~Stat. §~~ 123B.37. ~~(per Minnesota Statutes, section Stat. §~~ 123B.38).
4. Schools may reduce or waive student fees for students/families unable to pay such fees. Criteria to be considered might include qualifying for educational benefits ~~free/reduced-price meal status~~ or family financial hardship information.
5. "Student fees" may include, but are not limited to, fees for co-curricular activities, behind-the-wheel driver education, band instrument rental, student parking, and early entrance testing.
6. Schools shall be allowed to require payment of fees by students as permitted under state law, including, but not limited to: supplemental publications or materials that are optional for students to use: field trips considered supplemental to the

educational program; additional or more costly materials used for a project when the resultant product is in excess of minimum requirements and, at the student's option, becomes the personal property of the student.

B. Fines

1. The district shall charge students for damage to school property, including charges reported by the Transportation Department for damage done to school buses.
2. Schools shall charge students for lost and damaged books, materials, supplies, and equipment owned by the district.
3. Schools may fine students for parking violations on school property.

V. SCHOOL BOARD REVIEW

The Superintendent or designee shall report at least annually to the School Board upon the utilization of trips under this policy.
