

School Community Council Minutes

Tuesday, January 4, 2022

Media Center

4:00 p.m.

In attendance: Jullie Payne, Marisa Herd, Suzette Todd, Caroline McCann, Jonathan Burnett, McKay Wilson, Katie Weber

Absent: Charity Moore

- I. Welcome: Meeting was called to order by Caroline McCann, and seconded by Suzette Todd.
- II. Approval of [past meeting minutes](#) McKay Wilson approved the meeting minutes, and Jullie Payne seconded the motion.
- III. Review of Old Business
 - A. Update on School LAND Trust & TSSA Budgets
 1. Funds have gone to paraeducators. TSSA budget is going more towards paraeducators, and we are waiting for response on what we can do with the rest. We are hoping to use that money for chromebooks. We would purchase the chromebooks through a specific vendor that the district has a contract with.
 - B. Student Safety <https://www.helpcounter.net/>
 1. A team of parents wanted to be a part of a school safety meeting. Caroline watched a video from the state, and suggested we all watch it. The video mentioned that we could make a sub-committee with parents on it if they would want to be a part of it. Conversations could happen at a sub-committee, and then be presented at the council so we can keep our meetings within an hour. Reviewed the ideas that parents brought to the meeting last month. Jullie gave an update from the safety meeting that took place yesterday, and from a meeting that she had with a community member and members from the district to go over ideas. The district suggested a camera could be helpful. We are only allowed one fundraiser a year, which we have already held (Cache Valley Direct), but community members could provide donations.

IV. New Business

A. Follow Up on Student Safety

a. Changes to Procedures

- i. An update was provided that everyone is checking in, and that parents who are dropping stuff off shouldn't go past the office. Their child will be brought to them, or they can drop things off. For assemblies, parents should check in, and just exit through the doors in the gym. We want to maintain a friendly and collaborative culture where people do feel welcome here, but we are still a safe environment. We can't use Trustland and TSSA grants for cameras. A safety sub-committee would be a good idea- and is something we want to move forward with. Notification of safety procedures are being put in the school newsletters.

b. Changes to Structure

i. Security System Update

1. Jullie showed a proposal for cameras. This specific proposal would cost \$52,000. Jullie showed another proposal with only 6 cameras that was still \$20,000. A different company is coming on Monday to give us another quote. Fencing was also talked about at the meeting with the district- and the district mentioned they don't do fully fenced schools. Katie Weber asked if we are planning for the worse case scenario, or for the everyday scenario. Jonathan Burnett mentioned that cameras might be a good starting point. We need to make sure that we are trying to make improvements.

B. Any other items

- a. We will talk about a safety sub-committee at the next safety parent meeting.

V. Adjournment: The meeting was adjourned by a motion from Caroline McCann and seconded by Jonathan Burnett.

Next Meeting: February 1, 2022 at 4:00 pm

North Park Trustland Spent as of Dec 31, 2021	
Salaries- Paraeducators	\$17,852.61
