

School Community Council Minutes

Tuesday, February 1, 2022

Media Center

4:00 p.m.

In attendance: Jullie Payne, Marisa Herd, Jonathan Burnett, McKay Wilson, Katie Weber, Charity Moore, Mckay Wilson

Absent: Suzette Todd, Caroline McCann

- I. Welcome: Katie called the meeting to order. It was seconded by Jonathon.
- II. Approval of [past meeting minutes](#) by Charity and seconded by Jullie.
- III. Review of Old Business
 - A. Update on School LAND Trust & TSSA Budgets
 1. We have spent some money on paraeducators. Jullie would like to hire more paraeducators, but there are not enough people applying for our job openings when they are posted.
 2. Yesterday we were given the go ahead to get our chromebooks for the 2nd grade.
 3. We purchased the licensing fees for each chromebook.
- IV. New Business
 - A. Acadience Reading Middle of Year (MOY) Scores- Kelli Babbitt
 - a. Some of the grades had a decrease in proficiencies. Jullie and Kelli had a meeting to discuss where the deficiencies are located and we'll continue to study the data. First grade will be looked into to see why there is such a decrease.
 - b. The proficiency goal from the beginning to the middle of the year changes.
 - c. The results are sorted by color (RED=well below, YELLOW=below benchmark, GREEN=on benchmark, BLUE=above benchmark)
 - B. Follow Up on Student Safety
 - a. Sub Committee: A group of parents want to meet together to help with planning how to keep the school safer. The parent safety committee has been meeting once a month. The school also has a group of teachers that meet monthly to discuss safety as well.
 - b. Check in Procedures
 - i. Quick check in lanyards are available
 - ii. We also have stickers available for parents to wear if they plan to be here for a longer period of time.

- iii. With the shortened schedule, we will need to educate parents about making sure that if they come pick up their students early from the after school REACH program, they still check into the office.
- c. Security System Update: Lynn's Audio and Visual has come to the school to give an estimate of what they would charge to install the security system that we need for the school. We will evaluate our options once we receive their estimate.

C. Any other items

- a. What do you think of the shortened schedule? (It is to help with staffing shortages and to work with students that have been sick.)
- b. We have had quite a few kids who have been missing school for extended periods of time.
- c. Questions were asked about how we can improve the pick up after school.
- d. Special requests: Jullie is not able to attend the next meeting. We would like to meet Wednesday the 2nd. Could we also move the start time to 3:30. Jullie needs to email the council to adjust our meeting times.

V. Adjournment: Jonathan is calling the meeting to close and McKay seconded that.

Next Meeting: March 1, 2022 at 4:00 pm (TBD)
