

G/T Nomination Window Is Now Open

G/T (Gifted and Talented) nominations are currently being accepted for all students Kindergarten-12th. This is done by submitting the name of the student to their campus counselor.

Jackie Owens K-5th	jowens@tarkingtonisd.net
Willy Parsons 6-8th	wparsons@tarkingtonisd.net
Aimie Patrick 9-12th	apatrick@tarkingtonisd.net

Determination of eligibility is based on several achievement and norm referenced tests. All assessments are administered during pre-established testing schedules/timelines. Written parent permission must be obtained before individual testing can begin.

Kindergarten nomination window closes 2/12/25. First-12th grade nomination window closes 2/21/25. (Note...all kindergarten students are administered the NNAT).

All kindergarten students must be identified by March 1st.
All 1st-12th students will be identified by May 1st.

Final determination of a student's need for G/T services is made by a committee of at least three educators who have received training in the nature and needs of G/T students and who have met and reviewed the individual student data. Upon completion of the Gifted and Talented Admissions Committee meeting, families and staff are informed of student assessment results.

Students K-5th grade are serviced in a once a week pullout program with a G/T certified instructor.

Students 6-12th grade are serviced by being in a minimum of one advanced course each semester each school year.

If you have any further questions, please contact your child's counselor.
