### **Recruitment Plan**

During Open House, the week of preplanning, parents are informed about the After School Program as they visit their students' advisements/homerooms. Special education students and ESOL students are included in the advisements. Parents that are interested in the program are asked to complete a short questionnaire regarding participation in the program. Parents are also informed about the after school program at other events throughout the year, such as parent/teacher conferences and parent/student orientations.

Classroom teachers are asked to refer at-risk students in their classes. This includes students that are struggling with homework completion, academic performance, or are credit deficient. In addition, informational flyers regarding the after school program are placed throughout the school, in the newspaper, and on the school website. The parent requests and teacher referrals are examined, and registration packets are sent home to the parents of students selected to participate in the program. Students who express interest in the program and are not selected to attend will be placed on a waiting list and may be considered for the program at a later time. At this time, Dodge County does not have any private schools. If we should get some in our district, we will recruit those students as well.

### **Transportation**

Bus transportation home will be provided Monday through Friday by the Dodge County Board of Education and the 21<sup>st</sup> CCLC after school program. The school system maintains liability insurance at all times while buses are in use by the after school and summer school programs. The school system also ensures all bus drivers are trained in safety, student discipline, and emergency procedures prior to driving for the after school program. Students are escorted out and checked off by a staff member as they board the bus.

Bus drivers maintain radio communication with central office staff as needed. All drivers complete required school system transportation training as required by school system policies. All transportation personnel having contact with students must complete an annual national background check prior to interacting with students.

- Students will not be allowed to ride the 3:15 bus home unless the school has been notified by a note from the parents or a phone call from the parents or guardians that the student has permission to be dismissed at 3:15. This is to ensure that parents are aware that the child will be arriving home early.

### **Student Pick-up and Drop-off**

- ◆ Parents are required to complete the names and phone numbers of at least **three** adults that are authorized to pick-up their child/children from the after school/summer school program.

All of these materials will be available in English and Spanish and all materials will be written for a sixth grade reading level or below.

#### **A. Instructional Communication - School Day Teacher and 21<sup>st</sup> Century Staff**

Most 21<sup>st</sup> Century employees are school district employees and are assigned to the same grade level afterschool that they teach during the day. This enables 21<sup>st</sup> Century teachers to meet with regular day teachers during their common planning and weekly collaborative meeting times. During these meetings valuable feedback and ideas for improvement are gathered. Student agendas, emails, instant messages, fax machines, and cellular telephones will also be utilized for communication between school day instructional staff and 21<sup>st</sup> Century staff. Each Site Coordinator and after school program teacher will have email addresses, phone numbers and instant messenger information for each regular school day teacher.

#### **B. Communication- Director, Coordinator, School Principal, and Administrators**

The Principal and regular school day teachers will have the email addresses phone numbers and contact information for each Site Coordinator, the Project Director, and 21<sup>st</sup> Century Teachers. In addition, the Site Coordinators will attend as many school faculty and school leadership meetings as possible. The Project Director and School Principals will meet with other administrators to discuss the 21<sup>st</sup> Century Program on a monthly basis.

#### **C. Communication – Parents/Guardians**

Beginning in August of each school year, parents and students will be contacted through various media such as: letters sent home to eligible students; parent visitation at the beginning of the school year; email messages; school website information posting; and notices in student handbooks. All parents will receive communication via telephone calls, student agendas, and letters sent home regarding pertinent initiative-related events and student progress. We will also utilize the Remind101 program to send text messages to parents to remind them of special events or to alert them of early dismissal due to weather or other emergency situations.

A completed application will include a parent signature which (1) gives the student permission to participate in the program; (2) documents parent commitment to ensuring regular student attendance; (3) documents parent commitment to attending family activities; (4) gives the Initiative authorization to obtain and track student test scores, grades, attendance, and discipline records; (5) indicates whether or not the parent would like to volunteer during the program; and (6) specifies the child's daily mode of transportation. Once the initial return deadline has passed, classroom teachers will identify other students in need of academic support and offer those students the opportunity to fill any remaining empty slots.

The regular school day teachers will complete a written progress report for each participating student every nine weeks during the school year. The 21<sup>st</sup> Century staff will also complete a quarterly progress report on each student. We will also conduct quarterly Parent-Teacher conferences regarding all students enrolled in our after school program.

#### **D. Communication to Parents/Guardians with Limited English Proficiency**

All information regarding our program will be available (verbal and written) in English and other languages, when necessary. All written communication will be prepared for a sixth grade reading level or below. Translation services will be provided for any parent or student whose native language is not English as needed. The translator will explain the Initiative's objectives and emphasize the necessary parenting commitment and potential benefits of regular student attendance. They will also verbally discuss hours and dates of operation, location of activities, and will distribute and review an easy-to read flyer communicating the same information.

The sustainability plan for the proposed 21st

CCLC Initiative will be the responsibility of this committee. Committee members include: Debbie Connell, Executive Director, Dodge Connection Collaborative; Lyndsey Cravey, Arconic; Dan McCranie, County Commission Chairperson; Jodi Brewer, System Social Worker, Dodge County Board of Education; Jessie Mincey, Department of Juvenile Justice.

There is a high level of commitment from both the Dodge County Board of Education and Dodge Connection Collaborative to share in the responsibility of sustaining after school services for our local students when 21st CCLC funding is no longer available. The goal of having Dodge County residents successfully completing their education was chosen as an all-encompassing way of taking care of any obstacle that may be in the way of a student completing school. In the past 3 years we have successfully used funding from the CARES Grant to provide a Mental Health Counselor to work during the school day and after school as needed. A Clothes Closet was established to assist in obtaining adequate clothing for school children to include the after school children. The food bank has also been established to help those in need. It provides roughly sixty weekend food bags to many of our students. A new partnership with the Dodge County Sheriff's office was established to provide full time Resource Officers for every school. Additionally, the Dodge Middle and High has started an After School Reading buddy initiative.

We have been fortunate to have been able to secure a variety of funding that will assist our students and community in continuing to achieve academic success including: establishing a local Club unit; receiving previous 21st CCLC funding; continuing the AmeriCorps VISTA program; and, partnering with other rural communities to receive federal funding for mentoring, prevention of alcohol abuse, community-based abstinence education. Since 1998, the collaborative has secured over \$14 million in funding for Dodge County's children and families. Current and/or previous funders include: state legislature (through the Georgia Family Connection Partnership and Communities in Schools of Georgia); Georgia Department of Human Resources; Family Preservation Family Support; Children and Youth Coordinating Council; Children's Trust Fund; Office of Juvenile Justice; VISTAs; AmeriCorps; federal Community Based Abstinence Education Program; federal Mentoring funds; federal Safe Schools/Healthy Students Initiative; federal Grants to Reduce Alcohol Abuse Program; federal Drug Free Communities Support Program; federal Parental Information Resource Center Program; federal Compassion Capital Program; 21st Century Community Learning Center Initiative; Even Start; AT&T Aspire Program; Youth Development Funds; Community Development Block Grant Program; Wal-Mart; Ocmulgee EMC; Rayonier; Verizon; Barbara Bush Literacy Foundation; Georgia Commission on Women; Rotary; Arconic Action Grant funding; Hands on Georgia; and United Way. The collaborative will continue to pursue any opportunity available to connect resources and improve life for families and children.

We have several partners committed to continue their support after the 21<sup>st</sup> CCLC grant funding has officially ended. These partners include ongoing investments such as: the USDA after school snacks and summer program, the use of facilities and utilities provided to the afterschool and summer programs; use of several school buses; use of a community theatre for student performances; volunteer recruitment and training; community/career awareness activities; educational classes, training and related materials and information; participation in

the program's health fair; parent mentoring resources; refreshments for parent involvement events.

**Virtual/Alternative Programming Plan**

Dodge Middle and High 21<sup>st</sup> CCLC will follow the guidelines set forth by the Dodge County schools to determine partial or total closures under direction and guidance of the Department of Public Health and the local Health Department. In the event that there is an executive order to close schools at any time during the school year, or if schools close due to the spread of illness, the system-wide eLearning model will be utilized for all students in grades K-12 including those students enrolled in the Dodge Middle and High 21<sup>st</sup> CCLC after school program. This protocol will remain in effect in the event of a short-term closure for any reason, including weather days. Students will use Google platforms including google classroom and google meets to facilitate learning and enrichment activities. Internet hotspots have been placed throughout the county to improve accessibility and we will ensure that students have access to the google chrome-books provided by 21<sup>st</sup> CCLC and Title I.
