WELCOME

Welcome to Washington Middle School!!! The staff wants you to become an important part of the academics, activities, and traditions here at our school. The success of our school and your personal success rely heavily upon your efforts. This handbook provides both students and parents a guide to the Washington Middle School procedures. Becoming aware of its contents will make for a more successful year. Please read this handbook carefully and discuss it with your parents.

This Handbook replaces all prior handbooks and other written material on the same subjects. This handbook does not equate to an irrevocable contractual commitment to the student, but only reflects the current status of the Board's policies and the School's rules. If any of the policies or administrative guidelines referenced herein are revised, the language in the most current policy or administrative guideline prevails. Copies of current Board policies and administrative guidelines are available on the District's website.

MISSION STATEMENT

The mission of the Washington Court House City Schools is to create an environment that develops within our students the skills, attitudes, ethics, and knowledge necessary to become contributing, responsible members of our community. Building a "Tradition of Excellence" by Engage - Inspire - Grow

School Cancellation

Occasionally, bad weather prevents us from having school during normal hours. If you suspect school will be closed or opening times changed, turn your radio to WCHO 105.5 FM. Announcements will be given over the radio if there are any changes or if school is closed. Also, please reference our website at www.wchcs.org. Do not call the school. We will not have any information that is not on the radio.

Arrival and Departure Times

The school doors open at 7:14 am and school starts at 7:20 am. Students should not arrive before 7:00 am because the school cannot be responsible for the supervision of students before this time. After 7:00, if the weather is below freezing or raining, students may stand

inside. School is dismissed at 2:05 pm and all students are expected to have cleared the school grounds by 2:20 pm unless they are meeting with a teacher for academic purposes.

Attendance

Washington City School District is committed to providing a quality education to students/community. To achieve this commitment, students must consistently be in attendance and prompt to classes. Attendance and promptness are the responsibility of students and their parents/guardians. Attending classes on time allows students to benefit from the school's educational programs and develop solid vocational habits. Continuity within the learning process is seriously disrupted through absenteeism. Make-up work does not always adequately substitute the engagement received within the classroom setting. Students with good attendance generally achieve higher academics, enjoy school socially, and become more employable in the future. We always encourage attendance, so staff can Engage, Inspire, and Grow our future.

Ohio Law Section 3321.04 Ohio Revised Code: Compulsory School Age requires parents/guardians to report to the school if their child is going to be absent or tardy. This should be done by 9:20 A.M. at 740-335-0291. Any student absent all day or leaves school early, except for a pre approved excuse appointment, will not be permitted to participate in school activities that specific day.

Procedures

1. If a student is absent from school, a parent/guardian must notify the school by calling the office at 740-335-0291 (before 9:20 A.M.). If notification has not been made, school personnel will attempt to contact the parent/guardian. (Missing Student Act).
2. A reported absence may still be determined to be unexcused according to the absent policy. Final determination by administration.
3. If there is no communication, the student must return to the school office prior to attending class with a written statement from the parent acknowledging absence/reason (medical notification acceptable with M.D./Dentist/Orthodontists, etc) upon return.
4. Students/Parents are responsible for delivery of written notification to the school office. If sent with a student to school, you may verify with office personnel that notification was received.
5. Students are responsible for consulting with teachers regarding any missing assignments due to absences.

Guidelines

1. Students may be absent up to 10 days for the academic school year. Absence not reported will be considered unexcused.
2. Signed statements by a medical/legal professional will be considered excused.
3. Within the school year, 5 unexcused absences, a notice will be sent to the Attendance Officer who will inform parent/guardian by mail or personal contact. Saturday School will be assigned for unexcused absences 6 through 14 to pursue academics/prevent Truancy.

4. After 10 days of unexcused absences, a notice will be sent to the attendance officer. He will attempt to inform parents/guardians by personal contact to arrange a meeting with the Truancy officer, parent/guardian, student, administration and Attendance Team.
5. 15 days of unexcused absences, third notice will be sent to the Truancy officer and a formal complaint is filed in juvenile court.
6. In case of students obtaining lice, a total of 3 days will be allowed for corrective action. Additional days are considered unexcused. 7. The administration reserves the right to use their judgment for extenuating circumstances for unusual situations.

It is the intention of Washington Court House City Schools to offer face-to-face instruction as much as is permissible for the 2020-2021 school year. In lieu of face-to-face instruction, families may complete an application to request an entirely remote learning opportunity for their child(ren). As part of the application, the parent/guardian agrees to follow state attendance/truancy laws as well as district expectations for remote learning. A new application must be submitted each quarter and will be subject to a review of successful progress made in any previous remote learning quarter. Students in remote learning will still be members of the Washington Court House City School District.

Excused Absences

When you return from an absence, report to the office with a note from the parent/guardian/physician. Students who have been absent need to consult with each of their teachers and complete all work that is missed.

1. For any absence after (3) three Saturday schools, parents/students will be required to attend an Intervention Meeting as required by State Law. Failure to comply will result in a referral to Attendance Officer/Fayette County Juvenile court (as required by State Law)
2. A signed statement by a physician will be required for any absence that exceeds the allowable ten (10) days within the school year. (or 30 consecutive hours, 42 hours within a month, 72 hours in a school year (HB 410). If notification isn't obtained from a physician/legal professional the absence will be considered unexcused.
3. Step 1 – After (5) days of unexcused absences, a notice will be sent to the attendance officer. He/she will inform the parent by mail or personal contact. Step 2 – After (10) days of unexcused absences, a second notice will be sent to the attendance officer. He/she will inform parents by personal contact and set up a meeting with the parent/guardian. (Intervention Team) Step 3 – After (15) days of unexcused absences, a third notice is given to the parent by the attendance officer, and a formal complaint is filed/required in juvenile court.
4. In cases of students obtaining lice, a total of 3 days will be allowed for corrective action. Additional days will be considered unexcused.

Unexcused/Excused Examples

- A. School administration will make the final determination as to whether an absence is excused, but in general, unexcused absences include, but are not limited to the following:

- B. Examples: Missing the School Bus, Experiencing transportation issues, remaining home to complete assignments, oversleeping, not having appropriate attire for school, babysitting, personal business that can be done before or after school, returning late from Athletic event, exceeding allowable number of days, didn't return note from parent/guardian, lost note etc
- C. School administration will make the final determination as to whether an absence is unexcused, but in general excused absences include, but are not limited to the following: personal illness within the allowable amount, head lice (maximum 3 days), illness or injury in the family, health department notice, death in the family, observance of religious holiday, court appointments, physician appointments, dentist, family vacation (pre-approved).

Truancy Definitions and Intervention Procedures (HB 410)

1. Habitual Truant-Student who is absent without legitimate excuses for 30 consecutive hours, 42 hours within a month, or 72 hours in one school year.
2. Truancy – Absences from school without parent/guardian knowledge.
3. Intervention Attendance Team – After habitual truancy is surpassed, an intervention team will convene to develop a plan to reduce further student absences.
4. Any student found to be truant from school is in violation of ORC 3321.01/HB 410 and the district will proceed with requirements.
5. Charges may be brought against the parent/guardian of a truant student for “Failure to send” or “Contributing to the unruliness” or “Delinquency of a minor”. (RC 2919.24 & RC 3321.38)

Planned Absences

Please try to schedule medical and dental appointments during non-school hours when possible. Although vacation absences are discouraged, they will be considered excused if there has been advance notification made to the principal.

Students participating in a family hunting trip will also need to furnish a copy of their hunting license. The student should have a “Planned Absence” form from the Office filled out by the teachers prior to this type of absence, and work should be made up by the day the student returns. Field trip participation is another form of planned absence. The student is expected to have work completed upon returning to class. Planned absences are not to exceed (5) days.

Tardiness

Currently, students may be tardy three times in a semester without penalty. For tardy number four through six, they are assigned a thirty minute detention. For each additional tardy, students may be assigned a Saturday School.

The definition of tardy is a student arriving at school between 7:20 A.M. and 8:20 A.M., which is a one hour window after the start of the school day. After 8:20 A.M., students will be considered absent ½ day.

Leaving School Early

Occasionally a student may have to leave school before 2:35 p.m. Illness, a family emergency or a proper request from a parent are reasons for which a student may be given permission to leave school early.

The student should bring a note to the Office where a blue pass will be issued. Students are dismissed only to their custodial parents or to persons authorized by their parents. No student will be given permission to leave the building without parental contact. Upon returning to school, the student should report to the Office and sign in.

Extra Curricular

Students absent from school due to illness are not expected or allowed to attend or participate in extracurricular activities. Students must be in attendance the entire day in order to practice, rehearse or participate in any event. Students who are not present during Homeroom will be denied participation that day. In some non-illness cases, this rule may be waived by the administration.

Making up Missed Work

Any student absent from class has the opportunity to make up missed work.

Withdrawal from School

Any student planning to withdraw from school should report to the Counselors' Office. A withdrawal form will be completed to insure return of all school property such as text books and library books, and payment of all fees, etc. A parent signature is required before any student can be withdrawn. Students must remain attending Washington Middle School until officially enrolled within another district.

Class and Band Withdrawal

Students wishing to drop or change a class need to meet with a counselor. Most classes are required, so few changes are needed.

The dropping /removal of Band and Choir will be handled on a case by case basis with parent, teacher, administrator, and student.

Homework Policy

Why Do We Assign Homework?

We believe homework is important because it is a valuable aid in helping students make the most of their experience in school. We give homework because it reinforces what has been taught in class, prepares students for upcoming lessons and helps students develop self-discipline, responsibility and organizational skills.

When Homework Will Be Assigned?

Homework will vary with each class. Each classroom teacher will give an explanation or handout that expresses what will be expected in their particular subject area.

Student's Homework Responsibilities

All assignments will be completed according to the instructions.

Students are responsible for making up homework missed due to absence. Homework will be completed on time. This includes all reading assignments as well as written work.

Students will turn in work that is neatly done.

If a Student Chooses not to Complete Their Homework, It Will Reduce Their Grade and the Following Consequences May Occur:

The student may be given an assignment sheet and the parent will be asked to sign each individual completed homework assignment each night.

Students may be required to complete homework in an after-school detention.

Students may also be considered for Alternative School.

Students may be sent to the office or safe room to complete assignments.

Parent's Homework Responsibilities:

Parents are the key to seeing that homework is completed.

Teachers ask that you make homework a top priority in your home.

You will need to provide a quiet environment and necessary supplies.

Please express your support with praise and encouragement when responsibilities are met and contact the teacher if you notice a problem.

Teacher's Responsibilities:

We will check homework and keep a record of assignments completed and not completed.

Because we strongly believe in the value of which positive support plays in motivating students to develop good study habits, we will give praise and other incentives when they do their homework correctly.

Fees

Each student enrolled in Washington Middle School is required to pay \$12.00 in fees. This is for Unified Arts supplies which include typing, computer, physical education, and art. Those who are eligible and apply for free supplies and books may not be required to pay this fee. There are no other fees except for extra activities which may include music, athletics, or other special programs.

Grade Cards/Honor Roll

Report cards are issued on Friday following the end of the nine weeks period. In order to be eligible for the honor roll, a student must receive a 3.00 grade point average for the nine week grading period. The grade point average is based on a weighted grade point system where classes that meet more often receive a higher value. Students should check the list if they feel they are eligible so errors can be corrected. Questions concerning the honor roll should be directed to the Counselors' Office.

The honor roll will be calculated on nine weeks grades at the end of each grading period. Eligible students are all who are registered as students at Washington Middle School and have been enrolled for at least five of the nine weeks of the grading period. The minimum GPA for the eligibility is 3.00. Any student receiving an "I" in any subject is ineligible. An "E" grade will not be counted in the calculation.

Midterm Reports

Students will receive a midterm report approximately half way through each nine week grading period. These reports are sent home with the student. Parents are encouraged to

contact their child's teacher if they have concerns about the mid term report. Progress reports are also available upon parental request through the Counselor's Office.

Retention

Any student that fails 2 or more core academic subjects for the year will be a candidate for retention.

Academy of Scholars

Any student that has a cumulative grade point average of 3.5 or higher at the end of the school year is eligible for the Academy of Scholars. The ceremony for the Academy will be held in the fall of the next school year.

Ohio Assessment/AIR

Ohio Assessments/AIR are designed to determine how well students are progressing toward meeting the academic content standards. Parents will receive results on how their child did on each test when the results become available.

SCHOOL SERVICES

Guidance and Counseling

Guidance in the Middle School is designed to make the education experience more personally meaningful to the student. The counselor is available to help students with concerns which are either school related or personal in nature.

The counselors work with students in several areas such as attendance, scheduling, course selection and testing. The counselor will work with groups of students and individuals.

Teachers and parents may refer a student to the counselor, but most often the student stops by the counselors' office and makes their own appointment. If a concern can wait, the counselor will talk with the student during a study period and will always be available before and after school.

Student Records

Student files contain information necessary to record the experience of the student while enrolled in Washington City Schools. The information is classified by statute as general or confidential for recording purposes (see list below). Entries into the files will be identified by date and source of information as a routine procedure. Access to records is granted:

1. To the staff of the Washington City School district with a stated legitimate educational interest.
2. To parents or the designated legal guardian.
3. To students 18 years of age or older.
4. By court order or subpoena.
5. To other persons or agencies as requested in writing by a parent, guardian, or 18 years old or older student.

The law permits up to 45 days to provide access, but the files will be made available at the earliest convenience by the responsible school official. Files will be shared in compliance

with school regulations only when the appropriate school official, as designed by the building principal, is present to interpret the contents of the files.

Lockers and other such property carry no expectation of privacy for the students who occupy them. School lockers, desks, cabinets, etc and their contents are subject to search by school authorities at any time and without warning. A pass must be issued by your class or study hall teacher. The rules for Media Center conduct and procedures will be explained by your teachers and the librarian. Students failing to follow these rules may be denied the use of the Media Center and/or otherwise disciplined.

Use of Medications/Or Treatment

The medications and/or treatments which may be administered are defined in Policy 5330. In those circumstances where a student must take prescribed medication during the school day, the following guidelines are to be observed:

- A. Parents should determine with their physician's counsel whether the medication or treatment schedule can be adjusted to avoid administering medication or treatment during school hours.
- B. Authorization for Medication or Treatment Form 5330 F1 must be filed with the respective building nurse before the student will be allowed to begin taking any medication during school hours.

- D. Medication that is brought to the office will be properly secured. Medication may be conveyed to school directly by the parent or transported by transportation personnel (bus driver and/or bus aide) at parental request. This should be arranged in advance. Two to four week supply of medication is recommended. Medication MAY NOT be sent to school in the child's lunch box, pocket, or other means on or about his person. An exception to this would be prescriptions for emergency medications for allergies and/or reactions.
- E. For each prescribed medication, the container shall have a pharmacist's label with the following information: 1) student's name 2) physician's name 3) date 4) pharmacy name and telephone 5) name of medication 6) prescribed dosage and frequency 7) special handling and storage instructions.

- H. A log for each prescribed medication shall be maintained which will note the personnel giving the medication, the date, and the time of day. This log will be maintained along with the physician's written request and parent's written release.
- I. Form 5330 F1 shall be completed and signed by the principal authorizing the person(s) who may administer the medication or procedure.
- J. Written documentation of any training provided for each person authorized to administer a prescribed medication or treatment will show: 1) what training was given 2) the

trainer's name and professional status 3) when the training was given 4) the duration of the training 5) those trained and those in attendance

- K. Dispensing of non-prescribed, over-the-counter (OTC) medication by district employees to students served by the district is prohibited unless given parent permission. Where investigation confirms such allegations, prompt, corrective action shall be taken up to and including dismissal.

Cafeteria

Our school operates on a closed lunch period which is divided into three sections of thirty two minutes – one for each grade level. Type “A” lunches are provided and are based on the nutritional values as set by the U.S. Department of Agriculture.

Student Telephone

With permission, students may use the telephone in the Office. The purpose and person to be called should be stated. Students will be called from class only in emergencies and messages will be delivered to the student at the end of the class period.

Clinic Use

EMERGENCIES

Fire Drill Procedure

There will be several fire drills held throughout the year as required by law. Be sure that you know the proper exit routes which are posted in each room. When the alarm sounds, and upon teacher direction, each student is to leave the building quickly and quietly following the posted exit routes. The teacher is to take the roll book along and check the roll once all students have exited. All doors and windows should be closed and lights turned off. Once roll is taken, teachers should send word to the designated area on either side of the building that all students are accounted for.

Tornado Drill Procedure

Periodically tornado drills will be held. Please make a note of the proper shelter areas for each room you attend. At the sound of the tornado alarm and upon the direction of the teacher, please move quickly and quietly to the appropriate shelter area for your room.

 - 1. Air horns

2. Teachers adjacent to the restroom are to check and notify students in those areas.
- B. General Guidelines:
1. Under no circumstances should you leave the building.

School Lockdown and Evacuation

School lockdown and evacuation procedures will be explained and practiced at the start of every school year. When announced, students will move quickly and quietly to the appropriate area and await further instruction.

STUDENT INFORMATION

All students who ride bicycles to school are urged to be extremely careful and observe all traffic rules. At dismissal time bicycles are to be walked, not ridden, to the street. Bicycles are not to be ridden on school grounds before or after school. Racks are provided for bicycles on the school grounds. All bicycles are to be kept in the racks provided. Detention

Detention may be assigned by the principal, assistant principal, or staff member relative to general school discipline or in relation to attendance. Students are to bring class work and proper materials. Students will be kept after school. Every attempt will be made to notify the parent. Teachers may also assign detention and may supervise their own detention. Failure to serve detentions is a violation of the Student Conduct Code and may result in additional assigned administrative detentions and/or time assigned to the DLD room or OSS.

Gambling

Gambling will not be permitted at school. All gambling devices will be confiscated.

Health Curriculum

The State of Ohio mandates that health instruction include topics such as nutrition, harmful effects of drugs, alcohol and tobacco, fire prevention, venereal disease, and CPR. The Board of Education has also selected sex education for inclusion in this curriculum. All students will receive instruction on this topic as well as on the mandated topics for the designated

courses or grade levels. The Ohio code gives the parents a right to request in writing that their child be excused from taking CPR instruction, venereal disease education, and sex education. Parents will be notified at least two weeks prior to the beginning of these units of study.

Chemical Abuse

The schools recognize the cultural phenomenon of chemical involvement by young people and have chosen to address the issue with a comprehensive chemical abuse program based on the following policy.

The school recognizes that the use by students of mood altering chemicals (drugs/alcohol) represent inappropriate behavior that interferes with the learning process and may indicate a primary medical problem (chemical dependency). It is, therefore, the policy of the schools to intervene with students whenever behavior is observed or an incident occurs suggesting chemical use.

The school recognizes that chemical abuse by students is a cultural phenomenon that can best be addressed by cooperative efforts of the school, parents/guardians, and the community. The schools will assist (intervene) in identifying chemical use, will help in referring the student/family for appropriate professional assistance, and will assist by supporting those students recovering.

The schools recognize that student chemical use is often accompanied by inappropriate behavior that may violate discipline policies. In all cases disciplinary policies will be enforced and violation of law reported.

The schools will establish a Core Assistance team in each building and will provide ongoing staff training and parent information programs. The schools will also provide information about assessment and treatment agencies upon request.

WASHINGTON MIDDLE SCHOOL **STUDENT DISCIPLINE CODE**

Disclaimer

It shall be understood that the Board of Education of the Washington C.H. City Schools is not a court of law nor are its employees agents of any court of law and that the rules of civil procedure, criminal procedure, and evidence do not apply to any disciplinary hearing.

Students Rights and Responsibilities

The Board of Education shall, in compliance with state law, provide for the education of all residents between the ages of five and twenty-one with the District. The school shall abide by all the legal rights guaranteed to the students. Each student has a right to all educational resources necessary to operate an instructional and extra-curricular program.

It is in the interest of our school district and it is our firm intent to be in compliance with Title IX of the Education Amendments of 1972. Any inquiries concerning the application of Title

IX within this school district should be referred to the Board of Education's Title IX Coordinator, the High School Assistant Principal (740-335-6620).

Students in the school system have a responsibility to act in such a way as not to interfere with the rights of others to the same educational opportunity. By accepting the rights of others to participate in school programs on or off school property, the students shall also accept the responsibility to conduct themselves according to the rules, regulations, and provisions governing the operation of these programs.

The school principals assume responsibility for establishing and enforcing procedures necessary to ensure that the students' rights are preserved and that accompanying responsibilities are carried out. Students may forfeit certain rights when it can be demonstrated that they are not assuming the concurrent responsibility. Conversely, an appeal process shall be established for use by those students who believe their rights have been violated.

Assembly

Students have the right to assemble peacefully so long as the normal operation of the school or classroom is not disrupted. All organizational meetings and school assemblies in the building or school grounds will have staff supervision and may function only as part of the educational process as authorized by the school administrator. The administrator must be informed in advance and may impose reasonable restrictions on the time and place of these meetings.

Search and Seizure

Lockers and other such property carry no expectation of privacy for the students who occupy them. School lockers, desks, cabinets, etc. and their contents are subject to search by school authorities at any time and without warning.

Police dogs may be randomly brought in to search for drugs in the school. The search will be at random times and unannounced.

Search and seizure by law enforcement officers may be made on presentation of a search warrant describing the items to be seized or with the valid consent of the student(s) and/or parent(s) or legal guardian(s) who have been advised of their rights and of the legal consequences of the search. In the case of a student of legal age, consent shall be defined as consent given by the student.

Video Surveillance and Electronic Monitoring

Board Policy 7440.01 The Board of Education authorizes the use of video surveillance and electronic monitoring equipment at various school sites throughout the District and on school buses. The video surveillance/electronic monitoring equipment shall be used to protect Board property and assets from theft and vandalism, through deterrence and video documentation. The system is not designed nor intended to protect individuals from being victims of violent or property crimes, nor to detect other potentially illegal and undesirable activities that may occur, although information may be used as evidence in such cases.

School and Legal Agencies

On occasion, local police in their investigation of an incident will come to the school to question a student. School procedure provides for the presence of a school administrator during any questioning by a police official in most instances. Police may not take students from school without a warrant or notification of the parents. For incidents at the school that are under police investigation, school officials will cooperate with the police. However, a subpoena is required before permanent school records on students will be released to any agency or attorney. In all matters of this nature, an attempt is made by the school to notify the parents as soon as possible of the situation.

DUE PROCESS

Major disciplinary actions such as suspensions, and/or expulsions from school are used in the most serious disciplinary cases. While it is legally possible for the school principal to suspend a student up to a total of ten school days for an offense, only the superintendent of school has the authority to expel a student from school.

Procedure for Suspension

A school administrator will give written notice to the pupil of the intention to suspend and the reason why. The student will have an opportunity to appear at an informal hearing before an administrator to challenge the reasons for the intended suspension, or otherwise explain his actions. If a student is to be suspended, he or she will be told of the suspension and its length. The parent or guardian shall be notified of the suspension by telephone, if possible. An official notice of the actions will be mailed to the parent or guardian within 24 hours of the suspension. This notice will contain the reason for the suspension, the right of the student and parent to appeal the decision; the right to be represented at the appeal and to request a hearing on the appeal to be held in private.

Emergency Removal

If a student's presence poses a continuing danger to persons or property or an ongoing threat of disrupting the academic process, an administrator may remove the student from curricular or extra-curricular activities under his/her supervision. A due process hearing must be held within 24 hours after removal is ordered from the premises or any curricular activity. Procedures for this are the same as a suspension hearing. In an emergency removal, a student can be kept from class until the matter of his/her misconduct is disposed of either by reinstatement, suspension or expulsion.

Expulsion

Upon recommendation of the principal, the superintendent may expel a student from school. The superintendent will give the student and his/her parent or guardian written notice of the intended expulsion. This notice is to include the reasons for the intended expulsion.

Upon request, the student and parent or representative will have an opportunity to appear before the principal to challenge his actions or to otherwise explain the student's actions. The administrator cannot order such a hearing in the event the student and parent(s) choose not to attend.

The written notice of intended expulsion by the superintendent will state the time and place to appear for the hearing. Said hearing must not be less than three days or later than five days after the notice is given.

An official notice of the expulsion notice will be mailed, within 24 hours, to the parent or guardian. This will include the reason(s) for the expulsion, the right of the student and parent or guardian to appeal to the Board of Education, and the right to be represented at the appeal and to request a hearing to be held in private.

If a student withdraws from school, expulsion procedures may continue until complete.

Hearing and Appeal Procedures

Only the superintendent, principal, or assistant principal can suspend a student. However, in the case of an emergency removal, an assistant principal or teacher may remove a pupil, as set forth under the Emergency Removal section above.

Only the Superintendent can expel a student.

Notice and hearing prior to suspension or expulsion will be given to the student. A suspension hearing will be conducted before the principal, assistant principal, superintendent, or superintendent's designee. An expulsion hearing will be conducted before the superintendent or his designee. A student or his or her parent(s) may appeal a suspension or expulsion to the Board of Education. The Board of Education has designated the superintendent as its representative at all hearings regarding the appeal of a suspension. The Board will hear the appeal of an expulsion.

The decisions of the Board of Education or its designee concerning suspension or expulsion of a student may be appealed to the Court of Common Pleas. Further details about the procedure for hearings and appeals are set forth in the Board of Education's Policy on Removal, Suspension, Expulsion, and Permanent Exclusion of students, and are governed by the Ohio Revised Code.

Saturday School

Saturday School is an alternative to out-of-school suspension which may be offered at the discretion of the school administration. Unexcused or non-attendance at Saturday School may result in additional consequences determined by administration.

General Guidelines:

1. Students must report promptly between 7:45-8:00 a.m. to the Middle School lobby.
2. Students tardy to Saturday School may not be granted admission. Students are to come prepared with work to complete during the duration of Saturday School.
3. No food or drink is permitted in Saturday School.
4. Students who violate these guidelines will be reassigned another date plus an additional date.
5. Additional consequences may be imposed as well. Students may never accumulate more than 3 Saturday Schools at one time. At this point, suspension, expulsion, or the Alternative School may be used. Students may be required to complete a written assignment by the end of each Saturday School.

Excuses:

1. Students may be excused from a session beforehand for just cause (and be assigned a later date) as determined by the administration. Such requests to be excused must come from the parent/guardian, be submitted in writing prior to the date of the session, and state the reason for the request. Students may only reschedule 1 Saturday School per 9 week period.
2. Students will only be excused from a session after the fact for personal illness or family emergency. Students who fail to attend or complete an assigned session without prior approval will have the Saturday School doubled the first time and may be suspended or assigned to the Alternative School for additional times.
3. In case of illness or emergency on the day of the assigned session, parents/guardians should call the school between 8:00-8:15 a.m. at 636-4221 or Washington Middle School at 335-0291. The administration must be notified accordingly. The student will suffer the consequences as outlined above.

Positive Behavioral Interventions and Supports (PBIS)

According to House Bill 318, Positive Behavioral Interventions and Supports (PBIS) are a requirement of each school in the state of Ohio. Desired outcomes of PBIS are: Preventing chronic behavioral challenges. Providing early intervention for children and youth displaying minor but repeated patterns of problem behavior. Providing proactive support to children and youth at risk and those with emotional disturbances to allow them to successfully remain in the general education environments with the appropriate support, and Providing instruction, practice and reinforcement for students regarding expected behaviors in the various school settings. Washington Middle School's PBIS Matrix allows behaviors to fall under one of the following categories:

Be Responsible

Be Willing

Students may earn rewards/points that can be redeemed at the discretion of WMS staff. These rewards/points will be managed through a program called PBIS Rewards. There are smartphone applications for both students and parents as well as a website that can be accessed to monitor student progress/behavior.

WCH Code of Conduct
Tiered Offenses & Definitions

Category I Offenses:

Category I infractions are behaviors that do or could impede the orderly operation in any school setting. A category I offense is corrected by the teacher or supervising adult in the setting where the misbehavior occurs. If a pattern of these offenses persists, setting up a corrective plan may be necessary.

Out of Area

Students must stay in designated areas of the school building to which they are enrolled or have been assigned. Students must attend assigned classes and not skip - i.e., not going to an assigned classroom during school hours.

Disobedience

Students are expected to do what school adults tell them to do and to act in accordance with reasonable requests. School adults include administrators, teachers, paraprofessionals, secretaries, security personnel, custodians, bus drivers, lunchroom workers and school volunteers. Students must not argue with adults. Students are expected to follow all WCH district- and building-wide routines, procedures, and protocols.

Students are not expected to obey any directives by an adult that would cause the students harm or are of a sexual nature. A student who feels uncomfortable with an adult's directive should report the incident to a trusted adult, such as a parent or principal.

Disruptive Behavior

Students are expected to follow school wide behavioral expectations and abide by classroom rules, routines and procedures. Students must not interrupt the learning of others or behave in a manner that causes disruption to the school environment. If a teacher or other

school adult is prevented from starting an activity or lesson, or has to stop what s/he is doing to try to stop the student's behavior, the behavior is considered disruptive. For example, if a student causes a disruption in the classroom by talking, making noises, throwing objects, play-fighting, horseplay, or otherwise distracting one or more classmates, the student is engaging in disruptive behavior.

Inappropriate Communication

Students are expected to speak respectfully to others. Examples of inappropriate communication include put-downs, or making fun of or negatively talking about a person or their family. This includes written, electronic, and verbal communication.

Examples of acts of Academic Dishonesty include any appropriation, literary theft, falsification, counterfeiting, piracy, fraud or unsupervised possession of any federal-, state- or district-mandated tests. Plagiarism includes, but is not limited to, copying word for word from references such as books, magazines, research materials or the Internet.

Students are expected to use appropriate language. Students must not verbally, electronically or by written words, photographs or drawings direct profanity to anyone in the school environment. Students must not insult anyone by obscene gestures.

Students are expected to follow the dress code in applicable buildings. Dressing and grooming guidelines are set on a building-level in order to promote discipline, maintain order, secure the safety of students, and provide a healthy environment conducive to academic purposes.

Category II Offenses:

Students will receive consequences and corrective instruction when they commit, attempt to commit, or participate in committing any of these infractions. In most cases, Category II infractions are corrected by the building principal or another administrator at the building level - who shall choose a corrective strategy. Students may be subject to suspension or referred to the Alternative School - especially for repeated or egregious Category II behaviors. The time while a student is in an alternative program will be used to plan the corrective instruction and the supports necessary to change the pattern of behavior.

Present without Authorization

Students must have permission from a building administrator, or be escorted by a parent/caregiver or emergency contact person, to enter any school building other than their own. Students must not return to any school or any school event while assigned to the Alternative School, or under suspension, expulsion or removal, except with permission from a building administrator and under escort by a parent/caregiver or emergency contact person. Self-defense will be considered in the investigation. During the investigation, the administrator or designee will consider whether physical contact could have been avoided.

Stealing or Being in Possession of Stolen Property

Students must use only their own belongings unless explicit permission from the owner is given to borrow an item. Students must not take anything that does not belong to them. Students must not have anything that they know, or have reason to know, has been stolen. Students must not use school-owned or personal equipment to conduct illegal activity.
