

i-Grad Virtual Academy Dual Enrollment Information

Dual Enrollment is a program offered by the state of Georgia that allows high school students to attend college classes and earn both college and high school credits. Students in this program are eligible for free tuition, fees, and books. Students are eligible in their Junior and Senior years, although funding is limited to 30 college credit hours. Tenth graders are eligible with certain limitations. Students need to start the application process the school year before they plan to participate.

STEPS TO PARTICIPATION:

1. Watch the Dual Enrollment Orientation Video [HERE](#)
2. Research college options. Check the college website and pay close attention to deadlines. Some colleges require SAT/ACT scores, so plan to take a test well ahead of deadlines.
3. Follow all dual enrollment admissions procedures for the college of your choice. Check (and read) all emails from the college. Important information will be sent.
4. Schedule an appointment with your school counselor to discuss individual graduation requirements. Please bring any paperwork from the college that requires a high school counselor's signature. You will also turn in the CCSD Participation Form found on the [CCSD DE Website](#). This form must be returned to the school counselor by the CCSD deadline (3/28/25 for Fall 2025 enrollment) **regardless of the college deadline.**
5. Watch [here](#) to view a tutorial of the student application process through GAFutures. Make sure you select the correct school when you create the account (i-Grad Virtual Academy 110392). Watch this video on how to fill out a [funding application](#) on Gafutures.org.
6. Once accepted to the college of your choice, follow the college's orientation and class registration procedures.
7. Give a copy of your college schedule to your school counselor at the high school. Your school counselor can then approve your classes for funding.

Links to the post-secondary institutions that our students frequently attend are listed below. Other Georgia colleges offer dual enrollment programs as well. Many colleges hold information sessions and tours for those interested in Dual Enrollment.
