Core

Core classes are designed for the college/career bound student on track for the Core 40 Diploma. Core classes are based on a 4.0 GPA scale.

Honors

Honors classes are designed for the college/career bound student and are more rigorous than the core level. Honors courses are on a 4.5 GPA scale.

Dual Credit (DC)-

courses in which high school students have the opportunity to earn both high school and college credits simultaneously. Dual credit courses are taught by credentialed high school faculty, adjunct college faculty or college faculty either at the high school, at the college or university, or sometimes through online courses or distance education. DC courses are on a 5.0 GPA scale and the grade received will appear on both the high school and college transcript.

Advanced Placement (AP)-

Are college-level courses and exams for high school students. American colleges and universities often grant placement and course credit to students who obtain high scores on the examinations. The AP curriculum for each of the various subjects is created for the College Board by a panel of experts and college-level educators in that field of study . AP courses are on a 5.0 GPA scale.

One Year of College Credit at MCHS!

Students must take at least one course from each of the six categories below (no more than 12 credits from each category) & earn a total of 30 credits from this page.
