Purpose

This template will aid LEAs in the development of a program plan as required by *EC* Section 46120(b)(2). In this program plan, LEAs will describe program activities that support the whole child, and students' Social and Emotional Learning (SEL) and development.

Definitions

"Expanded learning" means before school, after school, summer, or intersession learning programs that focus on developing the academic, social, emotional, and physical needs and interests of pupils through hands-on, engaging learning

experiences. It is the intent of the Legislature that expanded learning programs are pupil-centered, results driven, include community partners, and complement, but do not replicate, learning activities in the regular school day and school year. (*EC* Section 8482.1[a])

“Expanded learning opportunities” has the same meaning as “expanded learning” as defined in *EC* Section 8482.1. “Expanded learning opportunities” does not mean an extension of instructional time, but rather, opportunities to engage pupils in enrichment, play, nutrition, and other developmentally appropriate activities. (*EC* Section 46120[e][1])

Instructions

This Program Plan needs to be approved by the LEA’s Governing Board in a public meeting and posted on the LEA’s website.

The program plan template guide is considered a living document that is periodically reviewed and adjusted to reflect the needs of the community, updates in the law, and to provide continuous improvement in the development of an effective ELO-P.

The LEA is responsible for creating, reviewing, and updating the program plan every three years in accordance with *EC* Section 8482.3(g)(1). LEAs are encouraged to work collaboratively with partners and staff to develop and review the program plan. The LEA is responsible for the plan and the oversight of any community partners or subcontractors. The LEA should include any partners in the development and review of the plan. It is recommended that the plan be reviewed annually.

The Expanded Learning Division adopted the *Quality Standards for Expanded Learning in California* (Quality Standards) and introduced requirements for Continuous Quality Improvement (CQI) to help programs engage in reflection and be intentional about program management practices and activities delivered to students. To create the program plan, provide a narrative description in response to the prompts listed under each Quality Standard below. The LEA may customize and include additional prompts, such as describing SEL activities, or refining the plan. In addition to the narrative response, it may be useful to include tables, charts, or other visual representations that contribute to the understanding of the ELO-P. LEAs are encouraged to download and reference the Quality Standards in order to provide ongoing improvements to the program. The Quality Standards can be found on the California Department of Education’s (CDE) Quality Standards and CQI web page, located at <https://www.cde.ca.gov/ls/ex/qualstandcqi.asp>.

Expanded Learning Opportunities Program Plan Guide

1—Safe and Supportive Environment

Describe how the program will provide opportunities for students to experience a safe and supportive environment. Include if the program will be offered on the schoolsite or off campus. If not on site, describe where in the community it will be and how students will be supported to get there.

Students will receive supplementary instruction and academic acceleration after school in their classrooms or ASES. In most cases, instruction will be facilitated by the students' general education teachers and will support their individual learning needs.

2—Active and Engaged Learning

Describe how the program will provide opportunities for students to experience active and engaged learning that either supports or supplements, but does not duplicate, the instructional day.

Teachers will engage students with explicit direct instruction to enhance core subject matter mastery. Curriculum and instructional techniques and strategies will support and supplement standards taught during the instructional day.

3—Skill Building

Describe how the program will provide opportunities for students to experience skill building.

The after-school ASES program will be based on small group instruction. Students will be scheduled to attend tutoring in groups of ten or less to facilitate increased participation, collaboration, and individual skill building.

4—Youth Voice and Leadership

Describe how the program will provide opportunities for students to engage in youth voice and leadership.

In small groups, students will be encouraged to become more confident in expressing their learning needs and goals for subject matter mastery. In groups of ten or less, teachers will facilitate more student participation in classroom discussions and learning activities to develop a stronger youth voice.

5—Healthy Choices and Behaviors

Describe how the program will provide opportunities for students to engage in healthy choices and behaviors. Describe how students will be served nutritious meals and/or snacks during the ELO-P hours of programming.

Through regularly scheduled tutoring, academic rigor will be a focus. Students will have opportunities to complete work before leaving school and learn the importance of prioritizing tasks. Nutritious snacks will be served during after-school tutoring.

6—Diversity, Access, and Equity

Describe how the program is designed to address cultural and linguistic diversity and provide opportunities for all students to experience diversity, access, and equity. Describe how the ELO-P will provide access and opportunity for students with disabilities.

English learners as well as students with disabilities will be encouraged to attend after-school tutoring. All program information will be translated and dispersed to the families of English Learners and bilingual staff will be available to communicate with parents about student progress. RSP paraprofessionals will also be included in program staffing to support learning needs of students with disabilities.

7—Quality Staff

Describe how the program will provide opportunities for students to engage with quality staff.

Highly qualified certificated staff will facilitate the program and deliver instruction. Staff have been trained in optimal engagement strategies through explicit direct instruction.

8—Clear Vision, Mission, and Purpose

Describe the program's clear vision, mission, and purpose.

The after-school tutoring program has a clear vision, mission, and purpose to provide enhanced learning opportunities for students in a small group setting that will scaffold them to grade level standards mastery and mitigate lost instructional time.

Expanded Learning Opportunities Program Plan Guide

9—Collaborative Partnerships

Describe the program's collaborative partnerships. Local educational agencies are encouraged to collaborate with non-LEA entities to administer and implement ELO-P programs.

The District collaborates with stakeholders that include parents groups and community partners to develop and implement an after-school plan that serves to enhance classroom learning.

10—Continuous Quality Improvement

Describe the program's Continuous Quality Improvement plan.

The quality of the program will be measured by student academic achievement as measured by state and local assessments. In addition, student leadership and voice will be measured by teacher anecdotal evidence and classroom participation/interaction.

Expanded Learning Opportunities Program Plan Guide

11—Program Management

Describe the plan for program management.

Academic achievement for student program participants will be reviewed on a quarterly basis with regular staff meetings in which student growth in all areas will be reviewed and collaboratively discussed. Participation levels will be adjusted based on student growth.

General Questions

Existing After School Education and Safety (ASES) and 21st Community Learning Centers (21st CCLC) Elementary and Middle School grantees.

ASES, 21st CCLC Elementary/Middle School, and the ELO-P should be considered a single, comprehensive program. In coordinating all these funding streams to move towards a single program, the expectation is that the most stringent requirements will be adopted for program guidance. If one or both grants are held, please describe how the ELO-P funding will be used to create one comprehensive and universal Expanded Learning Program.

ELO-P funding will be used in conjunction with all other funding sources to create a comprehensive program to mitigate learning loss. The after-school tutoring plan funded through ELO-P will support students who need further instructional minutes over and above regular class time to master grade level standards and recoup learning loss. Tutoring will be used along with vigorous intervention programs on campus to support the District's efforts to recapture learning loss and scaffold students to subject matter mastery. Intervention programs include additional teachers, paraprofessionals and materials--all funded with Expanded Learning Opportunity Grant as well as ESSER III federal funds.

Expanded Learning Opportunities Program Plan Guide

Transitional Kindergarten and Kindergarten

Programs serving transitional kindergarten or kindergarten pupils shall maintain a pupil-to-staff member ratio of no more than 10 to 1. (EC Section 46120[b][2][D]). Please address the proposed schedule and plan for recruiting and preparing staff to work in the program, including supporting them to understand how to work with younger children. How will the lower pupil-to-staff ratio be maintained? How will the curriculum and program be developmentally-informed to address this younger age group?

Transitional Kindergarten and Kindergarten students identified with the highest areas of academic need will participate in after-school tutoring. Both Kindergarten teachers have had extensive training and background in early childhood development to provide an optimal environment for that age group to receive after-school academic support. Teachers will coordinate and plan the program to have a student to teacher ratio of no more than 10 to 1.

Sample Program Schedule

Please submit a sample program schedule that describes how the ELO-P or other fund sources, including the California State Preschool Program for children enrolled in transitional kindergarten or kindergarten, will be combined with the instructional day to create a minimum of nine hours per day of programming (instructional day plus ELO-P or other supports). Also, submit a sample schedule for a minimum nine-hour summer or intersession day.

Transitional Kindergarten/Kindergarten schedule: After-school tutoring from 2:45-4:30 p.m. Tuesdays-WednesdaysThursdays. Tuesdays and Thursdays will be designed to scaffold students' ELA mastery; Wednesdays will be reserved for Mathematics support. (Instructional Day begins at 8:10)
