A non-refundable deposit, due in March, each following year will be required to secure a place. This deposit, equivalent to the Stability Reserve fee, is credited as a pre-payment of the Stability Reserve annual fee.

- The School Growth Fund is currently allocated to the building refits.
- The Stability reserve is to protect the sustainability of the school and to help alleviate future fee increases due to fluctuations in the government's subsidy, enrolment and extraordinary economic circumstances.
- The Tuition fees are to fund the annual operational budget of the school

Please note that the school fees benefit from the Luxembourg State Subsidy for private schools which presently averages approximately €11,868 per child. Without this State subsidy the tuition fees payable would increase by a similar amount.
