

ECO SCIENCE Challenge

SOLUTIONS FOR OUR FUTURE

APRIL 25 | 10 A.M. TO 2 P.M.
REGISTER BY APRIL 12

Innovative Hoosier students are invited to get involved in becoming the solution to global climate issues. Students can submit science challenge projects on a range of topics including aquaculture, vermiculture, composting, social awareness, urban farming, alternative energy and recycling initiatives in their schools and communities. Monetary prizes will be awarded to the schools of the winning students to assist in continuing eco-science-related work.

HOW TO GET INVOLVED:

- Elementary, middle and high school students, Scouting America, Girl Scouts, homeschool students and 4-H groups are invited to present projects for the 2025 challenge.
- Schools, organized groups, students and families are welcome to attend.
- Students have the option to submit their project either for the competition or to exhibit and share with fellow students.
- Visit our website for competition rules and to register: indianamuseum.org/eco-science application deadline is April 12.
- Do you have questions? Contact Brittney Basaran, school programs manager, via email at bbasaran1@indianamuseum.org or by calling 317.409.7136.
