2024-2025 Annual Education Report

Buchanan Elementary School

16400 Hubbard

Livonia, MI 48154

734 744-2690

Jen Wilson, Principal

February 1, 2025

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2024-2025 education process for Buchanan Elementary School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability and teacher quality. If you have any questions about the AER, please contact Jen Wilson, Principal of Buchanan Elementary, for assistance.

The AER is available for you to review electronically by visiting the following web site [Buchanan Website](#) or you may review a copy by contacting the Buchanan Elementary School office.

For the 2024-2025 school year, schools were identified based on previous years' performance using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that had at least one underperforming student subgroup in 2023-2024. An Additional Targeted Support (ATS) school is one that had a student subgroup performing at the same level as the lowest 5% of all schools in the state in 2021-2022. A Comprehensive Support and Improvement (CSI) school is one whose performance was in the lowest 5% of all schools in the state, had a graduation rate at or below 67%, or failed to exit ATS status in 2021-2022. Some schools are not identified with any of those labels. In these cases, no label is given. Our school has not been given one of these labels.

The AER has two major sections to it that are required by state law. The information contained in the first section was compiled by district staff. It presents relevant information about our district, our academic programs, school improvement efforts, two years of results on district developed assessments and nationally norm referenced assessments. It also includes the district's parent involvement policy and specialized programs.

The second section of the report contains information provided by the Michigan Department of Education and is required to be presented in MDE format. Based on this data, our school has identified students one to two grade levels behind, for whom additional intervention and support is needed in order to increase their proficiency and to close the achievement gap in the targeted areas.

In place is a multi-tiered system of support, including the use of research-based interventions targeting specific students with specific needs. Kindergarten, first and second grade teachers have been trained and using Orton- Gillingham, a multisensory phonic technique for remedial reading instruction. All teachers are using integrated units of study that will incorporate reading, writing, science and social studies. In addition, ongoing professional development and dialogue focusing on strategies to support struggling learners take place regularly. We also concentrate our efforts in an ongoing analysis of formative assessments to determine the needs of all students, followed by the provision of targeted learning intervention to students in need. Grade level teams meet weekly for PLC sessions, and we conduct schoolwide data dives three times each year for Tier I and Tier II reflection, intervention and improvement. These initiatives are

intended to accelerate the student achievement of Buchanan subgroups, including the state's Bottom 30%, that are not meeting our school's proficiency targets.

State law requires that we also report additional information as found on the following pages.

Our collaborative efforts positively impact our school's success and student achievement as evidenced by the steady reduction of students on Individualized Reading Intervention Plans.

Sincerely,

Jennifer Wilson
Buchanan Principal
