

Music Scholarship Expectations

General Information

A Music Scholarship is a significant achievement and are awarded to a small number of students showing a combination of ability, potential and passion for music. They entitle the recipient to a reduction in school fees for their time in the Senior Division. Many of our most talented musicians have gone on to study Music at university or in a conservatoire and we hope that students awarded a Music Scholarship will continue to flourish in their music-making and perhaps follow in the footsteps of our alumni.

The Music Scholarship is awarded to both assist with the costs associated with the study of one or more musical instruments and to also acknowledge the contribution that a scholar will make to the school's Music Department. All Music Scholarships will be reviewed annually, and this is an opportunity to both celebrate a student's achievements and to ensure their continuing commitment to music-making within the School.

Annual Review

The annual review will be undertaken by members of the Music department, discussing a student's musical progress and contributions over the course of the academic year and to set challenges for the year ahead.

The review will be scheduled before May half-term. If students receive their instrumental/voice tuition outside of school, then we request an annual report on progress is submitted to the Director of Music before the May half-term break.

Expectations of Music Scholars

It is expected that Music Scholars should:

- Continue to make progress in their first and second (where applicable) instruments/voice so as to support and promote advanced music making at King's.
- Act as ambassadors for school music across the Foundation
- Be a regular member of at least two school choirs/ensembles, regularly attending rehearsals and practices
- play an active role in musical events organised by the Music Department.

Award holders may also, at the discretion of the Director of Music/Music Department:

- Perform in school assemblies and chamber music concerts (e.g. Music at Mike's).
- Assist at school rehearsals and concerts (e.g. stage management, front of house).

Music Scholars are also encouraged to study Music within the academic curriculum to a high standard.

Should a student receive a Music Scholarship award, both parent and student will be asked to sign and return a copy of the Academic Scholarship Expectations Form issued alongside a copy of the Admissions Agreement form.
