

# CALVIN VINCENT EARLY CHILDHOOD

## Why Choose Calvin Vincent?

At Calvin Vincent Early Childhood Center, we proudly serve Pre-K4, ECSE, and Head Start 3- and 4-year-old students in TCISD. Our curriculum focuses on school readiness through creative, hands-on learning experiences. Each of classroom is staffed with a certified teacher and an educational assistant, ensuring personalized instruction. We are dedicated to fostering students' social, emotional, physical and academic growth. Our mission is to nurture curiosity, creativity, and a lifelong love of learning through research-based programs.

## Opportunities for Parents

- Parent Committees
- Workshops
- Literacy Night
- Classroom Readers
- Lunch Helpers
- Recess Volunteers

## Programs and Pathways

Looking ahead to Fall 2025, the school will open a new campus designed to resemble a children's museum. This innovative facility will feature 16 distinct learning environments for 4-year-olds and 5 specialized settings for ECSE and 3-year-old students. These immersive spaces will encourage active exploration, allowing children to engage with dynamic settings such as space, the ocean, and community roles. Through these experiences, students will build literacy, numeracy, and social skills in a fun, interactive setting.

## Conscious Discipline

At Calvin Vincent Early Childhood Center, we are proud to implement Conscious Discipline, a research-based social-emotional learning (SEL) curriculum designed to build emotional intelligence in children and strengthen family connections. Our program equips students with essential life skills such as self-regulation, problem-solving and positive communication. Through interactive lessons, calming strategies and social stories, students learn to manage emotions, build relationships, and develop empathy.

"I love Calvin Vincent. I know my son is safe and loved. He adores his teachers."

~ Calvin Vincent Parent
