

CAREER & TECHNICAL EDUCATION

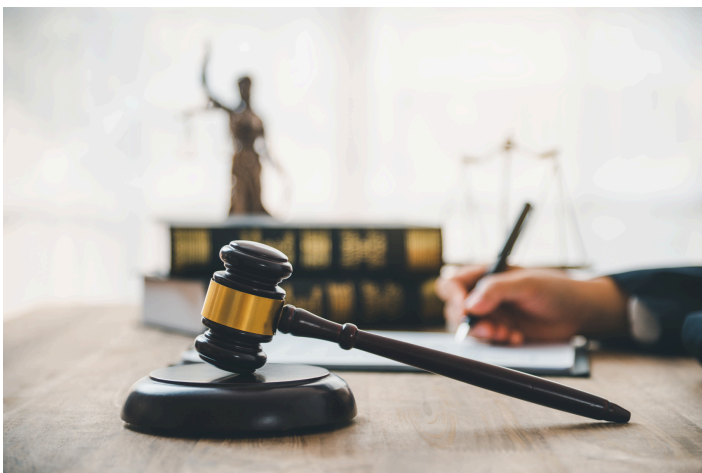

LAW ENFORCEMENT

In the Law Enforcement program of study, students will learn how to appropriately and legally respond to breaches in the law, according to statutory rules and regulations. Students learn major definitions and concepts, classifications of crime, elements of crimes and penalties using Texas Statutes as illustrations. Students also examine the criminal justice system, law enforcement, court system, aspects of prosecution and defense, the trial process, and correctional systems.

This program of study is recommended for students considering careers as a Law Enforcement Officer, Correctional Officer, Legal Assistant, or Private Security careers.

Students can earn their Level 2 non-commissioned Security Officer Certification from the State Of Texas.
