

A provider by your side

Leslie Pierce, PA-C
Physician Associate

o. 262-214-1101
f. 855-475-8219

17000 W North Ave, Ste 100E
Brookfield, WI 53005

Board Certifications:

NCCPA- Physician Assistant

Graduate Degrees:

Master of Science in Physician Assistant Studies at Concordia University Wisconsin

Undergraduate Degrees:

Bachelor of Science- Psychology at Carroll University

My Philosophy of Care:

Preventative care and early disease intervention is something that I am passionate about and fortunately, is strongly emphasized through the Marathon Health model. I believe that everyone should have easy access to quality, personalized healthcare.

Clinical Interests:

I place a strong emphasis on shared decision making between provider and patient as every patient should feel empowered and well informed about their personal health. My goal is to provide patients with the knowledge to achieve wellness and overcome any obstacles to their health and wellbeing.

Personal Interests:

Outside of work, I enjoy spending time with family and friends, cooking, baking and completing home improvement projects. I also love to camp, spend time outside when the weather is nice and keep up with my active dog.

Patients ages: 0+
