

SCHOOL DISTRICT RECORDS REGULATION

The following comprises the rules and regulations relating to the inspection and production of school district records:

I. Designation of Officers

1. The Records Access Officer will be Assistant Superintendent for Business and Operations, who will:
 - receive requests for records of the Board of Education and make such records available for inspection or copying when such requests are granted;
 - ensure that district information that is not permitted to be released is not released (see section IV. Records Exempted from Public Access, below); and
 - compile and maintain a detailed current list by subject matter, of all records in the possession of the Board, whether or not available to the public.
2. The Superintendent of Schools, with the Board's approval, will designate a Records Management Officer for the district. The Records Management Officer will develop and oversee a program for the orderly and efficient management of district records, including maintenance of information security as it pertains to release of district records. The Records Management Officer will ensure proper documentation of the destruction of records, in accordance with the schedule.

II. Definition of Records

1. A record is defined as any information kept, held, filed, produced or reproduced by, with or for the district in any physical form whatsoever, including but not limited to reports, statements, examinations, memoranda, opinions, folders, files, books, manuals, pamphlets, forms, papers, designs, drawings, maps, photos, letters, microfilms, computer tapes or disks, rules, regulations or codes.
2. The Records Access Officer will have the responsibility for compiling and maintaining the following records:
 - a. a record of the final vote of each member of the Board on any proceeding or matter on which the member votes;
 - b. a record setting forth the name, school or office address, title and salary of every officer or employee of the district; and
 - c. a reasonably detailed current list by subject matter of all records in possession of the district, whether or not available for public inspection and copying.

3. No record for which there is a pending request for access may be destroyed. However, nothing in these regulations will require the district to prepare any record not possessed or maintained by it except the records specified in II(2), above.

III. Access to Records

1. Time and place records may be inspected: Records may be requested from, and inspected or copied at, the Office of the Records Access Officer, by appointment. Records may also be requested via e-mail at the following address: Assistant Superintendent for Business and Operations.
2. Fees: The fee for documents up to 9 x 14 inches is 25 cents per page. For documents larger than 9 x 14 inches, tape or cassette records, computer printouts, or other records, the cost will be based on the actual cost of reproduction or program utilized. Fees are subject to periodic review and change. However, no fee will be charged for records sent via e-mail, the search for or inspection of records, certification of documents, or copies of documents which have been printed or reproduced for distribution to the public. No fee will be charged if an identical record has been prepared within the past six (6) months and an electronic copy is available, except for the actual cost of a storage device if one is provided in complying with the request. The number of such copies given to any one organization or individual may be limited, in the discretion of the Records Access Officer. In determining the actual cost of reproducing a record, the district may only include: (1) the hourly salary of the lowest paid employee with the necessary skill required to prepare a copy of the record, but only where at least two hours is required, (2) the actual cost of any storage devices or media provided in complying with the request, and (3) the actual cost to the district of engaging an outside service needed to prepare a copy of the record if the district's equipment is not able to prepare a copy. The district will inform the person making the request of the estimated cost, if more than two hours of employee time would be needed, or if it would be necessary to retain an outside service.
3. Procedures: Requests to inspect or secure copies of records must be submitted in writing, either in person, by mail or via e-mail, to the Records Access Officer. [Forms are provided (1120-E.1-2) for written and e-mail requests, but are not required.]
4. All requests for information will be responded to within five business days of receipt of the request. If the request cannot be fulfilled within five business days, the Records Access Officer will acknowledge receipt of the request and provide the approximate date when the request will be granted or denied.
5. If a request cannot be granted within 20 business days from the date of acknowledgement of the request, the district must state in writing both the reason the request cannot be granted within 20 business days, and a date certain within a reasonable period when it will be granted depending on the circumstances of the request.

6. Denial of Access: When a request for access to a public record is denied, the Records Access Officer will indicate in writing the reasons for such denial, and the right to appeal.
7. Appeal: An applicant denied access to a public record may file an appeal by delivering a copy of the request and a copy of the denial to the Superintendent within 30 days after the denial from which such appeal is taken.
8. The applicant and the New York State Committee on Open Government will be informed of the Superintendent's determination in writing within 10 business days of receipt of an appeal. The Superintendent will transmit to the Committee on Open Government photocopies of all appeals and determinations.

IV. Records Exempted from Public Access

The provisions of this regulation relating to information available for public inspection and copying do not apply to records that:

1. are specifically exempted from disclosure by state and/or federal statute;
2. if disclosed would constitute an unwarranted invasion of personal privacy;
3. if disclosed would impair present or imminent contract awards or collective bargaining negotiations;
4. are trade secrets, or are submitted to the Board by a commercial enterprise (e.g., a for-profit business entity) and which if disclosed would cause substantial injury to the competitive position of that enterprise;
5. are compiled for law enforcement purposes and which, if disclosed, would:
 - a. interfere with law enforcement investigations or judicial proceedings (except that if the district is not conducting the investigation, it must receive confirmation from the agency conducting the investigation that disclosure would interfere with an ongoing investigation);
 - b. deprive a person of a right to a fair trial or impartial adjudication;
 - c. identify a confidential source or disclose confidential techniques or procedures, except routine techniques or procedures; or
 - d. reveal criminal investigative techniques or procedures, except routine techniques and procedures;
6. which if disclosed would endanger the life or safety of any person;
7. which are interagency or intra-agency communications, except to the extent that such materials consist of:
 - a. statistical or factual tabulations or data;
 - b. instructions to staff which affect the public;
 - c. final Board policy determinations; or
 - d. external audits, including but not limited to audits performed by the comptroller and the federal government;
8. which are examination questions or answers that are requested prior to the final administration of such questions;

9. which if disclosed would jeopardize the district's capacity to guarantee the security of its information technology assets (which encompasses both the system and the infrastructure).

V. Prevention of Unwarranted Invasion of Privacy

To prevent an unwarranted invasion of personal privacy, the Records Access Officer may delete identifying details when records are made available. An unwarranted invasion of personal privacy includes but is not limited to:

1. disclosure of confidential personal matters reported to the Board which are not relevant or essential to the ordinary work of the Board;
2. disclosure of employment, medical or credit histories or personal references of applicants for employment, unless the applicant has provided a written release permitting such disclosures;
3. sale or release of lists of names and addresses in the possession of the Board if such lists would be used for private, commercial or fund-raising purposes;
4. disclosure of information of a personal nature when disclosure would result in economic or personal hardship to the subject party and such records are not relevant or essential to the ordinary work of the Board; or
5. disclosure of items involving the medical or personal records of a client or patient in a hospital or medical facility.

Unless otherwise deniable, disclosure is not construed to constitute an unwarranted invasion of privacy when identifying details are deleted, when the person to whom records pertain consents in writing to disclosure, or when upon presenting reasonable proof of identity, a person seeks access to records pertaining to themselves.

Additionally, even if a release of information would be permitted under the state's Freedom of Information Law (FOIL), the district will not use or disclose any student or staff personally identifiable information (PII) unless it benefits students and the district, in conformance with state Education Law §2-d ("§2-d") and state regulations 8 NYCRR Part 121 ("Part 121"). Releases that "benefit students and the district" include:

- improving academic achievement,
- empowering parents and students with information, and
- and/or advancing efficient and effective school operations.

PII for student data is defined in federal regulations 34 CFR §99.3, and PII for teacher and principal data is defined in state Education Law §3012-c(10). The Superintendent, the

district's Data Protection Officer, and the district's attorney, if necessary, will assist in determining whether complying with a FOIL request can be done in conformance with §2-d and Part 121.

VI. Listing of Records

Pursuant to Section 87(3)(c) of the Public Officers Law, the district will maintain a reasonably detailed list by subject matter of all records in the possession of the school district, whether or not available under the law. The subject matter list will be detailed enough to allow the category of the information sought to be identified. The district will update the subject matter list annually, and conspicuously show the most recent date on the list. The Superintendent or designee, in consultation with the Records Management Officer, will develop and disseminate department-specific guidance so that staff can implement this policy and regulation.

VII. Litigation-Hold

The Superintendent will designate a "discovery" team, comprised of the school attorney, Director of Technology, the Records Access and Records Management Officer and other personnel as needed. The discovery team will convene in the event that litigation is commenced to plan to respond to the request for records. The Superintendent, with assistance from the Director of Technology, will ensure that measures are put in place to preserve applicable records.
