ON THE COVER

Liberty High School Senior Jaxon Hicks poses with his classmates after being named the 2024 Simone Award winner on Tuesday, December 10, 2025. You can read more about this exciting news on page 6 of this edition.

LPS Community,

As we now move into the second half of our school year, I want to take a moment to reflect on what we've accomplished so far and share some important updates about our continued efforts to ensure the success and well-being of our students.

Celebrating Our Successes

The first half of the school year was a time of tremendous growth and achievement. I am proud to share some of the highlights:

- **Academic Excellence:** Our students in LPS continue to demonstrate resilience and hard work. Whether it be in the classroom or through extracurricular activities, we continue to see strong academic performance and increased engagement across grade levels. Our teachers and staff have been instrumental in creating engaging and rigorous learning environments, and I thank them for their continued dedication. You will see firsthand in this publication many of the accomplishments achieved by our students and staff through the first half of this school year.
- **Community Engagement:** Through efforts from our strategic plan and District Leadership Team, partnerships between our schools and the community continue to grow. Parent involvement exists at high levels, and local businesses and organizations have stepped up to support our schools in meaningful ways. We appreciate the continued collaboration and support from our families and community members.
- **Facilities and Infrastructure:** If you follow us on some of our social media platforms, you have likely seen construction progress that has been taking place all across Liberty Public Schools. We were excited to introduce upgraded learning spaces at both Heritage Middle School and Liberty High School when students returned from winter break in January 2025. The new gymnasium/learning spaces at EPiC Elementary were set for completion in February, with several other additions expected to be completed later this spring, including activity spaces at Discovery Middle School and South Valley Middle School, and the new Distribution Center. I would encourage you to visit our LPS website (www.lps53.org) for all of the

details regarding our construction upgrades. None of this work would be possible without the support from our community, who approved our No-Tax-Increase Bond Issue in April 2023.

Looking Ahead to the Second Half of the Year

As I draft this update, approximately four months remain in this 2024-2025 school year. There is so much left to accomplish prior to turning the page on another school year. The positive relationships that have been formed between our teachers and students are now well-established, and will be invaluable as the teaching and learning provides tremendous learning experiences at all levels.

Closing Thoughts

As we move forward, I am confident that together, as a school community, we can continue to build on our successes and address the challenges that come our way. I encourage all of you to stay engaged, to continue communicating openly, and to remain committed to the shared goal of providing a high-quality education for every student in our district so that they can THRIVE. Please know that we are always here to assist with your individual needs and we have in place various communication platforms to not only keep you updated on LPS happenings, but always opportunities to engage directly with us. I would encourage you to visit our district website at www.lps53.org to view the many engagement platforms that we utilize.

Thank you once again for your hard work, dedication, and support. I look forward to what we will accomplish together in the second half of the year.

Wishing you all continued success and an enjoyable remainder of the school year!

Be Well!

Dr. M. Jeremy Tucker,
Superintendent - Liberty Public Schools

If you would like more information about Liberty School District, please contact the Communications Office at 736-5300, or visit our website at www.lps53.org.

Telling the LPS Story

In Liberty Public Schools, several social media platforms that we have in place provide us with the opportunity to tell our story. One of these platforms is X (formerly Twitter), where we share updates daily. Provided are some posts that were shared this semester to help tell the LPS story. In addition, you will find all of our school X handles and hashtags below, and we encourage you to give them a follow!

Jaxon Hicks Wins Prestigious Simone Award

It was a historic morning inside the Liberty High School Fieldhouse on Tuesday, December 10, 2024, as Blue Jay Senior Jaxon Hicks was announced as the 2024 Thomas A. Simone Award winner at the surprise all-school assembly.

The Simone Award is presented annually to the most outstanding high school football player in the greater Kansas City area, now in its 42nd year since the introduction of the award. Making the morning even more special was the fact that Hicks became the first player in the history of Liberty Public Schools to claim this prestigious award.

"I'm glad to be able to bring this award to Liberty," said Hicks. "It means the world to receive it and I want to thank my teammates for this."

It was a history-making season for Hicks, as he broke numerous school records including the single season rushing record of over 2,700 yards, and scoring an unprecedented 31 touchdowns during the 2024 campaign. He helped lead the Blue Jays to the Missouri Class 6 semifinals, which was the deepest run by LHS since 1997.

Players and coaches from across the Kansas City metro were in attendance for the Simone ceremony, as awards were presented to athletes from both Missouri and Kansas. Also on hand were countless Kansas City Chiefs Alumni, including Pro Football Hall of Famer Bobby Bell, who shared remarks with the audience.

We congratulate Liberty High School Senior Jaxon Hicks on this amazing recognition!

Frigon is Kansas City Chiefs/ Eric Driskell Coach of the Year

Also in attendance and surprised with an award at the ceremony was long-time Liberty High School Teacher/Coach Chad Frigon, who was presented with the 2024 Kansas City Chiefs/Eric Driskell Coach of the Year Award.

As shared above, Coach Frigon helped guide the Blue Jays to the Missouri Class 6 state semifinals, the deepest run LHS has had since 1997. Frigon has been a member of the Liberty Public Schools team for 30 years, and has a deep passion for both Liberty High School and the Blue Jays.

"The amazing relationships I have been able to have during my time in Liberty have been special," said Frigon. "This is a great place to work and live, and I'm just so fortunate to have been a part of it."

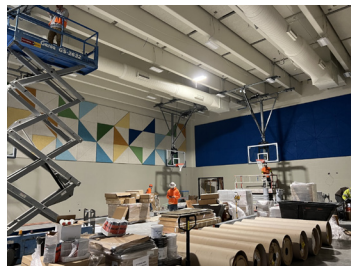

The Kansas City Chiefs/Eric Driskell Coach of the Year award was first presented as part of the Thomas A. Simone Awards in 2018, and is in honor of the late Blue Valley coach who twice won the award and passed away tragically in 2017. Similar to Hicks, Coach Frigon became the first LPS coach to win this award.

Making Room for Opportunities

LPS Unveils Construction Upgrades to Enhance Student Learning

Thanks to the incredible support from our LPS community with the passage of the April 2023 No Tax Increase Bond Issue, construction projects continue to take place all across Liberty Public Schools. Several projects were completed as early as the spring of 2024, with others in the midst of construction and several more to begin over the next several months. We wanted to take a moment and share with you some of the work that is taking place, and the benefits that this will provide the students, staff, families, and community members of Liberty Public Schools.

EPiC Elementary

EPiC is excited to introduce the community to the new 6,000 square feet addition located on the north side of the building, which will provide much-needed space for physical education classes, along with performances and large gatherings. Choir and art classes will also benefit from this addition, as classes will be held in this new space.

South Valley and Discover Middle Schools

Both of these neighboring middle schools will receive respective 8,000 square feet additions located on the west side of the schools, and will provide space for physical education, performances, and large gatherings. These additions also address space constraints within the existing buildings. Both LPS Fine Arts and Physical Education/Athletics will benefit from these spaces and Liberty Parks and Recreation programming will benefit with after school hour use of these facilities. It is expected that these projects will be completed in late spring 2025.

Heritage Middle School

One of the more significant building projects that occurred as part of this work involves the renovations made recently to Heritage Middle School. Nearly 21,000 square feet of classroom space located on the south side of the existing building were fully renovated to bring the areas up to a higher design and functionality, and accessibility, standard. This newly renovated space was completed and greeted students upon their return from the winter vacation in January 2025. The next phase of renovations to HMS will begin this summer and involve significant renovations to the original building, including interior upgrades and exterior repairs.

Liberty High School

Another newly-renovated space that welcomed staff and students when the second semester began in January 2025 was the nearly 11,000 square foot Family and Consumer Sciences and Special Education spaces at Liberty High School. This space is used to support current and future program needs, and includes updated equipment and kitchens for FACS, enhancing the learning opportunities for students. LHS will also be undergoing a second phase of work in the kitchen, cafeteria/scramble area that will begin this summer and result in significant enhancements within this important area of the building.

We encourage our LPS community to remain engaged on our various communication platforms as we continue to share facility/construction updates in the coming weeks. There are several additional projects that we are excited to see get started later this spring and summer. Our LPS website is a great resource to view a timeline of the work, along with regular updates to the projects. Again, thank you for your support of our students and staff as we provide amazing learning experiences for our students.

Elevate Your Career with a Doctorate in Curriculum and Instruction

COURSE HIGHLIGHTS:

- ✓ **Fully Online:**
Study from anywhere
while you continue your
teaching career.
- ✓ **3-Year Completion:**
Fast-track your doctorate
in just three years.
- ✓ **No GRE Required:**
Simplified admission process
with the GRE waived.

PROGRAM FEATURES:

- **Accelerated Learning:**
Achieve your doctoral degree in a streamlined
three-year program, designed for busy educators.
- **Embedded Dissertation:**
Our curriculum is strategically crafted to incorporate
your dissertation research, providing comprehensive
support throughout your studies.
- **Innovative Internships:**
Participate in unique internships that bolster your
dissertation research and enhance your professional
practice and classroom impact.
- **Cohort Model:**
Join a diverse cohort of educators from across
the country, sharing insights and learning together
under the guidance of seasoned faculty.

the intersection of
INNOVATION ♦ HOPE

Your family's guide to great health...

care that's designed for you
and with you.

Your journey to better health is as unique as you are – so we deliver primary care with the personalized services you need, ensuring the premier patient experience you deserve.

With comprehensive services offered across our five Northland locations, quality care is always within reach. Our family medicine, internal medicine, pediatrics and urgent care teams connect your family to exceptional care and guidance for great health at every age.
