#### INDEPENDENT AUDITOR'S REPORT

Board of Education Golf School District No. 67 Morton Grove, Illinois

#### Report on the Audit of the Financial Statements

#### **Opinions**

We have audited the accompanying modified cash basis financial statements of the governmental activities, and each major fund of Golf School District No. 67, as of and for the year ending June 30, 2024, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements, as listed in the table of contents. We have also audited the individual fund financial statements presented as audited individual fund financial statements as of and for the year ended June 30, 2024, as listed in the table of contents.

In our opinion, the basic, and individual fund, financial statements referred to above present fairly, in all material respects, the respective financial position—modified cash basis of the governmental activities, and each major fund, and each individual fund, of the Golf School District No. 67, as of June 30, 2024, and the respective changes in financial position—modified cash basis, thereof for the year then ended in accordance with the basis of accounting as described in Note 1.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the School District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Emphasis of Matter - Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

Board of Education Golf School District No. 67 Page 2

#### Responsibility of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omission, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or
  error, and design and perform audit procedures responsive to those risks. Such procedures include
  examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that
  are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
  effectiveness of the School District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in or judgement, there are conditions or events, considered in the aggregate, that
  raise substantial doubt about the School District's ability to continue as a going concern for a reasonable
  period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Board of Education Golf School District No. 67 Page 3

#### Supplemental Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Golf School District No. 67's basic financial statements. The supplemental information on pages 6-12, and 51-62, as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. The supplemental information is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated November 19, 2024, on our consideration of Golf School District No. 67's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Golf School District No. 67's internal control over financial reporting and compliance.

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Education Golf School District No. 67 Morton Grove, Illinois

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major, and each individual fund of Golf School District No. 67 as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise Golf School District No. 67's basic financial statements, and have issued our report thereon dated November 19, 2024, which was qualified because the financial statements were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

#### Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Golf School District No. 67's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Golf School District No. 67's internal control. Accordingly, we do not express an opinion on the effectiveness of Golf School District No. 67's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Board of Education Golf School District No. 67 Page 2

#### Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Golf School District No. 67's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Golf School District No. 67's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Excy, Kamschulte, Jacobs 4 Co. LLP

EVOY, KAMSCHULTE, JACOBS & CO. LLP

November 19, 2024 Waukegan, Illinois Our discussion and analysis of Golf School District No. 67's (the District) financial performance provides an overview of the District's financial activities for the fiscal year ended June 30, 2024. Please read it in conjunction with the District's financial statements, which begin on page 13.

#### FINANCIAL HIGHLIGHTS

- The assets of the District exceeded its liabilities at June 30, 2024 by \$22,471,852 (net position).
- The District's total net position increased by \$1,837,824.
- At June 30, 2024, the District's governmental funds reported combined fund balances of \$14,167,142 an increase of \$1,107,173 over the prior year's total of \$13,059,969.
- Approximately 55.9% of the total combined fund balance of \$14,167,142, or \$7,914,301, may be used to finance day-to-day operations (unassigned fund balance), which was approximately 60.5% of General (Educational) Fund expenditures.

#### USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Position – Modified Cash Basis and the Statement of Activities – Modified Cash Basis (on pages 13-14) provide information about the activities of the District as a whole and present a longer-term view of the District's finances. Fund financial statements start on page 15. For the governmental activities, these statements tell how these services were financed in the short term as well as what remains in future spending. Fund financial statements also report the District's operations in more detail than the government-wide statements by providing information about the District's most significant funds. The remaining statements provide financial information about activities for which the District acts solely as agent for the benefit of those outside the government.

#### Reporting the District as a Whole

Our analysis of the District as a whole begins on page 8, Table 1 and page 9, Table 2. One of the most important questions asked about the District's finances is, "Is the District as a whole better off or worse off as a result of the year's activities?" The Statement of Net Position and the Statement of Activities report information about the District as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the modified cash basis of accounting.

These two statements report the District's net position and changes in them. You can think of the District's net position – the difference between assets and liabilities – as one way to measure the District's financial health, or financial position. Over time, increases or decreases in the District's net assets are one indicator of whether its financial health is improving or deteriorating.

#### USING THIS ANNUAL REPORT (continued)

In the Statement of Net Position and the Statement of Activities, we report the District's governmental activities. All of the District's services are reported here, including, instructional services, support services, community services, and non-programmed charges. Property taxes, interest income, direct fees, and state and federal grants finance most of these activities.

#### Reporting the District's Most Significant Funds

The fund financial statements begin on page 15 and provide detailed information about the most significant funds – not the District as a whole. Some funds are required to be established by State law and by bond covenants.

Governmental funds - All of the Districts services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. The District maintains its accounting records for all funds on the cash basis of accounting under guidelines prescribed by the Illinois State Board of Education. Accordingly, revenues are recognized and recorded when cash is received. In the same manner, expenditures are recognized and recorded upon the disbursement of cash. Cash basis financial statements omit recognition of receivables and payables and other accrued and deferred items that do not arise from previous cash transactions. The governmental fund statements provide a detailed short-term view of the District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. We describe the relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds in a reconciliation schedule in the financial statements.

#### Notes to the Financial Statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements are contained on pages 19-41.

#### THE DISTRICT AS A WHOLE

A condensed statement of net position, as of June 30, 2024 and June 30, 2023, is presented below:

	Governmenta	l Activities
Table 1 - Net Position	2024	2023
Current and Other Assets	\$ 14,167,142	\$ 13,059,969
Capital Assets	12,730,544	13,080,216
Total Assets	\$ 26,897,686	\$ 26,140,185
Current Portion Long-Term Debt	\$ (1,134,295)	\$ (1,081,552)
Long-Term Debt	(3,291,539)	(4,424,605)
Total Liabilities	\$ (4,425,834)	\$ (5,506,157)
Total Net Position	\$ 22,471,852	\$ 20,634,028
Net Position		
Net Investment In Capital Assets	\$ 8,304,710	\$ 7,574,059
Restricted	6,166,523	5,943,388
Unrestricted (Deficit)	8,000,619	7,116,581
Total Net Position	\$ 22,471,852	\$ 20,634,028

#### THE DISTRICT AS A WHOLE (continued)

A condensed statement of activities, for the years ended June 30, 2024 and June 30, 2023, is presented below:

	Governmen	ntal A	ctivities
Table 2 - Changes in Net Position	2024		2023
_			
Revenues			
Program Revenues:			
Charges for Services	\$ 322,785	\$	437,316
Operating Grants	4,042,323		3,777,750
Capital Grant	-		-
General Revenues:			
Property Taxes	11,247,350		10,377,047
Other Taxes	949,775		1,441,966
Earnings on Investments	422,543		264,197
Evidence Based Funding	607,672		607,035
Tax Increment Finance Authority Refund	100,000		200,000
Other	74,626		89,002
Total Revenues	\$ 17,767,074	\$	17,194,313
Program Expenses			
Instruction	\$ 9,901,911	\$	9,706,580
Supporting Services	5,219,425	·	4,884,531
Interest and Other Charges	172,442		210,872
Depreciation-Unallocated	635,472		658,522
Total Expenses	\$ 15,929,250	\$	15,460,505
Increase (Decrease) in Net Position	\$ 1,837,824	\$	1,733,808
Net Position - beginning	20,634,028		18,900,220
Net Position - ending	\$ 22,471,852	\$	20,634,028

The net position of the District's governmental activities increased by \$1,837,824 or 8.9%. Net Position increased primarily because revenues increased over the prior year at a greater margin than the increase in expenses.

#### THE DISTRICT AS A WHOLE (continued)

Unrestricted net position – the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements – was \$8,000,619 and \$7,116,581 at June 30, 2024 and 2023, respectively. This marks an increase in the gap between unrestricted net position and liabilities in those areas where administration has authority over day-to-day operation. This \$884,038 increase in unrestricted net position arose primarily, because unrestricted receipts rose higher than the unrestricted disbursements.

#### THE DISTRICT'S FUNDS

At June 30, 2024 the District's governmental funds (as presented in the Statement of Assets, Liabilities, and Fund Balances Arising from Cash Transactions on page 15) reported a combined fund balance of \$14,167,142, which is \$1,107,173 higher than last year's total of \$11,813,113. The primary reason for the governmental funds increase is:

• Increase in overall Receipts namely in property and replacement taxes for the fiscal year ended June 30, 2024.

#### General Fund Budgetary Highlights

The July 1, 2023 to June 30, 2024 budget was approved by the District's Board of Education on September 21, 2023, and was not amended. During the year ended June 30, 2024 the District generated a surplus of \$884,038 in its General Fund.

- General (Education) Fund actual receipts were \$10,751,479, excluding On-behalf receipts. This was more than budget by over \$328,000 primarily as a result of an increase in tax receipts as compared to budget.
- General (Education) Fund actual disbursements were \$9,813,326 excluding On-behalf disbursements. Budgeted disbursements were \$10,011,327, which was more than actual disbursements by \$198,001, resulting in an overall increase in the General Fund balance.
- The Fund Balance in the Operation and Maintenance Fund was expected to decrease by (\$144,924 based on the budget, but as a result of operations and other financing sources, actually increased by over \$113,500. As a result, the ending Fund balance increased from \$1,973,266 to \$2,086,850.
- The Fund Balance in the Transportation Fund was expected to decrease \$224,372 based on the budget, but as a result of operations, actually decreased by \$13,329 due to higher than expected revenue and lower overall expenditures.
- The Fund Balance in the Municipal Retirement/Social Security Fund was expected to increase \$55,330 based on the budget, but increased 52,553.

#### Golf School District No. 67

Management's Discussion and Analysis For The Year Ended June 30, 2024

#### CAPITAL ASSETS AND DEBT ADMINISTRATION

#### Capital Assets

At June 30, 2024, the District had \$12,730,544 on invested in capital assets, including land, land improvements, buildings and equipment, as presented below:

Table 3 - Capital Assets, at June 30, - Net of Depreciation	Governments 2024	al Activities 2023
Land and Improvements Buildings Furniture and Equipment	\$ 783,804 11,321,596 625,144	\$ 848,332 11,491,472 740,412
Totals	\$ 12,730,544	\$ 13,080,216

See Notes 1 and 3 to the financial statements for additional information about changes in capital assets and depreciation

#### Long-Term Debt

At June 30, 2024, the District had \$4.4 million in bonds and notes outstanding, as presented below:

	Government	al Ac	tivities
Table 4 - Outstanding Debt, at June 30	 2024	00	2023
General Obligation Bonds Capital Lease	\$ 4,345,000 80,834	\$	5,375,000 131,157
Totals	\$ 4,425,834	\$	5,506,157

The long-term debt issued by the District was assigned a rating of "A1" by Moody's Investor Services. In November 2012, District voters approved the sale of \$8 million in bonds to fund repairs, updates, improvements and a gymnasium addition to District facilities. The total amount of bonded indebtedness represents 15.75% of the District's legal debt limit of roughly \$28.1 million. The District's rating was upgraded in 2020 to "Aa3" by Moody's Investor Services.

See Note 4 to the financial statements for additional information about long-term debt.

#### Golf School District No. 67

Management's Discussion and Analysis For The Year Ended June 30, 2024

#### ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

- With the conclusion of ESSER COVID relief funding, the district's federal grants will
  return to pre-COVID levels. The district used ESSER funds for expenses that it can now
  absorb without additional support.
- At the end of fiscal year 2024, a committee proposed a \$32.7 million plan to address life safety, maintenance, and space issues in district buildings. The board approved a \$26.3 million referendum for a building bond, to be voted on in the November 2024 election. Additionally, the board has committed \$3.4 million in non-referendum bonds, \$3 million from the fund balance, and secured \$500,000 in state grants.
- The district's collective bargaining agreement with the Golf Teacher's Association drives most of the district's expenditures. The current agreement is from fiscal year 2023 through fiscal year 2026.
- The district continues to manage its finances in a conservative manner, continuing to carry an overall fund balance in accordance with board policy.
- The district will continue to explore options for additional non-tax sources of revenue.
- The district will continue to monitor state and federal legislation that can have an impact on the District's revenues.

#### CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, investors and creditors with an overview of the District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need additional information, please contact the Business Manager at 9401 Waukegan Road, Morton Grove, Illinois 60053.

#### GOLF SCHOOL DISTRICT NO. 67

### RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF CASH RECEIPTS, DISBURSEMENTS AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED JUNE 30, 2024

Excess of Receipts and Other Financing Sources Over (Under)
Disbursements and Other Financing (Uses) - Governmental Funds

\$ 1,107,173

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful life as depreciation expense. This is the amount by which depreciation expense (\$635,472) exceeded capital outlay costs net of capital leases (\$285,800) in the period.

(349,672)

Issuing long-term debt provides current financial resources to governmental funds, but the issuance increases long-term liabilities in the statement of net position. Repayment/defeasances of long-term debt principal is an expenditure in the governmental funds, but the repayment/defeasance reduces long-term liabilities in the statement of net position. This is the amount by which repayments/defeasances \$1,080,323 of long-term debt principal is less than the proceeds of bonded debt issued (\$-0-).

1,080,323

Change in Net Position of Governmental Activities

1,837,824

#### GOLF SCHOOL DISTRICT NO. 67 NOTES TO FINANCIAL STATEMENTS JUNE 30, 2024

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### Reporting Entity

The Golf School District No. 67 (the "District") is governed by the District's Board of Education (the "Board"), which has responsibility and control over all activities related to public school education within the District. The District receives funding from local, state, and federal government sources and must comply with all of the requirements of these funding sources entities. However, the District is not included in any other governmental reporting entity as defined by generally accepted accounting principles. Board members are elected by the public and have decision-making authority, the power to designate management, the ability to significantly influence operations, and primary accountability for fiscal matters. In addition, the District's reporting entity does not contain any component units as defined in Governmental Accounting Standards.

#### New Accounting Standards

During fiscal year 2024 the District adopted or considered the following Governmental Accounting Standards Board (GASB) Statements:

• GASBS No. 100, Accounting Changes and Error Corrections (an amendment of GASB Statement No. 62),

#### Basis of Presentation

District-wide Statements: The statement of net position and the statement of activities display information about the financial activities of the overall district, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the governmental and business-type activities of the District. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties. The District has no Business-Type Activities.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the District's governmental activities.

- Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expenses—expenses of the District related to the administration and support of the District's Programs, such as personnel and accounting—are not allocated to programs.
- Program revenues include (a) charges paid by the recipients of goods or services offered by the
  programs and (b) grants and contributions that are restricted to meeting the operational or capital
  requirements of a particular program. Revenues that are not classified as program revenues,
  including all taxes and state formula aid, are presented as general revenues.

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Presentation (continued)

Governmental Fund Financial Statements: The fund financial statements provide information about the District's funds, including fiduciary funds. Separate statements for each fund category—governmental, and fiduciary—are presented. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. The District maintains individual funds as prescribed by the Illinois State Board of Education. The District reports all its funds as major governmental funds.

The District reports the following major governmental funds:

- General Fund. This fund consists of the Educational Fund and is the general operating fund of the
  District. It is used to account for all financial resources except those required to be accounted for
  in another fund. Special Education is included in this fund.
- Special Revenue Fund. This fund includes the Operations and Maintenance Fund, Transportation Fund, the Illinois Municipal Retirement/Social Security Fund, the Working Cash Fund, and the Tort Immunity Fund. The Operations and Maintenance Fund, Transportation Fund, Illinois Municipal Retirement Fund, and Tort Immunity Fund are used to account for the proceeds of specific revenue sources (other than those accounted for in the Debt Service Fund, Capital Projects Fund or Fiduciary Funds) that are legally restricted to cash disbursements for specific purposes. The District maintains a Working Cash Fund, which accounts for financial resources held by the District to be used for temporary interfund loans to any other governmental fund. Also, by Board resolution, financial resources of the Working Cash Fund can be permanently transferred to any other governmental fund through abatement or abolishment. The District considers these resources as stabilization amounts, available for use in emergency situations or when a fund revenue shortfall or budgetary imbalance occurs. Thus, the District classifies this fund as a special revenue fund due to the specific limitations on the uses of the resources within this fund.
- Debt Service Fund. The Bond and Interest Fund accounts for the accumulation of resources for, and the payment of general long-term debt principal, interest and related costs.

Fiduciary Funds are used to account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, other governments or other funds. These funds are custodial in nature and do not involve the measurement of the results of operations. The amounts due to the agency fund organizations are equal to the assets. The District does not maintain any fiduciary funds.

#### Basis of Accounting

The district-wide financial statements are reported using the modified cash basis of accounting. The cash basis of accounting is modified to account for: recording of depreciation on fixed assets, recognition of the net depreciated value of fixed assets, and, recognition of long-term liabilities. Non-exchange transactions, in which the District gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. Revenue from property taxes, grants, entitlements and donations are recognized when received consistent with the cash basis of accounting.

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The governmental fund financial statements, and all other financial statements, are reported using the cash basis of accounting. Accordingly, revenues are recognized and recorded in the accounts when cash is received. In the same manner, expenditures are recognized and recorded upon the disbursement of cash. Assets of a fund are only recorded when a right to receive cash exists which arises from a previous cash transaction. Liabilities of a fund, similarly, result from previous cash transactions. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds from general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under terms of grant agreements, the District funds certain programs by a combination of specific cost-reimbursement grants, categorical grants, and general revenues. Thus, when program expenses are incurred, there is both restricted and unrestricted net position available to finance the program. It is the District's policy to apply cost-reimbursement grant resources to such programs, followed by categorical grants, and then by general revenues.

#### Investments

Investments, if any, are reported at fair market value in the district-wide and fund financial statements. Gains or losses, if any, on the sale of investments are recognized upon realization. The District has adopted a formal written investment and cash management policy. The institutions in which investments are made must be approved by the Board of Education. At the time of acquisition it is the District's intention to hold all investments to maturity.

#### Capital Assets

Capital assets are reported at actual or estimated historical cost. Contributed assets are reported at estimated fair value at the time received. The District generally capitalizes assets with a cost of \$5,000 or more at the time of acquisition.

Depreciation methods, and estimated useful lives of capital assets reported in the district-wide statements is as follows:

Land Improvements Buildings Equipment, other than food service Food Service equipment	Depreciation <u>Method</u> Straight Line  Straight Line  Straight Line  Straight Line	Estimated Useful Life 20 Years 50 Years 10 Years 10 Years
Transportation equipment	Straight Line	5 Years

Depreciation is used to allocate the actual or estimated historical cost of all capital assets over their estimated useful lives.

#### Restricted Resources

The District applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Net Position

Net position represents the difference between assets and liabilities. Net investment in capital assets, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

#### 2. CASH AND INVESTMENTS

The District is allowed to invest in securities as authorized by the *Illinois Compiled Statutes*, Chapter 30, Section 235/2 and 235/6, and Chapter 105, Section 5/8-7.

#### Deposits

Custodial credit risk for deposits is the risk that in the event of a bank failure, the District's deposits may not be returned or the District will not be able to recover collateral securities in the possession of an outside party. The District's policy requires deposits to be 102 percent secured by collateral valued at market or par, whichever is lower, less the amount of Federal Deposit Insurance Corporation (FDIC) insurance. The District's Board of Education, along with the Township Treasurer, approves and designates a list of authorized depository institutions based on evaluation of solicited responses and certificates provided by financial institutions.

#### Cash on Hand and in Bank

The District maintains a \$300 petty cash fund, \$3,500 imprest fund, and student activity account funds of \$86,318. The carrying amount of the imprest and student activity fund accounts was \$89,818; the bank balance was \$92,031. These deposits are categorized in accordance with risk factors created by governmental reporting standards. At June 30, 2024, the entire balance of \$92,031 of these accounts was covered by federal depository insurance.

#### Cash and Investments in Custody of Township Treasurer

The District along with all other school districts within the Township, through the Township Treasurer, maintains common checking accounts and investments for all the District's funds combined with the individual fund balances being maintained by the Township Treasurer. All investments, which include Certificates of Deposit and United States Treasury Obligations, are stated at cost, which approximates market value. At June 30, 2024, all of the District's Certificate of Deposit investments were either covered by Federal Depository Insurance or fully collateralized. Earnings on investments are allocated to the District based on average balances and are distributed to the District on a monthly basis. At June 30, 2024, the carrying amount of the District's Cash and Investments was \$14,077,024. The Niles Township Treasurer maintains all cash and investments in pooled accounts.

#### 4. LONG-TERM DEBT

In prior years, the District issued general obligation bonds for advanced refunding purposes, and defeased certain bond issues and debt certificates by placing proceeds of the new bond issues in an irrevocable trust to provide for all future debt service payments on the old bond and debt certificates. Accordingly, the trust account assets, and the liability for the defeased bonds are not included in the District's financial statements. At June 30, 2024, \$1,230,000 of bonds and debt certificates outstanding from prior years are considered defeased.

#### 4. LONG-TERM DEBT (Continued)

Cash Flow Requirements

#### Capital Lease Obligations

The District, in prior years, has entered into lease/purchase agreement for the purchase of copier and related equipment payable in annual installments through November 30, 2025. Principle payments in the amount of \$50,323 were made on leased equipment during the fiscal year. Total equipment purchased under capital leases by the District in this and prior years is \$497,997, and accumulated depreciation on this equipment is \$331,444. Minimum future lease payments under these capital lease obligations, as of June 30, 2024, are as follows:

June 30, 2024	\$	83,050
Total Minimum Lease Payments	· ·	83,050
Less: Amount Representing Interest		(2,216)
	\$	80,834

#### 5. FUND BALANCE REPORTING

According to Government Accounting Standards, fund balances are to be classified into five major classifications; Nonspendable Fund Balance, Restricted Fund Balance, Committed Fund Balance, Assigned Fund Balance, and Unassigned Fund Balance. Below are definitions of the differences in fund balance presentations.

#### A. Nonspendable Fund Balance

The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, for example inventories or prepaid amounts. Because the District reports on the cash basis of accounting all such items are expensed at the time of purchase, and therefore there are no amounts that fall into this classification.

#### B. Restricted Fund Balance

The restricted fund balance classification refers to amounts that are subject to outside restrictions, not controlled by the District. Things such as restrictions imposed by creditors, grantors, contributors, or laws and regulations of other governments, or imposed by law through constitutional provisions or enabling legislation. Special Revenue Funds are by definition restricted for those specific purposes. The District reports several special revenue funds; the source of funding is through specific real estate tax levies: Namely the Operations and Maintenance Fund Levy, Transportation Fund Levy, Municipal Retirement/Social Security Fund Levy, and Working Cash Fund Levy. The District's Capital Projects Fund is also restricted for capital projects.

#### C. Committed Fund Balance

The committed fund balance classification refers to amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority (the District's Board of Education). Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of action it employed to previously commit those amounts. The School Board commits funds balance by making motions or passing resolutions to adopt policy or to approve contracts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements. No funds are currently committed

#### D. Assigned Fund Balance

The assigned fund balance classification refers to amounts that are constrained by the government's intent to be used for a specific purpose, but are neither restricted nor committed. Intent may be expressed by (a) the School Board itself or (b) the finance committee or by the superintendent when the School board has delegated the authority to assign amounts to be used for a specific purpose. \$86,318 of the General Fund is currently assigned to Student Activity and Flex Accounts.

#### E. Unassigned Fund Balance

The unassigned fund balance classification is the residual classification for amounts in the General Fund for amounts that have not been restricted, committed, or assigned to specific purposes within the General Fund. Unassigned Fund Balance amounts are shown in the financial statements in the Educational Fund/General Fund.

#### 5. FUND BALANCE REPORTING (Continued)

#### Special Education

Proceeds from the Special Education Special Tax Levy and related disbursements have been included in the operations of the General (Education) Fund. At June 30, 2024, the cumulative Special Education disbursements had exceeded related cumulative receipts in the General (Education) Fund and, accordingly, there is no restriction on the June 30, 2024 fund balance of the General (Education) Fund for future Special Education disbursements.

#### Net Position Restrictions

The district-wide statement of net position reports \$6,166,523 of additional restricted net position, all of which is restricted by enabling legislation for specific purposes.

#### 6. RETIREMENT FUND COMMITMENTS

#### TEACHERS' RETIREMENT SYSTEM OF THE STATE OF ILLINOIS

#### Plan Description

The School District participates in the Teachers' Retirement System of the State of Illinois (TRS). TRS is a cost-sharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago. TRS members include all active non-annuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The TRS Board of Trustees is responsible for the system's administration.

TRS issues a publicly available financial report that can be obtained at <a href="http://trsil.org/pubs/cafrs/2019">http://trsil.org/pubs/cafrs/2019</a>; by writing to TRS, PO Box 19253, 2815 West Washington Street, Springfield, IL 62794-9253; or by calling (888) 678-3675, option 2.

#### Benefits Provided

TRS provides retirement, disability, and death benefits. Tier I members have TRS or reciprocal system service prior to January 1, 2011. Tier I members qualify for retirement benefits at 62 with five years of service, at age 60 with 10 years, or age 55 with 20 years. The benefit is determined by the average of the four highest years of creditable earnings within the last 10 years of creditable service and the percentage of average salary to which the member is entitled. Most members retire under a formula that provides 2.2 percent of final average salary up to a maximum of 75 percent with 34 years of service.

Tier II members qualify for retirement benefits at age 67 with 10 years of service, or a discounted annuity can be paid at age 62 with 10 years of service. Creditable earnings for retirement purposes are capped and the final average salary is based on the highest consecutive eight years of creditable service rather than the last four. Disability provisions for Tier II are identical to those of Tier I. Death benefits are payable under a formula that is different from Tier I.

#### 6. RETIREMENT FUND COMMITMENTS (Continued)

#### TEACHERS' RETIREMENT SYSTEM OF THE STATE OF ILLINOIS (Continued)

Benefits Provided (Continued)

Essentially all Tier I retirees receive an annual 3 percent increase in the current retirement benefit beginning January 1 following the attainment of age 61 or on January 1 following the member's first anniversary in retirement, whichever is later. Tier II annual increases will be the lesser of three percent of the original benefit or one-half percent of the rate of inflation beginning January 1 following attainment of age 67 or on January 1 following the member's first anniversary in retirement, whichever is later.

Public Act 100-0023, enacted in 2017, creates an optional Tier 3 hybrid retirement plan, but it has not yet gone into effect. Public Act 100-0587, enacted in 2018, requires TRS to offer two temporary benefit buyout programs that expire on June 30, 2026. One program allows retiring Tier 1 members to receive a partial lump-sum payment in exchange for accepting a lower, delayed annual increase. The other allows inactive vested Tier 1 and 2 members to receive a partial lump-sum payment in lieu of a retirement annuity. Both programs will begin in 2019 and will be funded by bond issued by the state of Illinois

#### **Contributions**

The state of Illinois maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045, the minimum contribution to the system for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the system up to 90 percent of the total actuarial liabilities of the system by the end of fiscal year 2045.

Contributions from active members and TRS contributing employers are also required by the Illinois Pension Code. The contribution rates are specified in the pension code. The active member contribution rate for the year ended June 30, 2023 is 9.0 percent of creditable earnings. The member contribution, which may be paid on behalf of employees by the employer, is submitted to TRS by the employer.

On-Behalf Contributions to TRS: The state of Illinois makes employer pension contributions on behalf of the District. For the year ended June 30, 2024, state of Illinois contributions recognized by the employer were based on the state's proportionate share of the collective pension expense associated with the District, and the District recognized revenue and expenditures of \$3,229,295 in pension contributions from the state of Illinois.

2.2 formula contributions: The District contributes 0.58 percent of total creditable earnings for the 2.2 formula change. The contribution rate is specified by statute. Contributions for the year ended June 30, 2024, were \$32,273.

Federal and Special Trust Fund Contributions: When TRS members are paid from federal and special trust funds administered by the District, there is a statutory requirement for the District to pay an employer pension contribution from those funds. Under a Public Act 100-0340, the federal and special trust fund contribution rate is the total employer normal cost beginning with the year ended June 30, 2018. Previously, employer contributions for employees paid from federal and special trust funds were at the same rate as the state contribution rate to TRS and were much higher.

For the year ended June 30, 2024, the employer pension contribution was 10.60 percent of salaries paid from federal and special trust funds. For the years ended June 30, 2024, salaries totaling \$-0- were paid from federal and special trust funds that required employer contributions of \$-0-.

#### 6. RETIREMENT FUND COMMITMENTS (Continued)

#### TEACHERS' RETIREMENT SYSTEM OF THE STATE OF ILLINOIS (Continued)

Employer retirement cost contributions. Under GASB Statement No. 68, contributions that an employer is required to pay because of a TRS member retiring are categorized as specific liability payments. The District is also required to make a one-time contribution to TRS for members granted salary increases over 6 percent if those salaries are used to calculate a retiree's final average salary.

A one-time contribution is also required for members granted sick leave days in excess of the normal annual allotment if those days are used as TRS service credit. For the year ended June 30, 2024, the district paid \$-0- to TRS for employer contributions due on salary increases in excess of 6 percent and \$-0- for sick leave days granted in excess of the normal annual allotment.

#### Net Pension Liability and Pension Expense

At June 30, 2023, the District's proportionate share of the net pension liability (first amount shown below) that reflected a reduction for state pension support provided to the District. The state's support and total are for disclosure purposes only. The District's proportionate share of the net pension liability, the related state support, and the total portion of the net pension liability that was associated with the district were as follows:

Employer's proportionate share of the net pension liability	\$ 444,094
State's proportionate share of the net pension liability associated	
with the employer	38,325,573
Total	\$ 38,769,667

The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2023. The District's proportion of the net pension liability was based on the District's share of contributions to TRS for the measurement year ended June 30, 2023, relative to the projected contributions of all participating TRS employers and the state during that period. At June 30, 2023, the District's proportion was 0.00052258 percent, which was an increase (decrease) of (0.000000753) from its proportion measured as of June 30, 2022.

For the year ended June 30, 2024, the District recognized pension expense of \$3,229,295 and revenue of \$3,229,295 for support provided by the state

#### Actuarial Assumptions

The total pension liability in the June 30, 2023 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement: Inflation 2.5 percent; Salary increases were expected to be varied by amount of service credit; the Investment rate of return, net of pension plan investment expense, and including inflation, was assumed to be 7.00 percent.

In the June 30, 2023 actuarial valuation, mortality rates were based on the PubT-2010 Table with appropriate adjustments for TRS experience. The rates are used on a fully-generational basis using projections table MP-2020. In the June 30, 2022 actuarial valuation, mortality rates were based on the PubT-2010 White Collar Table with appropriate adjustments for TRS experience. The rates were used on a fully-generational basis using projection table MP-2020.

#### 6. RETIREMENT FUND COMMITMENTS (Continued)

#### TEACHERS' RETIREMENT SYSTEM OF THE STATE OF ILLINOIS (Continued)

#### Actuarial Assumptions (Continued)

The long-term (20-year) expected rate of return on pension plan investments was determined using a building-block method in which best-estimate rages of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class that were used by the actuary are summarized in the following table:

	Target	Long-Term Expected
Asset Class	Allocation	Real Rate of Return
Global Equity	37.0%	5.35%
Private equity	15.0%	8.30%
Income	26.0%	4.32%
Real Assets	18.0%	4.60%
Diversifying Strategies	4.0%	3.40%
Total	100.0%	
		•

#### Discount Rate

At June 30, 2023, the discount rate used to measure the total pension liability was a blended rate of 7.00 percent, which was the same as June 30, 2022. The projection of cash flows used to determine the discount rate assumed that employee contributions, employer contributions, and state contributions will be made at the current statutorily-required rates.

Based on those assumptions, TRS's fiduciary net position at June 30, 2023 was not projected to be available to make all projected future benefit payments of current active and inactive members and all benefit recipients. Tier I's liability is partially funded by Tier II members, as the Tier II member contribution is higher than the cost of Tier II benefits. Due to this subsidy, contributions from future members in excess of the service cost are also included in the determination of the discount rate. All projected future payments were covered, so the long-term expected rate of return on TRS investments was applied to all periods of projected benefit payments to determine the total pension liability.

#### 6. RETIREMENT FUND COMMITMENTS (Continued)

#### TEACHERS' RETIREMENT SYSTEM OF THE STATE OF ILLINOIS (Continued)

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.00 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00 percent) or 1-pecentage-point higher (8.00 percent) than the current rate.

	Current Single Discount Rate							
	1% Decrease 6.00%		A	ssumption 7.00%		1% Increase 8.00%		
District's proportionate share of the Net Pension Liability	\$	546,618	\$	444,094	\$	359,011		

#### TRS Fiduciary Net Position

Detailed information about the TRS's fiduciary net position as of June 30, 2023 is available in the separately issued TRS *Comprehensive Annual Financial Report*.

#### ILLINOIS MUNICIPAL RETIREMENT FUND

#### Plan Description

The District participates in a defined benefit pension plan that provides retirement and disability benefits, post retirement increases, and death benefits to plan members and beneficiaries. School District's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of a multi-employer public pension fund that acts as a common investment and administrative agent for local governments and school districts in Illinois. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this note. Details of all benefits are available from IMRF. Benefits are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Comprehensive Annual Financial Report that includes financial statements; detailed information about the pension plan's fiduciary's net position, and required supplementary information. That report may be obtained on-line at www.imrf.org.

#### Benefits Provided

The District's IMRF members participate in IMRF's "Regular Plan". IMRF's regular plan has two tiers. Employees hired *before* January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

#### 6. RETIREMENT FUND COMMITMENTS (Continued)

#### ILLINOIS MUNICIPAL RETIREMENT FUND (Continued)

#### Benefits Provided (Continued)

Employees hired *on or after* January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months with the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67 by the *lesser* of: (a) 3% of the original pension amount, or (b) ½ of the increase in the Consumer Price Index of the original pension amount.

#### Employees Covered by Benefit Terms

As of December 31, 2023, the following employees were covered by the benefit terms:

	IIVIIXI
Retirees and Beneficiaries Currenty receiving benefits	41
Inactive Plan Members entitled to but not yet receiving benefits	68
Active Plan Members	35
Total	144

IMPE

#### **Contributions**

As set by statute, employees participating in IMRF are required to Contribute 4.5% of their annual covered salary. The statute requires employers to contribute that amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The District's annual contribution rate for calendar 2023 was 5.10%. The District's actual contribution for calendar year 2023 was \$72,858. The District also contributes for disability benefits, death benefits and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute. For the fiscal year ended June 30, 2024 the District recognized pension expense of \$64,975 for payments made to IMRF.

#### Net Pension Liability

The District's net pension liability was measured as of December 31, 2023. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

# GOLF SCHOOL DISTRICT NO. 67 NOTES TO FINANCIAL STATEMENTS JUNE 30, 2024

(Continued)

# 6. RETIREMENT FUND COMMITMENTS (Continued)

# ILLINOIS MUNICIPAL RETIREMENT FUND (Continued)

# Actuarial Assumptions

The following are the methods and assumptions used to determine total pension liability at December 31. 2023: 1) The Actuarial Cost Method used was Entry Age Normal. 2) The Asset Valuation Method used was Market Value of Assets. 3) The Inflation Rate was assumed to be 2.25%. 4) Salary Increases were expected to be 2.85% to 13.75%, including inflation. 5) The Investment Rate of Return was assumed to be 7.25%. 6) Projected Retirement Age was from the Experience-based Table of Rates, specific to the type of eligibility condition, last updated for the 2023 valuation pursuant to an experience study from years 2020 to 2022. 7) For Mortality Rates for non-disabled retirees the Pub-2010 Amount-Weighted, below-median income, General, Retiree, Male (adjusted 108%) and Female (adjusted 106.4%) tables, and future mortality improvements projected using scale MP-2021. 8) For Disabled Retirees, the Pub-2010 Amount-Weighted, below median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2021. 9) For Active Members, the Pub-2010 Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2021. There were no benefit changes during the year. 10) The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rate of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of expected real rates of return for each major asset class are summarized in the following table as of December 31, 2023:

	Portfolio		Projected R	eturns/Risk
	Target	Return	One Year	Ten Year
Asset Class	Percentage	12/31/23	Arithmetic	Geometric
Domestic Equity	35%	23.30%	6.35%	5.00%
International Equity	18%	19.67%	8.00%	6.35%

# Single Discount Rate

A Single Discount Rate of 7.25% was used to measure the total pension liability. The projection of cash flow used to determine this Single Discount Rate assumed that the plan members' contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. The Single Discount Rates reflects: 1) The long-term expected rate of return on pension plan investments (to the extent that the plan's fiduciary net position is projected to be sufficient to pay benefits), and 2) The tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the plan's projected fiduciary net position is not sufficient to pay benefits). For the purposes of the most recent valuation, the expected rate of return on plan investments is 7.25%, the long-term municipal bond rate is 3.77% (based on the daily rate closest to but not later than the measurement date of the "20-Year Municipal GO AA Index") and the resulting single discount rate is 7.25%.

# **TOTAL PENSION RELATED LIABILITIES**

The total of the District's net pension liabilities at June 30, 2024 is as follows:

	Net Pension		Amo	unt Recognized
	Lia	Liability/(Asset)		as Expense
Teachers' Retirement System (TRS)	\$	444,094	\$	3,229,295
Illinois Municipal Retirement Fund (IMRF)		(120,580)		64,975
	\$	323,514	\$	3,294,270

# 6. RETIREMENT FUND COMMITMENTS (Continued)

### SOCIAL SECURITY

Employees not qualifying for coverage under the Illinois Downstate Teachers' Retirement System or the Illinois Municipal Retirement Fund are considered "non-participating employees." These employees and those qualifying for coverage under the Illinois Municipal Retirement Fund are covered under Social Security. The District paid \$97,123, the total required contribution for the current fiscal year.

# 7. OTHER POST-EMPLOYMENT BENEFITS (OPEB) - TEACHER HEALTH INSURANCE SECURITY FUND

# Plan Description

The District participates in the Teacher Health Insurance Security (THIS) Fund, a cost-sharing, multiple-employer defined benefit post-employment healthcare plan that was established by the Illinois legislature for the benefit of retired Illinois public school teachers employed outside the city of Chicago.

The publicly available financial report of the THIS Fund may be found on the website of the Illinois Auditor General; <a href="http://www.auditor.illinois.gov/Audit-Reports/ABC-List.asp">http://www.auditor.illinois.gov/Audit-Reports/ABC-List.asp</a>. The current reports are listed under "Central Management Services." Prior reports are available under "Healthcare and Family Services."

### Benefits Provided

The THIS Fund provides medical, prescription, and behavioral health benefits, but it does not provide vision, dental or life insurance benefits to annuitants of the Teachers' Retirement System (TRS). Annuitants not enrolled in Medicare may participate in the state-administered participating provider option plan or choose from several managed care options. Annuitants who were enrolled in Medicare Parts A and B may be eligible to enroll in Medicare Advantage plan.

The State Employees Group Insurance Act of 1971 (5 ILCS 375/6.5) outlines the benefit provisions of THIS Fund and amendments to the plan can be made only by legislative action with the Governor's approval. The plan is administered by the Illinois Department of Central Management Services (CMS) with the cooperation of TRS.

# **Contributions**

Section 6.6 of the State Employees Group Insurance Act of 1971 requires all active contributors to TRS, including substitute and part-time non-contractual teachers, who are not employees of a state agency covered by the state employees' health plan, to make a contribution to the THIS Fund. The member contribution rate for the year ended June 30, 2024 was 0.90 percent of earnings. The percentage of employer required contributions in the future will not exceed 105 percent of the percentage of salary actually required to be paid in the previous fiscal year.

On behalf contributions to THIS Fund: The state of Illinois makes employer retiree health insurance contributions on behalf of the District. State contributions are intended to match contributions to THIS Fund from active members, which were 0.90 percent of pay during the year ended June 30, 2024. State of Illinois contributions were \$50,106, and the district recognized revenue and expenditures of this amount during the year.

Employer contributions to THIS Fund: The District also makes contributions to THIS Fund. The employer THIS Fund contribution was 0.67 percent during the year ended June 30, 2024. For the year ended June 30, 2024, the District paid \$37,301 to the THIS Fund, which was 100 percent of the required contribution.

# 7. OTHER POST-EMPLOYMENT BENEFITS (OPEB)

# TEACHER HEALTH INSURANCE SECURITY FUND

Net OPEB Liability

The net OPEB liability was measured as of June 30, 2023. The total net OPEB liability is the Plan's total OPEB liability less the fiduciary net position. The net OPEB liability was determined by an actuarial valuation as of June 30, 2022 and measured as of June 30, 2023. At June 30, 2023, the most recent actuarial valuation date, the District's proportionate share of the net OPEB liability was \$1,395,670. The District's proportion of the net OPEB liability was based on the District's share of contributions to THIS for the measurement year ended June 30, 2023, relative to the contributions of all participating THIS employers and the state during that period. At June 30, 2023 the District's proportionate share was 0.019582 percent, which was an increase (decrease) of 0.00043 from its proportion measured as of June 30, 2022.

# Actuarial Assumptions and Discount Rate

The total OPEB liability in the June 30, 2022 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement: the Inflation Rate was assumed to be 2.25%; Salary Increases were expected to be varied by amount of service credit and ranges from 8.50 at 1 year of service to 3.50% at 20 or more years of service; the Investment Rate of Return, net of pension plan investment expense, and including inflation, was assumed to be 2.75%; the Healthcare Cost Trend Rates were actual trend used for fiscal year 2024 based on actual premium increases. For non-Medicare costs, trend rates start at 8.00% for plan year 2025 and decreases gradually to an ultimate trend of 4.25% in 2040.

Mortality rates for retirement and beneficiary annuitants were based on the PubT-2010 Retiree Mortality Table with adjustments as appropriate for TRS experience. For disabled annuitants mortality rates were based on the PubNS-2010 Non-Safety Disabled Retiree Table. Mortality rates for pre-retirement were based on the PubT-2010 Employee Mortality Table. All tables reflect future mortality improvements using Projection Scale MP-2020.

The actuarial assumptions used in the June 30, 2022 valuation were based on the results of an actuarial experience study for the period July 1, 2017 through June 30, 2020.

Projected benefit payments were discounted to their actual present value using a Single Discount Rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the plan's fiduciary net position is projected to be sufficient to pay benefits), and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bond with an average AA credit rating as of the measurement date (to the extent that the contributions for use with long-term expected rate of return are not met). Since THIS is financed on a pay-as-you-go basis, a discount rate consistent with fixed-income municipal bonds with 20-year to maturity that include only federally tax exempt municipal bonds as reported in Fidelity's Index's "20-year Municipal GO AA Index" has been selected. The discount rates are 3.86% as of June 30, 2023, and 3.69% as of June 30, 2022. The increase in the single discount rate from 3.69% to 3.86% caused the total OPEB liability to decrease by approximately \$137 million from 2022 to 2023.

The actuarial valuation was based on the Entry Age Normal cost method. Under this method, the normal cost and actuarial accrued liability are directly proportional to the employee's salary. The normal cost rate equals the present value of future benefits at entry age divided by the present value of future salary at entry age. The normal cost at the member's attained age equals the normal cost rate at entry age multiplied by the salary at attained age. The actuarial accrued liability equals the present value of benefits at attained age less present value of future salaries at attained age multiplied by normal cost rate at entry age.

# 7. OTHER POST-EMPLOYMENT BENEFITS (OPEB)

### TEACHER HEALTH INSURANCE SECURITY FUND

Actuarial Assumptions and Discount Rate (Continued)

During plan year ending June 30, 2022, the trust earned \$2,704,000 in interest, and the market value of assets at June 30, 2023 was \$472.25 million. The long-term expected rate of return assumption was set to 2.75 percent.

Sensitivity of the District's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the net OPEB liability calculated using the discount rate of 3.86%, as well as what the District's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.86%) or 1-percentage-point higher (4.86%) than the current rate.

Current					
1% Decrease (2.86%)		Discount Rate (3.86%)		1% Increase (4.86%)	
\$	1.558.433		1.395.670	s	1,252,099
	19 		(2.86%)	1% Decrease Discount Rate (2.86%) (3.86%)	1% Decrease Discount Rate 1 (2.86%) (3.86%)

Sensitivity of the District's Proportionate Share of the Net OPEB Liability to Changes in the Healthcare Cost Trend Rate

The following presents the District's proportionate share of the net OPEB liability calculated using the healthcare cost trend rates as well as what the District's proportionate share of the net OPEB liability would be if it were calculated using a healthcare cost trend rate that is 1-percentage-point higher or lower.

	Healthcare Cost						
	1% Decrease (a)		Trend Rate Assumption		1% Increase (b)		
District's Proportionate Share of the Net OPEB Liability	\$	1,187,912	\$	1,395,670	\$	1,650,203	

- (a) Current healthcare trend rates Pre-Medicare per capita costs: 6.00% in 2024, 8.00% in 2025, decreasing by 0.25% per year to an ultimate rate of 4.25% in 2040. Post-Medicare per capita costs: 0.00% in 2024 to 2028, 19.42% from 2029 to 2033, 6.08% in 2034 decreasing ratably to an ultimate trend rate of 4.25% in 2040.
- (b) One percentage point decrease in current healthcare trend rates Pre-Medicare per capita costs: 5.00% in 2024, 7.00% in 2025, decreasing by 0.25% per year to an ultimate rate of 3.25% in 2040. Post-Medicare per capita costs: 0.00% from 2024 to 2028, 18.42% from 2029 to 2033, 5.08% in 2034 decreasing ratably to an ultimate trend rate of 3.25% in 2040.
- (c) One percentage point increase in current healthcare trend rates Pre-Medicare per capita costs: 7.00% in 2024, 9.00% in 2025, decreasing by 0.25% per year to an ultimate rate of 5.25% in 2040. Post-Medicare per capita costs: 0.00% from 2024 to 2028, 20.42% from 2029 to 2033, 7.08 in 2034 decreasing ratably to an ultimate trend rate of 5.25% in 2040.

# Further Information on the THIS Fund

Detailed information about THIS's fiduciary net position as of June 30, 2023 is available in the separately issued THIS Financial Audit.

# 8. PROPERTY TAXES

The District's property tax is levied each year on all taxable real property located in the District on or before the last Tuesday in December. The 2023 Levy was passed by the Board on December 21, 2023. Property taxes attach as an enforceable lien on property as of January 1, of the Levy year, and are payable in two installments on approximately March 1 and September 1 of the year subsequent to the Levy year. The District receives significant distributions of tax receipts approximately one month after these due dates. Taxes recorded on these financial statements are from the 2023 and 2022 tax levy years. The following are the tax rate limits permitted by the School Code and by local referendum and the actual rates levied per \$100.00 of assessed valuation.

		Actual				
	Legal	2023	2022

### 9. INTERFUND BALANCES AND TRANSFERS

During the year the District made the following interfund transfers of the Working Cash Fund and Bond & Interest Fund as permitted by the Illinois School Code. These amounts were considered excess fund balance and interest earnings and were transferred to the funds deemed most in need of such excess.

	Tra	ansferred To	Transferred From		
Special Revenue Funds Operations & Maintenance Fund	\$	75,404	\$	<del></del>	
Working Cash Fund Debt Service Fund		-	·	41,894	
Bond & Interest Fund	-			33,510	
Total Transfers	\$	75,404	\$	75,404	

# 9. INTERFUND BALANCES AND TRANSFERS (continued)

During the year the District made the following interfund transfers of the Education Fund to the Bond and Interest Fund as permitted by the Illinois School Code. These amounts were transferred to account for principal and interest payments on long-term debt.

	Trar			ansferred From
General Fund				
Education Fund	\$	-	\$	54,115
Debt Service Fund				
Bond & Interest Fund		54,115	-	
Total Transfers	\$	54,115	\$	54,115

# 10. JOINT AGREEMENTS

The District participates with other Illinois school districts in certain cooperative educational organizations, known as joint agreements. These joint agreements are owned by the participants and are operated for the specific purposes stated in the joint agreement document, e.g., Special Education, Vocational Education, etc. This District has, in accordance with the generally accepted practice of other Illinois school districts, charged the cost of its investment to current expenditures in the year paid. The investment is not capitalized and it is unclear whether the District would receive any return of its investment should it choose to withdraw from the joint agreement.

Niles Township District for Special Education #807 (NTDSE)

The District is a member of the Niles Township District for Special Education #807 (NTDSE), along with other area school districts. NTDSE provides special education programs and services, which benefit District students, and also provides jointly administered grants and programming which benefits the District. The District is financially responsible for annual and special assessments as established by the NTDSE governing board, and fees for programs and services based on usage. NTDSE is separately audited and its financial information is not included in these financial statements. Financial information may be obtained directly from NTDSE, by contacting its administration at 8701 N. Menard Avenue, Morton Grove, Illinois.

### 11. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets, errors and omissions and natural disasters for which the District carries commercial insurance. There have been no significant reductions in coverage from the prior year, and settlements have not exceeded coverage in the past three years.

Suburban Schools Cooperative Insurance Pool (SSCIP)

The District is a member of the Suburban Schools Cooperative Insurance Pool (SSCIP), along with other area school districts. The District obtains property, and liability insurance, and claims and loss administration services, through SSCIP. The District is financially responsible for annual premiums based on types and levels of coverage. SSCIP is separately audited and its financial information is not included in these financial statements. Financial information may be obtained directly from SSCIP by contacting its treasurer, in care of, Consolidated High School District #230, at 15100 S. 94<sup>th</sup> Street, Orland Park, IL 60462

# 12. TORT IMMUNITY

The District does not levy the Tort Immunity (liability insurance) special tax levy. Tort Immunity related disbursements have been included in the operations of the general (education) fund. As required by the Illinois State Board of Education, the District reports the following disbursements for tort immunity purposes for the year ended June 30, 2024:

Property and Liability Insurance	\$ 159,606
Unemployment Insurance	1,758
Student Accident Insurance	2,754
Worker's Compensation Insurance	13,244
	\$ 177.362

### 13 BUDGETARY ACCOUNTING

The budget for all major Governmental Funds is prepared on the cash basis of accounting, which is the same basis that is used in financial reporting. This allows for comparability between budget and actual amounts. This is an acceptable method in accordance with Chapter 105, Section 5/17-1 of the Illinois Compiled Statutes. The July 1, 2023 to June 30, 2024 budget was passed on September 21, 2023, and was not amended.

For each fund, total fund disbursements may not legally exceed the budgeted amounts. The budget lapses at the end of each fiscal year.

The District follows these procedures in establishing the budgetary data reflected in the financial statements.

- Prior to July 1, the Superintendent submits to the Board of Education a proposed operating budget for the fiscal year commencing on that date. The operating budget includes proposed expenditures and the means of financing them.
- 2. A public hearing is conducted to obtain taxpayer comments.
- 3. Prior to October 1, the budget is legally adopted through passage of a resolution.
- 4. Formal budgetary integration is employed as a management control device during the year.
- 5. The Board of Education may make transfers between the various items in any fund not exceeding in the aggregate 10% of the total of such fund as set forth in the budget.
- 6. The Board of Education may amend the budget by the same procedures required of its original adoption.

# **OVEREXPENDITURE OF BUDGET**

For the year ended June 30, 2024, actual disbursements exceeded budgeted disbursements in the following funds:

	Actual Budget		Excess		
Debt Service Fund				-	
Bond & Interest Fund	\$ 1,252,765	\$	1,199,225	\$	53,540

# SUPPLEMENTAL INFORMATION

# NOTES TO SCHEDULE OF EMPLOYER IMRF CONTIRIBUTIONS JUNE 30, 2024

Valuation Date:

Notes

Actuarially determined contribution rates are calculated as of December 31 each

year, which are 12 months prior to the beginning of the fiscal year in which

contributions are reported.

Methods and Assumptions Used to Determine 2023 Contribution Rates\*

**Actuarial Cost Method** 

Aggregate Entry Age Normal

Amortization Method

Level Percentage of Payroll, Closed Non-Taxing bodies: 10-year rolling period.

Remaining Amortization Period

Taxing Bodies (Regular, SLEP and ECO groups): 20-year closed period until Early Retirement Incentive Plan liabilities: a period up to 10 years selected by

the Employer upon adoption of ERI.

SLEP supplemental liabilities attributable to Public Act 94-712 were financed over 15 years for most employers (five employers were financed over 16 years; one employer was financied over 17 years; two employer were financed over 18

years; one employer was financed over 21 years; three employers were financed over 24 years; four employers were financed over 25 years and one

employer was financed over 26 years). 5-Year smoothed market; 20% corridor

Asset Valuation Method

Wage growth

2.75% 2.25%

Price Inflation Salary Increases

2.75% to 13.75% including inflation

Investment Rate of Return

Retirement Age

Experienced-based table of rates that are specific to the type of eligibility condition. Last updated for the 2020 valuation pursuant to an experience study

of the period 2017-2019

Mortality

For non-disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables, and future mortality improvements projected using scale MP-2020. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Femal (both unadjusted) tables, and future mortality improvements

projected using scale MP-2020.

Other Information

**Notes** 

There were no benefit changes during the year.

<sup>\*</sup> Based on Valuation Assumptions used in the December 31, 2021 actuarial valuation

# GOLF SCHOOL DISTRICT NO. 67 SUPPLEMENTAL INFORMATION NOTES TO SCHEDULE OF EMPLOYER THIS OPEB CONTIRIBUTIONS JUNE 30, 2024

Valuation Date: June 30, 2022 Measurement Date: June 30, 2023 June 30, 2024 District's Year End

# Methods and Assumptions Used to Determine Contribution Rates\*

**Actuarial Cost Method:** Entry Age Normal, used to measure the Total THIS OPEB Liability

Contribution Policy Benefits are financed on a pay-as-you go basis. Contribution rates are

> defined by statue. For fiscal year ended June 30, 2023, contribution rates are 0.90% of pay for active members, 0.67% of pay for school districts and 0.90% of pay for the State. Retired Members contribute a percentage of premium rates. The goal of the policy is it finance current year costs plus a margin for incurred by not paid plan costs.

Asset Valuation Method: Market value

Investment Rate of Return: 2.75%, net of OPEB plan investment expense, including inflation

Price Inflation: 2.25%

Salary Increases: Depends on service and ranges form 8.50% at 1 year of service to

3.50% at 20 or more years of service.

Experienced-based table of rates that are specific to the type of Retirement Age:

eligibility condition. Last updated for the 2021 actuarial valuation.

Mortality: Retirement and Beneficiary Annuitants: PubT-2010 Retiree Mortality

Table, adjusted for TRS experience. Disabled Annuitants:

PubNS-2010 No-Safetu Disabled Retiree Table. Pre-Retirement: PubT-2010 Employee Mortality Table. All tables reflect future

mortality improvements using Projection Scale MP-2020.

Healthcare Cost Trend Rates Trend rates for fiscal year 2024 are based on annual premium increases.

> For non-Medicare costs, trend rates start at 8.00% for plan year 2025 and decrease gradually to an ultimate rate of 4.25% in 2040. For MAPD costs, trend rates are 0% in 2024 to 2028, 19.42% in 2029 to 2033 and 6.08% in 2034, declining gradually to an ultimate

rate of 4.25% in 2040.

**Aging Factors** Based on the 2013 SOA Study "Health Care Costs - From Birth

to Death"

Expenses Health administrative expenses are included in the development

of the per capita claims costs. Operating expenses are included

as a component of the Annual OPEB Expense.

Note: Information is not available prior to 2016. Additional years will be added to future reports as schedules are intended to show 10 years of historical data
