**LAST YEAR to THIS YEAR:
REVIEW of SCHOOL CLOSURE and NEW
SCHOOL BOUNDARIES**

PROJECTIONS FOR THIS YEAR

Once closures and new boundaries were determined, enrollment projections and initial staffing allotments were made for the remaining elementary schools.

Based on the October 1 Count: 20 of our 23 elementary enrollment projections were within 10% of actual enrollment (and 11 of those 20 were within 5%).

Here is what some of
the changes look like in our
elementary schools...

ELEMENTARY ENROLLMENT

LAST YEAR

- An average of **379** students in our 27* elementary schools.
- **7** schools had more than 400 students
- 2 of those schools had 500+ students

NOW

- An average of **422** students in our 23* elementary schools.
- **13** schools have more than 400 students
- 2 of those schools have 500+ students

*Does not include Open Classroom (district charter school)

ELEMENTARY ENROLLMENT

In 2023-24:

- **More than 800** of our elementary students were part of an unintentional split class or were in a class that was their only option in their school (37 scenarios like this).

In 2024-25:

- **Fewer than 180** students are now part of an unintentional split class or are in a class that is their only option in their school (10 scenarios like this).
- 21 of our 23 elementary schools now have two or more GenEd classes in every grade.

More than one class per grade level means a school has more ability to:

- Balance class sizes.
- Offer choices to families.
- Create a healthy mix of students in each class.
- Design collaborative adult learning for a pair/group of teachers specific to a grade level.

2023 146 students in single grade level classes

Number of students in each class

ADDITIONAL INFORMATION

- Average class size remains low this year:
 - 19.1 students/class in grades K-3
 - 20.7 students/class in grades 4-6.
- As of October 1, only **7** elementary classes in the district have more than 28 students/class. Last year we had **21**.
- 30% of our K-5/6 students do not attend their neighborhood school (this is very similar to last year's 28%).

ADDITIONAL INFORMATION

- District programs of DLI and Magnet are now more equitably distributed across the city.
- New school boundaries and updated safe walking/biking routes have been focal points for the city and us.
- Closures/Boundary changes required that we work more closely with city agencies and improve systems of collaboration.

PreK STUDENTS (including Head Start)

2023-24

- **540** students at 21 sites

2024-25

- **581** students at 18 sites
- Most of our sites have multiple PreK classes.

- 155 students enrolled in a SLCSD school
- 41 did not enroll this year in one of our schools

Where are most of the current schools with new boundaries focusing their efforts?

Top Four Areas of Focus:

- Multi-Tiered System of Support (MTSS) with a particular focus on school-wide expectations & behaviors
- Integrating new staff and sustaining/building better PLCs
- Developing a new shared mission/vision
- Implementing a district program new to their school

What have been some of the challenges these schools are facing?

Challenges/Concerns can be unique to each site, but here are the top four shared with us by these 13 principals:

| PRINCIPAL INPUT (paraphrased) |
|---|
| We received fewer resources than we thought we would OR more school spaces are now not available for after-school, support staff, etc |
| Concerned about future funding |
| Need to have or keep extra counseling (if we just got it) |
| We received less district department help than we thought we would |

How have schools with expanded boundaries worked successfully to build their new communities?

Successes can also be unique to each site, but here are the top four shared with us in our discussions with these 13 principals:

| PRINCIPAL INPUT (paraphrased) |
|---|
| Family Nights have been a huge help (like Math Night & community events) in building new culture |
| Students are all connecting well with each other and with school as a whole and most appreciate the new friendships being built |
| We have more parents involved with SCC/PTA and/or we are improving communication with parent groups |
| New staff have been a solid connection for their former students in a new school |
