# GULF SHORES GIVES BACK: A COMMUNITY-WIDE WAVE OF SERVICE!

> "PARTICIPATING IN COMMUNITY SERVICE CULTIVATES A SENSE OF RESPONSIBILITY, BELONGING, AND PRIDE, WHICH ULTIMATELY CONTRIBUTES TO THE OVERALL HEALTH OF OUR CITY."

Dale Jernigan, RN, BSN, MSN
School Board Member

On March 14, 2024, Gulf Shores City Schools launched "Gulf Shores Gives Back," a brand-new community-wide service day. This inaugural event was all about uniting our students, teachers, and community members in a collective effort to strengthen the heart of our beautiful city.

This exciting event was introduced to the Mental Health Advisory Committee by Assistant Superintendent, Dr. Stephanie Harrison, and the committee immediately adopted Gulf Shores Gives Back as their signature project.

The day of service began with a rousing pep rally at the middle school practice field – a chance for everyone to get pumped and show their school spirit. Then, students in preK-12th grade, school and city staff, as well as community members were off to various project sites throughout the city, where the real magic happened. Together, they tackled a variety of meaningful projects across the city, ranging from beach cleanup and park revitalization to delivering meals to those in need and spreading cheer at local nursing homes.

Gulf Shores Gives Back is more than just a day of service; it's about fostering a culture of giving back, building connections, and celebrating the spirit of our beautiful city. This spring, we hope you will participate in Gulf Shores Gives Back to help us make a lasting impact on our community. Follow our website for more information on how you can help us make a splash by serving others.
