

**The position:**

## MYP & DP Mathematics Teacher

We have an opening for an experienced and certified mathematics teacher who has a deep understanding of the IB MYP and DP. The position will report to the OIS K-12 principals for Student Learning and Student Life.

**Start date:**

August 2025

**The school:**

Osaka and Senri International Schools of Kwansei Gakuin are two sister schools situated in north Osaka that share a campus, purpose, and mission. Osaka International School (OIS) is a K-12 school of 270 students that offers the International Baccalaureate (IB) curriculum and Senri International School (SIS) has 522 students following the Japanese middle and high school curriculum approved by the Japanese Ministry of Education. We were founded for the benefit of returnee, national, and international residents of the Kansai region, bringing together the best of Japanese and non-Japanese educational ideas, systems, and techniques. This enables OIS students and faculty to make authentic connections with Japanese culture and traditions, while SIS students and faculty experience a genuinely international environment unavailable at a regular Japanese school. For more information please see [our website](#).

**Qualifications & Experience**

The successful candidate will be willing and able to:

- demonstrate a passion for teaching MYP mathematics to grades 6-8, and DP Mathematics Applications and Interpretation (HL & SL).
- demonstrate a commitment to collaborating with other MYP and DP faculty to plan units, coordinate activities, and track student progress.
- support extracurricular programs and to communicate with the wider school community.
- connect personally with students, and support their academic, social, and emotional wellbeing.
- embrace the culture of Japan and value the *Two Schools Together* concept.

Experience at an international school is preferable, but it is not required.

**Salary & Benefits**

We have a very competitive package that is commensurate with experience and qualifications. OIS faculty stay at our school for an average of 7 years, reflecting the high quality of living in Japan, pleasant working conditions, and the strong salary and benefits package on offer.
