FAQ'S:

Why do I have to wear an ID badge?

Being able to easily identify our KMS students and staff is an important safety and security measure. It is beneficial to both students and staff in order to identify individuals on campus by name . Wearing ID's is now a mandated district policy for all students.

How do I get an ID?

Students will receive one complimentary student ID, protective sleeve and student lanyard at the start of the school year. Any additional student ID cards will have to be purchased by the student for \$5 in library.

What if I don't like my picture on my ID, can I take a new one?

Your issued ID badge will have last year's picture until a few weeks after new pictures are taken on September 27. New ID badges will then be issued to students at no cost. If you do not have your picture taken on September 27, then we will use last year's photo.

I no longer have my lanyard, what do I do?

Students may purchase another lanyard in the library for \$2 or students can purchase their own from another store.

What do I do if I forgot my ID badge for the day?

Students who do not have their ID badge should report to the library to get a temporary ID badge.

Can I just clip my ID badge on my bag or person?

No, ID's must be worn on a lanyard and around your neck at all times on campus.
