TESTIMONIALS

Skandacor has one of the best customer service teams out of all our suppliers! I have enjoyed working with them over the past several years. - Maxine M., Edmonton (CAN)

Always pleasant and friendly. - Catherine R., Horseheads (USA)

Great service. - Paul S., Edmonton (CAN)

Skandacor is amazing! Their customer service and shipping is top notch! I always receive my order the very next day or sometimes even the same day! Can't beat that. - Jennifer W., Webster, NY (USA)

They are amazing. We ordered something by mistake. They called ME to ask if that was what we actually wanted since we had never ordered it before! They saved us a ton of hassle with returns or outright being out over \$100.00 I am very impressed. - Lee-Ann C., Provost (CAN)

Always willing to find a solution – and doesn't read from a script, actually listens and answers truthfully. Personal service like this makes a difference in this crazy business of printing when deadlines are almost impossible to meet. - Ken D., Buffalo (USA)

DURALAM Integra™-27"

Designed by a team of ten laminator dealers and service technicians from across North America, the **Duralam Integra-27"** machine is the ultimate in 27" hot roll laminators. It is easy to load, easy to run, and easy to feed. Time is valuable—the **Duralam Integra** has a quick 5 minute warm-up time. Where most desktop laminators hold 500' rolls of 1.5mil or 1.7mil film, this machine has the capacity to hold 1,000' rolls giving you double the length—that cuts the number of film changes in half. Adjustable heat control, variable speed control, start, stop and a reverse button are conveniently located on the right hand side and are easy to see. The variable speed control allows the operator to laminate large sheets at speeds up to 4.5' per minute or small cards and bookmarks with an ultra slow speed setting, reducing waste. Additional features built into this laminator are an auto shut-off function, a rear slide slitter and an extra-long 13' power cord, creating an exceptional 27" hot roll desktop laminator that is packed full of features. The **Duralam Integra** combines all the best features and technology in one single machine.

Finishing Applications in On-Demand Print Shops, Educational, and Office Settings.
