

Madeira High School Senior Memory Boards

Senior Boards are a long-standing tradition at Madeira High School but you may be wondering, "What are Senior Boards?" Senior Boards are an opportunity for you to celebrate your child's life. These 'memory boards' consist of pictures of your child, but can also include quote, awards, or anything else you feel is pertinent to your child. Some families only include pictures from senior year, while others choose to put pictures from every year of school and childhood. You can put as much or as little as you want on the board. Most importantly, **DO NOT STRESS!** There is no wrong way to create a memory board - your student will enjoy it no matter what!

Guidelines and Information

- Use only **20" x 30" foam core poster board**. This can be purchased at craft or office supply stores and come in a variety of colors. If you can't find a color you like, you can cover one in any kind of background paper etc.
- Please create your board so it hangs in a **vertical/portrait format** as opposed to a horizontal/landscape format. There will be over 100 boards on display so the vertical format helps us conserve space and makes a much more attractive display.
- Please make sure that any pictures or items on the board are **within the confines of the edges of the foam core board**. Pictures or items that extend beyond the edges of the board risk damage during transportation and hanging, and make it difficult to hang side by side during display. We also ask you don't try to place any items that would add considerable weight or make the board heavy, as these items are also at risk of damage or loss and may not hold during the display.
- Please drop your child's board off at one of these homes April 14 - May 2:
