# WELCOME

It is our privilege, on behalf of the administration and faculty, to welcome you to our school community. This student handbook has been prepared by the administration in an effort to acquaint students with the programs and resources available in the Butler Area Senior High School. In this handbook you will also find pertinent information regarding many of the policies, and regulations and procedures that govern and guide you as a Butler Area School District secondary student. Additional information regarding district policies can be found on the district website: [www.basdk12.org](http://www.basdk12.org)

The major focus of our efforts at the secondary level is to provide the best possible academic program. At the same time, we will offer opportunities and experiences that foster the development of good citizenship. Here, each of us has responsibility toward himself/herself and the school community. Each student is charged with certain responsibilities including regular attendance, conscientious effort in classroom work and homework, conformance to Board policies and school rules and regulations, respect for the rights of students, administrators, teachers, and others, and the expression of ideas and opinions in a respectful manner.

The good citizens of our school community recognize those responsibilities. Developing these skills, along with academic skills, provides a strong foundation as a student grows into adulthood. It is our hope that our students will learn to take those responsibilities and work together with the faculty and staff to achieve their best.

# SCHOOL RESOURCES

## Student Centered Programs

The following Student Centered Programs provide a means of identifying students who are having difficulty in school and refer them for help:

### Child Study Team

The Child Study Team is a representative group of professional educators who meet on a regular basis in each of the District's schools under the direction of the Pupil Services. The main purpose of the team is to review the roster of students enrolled and determine to what extent individual needs are being met. Any aspect of a student's progress may be reviewed, including academic, social, emotional, and physical needs. The team can recommend specific diagnostic services such as psychological evaluations, guidance and counseling, speech and language or change in educational programs or placement. Follow-up and on-going maintenance of services is continued through regularly held meetings during the school year. A professional staff member, the Core Team or a parent/guardian can initiate referral to the Child Study Team by completing the Child Study Referral Form and submitting it to the building liaison.

### CORE Team

The Butler Area School District Core Team is a group of concerned and trained professional staff members whose purpose is to identify students with problems which inhibit educational growth. The Core Team, a component of the Butler Area School District's Student Assistance Program, seeks to support students in dealing with the wide variety of behaviors which interfere with their academic performance as well as their social, emotional, physical and mental development. The Core Team's primary function is to identify students whose behavior causes reason for concern and to initiate a positive plan for intervention. Through Core Team intervention, the school district, in cooperation with community and family, will assure that all young people are educated to the best of their ability to assume the responsibility of becoming contributing members of society. Referral to Butler Intermediate School or Butler Senior High School Core Teams can be initiated by professional staff members or parent/guardian by completing any Core Team Referral Form or personally contacting the building liaison.

### Glade Run

The Butler Area School District and Glade Run Lutheran Services are collaborating to provide on-site behavioral health services that promote social and emotional growth. This partnership emphasizes a team approach, with educators, counselors, families and communities working together to foster strong, confident, and contributing youth. Referrals can be made through the school guidance office.

### Multi-Tiered System of Supports - Multi-disciplinary Team (MTSS)

Students who experience or display academic difficulties, social emotional concerns, and/or behavioral concerns may be referred to our Multi-Tiered System Support (MTSS/MDT) Team. The team consists of several school staff members, including the student's teachers and parents. The team members discuss and plan intervention strategies that will assist in providing an effective educational program, as well as other school services that may be needed to meet the student's learning needs. This may include targeted group interventions as well as targeted individual support. Parents, teachers, administration, or students may initiate requests for assistance. Please contact the principal if you feel that your child may need extra help in order to be successful in the classroom.

### School-Wide Positive Interventions and Supports (PBIS)

Positive Behavior Interventions and Support (PBIS) Core Teams

The intent of PBIS is to encourage and reinforce positive behavior by students by creating school-wide expectations that are taught to all students. Students can only meet behavioral expectations if they know what the expectations are. PBIS has a few important guiding principles:

- Every child can learn proper social emotional behavioral skills
- Stepping in early can prevent more serious behavior problems
- Each child is different and schools need to provide many kinds of behavior support
- How schools teach behavior should be based on research and science
- Following a child's behavioral progress is important
- Schools must gather and use data to make decisions about behavior problems

The STORM program at the senior high is the School Wide Positive Behavior Intervention and Support (SWPBIS) Program. Butler Senior High School encourages staff and students to create a culture of **respect** through a **safe** and supportive environment.

By promoting a **tuff** mindset, we are encouraged to choose to do the right thing, stand up for others, and make positive choices. We take **ownership** of our learning, are **motivated** to lead by example, and are positive role models, becoming agents of change in the community. We are taking the world by **STORM!** The goals of the senior high are to improve our school climate by making students feel like they are safe and supported, improve our school culture by having common values and beliefs, build stronger relationships between teachers and students and between school and home, and create an environment where teachers feel good about going to work.

### **Check In/ Check Out**

Check In/ Check Out (CICO) is a Tier 2 extension within the Intermediate High School PBIS program. Tier 2 interventions provide additional support for students to meet their goals socially, emotionally, and/or academically. This program is planned and implemented by our PBIS team, supported by classroom teachers, and delivered through faculty mentors. This program offers one on one support and intervention for students in need.

### **Olweus Bullying Prevention Program**

The Butler Area School District has adopted the Olweus Bullying Prevention Program in all schools. This program is composed of several school wide components which include classroom, individual and community roles and responsibilities. Together, those components support a comprehensive systems-change program that can reduce bullying in our schools. Bullying is defined as when someone repeatedly and on purpose says or does mean or hurtful things to another person who has a hard time defending himself or herself. The four anti-bullying rules established for our secondary schools are:

- Rule #1: We will not Bully others.*
- Rule #2: We will help students who are bullied.*
- Rule #3: We will include students who are left out.*
- Rule #4: If we know that someone is being bullied, we will inform an adult at school and an adult at home.*

### **Teen Parenting Program**

The teen parenting program will be offered through a Midwestern Intermediate Unit IV liaison on a monthly basis. Students must enroll through the guidance office. The program is offered to any student of the Butler Area School District who is pregnant or is a parent, male or female.

### **Students Experiencing Homelessness**

In compliance with the federal McKinney-Vento Homeless Assistance Act, as reauthorized in 2015 by the Every Student Succeeds Act (ESSA), Butler Area School District is attempting to identify all children within the district that may be experiencing homelessness, including unaccompanied homeless youth. For more information regarding what qualifies a student as homeless as well as questions on enrollment, transportation and other services students experiencing homelessness qualify for, please see <https://basdk12.org/finalsite.com/our-district/homeless-information> or contact Chad Broman, Homeless Liaison, at 724-214-3881.

### **Guidance Services**

Each student has a counselor who is available to assist in planning programs of study for high school and post high school needs. A plan for every student is our goal; we urge each one, together with his/her parents, to review carefully his/her individual plans with the counselor. Administrative personnel will assist with planning as opportunities arise.

Any student who has an educational, vocational, or personal concern is encouraged to visit the guidance office and to discuss it with a counselor. Parents are also encouraged to contact the Guidance Counselors with any concerns.

Students have been assigned to counselors as follows:

#### **Butler Senior High School (724/214-3211)**

CTP/339 Coordinator	Shannon McGraw

## **College Fair**

In aiding students with their preparation for their post-secondary plans, Senior High school counselors sponsor a college fair and financial aid night in the fall. Midwinter, the FAFSA (Free Application for Federal Student Aid) financial aid night presentation is a line-by-line overview on how to complete the FAFSA form. FAFSA is a single form for both Federal and State Aid reporting.

## **Withdrawals**

When students withdraw from school, they should report first to the counselor and then to the attendance office. Verification of reason for withdrawal will be made as well as arrangements to turn in all school properties in the possession of the student. RECORDS OF STUDENTS WHO DO NOT FOLLOW THIS PROCEDURE WILL BE HELD UNTIL ALL OBLIGATIONS ARE MET.

# **ACADEMIC INFORMATION**

In accordance with District Policy 237 Electronic Devices & Personal Technology Resources, students may use a personal laptop or tablet computer within the classroom for educational purposes in lieu of a District-provided device.

## Google Classroom

Google Classroom is an online learning platform designed for teaching and learning, and streamlines the process of sharing materials between the teacher and student. Students can access their Google Classrooms through their district Google student email account. All students will utilize Google Classroom.

## Edgenuity Online Learning Platform

Edgenuity is an online learning platform that the Butler Area School District is using to facilitate online courses and augment traditional classroom instruction. Edgenuity is designed to align online learning with courses and classroom learning within the district's brick and mortar schools. Students will access their Edgenuity Classrooms through their district Google student email account.

Students enrolled in the Cyber Learning Program are Butler Area School District students and are expected to adhere to all of the district's policies, including those related to student discipline, attendance, grading, and graduation requirements. Students who violate these policies shall be subject to appropriate academic and/ or disciplinary actions which may result in being removed from the cyber program and being enrolled back into the physical school building.

### Grade Promotion into Cyber:

In order for cyber students to continue their enrollment in cyber from one year to the next, students must meet the minimum credits required for the grade promotion.

### Policy 215: Promotion and Retention

Parents shall be informed well in advance of the possibility of retention of a student.

In grades nine (9) through twelve (12), one's class standing is determined by the number of satisfactorily completed courses, including courses required of all students, and the number of credits attained. At the end of grade nine (9), a student must have earned at least four (4) credits, with two (2) of the four (4) credits in core area courses, to be assigned to grade ten (10). By the conclusion of grade ten (10), each student must have earned at least ten (10) credits, with at least one (1) English credit and five (5) additional core credits, to be assigned to grade eleven (11). To be promoted to grade twelve (12), a student must have earned fifteen (15) credits, or fourteen (14) for students enrolled in Butler County Area Vocational Technical School, with nine (9) of the fifteen (15) credits earned in core area courses. A credit is based on the satisfactory completion of a course which has been offered for the equivalent of five (5) classes of at least forty (40) minutes for thirty-six (36) weeks.

### Maintaining enrollment in Cyber:

Throughout the school year, student progress in cyber will be monitored at the 4 ½ week period within each quarter. A student's ability to remain enrolled in cyber will be determined at the end of each quarter. The following are criteria that will be used to determine a student's ability to be enrolled in the cyber program.

Criteria for maintaining enrollment in Cyber throughout the School Year
Students must demonstrate activity within their courses every week.
Students failing the majority of their courses will be removed from cyber and enrolled back into the Butler Senior High School. A team meeting will be required to review factors that resulted in the change of placement.
Students will be removed if grade projections indicate the failure of a course(s) that would result in a student not meeting grade promotion requirements.

Students placed in the cyber program due to the results of a behavioral stipulation or board hearing will remain in the cyber program according to the details of the waiver or hearing.

## Varsity Tutors

Students will have access to Varsity Tutors. The program offers private and group tutoring, classes, test prep, and virtual learning for all students. Varsity Tutors' available support options include on demand essay review, enrichment courses, on demand chat tutoring, test prep for ACT, SAT, and more. For an overview of the program click on [Varsity Tutors for Schools](#)

## State Testing

### Keystone Exams

The Pennsylvania Department of Education has mandated that end-of-course tests called Keystone Exams be part of a high school's graduation requirements. These exams will be administered in the areas of Literature, Biology, and Algebra. Students must be proficient on these exams in order to graduate.

## Marking System

Butler Area School District uses a five-letter grading system: A, B, C, D, E. Students should know the basis on which marks are determined and continually strive to meet the requirements. All subjects will be graded according to this system. Any deviation in assigning letter grades based upon percentage equivalents must be approved by the building principal at the beginning of the grading period.

## Infinite Campus and BASDK12.ORG

These websites are a parent's and student's primary source for accessing information regarding their child's grades, assignments and district information.

The Infinite Campus student information system is a web-based platform that contains student contact information, student course and grade information, attendance information, transportation specifics and much more.

Infinite Campus can be accessed through district specific websites or through the app on your mobile device. The app, which is specific to parent or student functions, can be accessed and downloaded through the App Store on the Apple platform, and through Google Play on the Android platform on your mobile device. The student app is "Campus Student" and the parent app is "Campus Parent".

Parents/guardians and students will each have their own account. Students will utilize their Butler Area School District Google login information and parents will need to create a login account. A username and password will be created by parents/guardians through the initial parent portal account setup.

Teachers are required to update grades and assignments on at least a weekly basis. Students who are absent from school should check for their assignments using Infinite Campus. We encourage students and parents to check Infinite Campus regularly to stay up-to-date on students' grades in each of his/her classes. Access codes will remain the same year to year. Forgotten usernames/ passwords can be accessed or reset on the login page by clicking on "Forgot Password" or "Forgot Username".

## Report Cards

Report Cards will be posted on Infinite Campus at the end of each marking period. Only those parents who have notified the school that they do not have Internet access will receive report cards and midterm reports in the mail.

## Grading Scale

The following is the grading scale for the Butler Area School District:

A.....Superior.....	100% to 90%
B.....Above Average.....	89% to 80%
C.....Average/Fair.....	79% to 70%
D.....Lowest passing mark.....	69% to 60%
E.....Not accepted for credit.....	59% and below

## GPA and Class Rank Calculations

GPA and Class Rank is calculated only for students in grades 9-12. Class rank will be based on a weighted cumulative GPA for which quality points are assigned to final course grades as follows:

A=4.0 B=3.0 C=2.0 D=1.0 E=0

Additional points for courses with honors or advanced placement designations will be added to the cumulative GPA to arrive at the weighted value used for class rank. The GPA formula is as follows:

$$\frac{\sum[(Grade) \times Credit Value]}{\sum Attempted Credits} + 0.0125(Honors Credits) + 0.05 (AP Credits)$$

## Dropping or Adding a Class

Students are urged to take a serious approach to the entire course selection process. **Course requests submitted in the spring are open to changes only through July 12, 2024.** Courses will be considered final after that date, with exceptions made for the following reasons only:

1. To correct entry or mechanical errors.
2. To ensure that graduation requirements are being met.
3. To replace a study hall with an elective within the first five days of a semester, provided remaining classes are not disturbed.
4. To adjust the level of a course if placement appears inappropriate. Such changes will only be considered following the first quarter of the course. A.P. courses are exempt from level change consideration.
5. To allow for a change in Learning Pathway, which results in a course not being available in the new Pathway.

Withdrawing from a course will generally not be considered other than for extreme circumstances. Should a course withdrawal be granted, the final grade will be recorded as a failing grade and will be calculated into the student's QPA as such.

## Repeated Subjects

When a student passes a subject and chooses to repeat the course to increase his/her knowledge of that area, the following provisions apply when determining the quality point average:

- The grade given at the completion of the course the first time and the second time will be used.
- When a student fails a subject and repeats the course to obtain credit for it, the quality point for the "E", as well as the quality point for the passing grade, are included in the student's final average.

## Honors Graduates

Students who earn a cumulative grade point average (GPA) between 4.0 and 4.29 will be designated as honor graduates and will be identified as such in the commencement program. These students will also receive honor cords to wear during the commencement ceremonies.

Those students who earn a cumulative GPA of 4.3 or higher will be designated as honor graduates with distinction. In addition to receiving honor cords, these students will receive a medallion and will lead the commencement procession. Honor graduates with distinction will also be individually announced at the commencement ceremony.

## Project Requirements

The Butler Area School District has developed a plan that requires students to complete one in-depth project in each core academic subject over their four years in high school in the following areas:

Grade Nine: Mathematics

Grade Ten: Social Studies

Grade Eleven: Science

Grade Twelve: English

Project requirements will be explained to students at the beginning of the school year and they will receive specific instruction on project design, purpose, timelines for completion, and assessment criteria at the time the project is assigned. The project is intended to assure that students are able to apply, analyze, synthesize, and evaluate information and communicate significant knowledge and understanding.

## Requirements for Participation in Graduation Ceremonies

**SENIORS MUST COMPLETE ALL GRADUATION REQUIREMENTS TO PARTICIPATE IN COMMENCEMENT.** Seniors will be notified of their status relating to graduation throughout the school year.

- Seniors who are not able to schedule enough courses for the spring semester to fulfill graduation requirements will not be permitted to participate in the commencement program. Notifications of nonparticipation in the commencement program will occur through a certified letter being sent to the student's residence.
- Seniors who have earned the correct number of credits at the conclusion of the fall semester and fail a course that is necessary to meet graduation requirements in the spring semester will not be permitted to participate in the

commencement program. When progress reports are issued for the fourth quarter in the spring semester, efforts will be made to notify seniors who are in danger of failing a course that they may not be eligible to participate in the commencement program. The student may participate in the graduation exercise should the course be completed satisfactorily by the conclusion of the spring semester.

- Students may participate in the following year's graduation ceremony upon completion of graduation requirements.

## **Issuance of Diploma**

Butler Area School District will only issue diplomas to students who have fulfilled graduation requirements adopted by the Board of School Directors of the Butler Area School District.

- Diplomas will be ordered for students completing graduation requirements following their senior year only after verification that all course requirements have been satisfied.
- Students must complete graduation requirements by the end of the summer following commencement to receive a diploma for that calendar year. Students who return the following school year to complete graduation requirements will receive a diploma at the end of that school year with that graduating class.

## **Senior Activities**

Seniors will be permitted to participate in all senior activities, with the exception of commencement, whether or not they meet graduation requirements. Final determination of a student's participation in a senior activity rests with the building principal. Any exception to this policy must be addressed to the Board of School Directors by the Butler Senior High School principal, in writing, for action prior to commencement.

## **Transcripts**

Each student must have a parent consent form on file in the guidance office before a transcript can be mailed. A student who wishes to apply for college entrance exams also needs to submit a copy of his/her school record in transcript form as a part of the admission procedure and should submit his/her request to his/her guidance counselor. Transcripts are prepared by the guidance staff and given to the guidance counselor for completion. A minimum of three days must be allowed for preparation of transcripts. After graduation from high school, each graduate is permitted two free transcripts. After that, a fee of \$2.00 is charged for each additional transcript. A written request is needed for each transcript to be issued. Official transcripts are mailed from the guidance office only.

## **Permanent Transcripts**

Each student has a permanent transcript in the guidance office. When a student graduates, this transcript provides a record of a student's grades, attendance, extra-curricular activities, any awards or honors received, Keystone Assessment scores, and college entrance test scores. Requests for information from colleges, as well as from prospective employers, are completed according to the information on the permanent transcript. Copies may be obtained at any time during the junior and senior year for reference to future employers or colleges. After graduation, there will be a charge for each transcript beyond two. This record is required by law to be kept on file for ninety-nine years.

## **NCAA**

For students planning to participate in athletics in college, additional curricular requirements may be necessary in order for you to be eligible to play in a Division I and Division II program. Please see your guidance counselor for more information.

## **ATTENDANCE**

Attendance is of interest and importance to every student. Regular and punctual attendance to all school sessions creates good habits for school and for future life. Students who attend school regularly derive the maximum benefit from the instructional program, generally achieve higher grades, and enjoy school more.

### **Pennsylvania School Code-Attendance**

1. Purpose: The Board of Education requires that school-aged pupils enrolled in the schools of this District attend school regularly in accordance with the laws of the state. The educational program offered by this District is predicated upon the presence of the pupil and requires continuity of instruction and classroom participation in order for students to achieve academic standards and consistent educational progress.

2. Authority: Attendance shall be required of all students enrolled in the schools during the days and hours that the school is in session, except that a principal or teacher may excuse a student for temporary absences when she/he receives satisfactory

evidence of such mental, physical, or other urgent reasons which may reasonably cause the student's absence. Urgent reasons shall be strictly construed and do not permit irregular attendance.

## **Written Excuses**

The parent/guardian of a school-aged child is responsible to provide an explanation in writing for the pupil's absence from school. The mere fact that a parent/guardian has sent a written explanation to the Attendance Office does not necessarily mean that the absence is "excused". If a student is excessively absent from school fifteen (15) days per semester or thirty (30) days per year, the parent/guardian may be required to verify each additional illness/injury with a written excuse from a doctor. Doctor excuses should include type of medical condition and specific information on how the condition impacts attendance. Days excused by a certified doctor will not count toward the 15-day/30-day limit. The administration has the right to excuse other absences as urgent conditions arise. Any student who is absent, whatever the reason, is responsible to submit to the Attendance Office a written explanation for his/her absence. All absences from school must be substantiated with a note signed by a parent/guardian. You may submit SHS excuses to [shsattendance@basdk12.org](mailto:shsattendance@basdk12.org)

## **Excused Absence**

The Board, as directed by the PA Dept. of Education, division of child accounting, considers the following conditions to constitute reasonable cause for absence from school:

1. Illness or recovery from an accident
2. Quarantine
3. Required court attendance
4. Death of family member, classmate, or other adult affiliated with Butler Area School District
5. Family emergency (unavoidable)
6. Inclement weather/impassable roads
7. Other requests approved by the building principal

Excuses may be emailed directly or faxed to school, provided they are received within five days.

## **Unexcused Absence**

An unexcused absence is one where a student does not provide a written excuse for an absence within five (5) school days. Students absent from school for the following reasons would be considered unexcused: away from home, visiting, had to go to the store, working, hunting, overslept, and babysitting.

Although the absence is noted as unexcused, the student will not receive detention for this infraction. When the student has an unexcused absence, she/he is not permitted to request the make-up of tests, quizzes, or activities. Chronic unexcused absences warrant parental notification and possible disciplinary and/or consequences if the problem is not resolved.

## **Unlawful Absence**

Unlawful absence is the unexcused absence of all pupils of compulsory school age for one or more of the following reasons: absences through parent neglect, illegally employed, and truancy. According to the School district policy, students who are charged with unexcused absences, unlawful absences, or truancy are not permitted to make up schoolwork missed for those days.

## **Excessive Absences**

A doctor's excuse may be requested if a student is excessively absent from school. Should absences exceed 15 days in the first semester and thirty days of school accumulated during the full school year, a doctor's excuse will be requested when the student returns to school. In the event this is necessary, the parent/guardian will be notified by mail. Days previously excused by a doctor's excuse do not count toward this thirty-day limit. In the event that the doctor's excuse is not received for any absences after the thirtieth day, the absence will be considered to be unlawful.

Repeated infractions of Board policy requiring the attendance of enrolled students may constitute such misconduct and disobedience as to warrant the suspension or expulsion of the student from the regular school program.

The Board may report to appropriate authority infractions of the law regarding the attendance of students below the age of eighteen (18). The Board shall issue notice to those parents/guardians who fail to comply with the statutory requirements of compulsory attendance that such infractions of the statute will be prosecuted.

## **Waiver of Compulsory Attendance**

Parents/Guardians may make application for a waiver of compulsory attendance regulations when they desire their children to experience vacation opportunities which are educational in nature and also when parents/guardians must travel for other purposes and it would constitute a hardship to make arrangements to leave children at home or to curtail their trip because of the compulsory attendance laws. Applications for an exception to compulsory attendance requirements are available in each building principal's office. Prior notification, application, and approval by the building principal is required. Final approval rests with the Superintendent. The Board of School Directors may limit the number and duration of educational tours or trips for which excused absences may be granted to a student during the school term.

## **Partial-Day Absences**

The school board will recognize justifiable absences for part of the school day. In the interest of health, children may be excused for dental or medical appointments on receipt of a written request from the parent/guardian. However, such excuses should be infrequent, and a sincere attempt should be made by the child's parents/guardians to make such appointments during after-school hours or on Saturdays.

Dismissal from school to attend church activities or religious holidays which do not coincide with vacation days on the school calendar can be permitted only upon presentation to the attendance office of a written request from the parent/guardian. Other justifiable absences for part of the school day include court appearance, family emergency, or other urgent reasons.

## **Early Dismissal Information**

If you need to get out of school early for some important reason:

1. Present an excuse written by your parent/guardian to the attendance office upon arrival on the day you need to be excused.
2. Students must report to the attendance office with their early dismissal permit before leaving the building for your early dismissal.

The policy of the school is to cooperate with the medical and dental professions as much as possible. However, you may not be excused from school to keep routine medical and dental appointments which can be made for out-of-school hours, Saturday, or school holiday. Early dismissal will be granted in cases of emergency if you bring a request from your doctor or dentist and signed by your parents. Dismissal from school to attend church activities on religious holidays, which do not coincide with vacation days on the school calendar, can be permitted only upon presentation to the attendance office of a written request from the parent or guardian. These dismissal permits are obtained in the same manner as those above.

## **Truancy**

Truancy is defined as when a student is absent from school without permission from a parent/guardian or school official. A student who is truant will receive seven detentions for the first offense. A second occurrence of truancy will result in one day of in-school suspension. When a student is truant or cuts class, they are not permitted to make up any work missed or take any test administered during the period of truancy or class cuts. (Exception: Final examination for subject).

In addition, Act 29 removes from truant juveniles the vehicle operating privileges for ninety days for a first offense and six months for a second. Truant juveniles who are unlicensed are prohibited from applying for a learner's permit for ninety days (first offense) and six months (second offense).

When a student has been absent for three (3) days during the current school year without a lawful excuse, District staff shall provide notice to the parent/ guardian who resides in the same household as the student within ten (10) school days of the student's third unexcused absence.

The notice shall:

1. Be in the mode and language of communication preferred by the person in parental relation;
2. Include a description of the consequences if the student becomes habitually truant; and
3. When transmitted to a person who is not the biological or adoptive parent(s)/guardian(s), also be provided to the child's biological or adoptive parent(s)/guardian(s), if the mailing address of the parent(s)/guardian(s) is on file with the school and the parent(s)/guardian(s) is not precluded from receiving the information by court order.
4. The notice may include the offer of a School Attendance Improvement Conference.

If the student incurs additional unexcused absences after issuance of the notice and a School Attendance Improvement Conference was not previously held, district staff shall offer a School Attendance Improvement Conference.

## **School Attendance Improvement Conference**

The district staff shall notify the person in parental relation in writing and by telephone of the date and time of the School Attendance Improvement Conference.

The purpose of the School Attendance Improvement Conference is to examine the student's absences and reasons for the absences in an effort to improve attendance with or without additional services.

The following individuals shall be invited to the School Attendance Improvement Conference:

1. The student.
2. The student's person in parental relation.
3. Other individuals identified by the person in parental relation who may be a resource.
4. Appropriate school personnel.
5. Recommended service providers. Neither the student nor the person in parental relation shall be required to participate, and the School Attendance Improvement Conference shall occur even if the person in parental relation declines to participate or fails to attend the scheduled conference.

The outcome of the School Attendance Improvement Conference shall be documented in a written School Attendance Improvement Plan. The Plan shall be retained in the student's file. A copy of the Plan shall be provided to the person in parental relation, the student and appropriate District staff. No further legal action shall be addressed until the date of the scheduled School Attendance Improvement Conference has passed.

## **Habitual Truancy**

When a student under fifteen (15) years of age is habitually truant, District staff:

1. Shall refer the student to:
  - a. A school-based or community-based attendance improvement program; or
  - b. The local children and youth agency.
2. May file a citation in the office of the appropriate judge against the person in parental relation who resides in the same household as the student.

When a student fifteen (15) years of age or older is habitually truant, District staff shall:

1. Refer the student to a school-based or community-based attendance improvement program; or
2. File a citation in the office of the appropriate judge against the student or the person in parental relation who resides in the same household as the student.

District staff may refer a student who is fifteen (15) years of age or older to the local children and youth agency, if the student continues to incur additional unexcused absences after being referred to a school-based or community-based attendance improvement program, or if the student refuses to participate in such program.

Regardless of age, when District staff refer a habitually truant student to the local children and youth agency or file a citation with the appropriate judge, District staff shall provide verification that the school held a School Attendance Improvement Conference.

## **Filing a Citation**

A citation shall be filed in the office of the appropriate judge/ magistrate whose jurisdiction includes the school in which the student is or should be enrolled. Additional citations for subsequent violations of the compulsory school attendance requirements may only be filed against a student or person in parental relation in accordance with the specific provisions of the law.

## **Tardiness to School**

Each day the bell rings to begin period 1 at 7:35 am. Students must be in this assigned location no later than 7:31 am to be considered "on time." Any student not in attendance by 7:31 am is considered tardy and must report to the Attendance Office before going to class. At the Attendance Office the tardy student will be issued a "tardy slip" which must be shown to his/her teacher upon entering class.

A student is permitted five tardies to school per semester without disciplinary consequences. Excuses for tardiness should be submitted when the student arrives at school. Any student who accumulates six or more unexcused tardies will be issued

detention or more severe disciplinary consequences. Only a doctor or dentist appointment, or an excuse for illness will be accepted as excused after the fifth tardy. These excuses must be presented upon arrival at school the day of the tardiness. Chronic issues of tardiness to school may require a parent conference or referral to the principals.

School time missed due to chronic tardiness to school without a written legal excuse may be accumulated and converted to an equivalent number of days of unexcused absence. Upon the approval of the building principal, a citation may be issued to those parents/guardians who fail to comply with the statutory requirements of compulsory attendance through their children's chronic, unexcused tardiness to school.

## **Participation in Athletics and Other Co-curricular School Activities**

To be eligible to participate in interscholastic athletics or any other co-curricular school activity, a student must be regularly enrolled in the Butler Area School District and be in full-time attendance.

Students who represent the school in an after-school event must be in attendance for a minimum of four (4) classes on the day of the event unless, due to unusual circumstances, the students receive prior approval for an exception from a committee composed of the activity advisor and the building principal. It is the advisor's responsibility to monitor daily attendance.

In the event of an in-school or out-of-school suspension, a student shall lose the privilege to practice or compete on athletic teams or participate in any after school activity, rehearsal, practice or meeting. Students are not permitted on any school district property during an out of school suspension without prior approval from a building administrator.

It is the belief of the Butler Area School District that participation on any interscholastic athletic team, extracurricular activity or driving/parking a personal vehicle is a privilege, not a right. Students who volunteer to participate in these programs are expected to accept the responsibilities granted to them by this privilege. These students, as well as their parents/guardians, must also recognize that because of their choice to participate in these activities, they have a lesser expectation of privacy than do other students. The District will require any student who is submitting to testing and the student's custodial parent/guardian to consent in writing to drug testing pursuant to the District's drug testing program using the form provided by the District. No student should be able to participate in any interscholastic sport, any extracurricular activity, or to obtain a parking permit without such consent (Policy 227.1).

## **Work Permits**

The Child Labor Act provides for the health, safety and welfare of minors by:

- prohibiting their employment or work in certain establishments and occupations;
- prohibiting employment of children under a certain age;
- regulating certain conditions of their employment; and
- requiring employment certificates for minors under the age of 18.

Any minor who has reached the age of fourteen may receive a work permit from the attendance office. All work permits shall be valid for the entire period the minor is eligible for work and is under the age of eighteen, provided they are in good academic standing

### **TO OBTAIN A WORK PERMIT:**

Step 1: The student is to obtain an Application for Work Permit from the **attendance office**.

Step 2: A parent/guardian is to sign the application, complete portions requiring "Place of birth" and "Name and address...."

Step 3: The student is to return the application to the attendance office along with I.D. and proof of birth. Proof of birth may be a birth certificate, PA driver's license, baptismal certificate or an affidavit of parent or guardian accompanied by the physician's state of opinion as to the age of the minor.

A student may be denied a work permit if, in the issuing officer's judgment, the applicant cannot maintain adequate academic achievement if permitted to work during the school year. Similarly, an issuing officer may revoke a work permit if in the issuing officer's judgment, the minor cannot maintain adequate academic achievement if permitted to work during the school year.

An employer must notify the issuing officer within five days of the normal duties and hours of a minor and within 5 days after terminating said minor. The following district personnel that have enforcement capabilities are: Chief School Administrator, attendance officer, and issuing officer.

## STUDENT CONDUCT

Proper student behavior is represented by each student developing the desire and ability to live as a responsible citizen in a free society. It is the by-product of teaching and growth that results in an individual's feeling that he/she does right because it is his/her habit to do right. The most effective positive behavior procedure is the development of self-discipline in each student. Therefore, discipline will always seek to foster self-discipline.

## DEFINITIONS OF DISCIPLINE CONSEQUENCES

**Detention** Held on designated days from 2:50 to 3:25 p.m. Monday through Thursday. Detention is also offered in the morning on Tuesdays and Thursdays from 6:51 to 7:26 a.m. Every student who is assigned detention should report to the assigned room the following day and for as many days as determined by the administrator. **The requirements for detention are promptness, silence, and constructive writing or studying. Transportation home from after school detention and to school for morning detention is the responsibility of the student and parent/guardian.**

**Suspension** The student will be told not to report to school for a period ranging from one to three days for a temporary suspension. Full suspension shall mean exclusion from school for an offense for a period of up to ten school days. Parents will be notified of all suspensions. The suspension will, in most cases, officially start the next day after the issuing of the suspension. The student will assume the responsibility of making up work missed because of time lost due to any disciplinary action. The student will be given one day for each day suspended, up to five days, in addition to his/her day of return to complete missed work.

For the 24-25 school year, the Butler Senior High School has partnered with Glade Run Lutheran Services to create an out of school suspension program that will be held at the Glade Run facility for those students that require this service during out of school suspensions.

**In-School Suspension** shall mean that a student will be removed from the classroom and assigned to a special study area under the direct supervision of a staff member.

**Temporary Suspension** shall mean exclusion from school for an offense for an offense for a period of up to three (3) school days by the administrator, without a hearing.

**Full Suspension** shall mean exclusion from school for an offense for a period of up to ten (10) school days, after an informal hearing before the principal is offered to the student and the student's parents/guardians.

**After School Activities** While suspended from school, students lose the privilege to practice or compete on athletic teams or participate in any after-school activity, rehearsal, practice or meeting. Students are not permitted on any school district property during a suspension without prior approval from a building administrator. This includes attendance at any school-sponsored events.

**Expulsion** shall mean exclusion from school for an offense for a period exceeding ten (10) days and may be a permanent expulsion from the school rolls, by action of the Board of School Directors.

**Readmission to School** Expelled students who are eligible to return to school must attend a readmission hearing with a parent/guardian and must sign a Behavior Stipulation Agreement as a condition of re-admission. Failure to comply with any of the requirements in the Behavior Stipulation Agreement may result in future and immediate disciplinary action.

**Butler Area Vocational Technical School Expulsion Policy** Any student of the Butler Area School District who is expelled by action of the Board from the educational program will likewise be removed from the educational program at Butler Area Vocational-Technical School. The School District will not assume the responsibility of the cost of educating an expelled student at Butler Area Vocational-Technical School nor will any credits accumulated during the time of expulsion at Butler Area Vocational-Technical School be included or counted towards meeting the expelled student's graduation requirements.

## POLICIES AND PROCEDURES

### Academic Integrity/Cheating

A lack of academic integrity is cheating. Cheating will be defined as the following and the attempt to do the following:

- Copying/sharing assignments.
- Plagiarism.
- Cheating on exams including building-wide standardized tests or on major projects.
- Forging/stealing.
- Falsifying records.

Cheating is a very serious matter. The teacher, in consultation with the building principal, will determine the appropriate consequence based on the severity of the cheating incident. Any student who is caught cheating on a test or assignment will receive a failing grade for the test or assignment upon the first offense. Any further cheating in that course will result in the offender receiving a failing grade for the grading period in which the offense occurred. The grading period is nine weeks. The teacher will notify the parent, counselor, and principal of any cheating infractions. Any student caught stealing a test will fail the course and receive a failing grade. Students may be suspended from school, or be ordered to have a hearing before the Board of School Directors in certain instances.

### Alcohol and Drugs

The Butler Area School District Board of School Directors recognizes and affirms the individual value and potential of each member of its school community. We recognize that substance use/abuse and dependency seriously impairs the ability of individuals to develop their full academic and social potential and adversely impacts the educational environment. The Board shall endeavor to use curriculum, classroom activities, administrative and faculty efforts and disciplinary procedures to prevent and intervene in the misuse and abuse of alcohol/ drugs. It is the goal of the district to protect the health, safety and welfare of students and staff of the Butler Area School District.

The Butler Area School District prohibits the possession, use, misuse, being under the influence of, or the distribution by students and unauthorized personnel of drugs (controlled, non-controlled or mood-altering substances), look-alikes, designer drugs, drug paraphernalia, health endangering substances, medication not registered with the health office, or alcohol on school district property, at any school-sponsored event, in any conveyance providing transportation to or from school or school-sponsored events, while traveling to or from school or school sponsored events or during activities under school district jurisdiction.

A non-controlled substance is any substance containing phenylpropanolamine, pseudoephedrine, ephedrine, or any other non-controlled substance that has or is represented to have a stimulant or depressant effect on humans. In addition to the items stated above, any product that includes chemical solvents, inhalants, or aerosol carcinogens, such as but not limited to glue and aerosol products, is also considered a non-controlled substance.

**Designer Drug**

A controlled substance analog is a non-controlled substance which either produces the pharmacological effect or is represented to produce pharmacological effects similar to a controlled substance in Schedule 1 or 2 of the Pennsylvania Drug Device and Cosmetic Act of 1972.

**Look-Alike Substance**

A non-controlled substance whose physical appearance of the finished dosage form containing the non-controlled substance is substantially identical to any controlled substance, taking into account size, shape, color, markings or lack thereof.

**Health Endangering Substance**

Any substance that may be harmful to the individual.

**Medication**

Prescription and nonprescription medicines, as defined by the Butler Area School District's Medication Policy, #210.

**Drug Paraphernalia**

All equipment, products and material of any kind which are used, intended for use or designed for use in planting, propagating, cultivating, growing, harvesting, manufacturing, compounding, producing, processing, preparing, testing, analyzing, packaging, repackaging, storing, containing, concealing, injection, injecting, ingesting, inhaling, or otherwise introducing to the human body a controlled substance.

**Distribution**

**Possession**

The collection must include NIDA protocol and a secured chain-of-custody. A breath alcohol testing may be required if determined appropriate. All screening and testing required by this policy will be completed at the expense of the school district.

**Delegation of Responsibility**

The Superintendent shall prepare guidelines for the identification, amelioration and control of substance use/abuse in the schools which shall establish procedures for the investigation of suspected violations of this policy, provide a consistent means for effectively responding to and reporting violations of this policy and provide guidance for the instruction and readmission to school of students determined to have violated this policy.

Incidents of possession, use and/or distribution of controlled substances, including alcohol, by any person on school property, on a school bus/vehicle or at a school activity shall be reported to the local police department. In addition, such incidents shall be annually reported to the Office of Safe Schools or as otherwise required by law.

Maintaining the confidentiality of information involving or arising from investigations of suspected substance use/abuse is the responsibility of all parties involved. Such information shall be limited to the parties who have immediate knowledge of the

situation and may only be extended to medical personnel, the Superintendent, the building principal and assistant principal, and counselors or other school personnel having a legitimate educational interest, and law enforcement officials in compliance with law.

### **Disciplinary Response**

The following disciplinary action is prescribed for any student found in violation of this policy:

1. Immediate Action – The student shall receive an out-of-school suspension for a period of three (3) days. During the first three (3) days, an informal hearing will be held with the student accompanied by a parent/guardian. Subject to such informal hearing, the student's out-of-school suspension may be extended to a period of ten (10) days and the incident shall be referred to the Superintendent for the initiation of a formal expulsion hearing. Before determination of final disciplinary action, the student will be required to receive immediate, complete drug and alcohol screening by the district's vendor. If a student adulterates or refuses to submit a urine sample, the situation will be ruled as a positive result and the student will receive the same consequences as if s/he had tested positive. The student may be required to complete an assessment by a licensed drug and alcohol facility, rehabilitation, drug counseling or other remedial programs and further drug and alcohol testing as a condition to reinstatement to the school district's educational, co-curricular and/or extra-curricular programs.

The maximum out-of-school suspension period that a building principal can assess to a student is ten (10) school days. Any disciplinary action resulting in exclusion from school for more than ten (10) school days constitutes an expulsion and can only be the result of a formal hearing of the School Board. If the student is to appear at a formal hearing, the district pledges to make such hearing available within the ten (10) school day period. The student and family are expected to be prepared for this hearing within the ten (10) school days. Delays for attorney schedules and the like will not result in the student being reinstated to the classroom nor in-school suspension. If a delay is granted, it will only be granted with the understanding that in the interim, the student will be prohibited from attending school on parent/guardian violation.

2. Expulsion – Subject to a formal hearing before the Board of School Directors, the student shall be expelled for a minimum of thirty (30) days (inclusive of any initial administratively imposed suspension) and for such further period as may be determined by the Board of School Directors.
3. The Superintendent or his/her designee is granted the discretionary authority, on a case-by-case basis, to supersede the minimum period of suspension in consideration of the nature of the offense, the age of the student and any other mitigating circumstances.
4. The disciplinary provisions set forth in this policy are subject to and may be limited by the provisions of the Individuals with Disabilities Education Improvement Act (IDEIA), its accompanying regulations or other applicable law. To the extent permitted by IDEIA, its accompanying regulations or other applicable law, the disciplinary provisions applicable to students without disabilities shall be applied in a similar manner to those students with disabilities.

### **Activities Conducted Off Campus**

Butler Area School District policies shall also apply to student conduct that occurs off school property and would violate the Student Discipline Policy if:

- A. There is a nexus between the proximity and timing of the conduct in relation to the student's attendance at school-sponsored activities.
- B. The student is a member of an extracurricular activity and has been notified that particular off-campus conduct could result in exclusion from such activities.
- C. Student expression or conduct materially and substantially disrupts the operations of the school or the administration reasonably anticipates that the expression or conduct is likely to materially and substantially disrupt the operations of the school.
- D. The conduct has a direct nexus to attendance at school or a school-sponsored activity, such as an agreement to complete a transaction outside of school that would violate the Student Discipline Policy.
- E. The conduct involves the theft or vandalism of school property.

### **Assault (as determined by local law enforcement)**

**Simple Assault**—a person is considered guilty of simple assault if he/she:

- A. Attempts to cause or intentionally, knowingly, or recklessly cause bodily injury to another.
- B. Negligently causes bodily injury to another person with a deadly weapon.
- C. Attempts by physical menace to put another in fear of imminent serious bodily injury.

A student found to have committed either simple assault or aggravated assault, as defined above, shall receive up to a ten-day out-of-school suspension and may be recommended to the Board for expulsion from school. In addition, said student may be reported to appropriate law enforcement officials.

## **Cafeteria Behavior**

- A. A student who misbehaves during lunch (i.e. leaving a tray, throwing food, cutting in line) may be assigned to a specific table, detention, in-school or out-of-school suspension.
- B. Students in the lunch area must be seated.
- C. If a student needs to return to class before class time, the student should have a Smartpass from the subject teacher.
- D. Visiting vehicles are not permitted during the lunch period.
- E. Students will be restricted to a single visit to the restroom in the cafeteria during lunch. Loitering in the restrooms will not be tolerated.

### ***Student Searches***

The primary purpose and justification for a student search is the protection of the health, safety and welfare of the students, faculty, school property and the educational process.

School officials shall be permitted to conduct a search of a student and/or of items in the student's possession or within the student's control if the school official has reasonable grounds for suspecting that the search will turn up evidence that the student has violated or is violating either the laws of the United States of America or the Commonwealth of Pennsylvania or the rules and regulations of the school district or the school official has reasonable cause to believe that the search is necessary to maintain school discipline or to protect school property or the educational process.

The superintendent directs the administrative staff to conduct student searches according to the following procedures:

1. All searches of a student and/or of items in the student's possession or within the student's control shall be conducted in the presence of the building principal and/or his/her designee(s) and a witness. Based on nature and severity of the incident, the student's parent(s)/guardian(s) are permitted to be present during the search of a student and/or of items in the student's possession or within the student's control if it is possible to locate the student's parent(s)/guardian(s) and they report to the building principals' office within a reasonable period of time. Such searches shall be conducted in private.
2. Prior to conducting a search of a student and/or of items in the student's possession or within the student's control, the school official conducting the search may provide the student with an opportunity to voluntarily produce any suspected evidence that the student has violated or is violating either the laws of the United States of America or the Commonwealth of Pennsylvania or the rules, policies, and regulations of the school district.
3. Illegal or prohibited material(s) seized during a student search may be used as evidence against the student in a school disciplinary proceeding.
4. If the student refuses to voluntarily produce any suspected evidence that the student has violated or is violating either the laws of the United States of America or the Commonwealth of Pennsylvania or the rules, policies, and regulations of the

school district and refuses to consent to a search, the school official may ask the student to consent to a search prior to conducting an involuntary search of the student and/or items in the student's possession or within the student's control.

5. If the student refuses to voluntarily produce any suspected evidence that the student has violated or is violating either the laws of the United States of America or the Commonwealth of Pennsylvania or the rules, policies, and regulations of the school district and refuses to consent to a search, the building principal and/or his/her designee(s) in the presence of a witness and, if present, the student's parent(s)/guardian(s), shall order the student to empty his/her pockets, remove his/her outer jacket, coat and/or vest, remove his/her shoes and socks, roll up his/her sleeves to the elbows, remove his/her belt, and turn over to the person conducting the search any and all items in the student's possession or within the student's control.
6. The refusal of a student to submit to a search of himself/herself and/or of items in the student's possession or within the student's control shall be immediately reported to the appropriate law enforcement officers and/or juvenile probation officers for further investigation. The principal shall detain the student until such time as a law enforcement officer or juvenile probation officer arrives to interview the student.

Butler Area School District is committed to maintain safe, orderly schools; to promote health and safety within the school setting; and to provide a school environment conducive to education.

The Butler Area School District maintains Policy 218.3 Metal/Weapon Detection System/Devices. Upon entering the building, students and visitors are to pass through a metal detector. If the detector is activated while scanning a bag or parcel, the school police/principal/designee will examine the contents for detectable "Prohibited Articles." If the metal detector activates on a person and the course of the alarm is not apparent (e.g., jewelry), the school police/principal/designee conducting the scan will direct the individual to remove any remaining metal objects from his/her person and will conduct a second scan. If the detector activates again, the school police/principal/designee shall escort the individual to the principal's office and proceed to conduct a search in accordance with the student search procedures.

Students and adults entering the secondary schools will be asked to submit to a metal detector search procedure to ensure that weapons, controlled substances, and other prohibited articles are not brought into the building. Metal detector searches will be conducted on a daily basis at each of the District's school buildings.

Metal detector searches may be conducted at the district's discretion during after-school events such as dances, the prom, or any athletic event. Additional information about the screening process can be found in the district policies 218.3 and 226.1.

When an emergency removal of a student, as described in Attachment 3, is warranted to address an immediate threat to the physical, mental or emotional health or safety of an individual, and it is not feasible to continue educational services remotely or in an alternative setting, the normal procedures for suspension and expulsion shall be conducted to accomplish the removal, including specific provisions to address a student with a disability where applicable.

#### Confidentiality

#### Definitions Related to Title IX Sexual Harassment

Formal complaint shall mean a document filed by a complainant or signed by the Title IX Coordinator alleging Title IX sexual harassment and requesting that the district investigate the allegation under the grievance process for formal complaints. Such conduct must have taken place during a district education program or activity and against a person in the United States to qualify as sexual harassment under Title IX. **IF TARDY TO SCHOOL:** You **must** register at the attendance office immediately upon arrival and pick up a late arrival slip.

**FOR EARLY DISMISSALS:** Students will not be dismissed without **written** permission from a parent or guardian. Bring a note signed by a parent to the attendance office upon arrival at school indicating the reason for the need to leave school early. Justifiable absences for part of the school day include court appearances, family emergency, and other urgent reasons. Just prior to leaving the building, report to the attendance office. Only notes presented upon arrival will be honored. Each early dismissal will be subject to verification.

### **Early Dismissal -- Permanent**

Approval is given to the principal to excuse students in tenth through twelfth grades for the last period of the day if the student is scheduled for a study assignment for this period, has parental approval, and has transportation home at this hour.

Eighth period early dismissals during the school day are a privilege that can be revoked if abused. Before any early dismissal will be considered, the following terms must be understood:

- a. No student will be permitted an early dismissal who has failed any subject the previous term.
- b. Students receiving an early dismissal must be gone from the campus within ten minutes.
- c. Students must apply for an early dismissal each semester; they do not run for a school year.
- d. All early dismissal applications are processed through the guidance office.

- e. Early dismissals may be removed if the student receives detention more than two times or receives other disciplinary actions.

## Vo-Tech Excuses

Vo-Tech students must bring in two excuses for their days of absence. One excuse goes to the Vo-Tech school and one is for the high school attendance office.

## Change of Address

We ask that you accept the responsibility of reporting any change of address or phone number to the guidance office.

## Library

The purpose of the school library service is to widen, open and intensify learning. In the library is a collection of instructional materials including audiovisual and reference materials, selected to meet curricular and recreational needs of students and teachers. Student should become familiar with the following procedures:

- A. The library is open from 7:36 a.m. to 2:44 p.m.
- B. Books circulate for a period of two weeks, one week, and overnight. Books should be returned to the library on or before the due date. A fine of ten cents for each school day is charged for overdue two-week books; twenty cents each school day for one-week books; and five cents per period or thirty-five cents each school day for overnight books. **Students who owe money to the library for overdue or lost materials will not receive their diplomas until all fines are paid, and/or all overdue books are returned.**
- C. Library materials must be checked out at the library circulation desk. It is the student's responsibility to see that the materials are checked back at the circulation desk.
- D. Audio-visual materials and equipment may be used in the library.
- E. Due care is to be given to the furnishings and equipment. No food or drinks, including water bottles, are permitted in the library. The library must be kept quiet, talking kept to a minimum. Disruptive students will be asked to leave and disciplinary action will be taken.
- F. Library Computer Use: The following procedures must be followed:
  - 1.. To use the Internet, students must have a signed *Acceptable Use Policy* on file. Violations of this policy will result in disciplinary action and a loss of Internet privileges.  
  
Students are not permitted to use the Internet for:
    - a. Checking personal email accounts.
    - b. Visiting in or participating in forums or chat room discussion groups.
    - c. Playing games online.
    - d. Web logging for any reason outside of classroom assignments or activities.
    - e. Visiting websites unrelated to classroom assignments, research projects, vocational research, or college investigation.
    - f. Visiting inappropriate websites.
- G. Overdue Materials and Fines
  - 1. Students will receive monthly notices of overdue materials and fines owed.
  - 2. Failure to clear obligations within one week may result in suspension of library privileges until obligations are cleared.
- H. Students are permitted to go to the library from study hall a total of **two visits per week** on a *study hall library pass*. If a student needs to go to the library for research purposes and the student has used his/her two study hall library passes, the student **must get a reference pass from the subject teacher** who assigned the research project. Study hall and reference passes are for the ENTIRE period, and students are not permitted to return to study hall once they check in at the library circulation desk.

## Lockers

Each student is assigned a locker at the beginning of each school year by his/her homeroom teacher. This will be his/her locker for the remainder of the year, and he/she is responsible for its maintenance and condition. No permanent or objectionable decals or pictures are permitted on any part of the locker. Every student is cautioned against having anything of value in his/her locker and also giving the combination to another person. Remember, a friend today may not be a friend tomorrow. Any student who is having any mechanical problems with his/her locker should consult the receptionist in the principals' office immediately.

## Lost Items

Items found in and around the buildings should be turned in to the receptionist at the principals' office. Any person who has lost an article may make inquiries to the receptionist. Lost library books should be turned into the library, while school books should be turned into the office.

**Warning:** Do not leave money or other valuables in lockers or classrooms. For safekeeping, take valuables to the office. They may be called for at the close of the school day. Students taking physical education classes are advised to leave valuables at home. All personal items must be locked during physical education classes.

## Senior Class Committees

The senior class activities are conducted through a group of student committees with at least one faculty advisor. Obviously it is to the advantage of the senior class that competent people serve on the committees. Students are chosen to serve on these committees on a voluntary basis. A senior student makes it known that he/she is interested in serving on a particular committee by completing a form and returning it to his/her homeroom teacher. Committee members are selected on the basis of this information by a selection committee made up of the senior officers and senior advisors.

## Substitute Teachers

Substitute teachers are to be recognized as having the same authority as regular members of the faculty and should be accorded the same respect given to a teacher. They are invested with the same powers to make assignments and to award marks indicating their judgment of the success of students in completing the assignments. It is readily understood that substitutes face out-of-the-ordinary situations in taking up the threads of class work on relatively short notice and in teaching students with whom they have not had the opportunity to become acquainted. No leniency will be shown for Butler Senior High School students who show disrespect for substitute teachers or in any way misbehave while under the supervision of a substitute teacher.

## Telephone Messages and Gifts

Students are not to be called from class or study hall to the telephone. If the message is urgent, it may be phoned into the principal's office and an office aide will deliver the message. Students are urged to make their parents and friends acquainted with this regulation.

No gifts, flowers, balloons, etc. will be delivered to students during the school day. Any such items will be kept in the office until the end of the school day. Any such deliveries are discouraged.

## Telephone

Parents who need to contact their student may do so by calling the principals' office at 724-214-3200 and a message will be delivered to the student.

## Valuables

It is most IMPORTANT that students be constantly reminded about the danger of bringing valuables to school. Students should recognize that they must accept sole responsibility for their personal belongings. Often valuables are left lying around and are picked up by someone but the owner complains that his/her valuables are stolen. Most often it was his/her own fault. **Students should NOT bring large sums of money to school. If it is absolutely necessary for them to carry a sum of money, they may take the money to the office and it will be placed in an envelope and kept in the vault until after school.**

## Visitors

Students who wish to bring a visitor to school must request permission in advance from a principal. All visitors and guests are required to register at the principal's office and obtain a visitor's pass upon entering the building. No visitors are permitted the last two weeks of the semester. **Visitors are only permitted during a teacher's plan period.**

## Athletic Eligibility

To be eligible for interscholastic athletic competition, a pupil must pursue a curriculum defined and approved by the principal as a full-time curriculum. The pupil must be passing at least four full-credit subjects, or the equivalent. Eligibility shall be cumulative from the beginning of a grading period and shall be reported on a weekly basis. In cases where a student's cumulative work from the beginning of the grading period does not as of any Friday meet the standards provided for in this section, he/she shall be ineligible from the immediately following Sunday through the next following Saturday.

In cases where a student's work in any preceding grading period does not meet the standard listed above, said student shall be ineligible to participate in interscholastic athletics for the first twenty (20) school days of the next grading period, except as provided in Section 5.

Pupils who are enrolled for the first time must comply with the requirements of the curriculum rules. The standing requirements for the preceding weeks, the preceding period, or the preceding year shall be obtained from the records of the last school which the pupil has attended.

At the end of the school year, the student's final credits in his/her subjects rather than his/her grades and credits for the last grading period shall be used to determine his/her eligibility for the next grading period. The administration may at any time withdraw from competition a student whose citizenship is such as to make him/her unworthy to represent the school. If an athlete is suspended from school, he/she loses all of his/her privileges to practice or compete during the suspension period.

Any student assigned In-School or Out-of-School Suspension is not eligible to participate in practice or competition that evening.

## Hazing for School Sponsored Activities/Athletics

The purpose of this policy is to maintain a safe, positive environment for students and staff that is free from hazing. Hazing activities of any type are inconsistent with the educational goals of the district and are prohibited at all times.

For the purpose of this policy, hazing is defined as an activity that recklessly or intentionally endangers the mental health, physical health, or safety of a student or causes willful destruction or removal of public or private property for the purpose of initiation or membership in or affiliation with any organization recognized by the Board.

**Endangering the Physical Health** shall include but not be limited to any brutality of a physical nature, such as whipping, beating, branding, forced calisthenics, forced sexual activity, exposure to the elements, forced consumption of any food, alcoholic

beverage, drug, or controlled substance; or other forced physical activity that could adversely affect the physical or psychological health or safety of the individual.

***Endangering the Mental Health*** shall include any activity that would subject the individual to extreme mental stress, such as prolonged sleep deprivation, forced prolonged exclusion from social contact, forced conduct which could result in extreme embarrassment, or any other forced activity which could adversely affect the mental health or dignity of the individual.

Any hazing activity, whether by an individual or group, shall be presumed to be a forced activity, even if a student willingly participates.

The Board does not condone any form of initiation or harassment, known as hazing, as part of any school-sponsored student activity. No administrator, student, coach, sponsor, volunteer, or district employee shall plan, direct, encourage, condone or tolerate, assist, or engage in any hazing activity.

The Board encourages students who have been subjected to hazing to promptly report such incidents to the building principal. District administrators shall promptly investigate all complaints of hazing and administer appropriate discipline to any individual who violates this policy.

Students, administrators, coaches, sponsors, volunteers, and district employees shall be alert to incidents of hazing and shall report such conduct to the building principal.

### **COMPLAINT PROCEDURE**

- A. When a student believes that he/she has been subjected to hazing, the student shall promptly report the incident, orally or in writing, to the building principal.
- B. The principal shall conduct a timely, impartial, thorough, and comprehensive investigation of the alleged hazing.
- C. The principal shall prepare a written report summarizing the investigation and recommending disposition of the complaint. Copies of the report shall be provided to the complainant, the accused, and others directly involved as appropriate.
- D. If the investigation results in a substantiated finding of hazing, the principal shall recommend appropriate disciplinary action, as circumstances warrant, in accordance with the Student Discipline Policy. Additionally, the student may be subject to disciplinary action by the coach or sponsor, up to and including removal from the activity.

### **Random Drug Screening**

It is the belief of the Butler Area School District that participation on any interscholastic athletic team, extracurricular activity or driving/parking a personal vehicle is a privilege, not a right. Students who volunteer to participate in these programs are expected to accept the responsibilities granted to them by this privilege. These students, as well as their parents/guardians, must also recognize that because of their choice to participate in these activities, they have a lesser expectation of privacy than do other students. The District will require any student who is submitting to testing and the student's custodial parent/guardian to consent in writing to drug testing pursuant to the District's drug testing program using the form provided by the District. No student should be able to participate in any interscholastic sport, any extracurricular activity, or to obtain a parking permit without such consent (Policy 227.1).

### **Student Managers/Student Trainers**

Student managers are chosen for each sport from a list of students who have applied through the coaches. In most sports, letters are awarded to those who have served satisfactorily for two seasons. Student trainers assist the head athletic trainer, physical therapists and orthopedic surgeons in carrying out a comprehensive prevention, care and treatment program for athletes representing Butler High School. All student athletic trainers will be required to follow all rules, regulations and policies regarding student athletes, as set forth by the school board and athletic director.

### **NCAA Eligibility**

If a student plans to pursue collegiate athletics, he/she is encouraged to seek additional information from the guidance office regarding NCAA requirements as early in their high school career as possible to ensure their eligibility for freshman year of college.

# LEGAL STATEMENTS

## Statement of Principles Regarding Educational Equity

COMMONWEALTH OF PENNSYLVANIA

STATE BOARD OF EDUCATION

A goal of the state's educational system is to provide equal opportunities for all students. Educational excellence cannot be attained without educational equity. Each student is entitled to an educational experience that is free from bias and discrimination and that reflects and supports the racial and cultural diversity present in the Commonwealth. Critical components of this experience are:

- A climate which is supportive, nurturing and conducive to learning,
- Instruction that is systematic, relevant, and responsive to the diverse needs of students,
- Broad-based bias-free assessment, and
- Developmentally appropriate curriculum and instructional resources which are gender-fair and reflect racial, cultural and ethnic diversity.

### Goals and Scope

While this Statement of Principles is pertinent to all state-supported elementary and secondary, vocational, post-secondary and higher educational institutions, it is most directly applicable to K-12 educational institutions. The State Board has developed regulations for equal educational opportunity in post-secondary institutions (22 Pa. Code Chapter 32) and for access to elementary and secondary education programs (22 Pa. Code Section 5.4). This Statement of Principles expands upon that previous rulemaking.

Multiracial, multicultural, nonsexist education teaches students about the cultural diversity of our society. The program and instruction help students understand the historical and contemporary contributions of men and women from a diversity of cultural and racial groups, including those with disabilities, and a variety of roles open to them. It takes place at all educational levels and helps students develop skills they need for life-long learning, advanced thinking and effective interpersonal and intergroup relations.

The goal is to maximize the potential of all students regardless of race, cultural heritage, religion, gender, sexual orientation or disability. The educational program, materials and instruction provide equal opportunity to all and result in maximum outcomes for all. Differences in levels of outcome attainment, which are systematically related to racial, cultural, or gender group membership, suggest that the educational program is not bias-free. Especially in schools where the population is predominantly African-American, courses in the history and culture of African-Americans are a part of the regular curriculum in grades K-12. The same policy applies where there are majority populations of Hispanic-Americans, Native Americans, and any other minority group.

All students (regardless of the degree of diversity in their own educational institutions) respect and appreciate diversity in order to be successful in a culturally diverse world and transcend racial, ethnic, and cultural boundaries in order to participate effectively in our democratic way of life.

### Characteristics of Educational Equity

Educational institutions displaying educational equity adhere to the following principles:

- There is equitable access to the resources needed to achieve the state's educational outcomes.
- All students are enabled to achieve their academic potential, and differences in achievement are not systematically related to racial, cultural, or gender groups.

- Curricula and educational materials are acquired, developed, and utilized which emphasize knowledge of and respect and appreciation for racial, cultural and gender diversity of the population and the contributions to society made by each group, including the groups to which students belong. Teachers and faculty are provided adequate staff development to support this policy.
- Teachers maintain high and challenging expectations for all students and use varied instructional strategies to address individual learning styles.
- Developmentally appropriate instruction provides all students opportunities to acquire and develop advanced thinking skills.
- Students learn a second language.
- Comprehensive support services that are gender-fair and culturally sensitive are provided to all students to assist in their academic and social development.
- Students exhibit positive attitudes toward self and others.
- Abusive treatment is not tolerated.
- Students participate equally in all school activities.
- Considered partners in the education of their children, parents participate equally in school-community activities.
- Discipline policies support educational purposes and are applied in a non-discriminatory manner that does not result in disparate treatment of or impact on minorities or any group of students.
- Faculty, administrators and other staff members are employed at all levels in the system on a bias-free basis.
- Boards and communities reflect equitable representation of all groups in the educational institution. Training is provided to boards and committees to support this policy.
- In order to provide equal educational opportunity to all students, educational institutions initiate, maintain and monitor a continuing cycle of self-query, assessment and adjustment.

Conclusion: Those who embrace the will to achieve excellence, and who are willing to risk change, can make a difference for the children of the Commonwealth.

ADOPTED BY THE STATE BOARD OF EDUCATION: January 14, 1993

## **Family Educational Rights and Privacy Act (FERPA) Notification**

The following information is provided to notify you of your rights and privileges under the Family Educational Rights and Privacy Act (FERPA), a federal law that protects the confidentiality of student educational records by limiting their disclosure. FERPA guarantees parents and “eligible” students (students eighteen years of age or older) certain rights, which are described below:

- ACCESS TO RECORDS:** Parents or eligible students have the right to inspect their child’s or their own educational records, to receive copies of the records in most cases, and to have a school official explain the records if requested. To inspect your child’s or your records, contact the building principal of the school your child attends. For the purpose of records access a parent includes natural parents, a guardian, and an individual acting as a parent of the student in the absence of a parent or guardian. The school presumes that either parent of the student has authority to inspect or review the education records of the student unless the school has been provided with evidence that there is a legally binding instrument or a state law or court order governing the divorce, separation, or custody, providing to the contrary.
- CHALLENGE TO RECORDS:** Parents or eligible students have the right to request that their Educational records be changed if they are inaccurate, misleading, or violate student’s rights, and to have a hearing if that request is refused.
- DISCLOSURE:** FERPA provides that educational records cannot be released without the written consent of the parent or eligible student, except in certain specified instances.
- POLICY:** A more detailed explanation of your rights, the procedures to follow if you want to take advantage of them, and the limitation on the release of records is presented in the school district’s FERPA policy statement. You may obtain a copy of this policy by contacting the assistant superintendent of secondary education.
- COMPLAINTS:** If you believe that the school district is not complying with FERPA or not guaranteeing you your rights outlined above, you may file a letter of complaint with the federal office in charge of enforcing the Act at: Department of Education, FERPA Office, 4511 Switzer Building, Washington, D.C. 20202.

## Use of Student Photographs, Videotape, or Other Images

The district recognizes that the use of student photographs, videotape, or other images can be used to promote students and school district activities in a positive manner and can be part of an effective public relations program with the community.

Parents who do not want their child's image used in any district publication, display, or broadcast must provide a written request to that effect to the building principal at the beginning of each school year. The District cannot guarantee that a student's image will not inadvertently appear as part of a school-related activity.

If a parent would like their student to opt out, please complete the form on page 52 and submit to the building principal.

### Use of Student Photos, Video and other Multimedia Opt Out

The photos and videos may be published on the school district's website, social media platforms and newsletters. They may also be used by the media.

If you do not give permission for your student to be photographed or video recorded, you must complete and return the form below to your child's principal. The form will be active from the time it is signed and returned through the remainder of the 2024-2025 school year.

**NOTIFICATION OF RIGHTS  
PARENTS/ELIGIBLE STUDENTS**

The Family Educational Rights and Privacy Act (FERPA) and Pennsylvania law afford parents/guardians and students eighteen (18) years of age and over (eligible students) certain rights with respect to the student's educational records, as follows:

1. The right to inspect and review the student's education records within thirty (30) days of the district's receipt of a request for access.

A parent or eligible student making such a request must submit to the school principal (or appropriate school official) a written request that identifies the record(s) s/he wishes to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading or otherwise violates the privacy rights of the student.

A parent or eligible student may request the district to amend a record s/he believes is inaccurate, misleading or violates the privacy rights of the student by clearly identifying in writing the part of the record s/he wants changed and specifying why it is inaccurate, misleading or violates the privacy rights of the student. The request shall be made to the building principal (or appropriate school official).

If the district decides not to amend the record as requested, the principal will notify the parent or eligible student of the decision and advise him/her of the right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to consent to disclosure of personally identifiable information contained in the student's education records, except to the extent that FERPA and state law authorize disclosure without consent.
  - a. School officials, including teachers, with a legitimate need to review an education record in order to fulfill their professional responsibilities. This may include the disclosure of disciplinary information regarding conduct that posed a significant risk to the safety or well-being of the student or others. A school official is a person employed by the district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the Board of Education; a person or company with whom the district has contracted to perform a special task (such as an attorney, auditor, medical consultant or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his/her tasks.
  - b. Officials of another school or school system in which the student seeks or intends to enroll. In this case, disciplinary information may be included. The district will make a reasonable attempt to notify the student's parents prior to the disclosure of information and will provide the parent with a copy of the record if so requested.
  - c. Authorities named in FERPA and accompanying federal regulations, including authorized representatives of the Comptroller General of the United States, Secretary of Education, and state and local educational authorities.
  - d. Officials connected with a student's application for a receipt of financial aid.
  - e. State and local officials who are required to get specific information pursuant to state law if the disclosure concerns the juvenile justice system and the system's ability to effectively serve the student whose records are released. If the state statute was enacted after November 19, 1974, the officials must certify in writing that the information will not be disclosed to any other person, except as provided by state law, without prior written consent of the parent.
  - f. Educational testing and research organizations for the purpose of administering student aid programs or improving instruction or predictive tests as long as confidentiality is maintained and such organizations are required to destroy records after they no longer are needed.
  - g. Accrediting institutions. h. In emergency situations to appropriate persons if the information is necessary to protect the health and safety of the student or others.

Anyone if required by a court order or subpoena. However, where the subpoena is issued by a federal grand jury, the district will make reasonable efforts to notify the parent or eligible student prior to complying with the subpoena or court order.

The school district may disclose group scholastic achievement data from which the individual cannot be identified without written consent of the parent or eligible student.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the district to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

*Family Policy Compliance Office  
U.S. Department of Education

5. The right to refuse to permit the designation of any or all of the categories of directory information.

The district is permitted by law to disclose directory information without written consent of the parent or eligible student. The parent or eligible student has the right to refuse to permit the designation of any or all of the categories of directory information if a written refusal is forwarded to the building principal by the second week of the current school term, or upon enrollment within the district during the school year.

Directory information which may be released may include the student's name, date and place of birth; major field of study; participation in officially recognized activities and sports; weight and height of members of athletic teams; dates of attendance; degrees and awards received; the most recent and previous education agency or institution attended by the student and other similar information.

6. The right to request that information not be provided to military recruiting officers.

Names, addresses and home telephone numbers of secondary school students will be released to military recruiting officers unless a student submits within twenty-one (21) calendar days a written request to the Superintendent that such information not be released.
