School-Community Organizations

The Bethany Board of Education (Board) encourages the creation of parent organizations such as Parent-Teacher Organization (PTO) units and student, teachers, and parent councils as an appropriate means of achieving effective and maximum parental involvement with the Bethany Public School District.

The Board encourages the Superintendent, other administrators, teachers, and other staff members to work closely with the officers of parent organizations for the benefit of students.

Among the many services which such associations can offer, the Board especially endorses support for parent/citizen volunteer programs in the school.
