

CAREER PATHWAYS

Grow here. Learn here. Work here.

Music

The Music program is designed to provide study in areas of music and performance to prepare students for employment and with transfer options to consider. Studies will include performance in ensembles, individual studio instruction, and classes in theory, ear training, and piano. Students should be aware that if they transfer before completing this degree, their courses will be evaluated individually toward the general education requirements. Students that are planning on attending SOU through the articulation agreement should contact the SOU Music Department early in the first year of their AS program. All students must pass a New Student Hearing before being accepted as a Music Major at SOU.

CAREER HIGHLIGHTS

JOB TYPES:

Teaching

Performing

Composition

Producer

Broadcasting

Music Director

SALARY RANGE: Highly variable: dependant upon final degree and chosen career path

LOCAL INDUSTRY:
