

# CAREER PATHWAYS

Grow here. Learn here. Work here.

## Early Childhood Education

The Early Childhood Education One-Year Certificate program prepares students to work as a teacher or aid with children age 0-6. Upon completion of the Early Childhood Education One-Year Certificate, students will achieve Step 8 on the Oregon Registry Steps for the Oregon Center for Career Development in Childhood Care and Education.

Students in the Child Development Career Pathway certificate program receive education and experience around the foundational knowledge for child development age 0-6 with a specific focus with infants and toddlers age three and under. Our Child Development Career Pathway certificate program focuses on seven crucial learning outcomes to help prepare students for working with young children and their families.
