Step 2 – Initial Communications/Supports

The complainant **will** be informed about the Board's policy on discrimination, including the right to an investigation of both **oral** and written reports of discrimination.

The building principal or designee, in consultation with the Compliance Officer, Title IX Coordinator and other appropriate individuals, **will** promptly implement appropriate measures to protect the complainant and others as necessary from violation of the policy throughout the course of the investigation.

The building principal or designee may provide to the complainant factual information on the complaint and the investigative process, the impact of choosing to seek confidentiality and the **opportunity to report the incident(s) to law enforcement**. The person accepting the complaint **will** handle the report objectively, neutrally and professionally, setting aside personal biases that might favor or disfavor the complainant or respondent.

The building principal or designee **will** seek to obtain consent from parents/guardians to initiate an investigation where the **complainant** is under age eighteen (18), and inform parents/guardians of the complainant that the complainant may be accompanied by a parent/guardian during all steps of the complaint procedure. When a parent/guardian requests confidentiality and will not consent to the **complainant's** participation in an investigation, the building principal or designee **will** explain that the school **will** take all reasonable steps to investigate and respond to the complaint consistent with that request for confidentiality as long as doing so does not preclude the school from responding effectively to the discrimination and preventing discrimination that affects other students.

The building principal or Compliance Officer **will** provide relevant information on resources available in addition to the discrimination complaint procedure, such as making reports to **law enforcement**, available assistance from domestic violence or rape crisis programs and community health resources, including counseling resources.

Informal Remedies -

At any time after a complaint has been reported, if the Compliance Officer believes the circumstances are appropriate, the Compliance Officer may offer the parties involved in the complaint the opportunity to participate in informal remedies to address the reported conduct. Informal remedies can take many forms, depending on the particular case. Examples include, but are not limited to, mediation, facilitated discussions between the parties, restorative practices, acknowledgment of responsibility by a respondent, apologies, a requirement to engage in specific services or other measures to support the parties.

If the matter is resolved to the satisfaction of the parties, the district employee facilitating the informal remedies **will** document the nature of the complaint and the proposed resolution of the matter, have both parties sign the documentation to indicate agreement with the resolution and receive a copy, and forward it to the Compliance Officer.

The Compliance Officer **will** contact the complainant to determine if the resolution was effective and to monitor the agreed upon remedies, and **will** document all appropriate actions.

*If the informal remedies result in the final resolution of the complaint, the following steps are not applicable.

Step 3 – Investigation

The Compliance Officer **will** assess whether the investigation should be conducted by the building principal, another district employee, the Compliance Officer or an attorney and **will**

promptly assign the investigation to that individual. When a parent/guardian has requested confidentiality and will not consent to the **complainant's** participation in an investigation, the Compliance Officer **will** provide the parent/guardian with a letter containing information related to the district's legal obligations to conduct an investigation and address violations of Board policy, and any other information appropriate to the specific complaint.

The Compliance Officer **will** ensure that the individual assigned to investigate the complaint has an appropriate understanding of the relevant laws pertaining to discrimination and retaliation issues and Board policy, and how to conduct investigations and draft an investigative report.

The investigator **will** work with the Compliance Officer to assess the anticipated scope of the investigation, who needs to be interviewed and what records or evidence may be relevant to the investigation.

The investigator **will** conduct an adequate, reliable and impartial investigation. The complainant and the respondent may suggest additional witnesses and provide other evidence during the course of the investigation. When the initial complaint involves allegations relating to conduct which took place away from school property, school-sponsored activities or school conveyances, the investigation may include inquiries related to these allegations to determine whether they resulted in continuing effects such as harassment in school settings.

The investigation may consist of individual interviews with the complainant, the respondent, and others with knowledge relative to the allegations. The investigator may also evaluate any other information and materials relevant to the investigation. The person making the report, parties, parents/guardians and witnesses **will** be informed of the prohibition against retaliation for anyone's participation in the process and that conduct believed to be retaliatory should be reported. All individuals providing statements or other information or participating in the investigation **will** be instructed to keep the matter confidential and to report any concerns about confidentiality to the investigator.

If the investigation reveals that the conduct being investigated may involve a violation of criminal law, the investigator **will** promptly notify the Compliance Officer, who **will** promptly inform law enforcement authorities about the allegations.

The obligation to conduct this investigation **will** not be negated by the fact that a criminal or child protective services investigation of the allegations is pending or has been concluded. The investigator should coordinate with any other ongoing investigations of the allegations, including agreeing to requests for a delay in fulfilling the district's investigative responsibilities during the fact-finding portion of a criminal or child protective services investigation. Such delays **will** not extend beyond the time necessary to prevent interference with or disruption of the criminal or child protective services investigation, and the reason for such delay **will** be documented by the investigator.

Step 4 – Investigative Report

The investigator **will** prepare and submit a written report to the Compliance Officer within twenty (20) school days of the initial report of alleged discrimination, unless the nature of the allegations, anticipated extent of the investigation or the availability of witnesses requires the investigator and the Compliance Officer to establish a different due date. The parties **will** be notified of the anticipated date the investigative report will be completed and of any changes to the anticipated due date during the course of the investigation.

The investigative report **will** include a summary of the investigation, a determination of whether the complaint has been substantiated as factual, the information and evaluation that formed the basis for this determination, whether the conduct violated Board Policy 103 and of any other violations of law or Board policy which may warrant further district action, and a recommended disposition of the complaint. An investigation into discrimination or harassment **will** consider the record as a whole and the totality of circumstances in determining whether a violation of Board policy has occurred, recognizing that persistent and pervasive conduct, when taken together, may be a violation even when the separate incidents are not severe.

The complainant and the respondent **will** be informed of the outcome of the investigation, for example, whether the investigator believes the allegations to be founded or unfounded, within a reasonable time of the submission of the written investigative report, to the extent authorized by the Family Educational Rights and Privacy Act (FERPA) and other applicable laws. The respondent **will** not be notified of the individual remedies offered or provided to the complainant.

Step 5 – District Action

If the investigation results in a finding that some or all of the allegations of the discrimination complaint are founded and constitute a violation of Board policy, the district **will** take prompt, corrective action designed to ensure that such conduct ceases and that no retaliation occurs. The district **will** promptly take appropriate steps to prevent the recurrence of the prohibited conduct and to address the discriminatory effect the prohibited conduct had on the complainant and the district education program or activity. District staff shall document the corrective action taken and, where not prohibited by law, inform the complainant. The Compliance Officer **will** follow up by assessing the effectiveness of the corrective action at reasonable intervals.

If an investigation results in a finding that a different policy was violated separately from or in addition to violations of Policy 103 or these procedures, or that there are circumstances warranting further action, such matters **will** be addressed at the conclusion of this investigation or through disciplinary or other appropriate referrals where further evaluation or investigation is necessary. (Pol. 113.1, 218, 233, 247, 249, **317.1, 806, 824**)

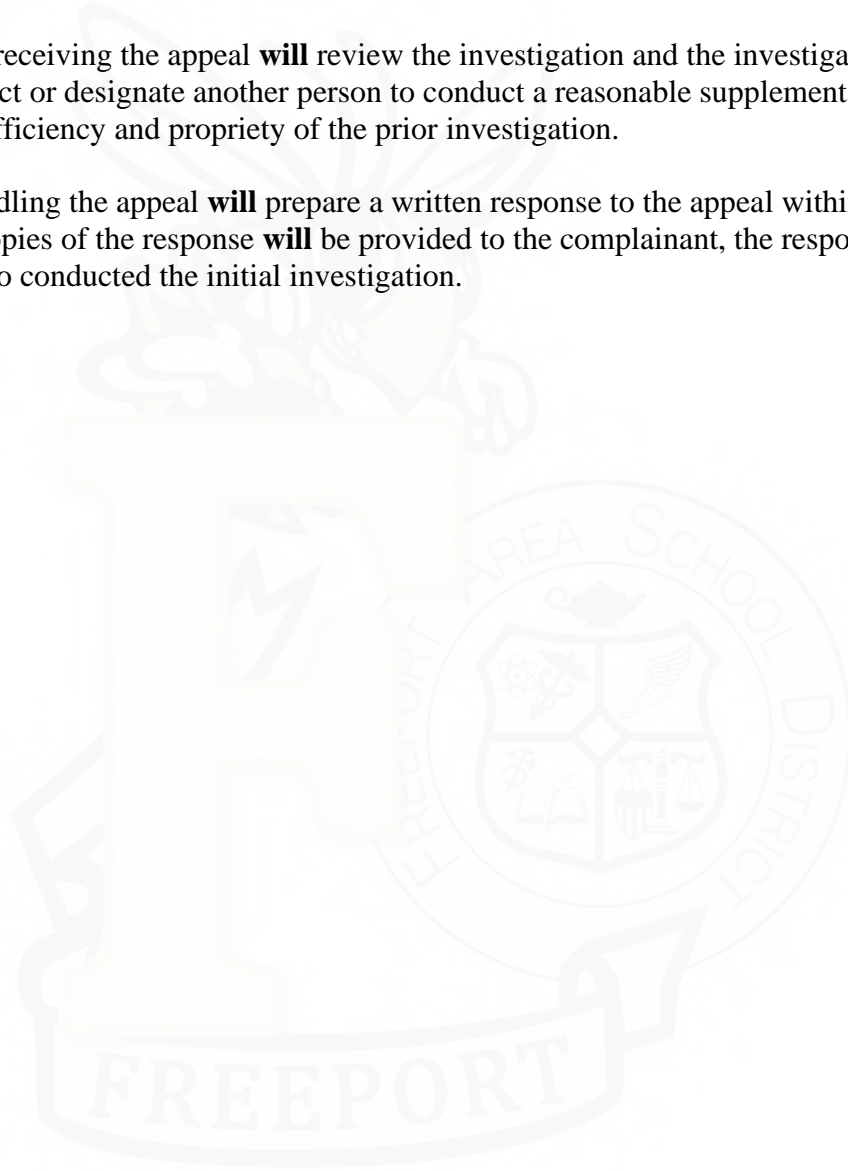

Disciplinary actions **will** be consistent with the Code of Student Conduct, Board policies and administrative regulations, district procedures, applicable collective bargaining agreements and state and federal laws and regulations. (Pol. 103, 104, 113.1, 218, 233, 317, 317.1)

Appeal Procedure

If the complainant or the respondent is not satisfied with a finding made pursuant to these procedures or with recommended corrective action, they may submit a written appeal to the Compliance Officer within fifteen (15) school days of receiving notification of the outcome of the investigation. If the Compliance Officer investigated the complaint, such appeal **will** be made to the Superintendent.

The individual receiving the appeal **will** review the investigation and the investigative report and may also conduct or designate another person to conduct a reasonable supplemental investigation to assess the sufficiency and propriety of the prior investigation.

The person handling the appeal **will** prepare a written response to the appeal within twenty (20) school days. Copies of the response **will** be provided to the complainant, the respondent and the investigator who conducted the initial investigation.

103. GRIEVANCE PROCEDURES

GRIEVANCE PROCEDURES FOR COMPLAINTS OF TITLE IX SEX-BASED DISCRIMINATION AND HARASSMENT

The Title IX sex-based discrimination and harassment grievance procedures prescribed in this attachment apply only when a complaint includes allegations of sex-based discrimination or harassment, including retaliation, subject to Title IX regulations. (34 CFR 106.44, 106.45)

All other reports or complaints of discrimination, harassment or retaliation will follow the Discrimination Complaint Procedures attached to Policy 103.

General Provisions

If the district has knowledge of conduct that reasonably may constitute Title IX sex-based discrimination or harassment in its education program or activity, it must respond promptly and effectively.

Persons of parental status have the right to act on behalf of the complainant, the respondent or other student at any time.

The district requires that the Title IX Coordinator, investigator and decision-maker be free from any conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

As long as there is no conflict of interest or bias, the decision-maker may be the same person as the Title IX Coordinator or investigator during the grievance procedures; however, the facilitator for an informal resolution process must not be the same person designated as the investigator or decision-maker for the grievance procedures.

The district will treat all complainants and respondents equitably.

The district will assume that the respondent is not responsible for the alleged conduct until a determination is made at the conclusion of the informal resolution process or grievance procedures.

Definitions

Exculpatory evidence means evidence tending to exonerate the accused or helps to establish their innocence.

Inculpatory evidence means evidence tending to incriminate the accused or indicate their guilt.

Impermissible evidence means evidence, and questions seeking such evidence, that will not be accessed or considered, except by the district to determine whether one (1) of the exceptions

listed below applies; will not be disclosed; and will not otherwise be used, regardless of relevance:

1. Evidence that is protected under a privilege as recognized by federal or state law or regulations, unless the person to whom the privilege or confidentiality is owed has voluntarily waived the privilege or confidentiality.
2. A party's or witness's records that are made or maintained by a physician, psychologist or other recognized professional or paraprofessional in connection with the provision of treatment to the party or witness, unless the district obtains that party's or witness's voluntary, written consent for use in the district's grievance procedures.
3. Evidence that relates to the complainant's sexual interests or prior sexual conduct, unless evidence about the complainant's prior sexual conduct is offered to prove that someone other than the respondent committed the alleged conduct or is evidence about specific incidents of the complainant's prior sexual conduct with the respondent that is offered to prove consent to the alleged sex-based harassment. The fact of prior consensual sexual conduct between the complainant and respondent does not by itself demonstrate or imply the complainant's consent to the alleged sex-based harassment or preclude determination that sex-based harassment occurred.

Relevant means related to the allegations under investigation as part of the grievance procedures. Questions are relevant when they seek evidence that may aid in showing whether the alleged conduct occurred, and evidence is relevant when it may aid a decision-maker in determining whether the alleged conduct occurred.

Remedies means measures provided, as appropriate, to a complainant or any other person the district identifies as having had their equal access to the district's education program or activity limited or denied by sex-based discrimination or harassment.

These measures are provided to restore or preserve that person's access to the district's education program or activity after the district determines that sex-based discrimination or harassment occurred.

General Reporting

A report of Title IX sex-based discrimination or harassment may be made using the Discrimination/Harassment/Bullying/Hazing/Dating Violence/Retaliation Report Form or by making a general report orally or in writing to the building principal, or by using the contact information listed for the Title IX Coordinator, or by any other means that results in the Title IX Coordinator receiving the person's oral or written report. Upon receipt of a report, school staff will immediately notify the Title IX Coordinator.

A report may be made at any time, including during nonbusiness hours. Oral reports will be documented by the Title IX Coordinator or employee receiving the report using the

Discrimination/Harassment/Bullying/Hazing/Dating Violence/Retaliation Report Form, and these procedures will be implemented appropriately.

A school employee who suspects or is notified that a student may have been subject to conduct that constitutes a violation of Board policy 103 will immediately report the incident to the Title IX Coordinator.

If the Title IX Coordinator is the subject of a complaint, reports should be made directly to the Superintendent or designee.

All reports and complaints received by the building principal will be promptly directed to the Title IX Coordinator, in accordance with Board policy. The Title IX Coordinator will use the Discrimination/Harassment/Bullying/Hazing/Dating Violence/Retaliation Report Form to gather additional information from the reporter and/or other parties identified in the report.

The Title IX Coordinator will promptly contact the complainant regarding the report to gather additional information as necessary, and to discuss the availability of supportive measures. The Title IX Coordinator will consider the complainant's wishes with respect to supportive measures and reasonable safety concerns.

The Title IX Coordinator will initially assess whether the reported conduct:

1. Meets the definition of Title IX sex-based discrimination or harassment.
2. Involves other Board policies or the Code of Student Conduct.
3. Indicates, based on an individualized safety and risk analysis, that there is an immediate threat to the physical health or safety of an individual.
4. Involves a student identified as a student with a disability under the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act. (Pol. 103.1, 113, 113.1, 113.2, 113.3)

If the result of this initial assessment determines that none of the allegations fall within the scope of Title IX sex-based discrimination or harassment, but the matter merits review and possible action under the Code of Student Conduct and other Board policies or complaint processes, then the Title IX Coordinator will redirect the report to the appropriate administrator to address the allegations. (Pol. 103, 103.1, 113.1, 150, 218, 247, 249, 252, 317, 317.1, 906)

If the result of the initial assessment determines that the allegations may constitute Title IX sex-based discrimination or harassment, the Title IX Coordinator will promptly explain to the complainant the process for filing a complaint and inform the complainant of the continued availability of supportive measures with or without the filing of a complaint.

The Title IX Coordinator will contact the parents/guardians and provide them with information regarding the report and the grievance procedures for filing a complaint.

If the complainant/reporter, school staff or others with professional knowledge relating to the complainant's health and well-being indicate that notifying the parents/guardians could cause serious harm to the health or well-being of the complainant or other person(s), the Title IX Coordinator will determine, in consultation with such individuals, including the Superintendent, and upon advice of legal counsel, and upon the request of law enforcement or child welfare agency, whether to withhold or delay notification of the report from the complainant's parents/guardians.

Filing a Complaint

Individuals specified below may request that the district investigate and make a determination about alleged conduct.

Sex-based discrimination, including sex-based harassment – The following individuals may request that the district investigate and make a determination about the alleged discrimination under Title IX:

1. A complainant, which means:
 - a. A district student or employee who is alleged to have been subjected to conduct that could constitute sex discrimination under Title IX; or
 - b. A person other than a district student or employee who is alleged to have been subjected to conduct that could constitute sex-based discrimination under Title IX at a time when that individual was participating or attempting to participate in a district education program or activity;
2. A parent/guardian or other authorized legal representative with the legal right to act on behalf of the complainant; or
3. The Title IX Coordinator, after conducting a fact-based assessment in accordance with law.

Sex-Based Harassment - Individuals themselves who are alleged to have been subjected to the sex-based harassment, those who have a legal right to act on behalf of such individual, or the Title IX Coordinator may initiate the complaint.

Title IX Sex-Based Discrimination Other Than Sex-Based Harassment – In addition to the individuals listed above, the following individuals have a right to make a complaint:

1. Any district student or employee; or
2. Any person other than a student or employee who was participating or attempting to participate in a district education program or activity at the time of the alleged sex discrimination.

District Actions

The measures identified below may be enforced by the district at any time, as deemed necessary, including during the reporting, complaint or grievance procedures steps.

Supportive Measures –

The district must offer and coordinate supportive measures, as appropriate. Supportive measures offered by the district may not be imposed for punitive or disciplinary purposes.

For allegations of sex-based discrimination other than sex-based harassment or retaliation, the district's provision of supportive measures does not require the district, its employee or any other person authorized by the district to provide an aid, benefit or service to alter the alleged discriminatory conduct for the purposes of providing a supportive measure.

For example, if a female student alleges sex-based discrimination due to the fact that she did not get enrolled in a tech ed class, the district is not required to offer a supportive measure of allowing her into the class until a determination is made at the end of the grievance procedure. However, if a student were enrolled in the class and alleges sex-based harassment against the teacher, the district would likely have to offer supportive measures to alter the alleged harassment such as limiting contact with the teacher or switching the student's class during the course of the grievance procedures.

The district may, as appropriate, modify or terminate supportive measures at the conclusion of the grievance procedures or informal resolution process. The complainant or respondent may seek an appeal of decisions regarding supportive measures from an appropriate and impartial employee other than the employee who made the initial decision. The employee considering the appeal must have authority to modify or reverse the decision regarding supportive measures, and determine whether the decision to provide, deny, modify or terminate the supportive measure is inconsistent with the definition of supportive measures.

The district will provide a party with the opportunity to seek modification or termination of supportive measures applicable to them if circumstances materially change.

When any party is an identified student with a disability, or thought to be a student with a disability, the Title IX Coordinator will notify the Director of Special Education and coordinate to determine whether additional steps must be taken as supportive measures for the party while the Title IX procedures are implemented.

Confidentiality –

Confidentiality regarding the supportive measures offered and the identity of the following individuals will be maintained, except as necessary to provide the supportive measure or restore or preserve a party's access to a district education program or activity, or as permitted by law or regulations: (20 U.S.C. Sec. 1232g; 34 CFR Parts 99, 106; Pol. 113.4, 216)

1. Individuals making a report or complaint.
2. Complainant(s).
3. Respondent(s).
4. Witnesses.

Reasonable Accommodations –

Throughout the grievance procedures, the district will make reasonable accommodations for identified physical and intellectual impairments that constitute disabilities for any party, and address barriers being experienced by disadvantaged students such as English learners and homeless students, consistent with the requirements of federal and state laws and regulations and Board policy. (Pol. 103.1, 113, 138, 251)

Emergency Removal –

If the district has determined, based on an individualized safety and risk analysis, that there is an imminent and serious threat to the health or safety of a complainant or any students, employees or other persons due to the allegations of Title IX sex-based discrimination or harassment, the respondent may be removed from the district's education program or activity or moved to an alternative setting, consistent with all rights under federal and state laws and regulations, and Board policy, including but not limited to the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act and the Americans with Disabilities Act. If the respondent is an identified student with a disability, or thought to be disabled, the Title IX Coordinator will contact the Director of Special Education to coordinate the required actions in accordance with Board policy.

When an emergency removal is warranted and it is not feasible to continue educational services remotely or in an alternative setting, the normal procedures for suspension and expulsion will be conducted to accomplish the removal, including specific provisions to address a student with a disability where applicable. (Pol. 113.1, 113.2, 113.3, 233)

The respondent will be provided with notice and provided an opportunity for due process to challenge the emergency removal immediately following the removal, in accordance with law, regulations and Board policy. When expulsion is necessary because continuation of educational services is not feasible, the Board's written adjudication of expulsion will address the pending Title IX process and the impact of the outcome of the Title IX process on a student's emergency removal status. (20 U.S.C. Sec. 1400 et seq.; 29 U.S.C. Sec. 794 ; 42 U.S.C. Sec. 12101 et seq.; 34 CFR 106.44 ; Pol. 103.1, 113.1, 233)

Administrative Leave -

When an employee, based on an individualized safety and risk analysis, poses an imminent and serious threat to the health or safety of any student or other individual, the employee may be

removed on an emergency basis. The employee will be provided with notice and an opportunity to challenge the emergency removal immediately following the removal.

An accused nonstudent district employee may be placed on administrative leave during the pendency of the grievance procedures, consistent with all rights under Section 504 of the Rehabilitation Act and the Americans with Disabilities Act, and in accordance with state law and regulations, Board policy and an applicable collective bargaining agreement or individual contract. (29 U.S.C. Sec. 794, 42 U.S.C. Sec. 12101 et seq., 34 CFR 106.44, Pol. 317)

Required Reporting Under Other Policies -

In addition to implementing the Title IX grievance procedures, the Title IX Coordinator will ensure that reported conduct which meets the definition of other laws, regulations or Board policies, is also appropriately addressed in accordance with the applicable laws, regulations and Board policies, including but not limited to, incidents under the school safety and security provisions of the PA School Code, reports of educator misconduct, threats or reports of suspected child abuse. (Pol. 218, 218.3, 236.1, 317.1, 805.1, 806, 824)

Timeframes

Reasonably prompt timeframes will be established for the conclusion of the grievance procedures, including timeframes for the evaluation, investigation, determination and informal resolution process and timeframes for filing and resolving appeals.

The established timeframes may be adjusted to allow for a limited extension of time for good cause. Written notice of the delay or extension and the reason for such action will be provided to the complainant and the respondent, and documented with the records of the complaint. Good cause may include, but is not limited to, considerations such as:

1. The absence of a party or a witness.
2. Request from law enforcement or child welfare agency.
3. Need for language assistance or accommodation of disabilities.

Dismissal of Complaints

Complaints may be dismissed, if at any time during the investigation or determination:

1. The district is unable to identify the respondent after taking reasonable steps to do so.
2. A complainant provides voluntary written notification of withdrawal of any or all allegations in the complaint, the Title IX Coordinator declines to initiate a complaint, and the district determines that, without the complainant's withdrawn allegations, the alleged conduct that remains in the complaint, if any, would not constitute sex-based discrimination, even if proven.

3. After the district makes reasonable efforts to clarify the allegations with the complainant, the district determines that the alleged conduct, even if proven, would not constitute sex-based discrimination or harassment.
4. The respondent is not participating in a district education program or activity or employed by the district.

Upon dismissal, the district will promptly notify the complainant, in writing, of the basis for the dismissal. If the dismissal occurs after the respondent has been notified of the allegations, the district will also promptly notify the respondent, in writing, of the dismissal and the basis for the dismissal, either following notification to the complainant or simultaneously.

Written notification will state whether the allegations will continue to be addressed pursuant to the Code of Student Conduct and other Board policies or complaint processes.

When a complaint is dismissed, the district will, at a minimum:

1. Offer supportive measures to the complainant and respondent, as appropriate.
2. Take other prompt and effective steps, as appropriate, through the Title IX Coordinator to ensure that the conduct does not continue or recur within the district's education program or activity.

Appeals of Dismissal -

The district will notify the complainant and respondent, if the respondent has already been notified of the allegations, that the dismissal may be appealed on the following bases:

1. Procedural irregularity that would change the outcome of the matter.
2. New evidence that would change the outcome and that was not reasonably available when the dismissal decision was made.
3. The Title IX Coordinator, investigator or decision-maker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that would change the outcome.

Written notice of a party's appeal must be submitted to the Title IX Coordinator within ten (10) school days after the date the determination is provided to the parties. Notice of appeal must include a brief statement describing the basis for the appeal.

If the dismissal is appealed, the district will:

1. Notify the parties of any appeal, including notice of the allegation, if notice was not previously provided to the respondent;

2. Implement the appeal procedures equally for the parties;
3. Ensure that the decision-maker for the appeal did not take part in an investigation of the allegations or dismissal of the complaint;
4. Ensure that the decision-maker for the appeal has been appropriately trained;
5. Provide the parties a reasonable and equal opportunity to make a statement in support of, or challenging, the outcome; and
6. Notify the parties of the appeal and the rationale for the result.

The district will notify the parties of the rationale for the result of the appeal within twenty (20) school days.

Consolidation of Complaints

The district may consolidate complaints against more than one (1) respondent, or by more than one (1) complainant against one or more respondents, or by one (1) individual against another individual, where the allegations of sex-based discrimination or harassment arise out of the same facts or circumstances.

Complaint

The district is required to initiate the grievance procedures in this document when a complainant or the complainant's parent/guardian or other authorized legal representative files a complaint based on Title IX sex-based discrimination or harassment.

The Title IX Coordinator is also authorized to initiate this process despite a complainant's wishes when actions limited to supportive measures are not a sufficient response to alleged behavior, or when the grievance procedures are necessary to investigate and address the situation adequately. For example, if disciplinary action would be warranted if allegations are true, if the respondent is an employee, or if further investigation is needed to assess the extent of the behavior and impact on others, it may be clearly unreasonable not to initiate the grievance procedures. Only the Title IX Coordinator is authorized to initiate the grievance procedures despite a complainant's wishes, but the Title IX Coordinator may consult with the school solicitor and other district officials in making this decision. The Title IX Coordinator's assessment of whether to initiate the grievance procedures despite the complainant's wishes must be fact-specific and address the considerations outlined in the Discrimination/Harassment/Bullying/Hazing/Dating Violence/Retaliation Report Form.

The complainant or the Title IX Coordinator will use the designated section of the Discrimination/Harassment/Bullying/Hazing/Dating Violence/Retaliation Report Form to file or sign a complaint.

The Title IX Coordinator will assess whether the investigation should be conducted by the building principal, another district employee, the Title IX Coordinator or an attorney and will promptly assign the investigation to that individual.

The Title IX Coordinator, investigator, decision-maker, or any individual designated to facilitate the informal resolution process, each must have completed the required training for such roles as designated in Board policy and must not have a conflict of interest or bias for or against an individual complainant or respondent, or for or against complainants or respondents in general.

The respondent will be presumed not responsible for the alleged conduct until a determination regarding responsibility has been made at the conclusion of the grievance procedures.

Notice Requirements -

Upon receipt of a complaint, or when the Title IX Coordinator signs a complaint to initiate the grievance procedures, the Title IX Coordinator will provide written notice to all known parties, and the parents/guardians or other authorized legal representatives of known parties, where applicable, providing the following information:

1. Notice of the district's grievance procedures and any informal resolution process that may be available.
2. Notice of the allegations, including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details include:
 - a. The identity of the parties involved, if known.
 - b. The conduct allegedly constituting sex-based discrimination or harassment.
 - c. The date and location of the alleged incident(s), if known.
3. A statement that retaliation is prohibited.
4. A statement that the parties are entitled to an equal opportunity to access the relevant and not otherwise impermissible evidence, upon request.
5. A statement that a determination regarding responsibility will be made at the conclusion of the grievance procedures and, until that time, the respondent is presumed not responsible for the alleged conduct.
6. Notice that Board policy and the district's Code of Student Conduct prohibits knowingly making false statements or knowingly submitting false information to school officials in connection with reports of misconduct or discrimination complaints.

The district will not discipline a party, witness or other individual participating in the grievance procedures for making a false statement or for engaging in consensual sexual

conduct based solely on a determination of whether sex-based discrimination or harassment occurred.

7. Notice to all known parties of any additional allegations that the district decides to investigate during the course of the investigation.

Informal Resolution Process

[Note: The informal resolution process cannot be offered or used to facilitate a resolution for any complaint where the allegations state that an employee engaged in sex-based harassment of a student, or if the process would conflict with federal, state or local law.]

At any time after a complaint has been filed, but prior to reaching a determination of responsibility, if the Title IX Coordinator believes the circumstances are appropriate, the Title IX Coordinator may offer the parties the opportunity to participate in an informal resolution process, which does not involve a full investigation and adjudication of the complaint.

The district may not require as a condition of enrollment or continuing enrollment, or employment or continuing employment, or enjoyment of any other right, waiver of the right to an investigation and adjudication of complaints. Similarly, a district may not require or pressure the parties to participate in an informal resolution process.

Informal resolutions can take many forms, depending on the particular case. Examples include, but are not limited to, mediation, facilitated discussions between the parties, restorative practices, acknowledgment of responsibility by a respondent, apologies, a requirement to engage in specific services or supportive measures.

The facilitator for the informal resolution process must not be the same person as the investigator or the decision-maker in the grievance procedures, must have received the required training in accordance with Board policy and must not have a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent.

When offering an informal resolution process, the Title IX Coordinator will:

1. Provide the parties a written notice disclosing the following:
 - a. The allegations.
 - b. The requirements of the informal resolution process, including that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance procedures.
 - c. That the parties' agreement to a resolution at the conclusion of the informal resolution process precludes the parties from initiating or resuming grievance procedures arising from the same allegations.

- d. The potential terms that may be requested or offered in an informal resolution agreement, including notice that an informal resolution agreement is binding only on the parties. Other terms of an informal resolution agreement may include restrictions on contact and restrictions on the respondent's participation in one or more of the district's programs or activities or attendance at specific events, including restrictions the district could have imposed as remedies or disciplinary sanctions had the district determined at the end of the grievance procedures the alleged conduct occurred.
 - e. Any consequences resulting from participating in the informal resolution process, including the records and information that will be maintained and whether and how such records and information could be shared.
2. Obtain the parties' voluntary, written consent to the informal resolution process. As part of the consent process, all parties will be informed of the rights being waived by agreeing to the informal resolution process, and will acknowledge such agreement in writing.
 3. The informal resolution process will be conducted within ten (10) school days of the parties' signed agreement for the informal resolution process.

If the matter is resolved to the satisfaction of the parties, the district employee facilitating the informal resolution process will document the nature of the complaint and the proposed resolution of the matter, have both parties sign the documentation and receive a copy, and forward it to the Title IX Coordinator. Within twenty (20) school days after the complaint is resolved in this manner, the Title IX Coordinator will contact the complainant to determine if the resolution was effective and to monitor the agreed upon remedies. The Title IX Coordinator will document the informal resolution process, responses from all parties, and an explanation of why the district's response was not deliberately indifferent to the reported complaint of sex-based discrimination or harassment.

*If the Informal Resolution Process results in the final resolution of the complaint, the following steps are not required.

GRIEVANCE PROCEDURES

Investigation

The district must provide an adequate, reliable and impartial investigation of complaints.

The designated investigator, if other than the Title IX Coordinator, will work with the Title IX Coordinator to assess the scope of the investigation, who needs to be interviewed and what records or evidence may be relevant to the investigation, and to document the evidence throughout each stage of the investigation.

When investigating a complaint, the investigator will:

1. Bear the burden of proof and gather evidence and conduct interviews sufficient to reach a determination. During the process of gathering evidence, unless the district obtains the voluntary, written consent of the party, or the party's parent/guardian or other authorized legal representative when legally required, the district cannot access, consider, disclose or otherwise use a party's records which are protected by legal privilege, such as those records made or maintained by a physician, psychiatrist, psychologist or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with providing treatment to the party. (Pol. 113.4, 207, 209, 216, Safe2Say Something Procedures)
2. Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence that is relevant and not otherwise impermissible.
3. Objectively evaluate all evidence gathered through the investigation, including inculpatory and exculpatory evidence, and determine what evidence is relevant and what evidence is impermissible regardless of relevance. When the initial complaint involves allegations relating to conduct which took place away from school property, school-sponsored activities or school conveyances, the investigation may include inquiries related to these allegations to determine whether they resulted in continuing effects such as sex-based discrimination or harassment in school settings.
4. Inform all parties, parents/guardians and witnesses of the requirements for confidentiality and prohibition against retaliation for anyone's participation in the investigation process, and that conduct believed to be retaliatory should be reported to the Title IX Coordinator.
5. Provide each party with an equal opportunity to access the evidence that is relevant to the allegations and not otherwise impermissible, in the following manner:
 - a. Provide each party with an equal opportunity to access either the relevant and not otherwise impermissible evidence, or an accurate description of this evidence. If the district provides a description of the evidence, the district must further provide the parties with an equal opportunity to access the relevant and not otherwise impermissible evidence upon the request of any party;
 - b. The district must provide a reasonable opportunity to respond to the evidence or to the accurate description of the evidence; and
 - c. The district must take reasonable steps to prevent and address the parties' unauthorized disclosure of information and evidence obtained solely through the grievance procedures. For purposes of this paragraph, disclosures of such information and evidence for purposes of administrative proceedings or litigation related to the complaint are authorized.
6. During the investigation the parties and witnesses will be questioned to adequately assess a party's or witness's credibility to the extent credibility is both in dispute and relevant to

evaluating one or more of the allegations. Where the investigator has interviewed a party or witness and the investigator is also serving as the decision-maker, credibility evaluation is inherent in the process of conducting the interview. In situations where credibility determinations are required from a decision-maker who did not interview a party or witness, the Title IX Coordinator will facilitate an opportunity for the decision-maker to conduct an interview as part of the decision-maker's process of engaging with the evidence resulting from the investigation. In considering evidence, the decision-maker will ensure credibility determinations are not based on an individual's status as a complainant, respondent or witness.

If at any point the investigation expands to include additional allegations that were not included in the initial notice of allegations, the investigator will alert the Title IX Coordinator. The Title IX Coordinator will provide written notice of the new allegations to the known parties.

If the investigation reveals that the conduct being investigated may involve a violation of criminal law, the investigator will promptly notify the Title IX Coordinator, who will promptly inform law enforcement authorities about the allegations and make any additional required reports, in accordance with law, regulations and Board policy. (Pol. 218, 317.1, 805.1, 806)

The obligation to conduct this investigation will not be negated by the fact that a criminal or child protective services investigation of the allegations is pending or has been concluded. The investigator should coordinate with any other ongoing investigations of the allegations, including agreeing to request for a delay in fulfilling the district's investigative responsibilities during the fact-finding portion of a criminal or child protective services investigation. Such delays will not extend beyond the time necessary to prevent interference with or disruption of the criminal or child protective services investigation and the reason for such delay will be documented by the investigator.

In the course of an investigation, it is possible that conduct other than, or in addition to, Title IX sex-based discrimination or harassment may be identified as part of the same incident or set of circumstances. The fact that there may be Title IX sex-based discrimination or harassment involved does not preclude the district from addressing other identified violations of the Code of Student Conduct or Board policy. If such other conduct is being investigated and addressed together as part of the grievance procedures, disciplinary action normally should not be imposed until the completion of the grievance procedures. A decision whether and when to take such action should be made in consultation with the school solicitor.

The investigation stage will be concluded within twenty (20) school days.

Determination and District Action

The district will designate a decision-maker, who may be the same person as the Title IX Coordinator or investigator. The decision-maker must be free from any conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent, and must have received training in accordance with Board policy.

Following the investigation and evaluation of all relevant and not otherwise impermissible evidence, the decision-maker must issue a determination for the alleged conduct. To reach this determination, the decision-maker will apply the preponderance of the evidence standard, meaning that the party bearing the burden of proof must present evidence which is more credible and convincing than that presented by the other party or which shows that the fact to be proven is more probable than not. This standard requires the decision-maker to evaluate relevant and not otherwise impermissible evidence for its persuasiveness; if the decision-maker is not persuaded under the preponderance of the evidence standard that the alleged conduct occurred, whatever the quantity of the evidence is, the decision-maker must not determine that the alleged conduct occurred.

The district will provide written notification to the parties of the determination as to whether the alleged conduct occurred, including the rationale for the determination and the procedures and permissible bases for the appeal, if applicable.

If there is a determination that the alleged conduct occurred, as appropriate, the Title IX Coordinator is required to:

1. Coordinate the provision and implementation of remedies to a complainant and other persons the district identifies as having had equal access to the district's education program or activity limited or denied by such conduct.
2. Coordinate the imposition of any disciplinary sanctions on a respondent, including notification to the complainant of any disciplinary sanctions, in accordance with applicable law, regulations and Board policy. (Pol. 113.1, 216, 324)
3. Take other appropriate prompt and effective steps to ensure that the conduct does not continue or recur within the district's education program or activity.

Appeal Process

The district must offer both parties the right to appeal a determination of responsibility or any allegation in the complaint. The appeal may be based on the following:

1. Procedural irregularity that would change the outcome of the matter.
2. New evidence that is not otherwise impermissible that would change the outcome and that was not reasonably available when the decision was made.
3. The Title IX Coordinator, investigator or decision-maker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that would change the outcome.

Written notice of a party's appeal must be submitted to the Title IX Coordinator within ten (10) school days after the date the determination is provided to the parties. Notice of appeal must include a brief statement describing the basis for the appeal.

If the determination is appealed, the district will:

1. Notify the parties of any appeal;
2. Implement the appeal procedures equally for the parties;
3. Ensure that the decision-maker for the appeal did not take part in the investigation of the allegations of the complaint;
4. Ensure that the decision-maker for the appeal has been appropriately trained; and
5. Provide the parties a reasonable and equal opportunity to make a statement in support of, or challenging, the outcome.

The decision-maker for the appeal will review the investigation and may also conduct or designate another person to conduct a reasonable supplemental investigation to assess the sufficiency and propriety of the prior investigation.

The district will notify the parties of the rationale for the result of the appeal within twenty (20) school days.

Disciplinary Action

Following the issuance of the determination and any applicable appeal, any disciplinary action specified in the determination or appeal decision must be consistent with the Code of Student Conduct, Board policies and administrative regulations, district procedures, applicable collective bargaining agreements and state and federal laws and regulations, including specific requirements and provisions for students with disabilities. (Pol. 113.1, 113.2, 218, 233, 317, 317.1)

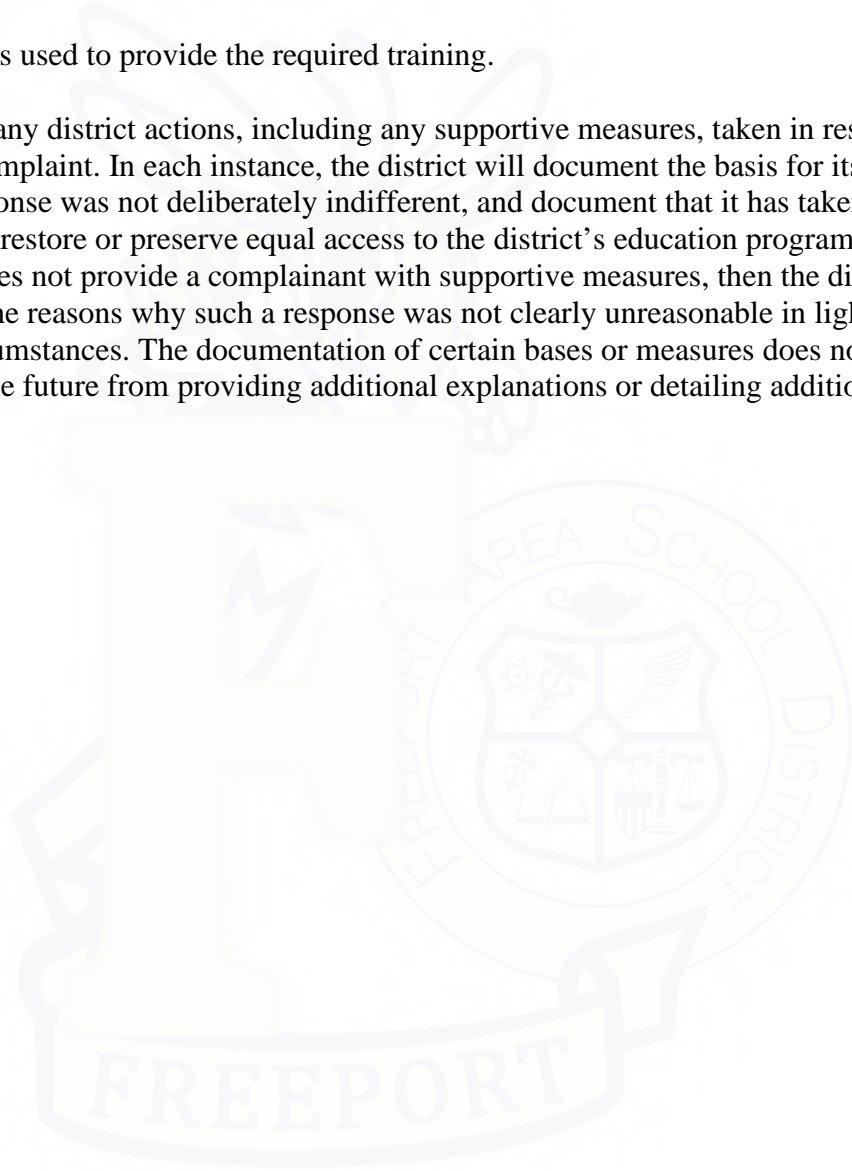

The district will not discipline a party, witness or other individual participating in the grievance procedures for making a false statement or for engaging in consensual sexual conduct based solely on a determination of whether sex-based discrimination or harassment occurred.

Recordkeeping

The district must maintain the following records for a minimum of seven (7) years after conclusion of procedures and implementation of disciplinary sanctions and/or remedies, or in the case of a complainant or respondent who is a minor, until the expiration of the longest statute of limitations for filing a civil suit applicable to any allegation:

1. Each notification the Title IX Coordinator receives of information about conduct that reasonably may constitute sex-based discrimination or harassment, including required notifications.

2. Each investigation, including any determination and disciplinary sanctions imposed on the respondent, and any remedies provided to the complainant designed to restore or preserve equal access to the district's education program or activity.
3. Any appeal and the result.
4. Any informal resolution and the result.
5. All materials used to provide the required training.
6. Records of any district actions, including any supportive measures, taken in response to a report or complaint. In each instance, the district will document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the district's education program or activity. If a district does not provide a complainant with supportive measures, then the district must document the reasons why such a response was not clearly unreasonable in light of the known circumstances. The documentation of certain bases or measures does not limit the district in the future from providing additional explanations or detailing additional measures taken.

An education program and activity includes, but is not limited to, academic, extracurricular, research, occupational training and other education programs and activities of the district. The district is obligated to address a sex-based hostile environment in a district education program or activity, even when some conduct is outside the district's program or activity, or outside of the United States.

Hostile environment harassment - unwelcome sex-based conduct that, based on the totality of the circumstances, is subjectively and objectively offensive and is so severe or pervasive that it limits or denies a person's ability to participate in or benefit from a district education program or activity. Determination of whether a hostile environment has been created is a fact-specific inquiry that includes consideration of factors, including but not limited to:

- The degree to which the conduct affected the complainant's ability to access the district's education program or activity;
- The type, frequency and duration of the conduct;
- The complainant's and respondent's ages, roles in the district education program or activity, previous interactions and other relevant factors;
- The location and context in which the conduct occurred; and
- Other sex-based harassment in the district's education program or activity

Sexual assault, dating violence, domestic violence or stalking.

Dating violence means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim and where the existence of such a relationship is determined by the following factors:

- Length of relationship.

IX. Title IX Information to Complainant

What supportive measures were discussed with the complainant, and what were the complainant's wishes with respect to supportive measures and reasonable safety concerns?

Upon designating a course of action under Title IX sex-based discrimination or harassment, the Title IX Coordinator will promptly:

1. Explain to the complainant the process for filing a complaint and provide information about the Grievance Procedures and informal resolution process, if applicable.

If the complainant/reporter, school staff or others with professional knowledge relating to the complainant's health and well-being indicate that notifying the parents/guardians could cause serious harm to the health or well-being of the complainant or other person(s), the Title IX Coordinator will determine, in consultation with such individuals, including the Superintendent, and upon advice of legal counsel, and upon the request of law enforcement or child welfare agency, whether to withhold or delay notification of the report from the complainant's parents/guardians.

4. Determine what supportive measures may be offered to the respondent.
5. Determine whether the complainant wishes this report to be treated as a complaint.

XI. District-Initiated Title IX Complaint

If the complainant does not wish this report to be treated as a complaint pursuant to Title IX, the Title IX Coordinator must assess whether actions limited to supportive measures are a sufficient response to alleged behavior, or whether initiation of the Grievance Procedures is necessary to investigate and address the situation adequately. This assessment shall be fact specific, including at a minimum, the following factors:

1. The complainant's request not to proceed with initiation of a complaint pursuant to Title IX.
2. The complainant's reasonable safety concerns regarding the initiation of a complaint pursuant to Title IX.
3. The risk that additional acts of sex-based discrimination or harassment would occur if a complaint is not initiated.
4. The severity of the allegation, including whether the sex-based discrimination or harassment, if established, would require the removal of the respondent from campus or imposition of another disciplinary sanction to end the discrimination or harassment and prevent its recurrence.

5. The age and relationship of the parties, including whether the respondent is a district employee.
6. The scope of the allegation, including information suggesting a pattern, ongoing sex-based discrimination or harassment or sex-based discrimination or harassment alleged to have impacted multiple individuals.
7. The availability of evidence to assist a decision-maker in determining whether sex-based discrimination or harassment occurred.
8. Whether the district could end the alleged sex-based discrimination or harassment and prevent its recurrence without initiating the Grievance Procedures.

The Title IX Coordinator may consult with the school solicitor and other district officials in making this decision.

If after assessment of the factors above and any other relevant factors, the Title IX Coordinator determines that the alleged conduct presents an imminent and serious threat to the health or safety of the complainant or other person, or that the alleged conduct prevents the district from ensuring equal access on the basis of sex to the district's education programs or activities, the Title IX Coordinator will notify the complainant of the decision prior to filing the complaint and the Title IX Coordinator will take measures to appropriately address reasonable concerns about the complainant's safety or the safety of others, including the provision of supportive measures.

As Title IX Coordinator, I have determined that, notwithstanding the complainant's preference, it is necessary to proceed with the initiation of the Grievance Procedures for the following reasons:

Therefore, I am signing this form for the purpose of serving as the complaint initiating the Grievance Procedures:

For reporting purposes, the term incident shall mean an instance involving an act of violence; the possession of a weapon; the possession, use or sale of a controlled substance or drug paraphernalia as defined in the Pennsylvania Controlled Substance, Drug, Device and Cosmetic Act; the possession, use or sale of alcohol or tobacco products; or conduct that constitutes an offense listed in the school safety and security provisions of School Code.^{[35][36][37]}

103.1. NONDISCRIMINATION – QUALIFIED STUDENTS WITH DISABILITIES

The Superintendent or designee shall immediately report required incidents and may report discretionary incidents committed on school property, at any school-sponsored activity or on a conveyance providing transportation to or from a school or school-sponsored activity by a qualified student with a disability, including a student for whom an evaluation is pending, to the law enforcement agency that has jurisdiction over the school's property, in accordance with state and federal laws and regulations, the procedures set forth in the memorandum of understanding with law enforcement and Board policies. The Superintendent or designee shall respond in a manner that is consistent with the student's Service Agreement and Behavior Support Plan, if applicable.^{[11][13][21][31][33][35][38][39][40][41][42][43][44][45][46][47][48]}

In making a determination of whether to notify the law enforcement agency of a discretionary incident committed by a qualified student with a disability, including a student for whom an evaluation is pending, the Superintendent or designee shall use the same criteria used for students who do not have a disability.^{[10][40][48][49]}

For a qualified student with a disability who does not have a Behavior Support Plan as part of the student's Service Agreement, subsequent to notification to law enforcement, the district, in consultation with the student's parent/guardian, shall consider whether a Behavior Support Plan should be developed as part of the Service Agreement to address the student's behavior.^{[13][41]}

In accordance with state law, the Superintendent shall annually, by July 31, report to the PA Department of Education on the required form all new incidents committed by qualified students with disabilities, including students for whom an evaluation is pending, which occurred on school property, at any school-sponsored activity or on a conveyance providing transportation to or from a school or school-sponsored activity.^{[35][38][48]}

PROCEDURAL SAFEGUARDS

The district shall establish and implement a system of procedural safeguards that includes notice of rights to the parent/guardian of a student suspected of being a qualified student with a disability, an opportunity for the parent/guardian to review relevant records, an impartial hearing with an opportunity for participation by the student's parent/guardian and a review procedure.^{[28][50]}

A student or parent/guardian filing a claim of discrimination need not exhaust these procedures prior to initiating action in federal court under Section 504.^[19]

Parental Request for Assistance

Parents/Guardians may file a written request for assistance with the PA Department of Education if one (1) or both of the following apply:^[28]

1. The district is not providing the related aids, services and accommodations specified in the student's Service Agreement.

103.1. NONDISCRIMINATION – QUALIFIED STUDENTS WITH DISABILITIES

2. The district has failed to comply with the procedures and state regulations.

The PA Department of Education shall investigate and respond to requests for assistance and, unless exceptional circumstances exist, shall, within sixty (60) calendar days of receipt of the request, send to the parents/guardians and district a written response to the request. The response to the parents'/guardians' request shall be in the parents'/guardians' native language or mode of communication.^[28]

Informal Conference

At any time, parents/guardians may file a written request with the district for an informal conference with respect to the identification or evaluation of a student, or the student's need for related aids, services or accommodations. Within ten (10) school days of receipt of the request, the district shall convene an informal conference. At the conference, every effort shall be made to reach an amicable agreement.^[28]

Formal Due Process Hearing

If the matters raised by the district or parents/guardians are not resolved at the informal conference, the district or parents/guardians may submit a written request for an impartial due process hearing. The hearing shall be held before an impartial hearing officer and shall be conducted in accordance with state regulations.^{[28][51]}

Judicial Appeals

The decision of the impartial hearing officer may be appealed to a court of competent jurisdiction.^[28]

COMPLAINT PROCEDURE

This complaint procedure is in addition to and does not prevent parents/guardians from using any option in the procedural safeguards system.^[10]

Step 1 – Reporting

A student or parent/guardian who believes the student has been subject to conduct by any student, employee or third party that constitutes a violation of this policy is encouraged to immediately report the incident to the Section 504 building administrator. Any person with knowledge of conduct that may violate this policy, is encouraged to immediately report the matter to the Section 504 building administrator.

103.1. NONDISCRIMINATION – QUALIFIED STUDENTS WITH DISABILITIES

A school employee who suspects or is notified that a student has been subject to conduct that constitutes a violation of this policy shall immediately report the incident to the Section 504 building administrator, as well as properly making any mandatory law enforcement or child protective services reports required by law.^{[48][52]}

If the Section 504 building administrator is the subject of a complaint, the student, parent/guardian or employee shall report the incident directly to the district's Section 504 Coordinator.

The complainant or reporting employee may be encouraged to use the district's report form, available from the Section 504 building administrator or Section 504 Coordinator, or to put the complaint in writing; however, oral complaints shall be accepted, documented and the procedures of this policy implemented. The person accepting the oral or written complaint may provide factual information on the complaint and the investigative process, the impact of choosing to seek confidentiality and the right to file criminal charges. In all other respects, the person accepting the complaint shall handle the report objectively, neutrally and professionally, setting aside personal biases that might favor or disfavor the complainant or those accused of a violation of this policy.

Step 2 – Investigation

The Section 504 Coordinator shall ensure that the individual assigned to investigate the complaint has an appropriate understanding of the relevant laws pertaining to discrimination issues and this policy and how to conduct investigations.

The Section 504 building administrator or Section 504 Coordinator and other appropriate individuals will promptly implement appropriate measures to protect the complainant and others as necessary from violation of the policy throughout the course of the investigation.

The investigator shall work with the Section 504 Coordinator to assess the anticipated scope of the investigation, who needs to be interviewed and what records may be relevant to the investigation.

The investigator shall conduct an adequate, reliable and impartial investigation. The complainant and the accused may suggest additional witnesses and provide other evidence during the course of the investigation. When the initial complaint involves allegations relating to conduct which took place away from school property, school-sponsored activities or school conveyances, the investigation may include inquiries related to these allegations to determine whether they resulted in continuing effects such as harassment in school settings.

103.1. NONDISCRIMINATION – QUALIFIED STUDENTS WITH DISABILITIES

The investigation may consist of individual interviews with the complainant, the accused and others with knowledge relative to the allegations. The investigator may also evaluate any other information and materials relevant to the investigation. The person making the report, parties, parents/guardians and witnesses shall be informed of the prohibition against retaliation for anyone's participation in the process and that conduct believed to be retaliatory should be reported. All individuals providing statements or other information or participating in the investigation shall be instructed to keep the matter confidential and to report any concerns about confidentiality to the investigator.

If the investigation reveals that the conduct being investigated may involve a violation of criminal law, the investigator shall promptly notify the Section 504 Coordinator, who shall promptly inform law enforcement authorities about the allegations.^{[10][48][52][53][54]}

The obligation to conduct this investigation shall not be negated by the fact that a criminal or child protective services investigation of the allegations is pending or has been concluded. The investigator should coordinate with any other ongoing investigations of the allegations, including agreeing to requests for a short delay in fulfilling the district's investigative responsibilities during the fact-finding portion of a criminal or child protective services investigation. Such delays shall not extend beyond the time necessary to prevent interference with or disruption of the criminal or child protective services investigation, and the reason for such delay shall be documented.

Step 3 – Investigative Report

The investigator shall prepare and submit a written report to the Section 504 Coordinator within twenty (20) days of the initial report of alleged discrimination, unless the nature of the allegations, anticipated extent of the investigation or the availability of witnesses requires the investigator and the Section 504 Coordinator to establish a different due date. The parties shall be notified of the anticipated date the investigative report will be completed and of any changes to the anticipated due date during the course of the investigation.

The report shall include a summary of the investigation, a determination of whether the complaint has been substantiated as factual, the information and evaluation that formed the basis for this determination, whether the conduct violated this policy and of any other violations of law or Board policy which may warrant further district action, and a recommended disposition of the complaint. An investigation into disability harassment shall consider the record as a whole and the totality of circumstances in determining whether a violation of this policy has occurred, recognizing that persistent and pervasive conduct, when taken together, may be a violation even when the separate incidents are not severe.^[10]

103.1. NONDISCRIMINATION – QUALIFIED STUDENTS WITH DISABILITIES

The complainant and the accused shall be informed of the outcome of the investigation, for example, whether the investigator believes the allegations to be founded or unfounded, within a reasonable time of the submission of the written report, to the extent authorized by the Family Educational Rights and Privacy Act (FERPA) and other applicable laws. The accused shall not be notified of the individual remedies offered or provided to the complainant.^{[29][30][31][32]}

Step 4 – District Action

If the investigation results in a finding that some or all of the allegations of the complaint are established and constitute a violation of this policy, the district shall take prompt, corrective action designed to ensure that such conduct ceases and that no retaliation occurs. The district shall promptly take appropriate steps to prevent the recurrence of the prohibited conduct and to address the discriminatory effect the prohibited conduct had on the complainant and the school or school program environment. District staff shall document the corrective action taken and, where not prohibited by law, inform the complainant. The Section 504 Coordinator shall follow up by assessing the effectiveness of the corrective action at reasonable intervals.

If the investigation results in a finding that a different policy was violated separately from or in addition to violations of this policy, or that there are circumstances warranting further action, such matters shall be addressed at the conclusion of this investigation or through disciplinary or other appropriate referrals where further evaluation or investigation is necessary.

Disciplinary actions shall be consistent with the Code of Student Conduct, Board policies and administrative regulations, district procedures, applicable collective bargaining agreements and state and federal laws.^{[33][34][55][56]}

Appeal Procedure

1. If the complainant or the accused is not satisfied with a finding made pursuant to the policy or with recommended corrective action, they may submit a written appeal to the district's Section 504 Coordinator within fifteen (15) days.
2. The Section 504 Coordinator shall review the investigation and the investigative report and may also conduct a reasonable supplemental investigation to assess the sufficiency and propriety of the prior investigation.
3. The Section 504 Coordinator shall prepare a written response to the appeal within twenty (20) days. Copies of the response shall be provided to the complainant, the accused and the investigator who conducted the initial investigation.

If, within sixty (60) calendar days of the completion of the administrative due process proceedings under this chapter, an appeal or original jurisdiction action is filed in state or federal court, the administrative order shall be stayed pending the completion of the judicial proceedings, unless the parents/guardians and school district agree otherwise.

The Board also declares it to be the policy of this district to comply with federal law and regulations under Title IX prohibiting sex-based discrimination and harassment. Inquiries regarding the application of Title IX to the district may be referred to the Title IX Coordinator, to the Office for Civil Rights of the U.S. Department of Education, or both.

2. Hostile environment harassment - unwelcome sex-based conduct that, based on the totality of the circumstances, is subjectively and objectively offensive and is so severe or pervasive that it limits or denies a person's ability to participate in or benefit from a district education program or activity. Determination of whether a hostile environment has been created is a fact-specific inquiry that includes consideration of factors, including but not limited to:
 - a. The degree to which the conduct affected the complainant's ability to access the district's education program or activity;
 - b. The type, frequency and duration of the conduct;
 - c. The complainant's and respondent's ages, roles in the district education program or activity, previous interactions and other relevant factors;

DISCRIMINATION COMPLAINT PROCEDURES

The Discrimination Complaint Procedures prescribed in this attachment apply to reports of retaliation or discrimination on the basis of race, color, age, religious creed, religion, sex, gender identity, sexual orientation, ancestry, national origin, marital status, genetic information, handicap/disability or pregnancy, childbirth or pregnancy-related medical conditions that do not constitute Title IX sex-based discrimination or harassment as defined in Policy 104.

All reports of discrimination will be reviewed by the Title IX Coordinator upon receipt to determine if the allegations meet the definition and parameters of sex-based discrimination and harassment under Title IX. If the result of this review determines that the allegations fall within the scope of Title IX sex-based discrimination and harassment, then the Grievance Procedures set forth for Title IX Sex-Based Discrimination and Harassment will be followed.

[Note: if the same individual is assigned to the roles of Title IX Coordinator and Compliance Officer through Policy 104, please revise the terminology in this document to reflect the position of Title IX Coordinator/Compliance Officer throughout.]

All reports of discrimination and retaliation brought pursuant to the district's discrimination policy **will** also be reviewed for conduct which may not be proven discriminatory under Policy 104 but merits review and possible action under other Board policies or the Code of Student Conduct for students. (Pol. 103.1, **113.1**, 218, **233**, 317)

Reasonable Accommodations

Throughout the discrimination complaint procedures, the district **will** make reasonable accommodations for identified physical and intellectual impairments that constitute disabilities for all parties, **as well as reasonable accommodations for pregnancy, childbirth or pregnancy-related medical conditions**, consistent with the requirements of federal and state laws and regulations and Board policy. (Pol. 103.1, 104, 113, **234**, 906)

Required Reporting Under Other Policies

In addition to implementing the complaint procedures, the building principal or Compliance Officer **will** ensure that reported conduct which meets the definition of other laws, regulations or Board policies, is also appropriately addressed in accordance with the applicable laws, regulations or Board policies, including but not limited to, incidents **involving school safety**, reports of educator misconduct, threats or reports of suspected child abuse. (Pol. 218, 317.1, 805.1, 806, 824)

Timeframes

Reasonably prompt timeframes **will** be established for completing each step of the discrimination complaint procedures, including timeframes for filing and resolving appeals.

The established timeframes included in these procedures may be adjusted to allow for a temporary delay or a limited extension of time for good cause. Written notice of the delay or extension and the reason for such action **will** be provided to the complainant and the respondent, and documented with the records of the complaint. Good cause may include, but is not limited to, considerations such as:

1. The absence of a party or a witness.
2. **Request from law enforcement or child welfare agency.**
3. Need for language assistance or **accommodations.**

PROCEDURES FOR COMPLAINTS OF DISCRIMINATION

Step 1 – Reporting

An employee or individual who believes they have been subject to discrimination by any district student, employee or third party is encouraged to immediately report the incident to the building principal or **Title IX Coordinator** using the Discrimination/**Harassment**/Retaliation Report Form or by making a general report **orally** or in writing. A person who is not an intended victim or target of discrimination but is adversely affected by the offensive conduct may file a report of discrimination.

An employee serving in a supervisory position who suspects or is notified that a district employee may have been subject to conduct that constitutes a violation of this policy shall immediately report the incident to the Title IX Coordinator.

If a student is identified as a party in the report, parents/guardians have the right to act on behalf of the student at any time. **(Pol. 103)**

Any person with knowledge of discrimination in violation of Board policy or this procedure is encouraged to immediately report the matter to the building principal or **Title IX Coordinator.**

The building principal **will** immediately notify the Title IX Coordinator and Compliance Officer of reported discrimination.

If the building principal, **Title IX Coordinator or Compliance Officer** is the subject of a complaint, the person making the report **will** report the incident directly to the **Superintendent or designee.**

The complainant or reporting individual **will** be encouraged to use the Discrimination/**Harassment**/Retaliation Report Form, however, complaints **will** be accepted in person, by phone, by mail or email or by any other means that results in the appropriate individual receiving the **oral** or written report. **Oral** reports **will** be documented using the Discrimination/**Harassment**/ Retaliation Report Form, and these procedures **will** be implemented.

The Title IX Coordinator **will** review reports and complaints, and may gather additional information from the individual submitting the report and other parties identified in the report using the Discrimination/**Harassment**/Retaliation Report Form. The Title IX Coordinator **will** promptly contact the complainant regarding the report to gather additional information as necessary, and to discuss the availability of supportive measures. The Title IX Coordinator **will** consider the complainant's wishes with respect to supportive measures.

The Title IX Coordinator **will** conduct an assessment to determine whether the reported circumstances are most appropriately addressed through the Discrimination Complaint Procedures prescribed in this **document**, or if the reported circumstances meet the definition and parameters of Title IX **sex-based discrimination or** harassment and are most appropriately addressed through the Grievance **Procedures**, or other applicable Board policies.

If the Title IX Coordinator determines that the report should be addressed through the discrimination complaint procedures, the Compliance Officer **will** be notified and the complaint procedures in this **document will be** implemented.

When a party is an identified student with a disability, or thought to be a student with a disability, the Title IX Coordinator **will** notify the Director of Special Education and coordinate to determine whether additional steps must be taken for the party, while the discrimination complaint procedures are implemented. Such measures may include, but are not limited to, conducting a manifestation determination, functional behavioral assessment (FBA) or other assessment or evaluation, in accordance with applicable law, regulations **and** Board policy. FBAs must be conducted when a student's behavior interferes with the student's learning or the learning of others and information is necessary to provide appropriate educational programming, and when a student's behavior violates the Code of Student Conduct and is determined to be a manifestation of a student's disability. (Pol. 113, 113.1, 113.2, 113.3)

Step 2 – Initial Communications/Supports

The complainant **will** be informed about the Board's policy on discrimination, including the right to an investigation of both **oral** and written reports of discrimination.

The building principal or designee, in consultation with the Compliance Officer, Title IX Coordinator and other appropriate individuals, **will** promptly implement appropriate measures to protect the complainant and others as necessary from violation of the policy throughout the course of the investigation.

The building principal or designee may provide to the complainant factual information on the complaint and the investigative process, the impact of choosing to seek confidentiality and the **opportunity to report incident(s) to law enforcement**. The person accepting the complaint **will** handle the report objectively, neutrally and professionally, setting aside personal biases that might favor or disfavor the complainant or respondent.

The building principal or Compliance Officer **will** provide relevant information on resources available in addition to the discrimination complaint procedure, such as making reports to **law enforcement**, available assistance from domestic violence or rape crisis programs and community health resources, including counseling resources.

Informal Remedies -

At any time after a complaint has been reported, if the Compliance Officer believes the circumstances are appropriate, the Compliance Officer may offer the parties involved in the complaint the opportunity to participate in informal remedies to address the reported conduct. Informal remedies can take many forms, depending on the particular case. Examples include, but are not limited to, mediation, facilitated discussions between the parties, acknowledgment of responsibility by a respondent, apologies, a requirement to engage in specific services such as an Employee Assistance Program or other measures to support the parties.

If the matter is resolved to the satisfaction of the parties, the district employee facilitating the informal remedies **will** document the nature of the complaint and the proposed resolution of the matter, have both parties sign the documentation to indicate agreement with the resolution and receive a copy, and forward it to the Compliance Officer.

The Compliance Officer **will** contact the complainant to determine if the resolution was effective and to monitor the agreed upon remedies, and **will** document all appropriate actions.

*If the informal remedies result in the final resolution of the complaint, the following steps are not applicable.

Step 3 – Investigation

The Compliance Officer **will** assess whether the investigation should be conducted by the building principal, another district employee, the Compliance Officer or an attorney and **will** promptly assign the investigation to that individual. **The individual assigned to investigate the complaint must not be an employee supervised by the respondent or complainant.**

The Compliance Officer **will** ensure that the individual assigned to investigate the complaint has an appropriate understanding of the relevant laws pertaining to discrimination and retaliation issues and Board policy. **The individual must have received training on** how to conduct investigations, **including interviewing witnesses and evaluating credibility**, and **how to** draft an investigative report.

When investigating conduct that may be considered discriminatory harassment, and whether the harassment was objectively hostile, the investigator should review the conduct in its social context, from the perspective of a reasonable person of the complainant's protected class. For example, if investigating conduct related to harassment on the basis of race, the harassment should be evaluated from the perspective of a reasonable person of that same race.

The investigator **will** work with the Compliance Officer to assess the anticipated scope of the investigation, who needs to be interviewed and what records or evidence may be relevant to the investigation.

The investigator **will** conduct an adequate, reliable and impartial investigation. The complainant and the respondent may suggest additional witnesses and provide other evidence during the course of the investigation. When the initial complaint involves allegations relating to conduct which took place away from school property, school-sponsored activities or school conveyances, the investigation may include inquiries related to these allegations to determine whether they resulted in continuing effects such as harassment in school settings.

The investigation may consist of individual interviews with the complainant, the respondent and others with knowledge relative to the allegations. The investigator may also evaluate any other information and materials relevant to the investigation. The person making the report, parties, parents/guardians, if applicable, and witnesses **will** be informed of the prohibition against retaliation for anyone's participation in the process and that conduct believed to be retaliatory should be reported. All individuals providing statements or other information or participating in the investigation **will** be instructed to keep the matter confidential and to report any concerns about confidentiality to the investigator.

If the investigation reveals that the conduct being investigated may involve a violation of criminal law, the investigator **will** promptly notify the Compliance Officer, who **will** promptly inform law enforcement authorities about the allegations.

The obligation to conduct this investigation **will** not be negated by the fact that a criminal or child protective services investigation of the allegations is pending or has been concluded. The investigator should coordinate with any other ongoing investigations of the allegations, including agreeing to requests for a delay in fulfilling the district's investigative responsibilities during the fact-finding portion of a criminal or child protective services investigation. Such delays **will** not extend beyond the time necessary to prevent interference with or disruption of the criminal or child protective services investigation, and the reason for such delay **will** be documented by the investigator.

Step 4 – Investigative Report

The investigator **will** prepare and submit a written report to the Compliance Officer within twenty (20) school days of the initial report of alleged discrimination, unless the nature of the allegations, anticipated extent of the investigation or the availability of witnesses requires the investigator and the Compliance Officer to establish a different due date. The parties **will** be

notified of the anticipated date the investigative report will be completed and of any changes to the anticipated due date during the course of the investigation.

The investigative report **will** include a summary of the investigation, a determination of whether the complaint has been substantiated as factual, the information and evaluation that formed the basis for this determination, whether the conduct violated Board Policy 104 and of any other violations of law or Board policy which may warrant further district action, and a recommended disposition of the complaint. An investigation into discrimination or harassment **will** consider the record as a whole and the totality of circumstances in determining whether a violation of Board policy has occurred, recognizing that persistent and pervasive conduct, when taken together, may be a violation even when the separate incidents are not severe.

The complainant and the respondent **will** be informed of the outcome of the investigation, for example, whether the investigator believes the allegations to be founded or unfounded, within a reasonable time of the submission of the written investigative report, to the extent authorized by the Family Educational Rights and Privacy Act (FERPA) and other applicable laws. The respondent **will** not be notified of the individual remedies offered or provided to the complainant.

Step 5 – District Action

If the investigation results in a finding that some or all of the allegations of the discrimination complaint are founded and constitute a violation of Board policy, the district **will** take prompt, corrective action designed to ensure that such conduct ceases and that no retaliation occurs. The district **will** promptly take appropriate steps to prevent the recurrence of the prohibited conduct and to address the discriminatory effect the prohibited conduct had on the complainant and the district education program or activity. District staff **will** document the corrective action taken and, where not prohibited by law, inform the complainant. The Compliance Officer **will** follow up by assessing the effectiveness of the corrective action at reasonable intervals.

If an investigation results in a finding that a different policy was violated separately from or in addition to violations of Policy 104 or these procedures, or that there are circumstances warranting further action, such matters **will** be addressed at the conclusion of this investigation or through disciplinary or other appropriate referrals where further evaluation or investigation is necessary. (Pol. 113.1, 218, 233, 317, **317.1, 806, 824**)

Disciplinary actions **will** be consistent with Board policies and administrative regulations, the Code of Student Conduct for students, district procedures, applicable collective bargaining agreements and state and federal laws and regulations. (Pol. 103, 104, 113.1, 218, 233, 317, 317.1)

Appeal Procedure

If the complainant or the respondent is not satisfied with a finding made pursuant to these procedures or with recommended corrective action, they may submit a written appeal to the Compliance Officer within fifteen (15) school days of receiving notification of the outcome of

the investigation. If the Compliance Officer investigated the complaint, such appeal **will** be made to the Superintendent.

The individual receiving the appeal **will** review the investigation and the investigative report and may also conduct or designate another person to conduct a reasonable supplemental investigation to assess the sufficiency and propriety of the prior investigation.

The person handling the appeal **will** prepare a written response to the appeal within twenty (20) school days. Copies of the response **will** be provided to the complainant, the respondent and the investigator who conducted the initial investigation.

104. GRIEVANCE PROCEDURES

GRIEVANCE PROCEDURES FOR COMPLAINTS OF TITLE IX SEX-BASED DISCRIMINATION AND HARASSMENT

The Title IX sex-based discrimination and harassment grievance procedures prescribed in this attachment apply only when a complaint includes allegations of sex-based discrimination or harassment, including retaliation, subject to Title IX regulations. (34 CFR 106.44, 106.45)

All other reports or complaints of discrimination, harassment or retaliation will follow the Discrimination Complaint Procedures attached to Policy 104.

General Provisions

If the district has knowledge of conduct that reasonably may constitute Title IX sex-based discrimination or harassment in its education program or activity, it must respond promptly and effectively.

If a student is identified as a party in a report, parents/guardians have the right to act on behalf of the student at any time. (Pol. 103)

The district requires that the Title IX Coordinator, investigator and decision-maker be free from any conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

As long as there is no conflict of interest or bias, the decision-maker may be the same person as the Title IX Coordinator or investigator during the grievance procedures; however, the facilitator for an informal resolution process must not be the same person designated as the investigator or decision-maker for the grievance procedures.

The district will treat all complainants and respondents equitably.

The district will assume that the respondent is not responsible for the alleged conduct until a determination is made at the conclusion of the informal resolution process or grievance procedures.

Definitions

Exculpatory evidence means evidence tending to exonerate the accused or helps to establish their innocence.

Inculpatory evidence means evidence tending to incriminate the accused or indicate their guilt.

Impermissible evidence means evidence, and questions seeking such evidence, that will not be accessed or considered, except by the district to determine whether one (1) of the exceptions

listed below applies; will not be disclosed; and will not otherwise be used, regardless of relevance:

1. Evidence that is protected under a privilege as recognized by federal or state law or regulations, unless the person to whom the privilege or confidentiality is owed has voluntarily waived the privilege or confidentiality.
2. A party's or witness's records that are made or maintained by a physician, psychologist or other recognized professional or paraprofessional in connection with the provision of treatment to the party or witness, unless the district obtains that party's or witness's voluntary, written consent for use in the district's grievance procedures.
3. Evidence that relates to the complainant's sexual interests or prior sexual conduct, unless evidence about the complainant's prior sexual conduct is offered to prove that someone other than the respondent committed the alleged conduct or is evidence about specific incidents of the complainant's prior sexual conduct with the respondent that is offered to prove consent to the alleged sex-based harassment. The fact of prior consensual sexual conduct between the complainant and respondent does not by itself demonstrate or imply the complainant's consent to the alleged sex-based harassment or preclude determination that sex-based harassment occurred.

Relevant means related to the allegations under investigation as part of the grievance procedures. Questions are relevant when they seek evidence that may aid in showing whether the alleged conduct occurred, and evidence is relevant when it may aid a decision-maker in determining whether the alleged conduct occurred.

Remedies means measures provided, as appropriate, to a complainant or any other person the district identifies as having had their equal access to the district's education program or activity limited or denied by sex-based discrimination or harassment.

These measures are provided to restore or preserve that person's access to the district's education program or activity after the district determines that sex-based discrimination or harassment occurred.

General Reporting

A report of Title IX sex-based discrimination or harassment may be made using the Discrimination/Harassment/Retaliation Report Form or by making a general report orally or in writing to the building principal, or by using the contact information listed for the Title IX Coordinator, or by any other means that results in the Title IX Coordinator receiving the person's oral or written report. Upon receipt of a report, school staff will immediately notify the Title IX Coordinator.

A report may be made at any time, including during nonbusiness hours. Oral reports will be documented by the Title IX Coordinator or employee receiving the report using the

Discrimination/Harassment/Retaliation Report Form, and these procedures will be implemented appropriately.

An employee serving in a supervisory position who suspects or is notified that a district employee may have been subject to conduct that constitutes a violation of this policy will immediately report the incident to the Title IX Coordinator.

All reports and complaints received by the building principal will be promptly directed to the Title IX Coordinator, in accordance with Board policy. The Title IX Coordinator will use the Discrimination/Harassment/Retaliation Report Form to gather additional information from the reporter and/or other parties identified in the report.

The Title IX Coordinator will promptly contact the complainant regarding the report to gather additional information as necessary, and to discuss the availability of supportive measures. The Title IX Coordinator will consider the complainant's wishes with respect to supportive measures and reasonable safety concerns.

The Title IX Coordinator will initially assess whether the reported conduct:

1. Meets the definition of Title IX sex-based discrimination or harassment.
2. Involves other Board policies or the Code of Student Conduct.
3. Indicates, based on an individualized safety and risk analysis, that there is an imminent and serious threat to the physical health or safety of an individual.
4. Involves a student identified as a student with a disability under the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act. (Pol. 103.1, 113, 113.1, 113.2, 113.3)

If the result of this initial assessment determines that none of the allegations fall within the scope of Title IX sex-based discrimination or harassment, but the matter merits review and possible action under other Board policies, the Code of Student Conduct or complaint procedures, then the Title IX Coordinator will redirect the report to the appropriate administrator to address the allegations. (Pol. 103, 103.1, 104, 113.1, 218, 317, 317.1, 906)

If the result of the initial assessment determines that the allegations may constitute Title IX sex-based discrimination or harassment, the Title IX Coordinator will promptly explain to the complainant the process for filing a complaint and inform the complainant of the continued availability of supportive measures with or without the filing of a complaint.

Filing a Complaint

Individuals specified below may request that the district investigate and make a determination about alleged conduct.

Sex-based discrimination, including sex-based harassment – The following individuals may request that the district investigate and make a determination about the alleged discrimination under Title IX:

1. A complainant, which means:
 - a. A district student or employee who is alleged to have been subjected to conduct that could constitute sex discrimination under Title IX; or
 - b. A person other than a district student or employee who is alleged to have been subjected to conduct that could constitute sex-based discrimination under Title IX at a time when that individual was participating or attempting to participate in a district education program or activity.
2. A parent/guardian or other authorized legal representative with the legal right to act on behalf of a student complainant; or
3. The Title IX Coordinator, after conducting a fact-based assessment in accordance with law.

Sex-Based Harassment - Individuals themselves who are alleged to have been subjected to the sex-based harassment, those who have a legal right to act on behalf of such individual, or the Title IX Coordinator may initiate the complaint.

Title IX Sex-Based Discrimination Other Than Sex-Based Harassment – In addition to the individuals listed above, the following individuals have a right to make a complaint:

1. Any district student or employee; or
2. Any person other than a student or employee who was participating or attempting to participate in a district education program or activity at the time of the alleged sex discrimination.

District Actions

The measures identified below may be enforced by the district at any time, as deemed necessary, including during the reporting, complaint or grievance procedures steps.

Supportive Measures -

The district must offer and coordinate supportive measures, as appropriate. Supportive measures offered by the district may not be imposed for punitive or disciplinary purposes.

For allegations of sex-based discrimination other than sex-based harassment or retaliation, the district's provision of supportive measures does not require the district, its employee or any other person authorized by the district to provide an aid, benefit or service to alter the alleged discriminatory conduct for the purposes of providing a supportive measure.

For example, if a teacher makes a complaint of alleged sex-based discrimination based on classroom assignments because they believe the assignments have been made to give individuals of the opposite sex an advantage, the district is not required to provide a supportive measure that grants the complainant their requested classroom unless a determination is made at the conclusion of the grievance procedures that discrimination has occurred and remedies are needed to address the discrimination. Other supportive measures may be provided during the grievance procedures. However, if a teacher makes a complaint of alleged sex-based harassment based on conduct of the teacher in the neighboring classroom, the district may need to change the complainant's classroom assignment to a requested classroom in a different location as a supportive measure, in order to halt the conduct during the process of the grievance procedures.

The district may, as appropriate, modify or terminate supportive measures at the conclusion of the grievance procedures or informal resolution process. The complainant or respondent may seek an appeal of decisions regarding supportive measures from an appropriate and impartial employee other than the employee who made the initial decision. The employee considering the appeal must have authority to modify or reverse the decision regarding supportive measures, and determine whether the decision to provide, deny, modify or terminate the supportive measure is inconsistent with the definition of supportive measures.

The district will provide a party with the opportunity to seek modification or termination of supportive measures applicable to them if circumstances materially change.

When a party is an identified student with a disability, or thought to be a student with a disability, the Title IX Coordinator will notify the Director of Special Education and coordinate to determine whether additional steps must be taken as supportive measures for the party while the Title IX procedures are implemented. (Pol. 113, 113.1, 113.2, 113.3)

Confidentiality –

Confidentiality regarding the supportive measures offered and the identity of the following individuals will be maintained, except as necessary to provide the supportive measure or restore or preserve a party's access to a district education program or activity, or as permitted by law or regulations: (20 U.S.C. Sec. 1232g; 34 CFR Parts 99, 106; Pol. 113.4, 216, 324)

1. Individuals making a report or complaint.
2. Complainant(s).
3. Respondent(s).
4. Witnesses.

Reasonable Accommodations –

Throughout the grievance procedures, the district will make reasonable accommodations for identified physical and intellectual impairments that constitute disabilities for all parties, as well as reasonable accommodations for pregnancy, childbirth or pregnancy-related medical conditions, consistent with the requirements of federal and state laws and regulations and Board policy. (Pol. 103.1, 104, 113, 906)

Employee Disciplinary Procedures When Reports Allege Title IX Sex-Based Discrimination or Harassment -

When reports allege Title IX sex-based discrimination or harassment, disciplinary sanctions may not be imposed until the completion of the grievance procedures. The district will presume that the respondent is not responsible for the alleged conduct until a determination has been made at the completion of the grievance procedures.

Administrative Leave –

When an employee, based on an individualized safety and risk analysis, poses an imminent and serious threat to the health or safety of any student or other individual, the employee may be removed on an emergency basis. The employee will be provided with notice and provided an opportunity to challenge the emergency removal immediately following the removal.

An accused, nonstudent district employee may be placed on administrative leave during the pendency of the grievance procedures, consistent with all rights under Section 504 of the Rehabilitation Act and the Americans with Disabilities Act, and in accordance with state law and regulations, Board policy and an applicable collective bargaining agreement or individual contract.

Required Reporting Under Other Policies -

In addition to implementing the grievance procedures, the Title IX Coordinator will ensure that reported conduct which meets the definition of other laws, regulations or Board policies is also appropriately addressed in accordance with the applicable laws, regulations or Board policies, including but not limited to, incidents under the school safety and security provisions of the PA School Code, reports of educator misconduct, threats or reports of suspected child abuse. (Pol. 317, 317.1, 805.1, 806, 824)

Timeframes

Reasonably prompt timeframes will be established for the conclusion of the grievance procedures, including timeframes for the evaluation, investigation, determination and informal resolution process and timeframes for filing and resolving appeals.

The established timeframes may be adjusted to allow for a limited extension of time for good cause. Written notice of the delay or extension and the reason for such action will be provided to

the complainant and the respondent, and documented with the records of the complaint. Good cause may include, but is not limited to, considerations such as:

1. The absence of a party or a witness.
2. Request from law enforcement or child welfare agency.
3. Need for language assistance or accommodation of disabilities, including pregnancy, childbirth or pregnancy-related medical conditions.

Dismissal of Complaints

Complaints may be dismissed, if at any time during the investigation or determination:

1. The district is unable to identify the respondent after taking reasonable steps to do so.
2. A complainant provides voluntary written notification of withdrawal of any or all allegations in the complaint, the Title IX Coordinator declines to initiate a complaint, and the district determines that, without the complainant's withdrawn allegations, the alleged conduct that remains in the complaint, if any, would not constitute sex-based discrimination, even if proven.
3. After the district makes reasonable efforts to clarify the allegations with the complainant, the district determines that the alleged conduct, even if proven, would not constitute sex-based discrimination or harassment.
4. The respondent is not participating in a district education program or activity or employed by the district.

Upon dismissal, the district will promptly notify the complainant, in writing, of the basis for the dismissal. If the dismissal occurs after the respondent has been notified of the allegations, the district will also promptly notify the respondent, in writing, of the dismissal and the basis for the dismissal, either following notification to the complainant or simultaneously.

Written notification will state whether the allegations will continue to be addressed pursuant to other Board policies, the Code of Student Conduct or complaint processes.

When a complaint is dismissed, the district will, at a minimum:

1. Offer supportive measures to the complainant and respondent, as appropriate.
2. Take other prompt and effective steps, as appropriate, through the Title IX Coordinator to ensure that the conduct does not continue or recur within the district's education program or activity.

Appeals of Dismissal -

The district will notify the complainant and respondent, if the respondent has already been notified of the allegations, that the dismissal may be appealed on the following bases:

1. Procedural irregularity that would change the outcome of the matter.
2. New evidence that would change the outcome and that was not reasonably available when the dismissal decision was made.
3. The Title IX Coordinator, investigator or decision-maker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that would change the outcome.

Written notice of a party's appeal of the dismissal must be submitted to the Title IX Coordinator within fifteen (15) school days after the date the notice of dismissal is provided. Notice of appeal must include a brief statement describing the basis for the appeal.

If the dismissal is appealed, the district will:

1. Notify the parties of any appeal, including notice of the allegation, if notice was not previously provided to the respondent;
2. Implement the appeal procedures equally for the parties;
3. Ensure that the decision-maker for the appeal did not take part in an investigation of the allegations or dismissal of the complaint;
4. Ensure that the decision-maker for the appeal has been appropriately trained;
5. Provide the parties a reasonable and equal opportunity to make a statement in support of, or challenging, the outcome; and
6. Notify the parties of the appeal and the rationale for the result, within twenty (20) school days.

Consolidation of Complaints

The district may consolidate complaints against more than one (1) respondent, or by more than one (1) complainant against one or more respondents, or by one (1) individual against another individual, where the allegations of sex-based discrimination or harassment arise out of the same facts or circumstances.

Complaint

The district is required to initiate the grievance procedures in this document when a complainant files a complaint based on Title IX sex-based discrimination or harassment.

The Title IX Coordinator is also authorized to initiate this process despite a complainant's wishes when actions limited to supportive measures are not a sufficient response to alleged behavior, or when the grievance procedures are necessary to investigate and address the situation adequately. For example, if disciplinary action would be warranted if allegations are true, if the respondent is a supervisor, or if further investigation is needed to assess the extent of the behavior and impact on others, it may be clearly unreasonable not to initiate grievance procedures. Only the Title IX Coordinator is authorized to initiate the grievance procedures despite a complainant's wishes, but the Title IX Coordinator may consult with the school solicitor and other district officials in making this decision. The Title IX Coordinator's assessment of whether to initiate the grievance procedures despite the complainant's wishes must be fact-specific and address the considerations outlined in the Discrimination/Harassment/Retaliation Report Form.

The complainant or the Title IX Coordinator will use the designated section of the Discrimination/Harassment/Retaliation Report Form to file or sign a complaint.

The Title IX Coordinator will assess whether the investigation should be conducted by the building principal, another district employee, the Title IX Coordinator or an attorney and will promptly assign the investigation to that individual. The individual assigned to investigate the complaint must not be an employee supervised by the respondent or the complainant.

The Title IX Coordinator, investigator, decision-maker or any individual designated to facilitate the informal resolution process, each must have completed the required training for such roles as designated in Board policy and will not have a conflict of interest or bias for or against an individual complainant or respondent, or for or against complainants or respondents in general.

The respondent will be presumed not responsible for the alleged conduct until a determination regarding responsibility has been made at the conclusion of the grievance procedures.

Notice Requirements -

Upon receipt of a complaint, or when the Title IX Coordinator signs a complaint to initiate the grievance procedures, the Title IX Coordinator will provide written notice to all known parties, and the parents/guardians or other authorized legal representatives of known parties, if applicable, providing the following information:

1. Notice of the district's grievance procedures and any informal resolution process that may be available.

2. Notice of the allegations, including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details include:
 - a. The identity of the parties involved, if known.
 - b. The conduct allegedly constituting sex-based discrimination or harassment.
 - c. The date and location of the alleged incident(s), if known.
3. A statement that retaliation is prohibited.
4. A statement that the parties are entitled to an equal opportunity to access the relevant and not otherwise impermissible evidence, upon request.
5. A statement that a determination regarding responsibility will be made at the conclusion of the grievance procedures and, until that time, the respondent is presumed not responsible for the alleged conduct.
6. Notice that Board policy and the district's Code of Student Conduct prohibit knowingly making false statements or knowingly submitting false information to school officials in connection with reports of misconduct or discrimination complaints.

The district will not discipline a party, witness or other individual participating in the grievance procedures for making a false statement or for engaging in consensual sexual conduct based solely on a determination of whether sex-based discrimination or harassment occurred.

7. Notice to all known parties of any additional allegations that the district decides to investigate during the course of the investigation.

Informal Resolution Process

[Note: The informal resolution process cannot be offered or used to facilitate a resolution for any complaint where the allegations state that an employee engaged in sex-based harassment of a student, or if the process would conflict with federal, state or local law.]

At any time after a complaint has been filed, but prior to reaching a determination of responsibility, if the Title IX Coordinator believes the circumstances are appropriate, the Title IX Coordinator may offer the parties the opportunity to participate in an informal resolution process, which does not involve a full investigation and adjudication of the complaint.

The district may not require as a condition of enrollment or continuing enrollment, or employment or continuing employment, or enjoyment of any other right, waiver of the right to an investigation and adjudication of complaints. Similarly, a district may not require or pressure the parties to participate in an informal resolution process.

Informal resolutions can take many forms, depending on the particular case. Examples include, but are not limited to, mediation, facilitated discussions between the parties, acknowledgment of responsibility by a respondent, apologies, a requirement to engage in specific services such as an Employee Assistance Program or supportive measures.

The facilitator for the informal resolution process must not be the same person as the investigator or the decision-maker in the grievance procedures, must have received the required training in accordance with Board policy and must not have a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent.

When offering an informal resolution process, the Title IX Coordinator will:

1. Provide the parties a written notice disclosing the following:
 - a. The allegations.
 - b. The requirements of the informal resolution process, including that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance procedures.
 - c. That the parties' agreement to a resolution at the conclusion of the informal resolution process precludes the parties from initiating or resuming grievance procedures arising from the same allegations.
 - d. The potential terms that may be requested or offered in an informal resolution agreement, including notice that an informal resolution agreement is binding only on the parties. Other terms of an informal resolution agreement may include restrictions on contact and restrictions on the respondent's participation in one or more of the district's programs or activities or attendance at specific events, including restrictions the district could have imposed as remedies or disciplinary sanctions had the district determined at the end of the grievance procedures the alleged conduct occurred.
 - e. Any consequences resulting from participating in the informal resolution process, including the records and information that will be maintained and whether and how such records and information could be shared.
2. Obtain the parties' voluntary, written consent to the informal resolution process. As part of the consent process, all parties will be informed of the rights being waived by agreeing to the informal resolution process, and will acknowledge such agreement in writing.
3. The informal resolution process will be conducted within five (5) school days of the parties' signed agreement for the informal resolution process.

If the matter is resolved to the satisfaction of the parties, the district employee facilitating the informal resolution process will document the nature of the complaint and the proposed resolution of the matter, have both parties sign the documentation and receive a copy, and

forward it to the Title IX Coordinator. Within twenty (20) school days after the complaint is resolved in this manner, the Title IX Coordinator will contact the complainant to determine if the resolution was effective and to monitor the agreed upon remedies. The Title IX Coordinator will document the informal resolution process, responses from all parties, and an explanation of why the district's response was not deliberately indifferent to the reported complaint of sex-based discrimination or harassment.

*If the Informal Resolution Process results in the final resolution of the complaint, the following steps are not required.

GRIEVANCE PROCEDURES

Investigation

The district must provide an adequate, reliable and impartial investigation of complaints.

The designated investigator, if other than the Title IX Coordinator, will work with the Title IX Coordinator to assess the scope of the investigation, who needs to be interviewed and what records or evidence may be relevant to the investigation, and to document the evidence throughout each stage of the investigation.

When investigating a complaint, the investigator will:

1. Bear the burden of proof and gather evidence and conduct interviews sufficient to reach a determination. During the process of gathering evidence, unless the district obtains the voluntary, written consent of the party, or the party's parent/guardian or other authorized legal representative when legally required, the district cannot access, consider, disclose or otherwise use a party's records which are protected by legal privilege, such as those records made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with providing treatment to the party. (For students - Pol. 113.4, 207, 209, 216; Safe2Say Something Procedures)
2. Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence that is relevant and not otherwise impermissible.
3. Objectively evaluate all evidence gathered through the investigation, including inculpatory and exculpatory evidence, and determine what evidence is relevant and what evidence is impermissible regardless of relevance. When the initial complaint involves allegations relating to conduct which took place away from school property, school-sponsored activities or school conveyances, the investigation may include inquiries related to these allegations to determine whether they resulted in continuing effects such as sex-based discrimination or harassment in school settings.

4. Inform all parties and witnesses of the requirements for confidentiality and prohibition against retaliation for anyone's participation in the investigation process, and that conduct believed to be retaliatory should be reported to the Title IX Coordinator.
5. Provide each party with an equal opportunity to access the evidence that is relevant to the allegations and not otherwise impermissible, in the following manner:
 - a. Provide each party with an equal opportunity to access either the relevant and not otherwise impermissible evidence, or an accurate description of this evidence. If the district provides a description of the evidence, the district must further provide the parties with an equal opportunity to access the relevant and not otherwise impermissible evidence upon the request of any party;
 - b. The district must provide a reasonable opportunity to respond to the evidence or to the accurate description of the evidence; and
 - c. The district must take reasonable steps to prevent and address the parties' unauthorized disclosure of information and evidence obtained solely through the grievance procedures. For purposes of this paragraph, disclosures of such information and evidence for purposes of administrative proceedings or litigation related to the complaint are authorized.

During the investigation, the parties and witnesses will be questioned to adequately assess a party's or witness's credibility to the extent credibility is both in dispute and relevant to evaluating one or more of the allegations. Where the investigator has interviewed a party or witness and the investigator is also serving as the decision-maker, credibility evaluation is inherent in the process of conducting the interview. In situations where credibility determinations are required from a decision-maker who did not interview a party or witness, the Title IX Coordinator will facilitate an opportunity for the decision-maker to conduct an interview as part of the decision-maker's process of engaging with the evidence resulting from the investigation. In considering evidence, the decision-maker will ensure credibility determinations are not based on an individual's status as a complainant, respondent or witness.

If at any point the investigation expands to include additional allegations that were not included in the initial notice of allegations, the investigator will alert the Title IX Coordinator. The Title IX Coordinator will provide written notice of the new allegations to the known parties.

If the investigation reveals that the conduct being investigated may involve a violation of criminal law, the investigator will promptly notify the Title IX Coordinator, who will promptly inform law enforcement authorities about the allegations and make any additional required reports, in accordance with law, regulations and Board policy. (Pol. 218, 317.1, 805.1, 806)

The obligation to conduct this investigation will not be negated by the fact that a criminal or child protective services investigation of the allegations is pending or has been concluded. The investigator should coordinate with any other ongoing investigations of the allegations, including agreeing to request for a delay in fulfilling the district's investigative responsibilities during the fact-finding portion of a criminal or child protective services investigation. Such delays will not

extend beyond the time necessary to prevent interference with or disruption of the criminal or child protective services investigation and the reason for such delay will be documented by the investigator.

In the course of an investigation, it is possible that conduct other than, or in addition to, Title IX sex-based discrimination or harassment may be identified as part of the same incident or set of circumstances. The fact that there may be Title IX sex-based discrimination or harassment involved does not preclude the district from addressing other identified violations of Board policy or the Code of Student Conduct. If such other conduct is being investigated and addressed together as part of the grievance procedures, disciplinary action normally should not be imposed until the completion of the grievance procedures; however, an employee may be placed on administrative leave in accordance with the provisions of this document and Board policy. A decision whether and when to take disciplinary action should be made in consultation with the school solicitor.

The investigation stage will be concluded within twenty (20) school days.

Determination and District Action

The district will designate a decision-maker, who may be the same person as the Title IX Coordinator or investigator. The decision-maker must be free from any conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent, and must have received training in accordance with Board policy.

Following the investigation and evaluation of all relevant and not otherwise impermissible evidence, the decision-maker must issue a determination for the alleged conduct. To reach this determination, the decision-maker will apply the preponderance of the evidence standard, meaning that the party bearing the burden of proof must present evidence which is more credible and convincing than that presented by the other party, or which shows that the fact to be proven is more probable than not. This standard requires the decision-maker to evaluate relevant and not otherwise impermissible evidence for its persuasiveness; if the decision-maker is not persuaded under the preponderance of the evidence standard that the alleged conduct occurred, whatever the quantity of the evidence is, the decision-maker must not determine that the alleged conduct occurred.

The district will provide written notification to the parties of the determination as to whether the alleged conduct occurred, including the rationale for the determination and the procedures and permissible bases for the appeal, if applicable.

If there is a determination that the alleged conduct occurred, as appropriate, the Title IX Coordinator is required to:

1. Coordinate the provision and implementation of remedies to a complainant and other persons the district identifies as having had equal access to the district's education program or activity limited or denied by such conduct.

2. Coordinate the imposition of any disciplinary sanctions on a respondent, including notification to the complainant of any disciplinary sanctions, in accordance with applicable law, regulations and Board policy. (Pol. 113.1, 218, 317, 317.1)
3. Take other appropriate prompt and effective steps to ensure that the conduct does not continue or recur within the district's education program or activity.

Appeal Process

The district must offer both parties the right to appeal a determination of responsibility or any allegation in the complaint.

The appeal may be based on the following:

1. Procedural irregularity that would change the outcome of the matter.
2. New evidence that is not otherwise impermissible that would change the outcome and that was not reasonably available when the decision was made.
3. The Title IX Coordinator, investigator or decision-maker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that would change the outcome.

Written notice of a party's appeal must be submitted to the Title IX Coordinator within fifteen (15) school days

after the date the determination is provided to the parties. Notice of appeal must include a brief statement describing the basis for the appeal.

If the determination is appealed, the district will:

1. Notify the parties of any appeal.
2. Implement the appeal procedures equally for the parties;
3. Ensure that the decision-maker for the appeal did not take part in the investigation of the allegations of the complaint;
4. Ensure that the decision-maker for the appeal has been appropriately trained; and
5. Provide the parties a reasonable and equal opportunity to make a statement in support of, or challenging, the outcome.

The decision-maker for the appeal will review the investigation and may also conduct or designate another person to conduct a reasonable supplemental investigation to assess the sufficiency and propriety of the prior investigation.

The district will notify the parties of the rationale for the result of the appeal within twenty (20) school days.

Disciplinary Action

Following the issuance of the determination and any applicable appeal, any disciplinary action specified in the determination or appeal decision must be consistent with Board policies and administrative regulations, the Code of Student Conduct, district procedures, applicable collective bargaining agreements, and state and federal laws and regulations. (Pol. 113.1, 113.2, 218, 233, 317, 317.1)

The district will not discipline a party, witness or other individual participating in the grievance procedures for making a false statement or for engaging in consensual sexual conduct based solely on a determination of whether sex-based discrimination or harassment occurred.

Recordkeeping

The district must maintain the following records for a minimum of seven (7) years after conclusion of procedures and implementation of disciplinary sanctions and/or remedies, or in the case of a complainant or respondent who is a minor, until the expiration of the longest statute of limitations for filing a civil suit applicable to any allegation:

1. Each notification the Title IX Coordinator receives of information about conduct that may reasonably constitute sex-based discrimination or harassment, including required notifications.
2. Each investigation, including any determination and disciplinary sanctions imposed on the respondent, and any remedies provided to the complainant designed to restore or preserve equal access to the district's education program or activity.
3. Any appeal and the result.
4. Any informal resolution and the result.
5. All materials used to provide the required training.
6. Records of any district actions, including any supportive measures, taken in response to a report or complaint. In each instance, the district will document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the district's education program or activity. If a district does not provide a complainant with supportive measures, then the district must document the reasons why such a response was not clearly unreasonable in light of the known circumstances. The documentation of certain bases or measures does not limit the district in the future from providing additional explanations or detailing additional measures taken.

To meet the definition of Title IX sex-based discrimination or harassment, the conduct must have taken place during a district education program or activity against a person in the United States and be subject to the district's disciplinary authority. An education program and activity includes, but is not limited to, academic, extracurricular, research, occupational training and other education programs and activities of the district. The district is obligated to address a sex-based hostile environment in a district education program or activity, even when some conduct is outside the district's program or activity, or outside of the United States.

Did the incident occur during a during a school program or activity involving a person in the United States?

Yes

No

To meet the definition of Title IX sex-based discrimination or harassment, the conduct needs to satisfy one or more of the following (please check all that apply):

- Discrimination on the basis of sex stereotypes, sex characteristics, pregnancy or related conditions, sexual orientation or gender identity.
- A district employee or other person authorized to provide a district aid, benefit or service explicitly or impliedly conditions the provision of the aid, benefit or service on an individual's participation in unwelcome sexual conduct, commonly referred to as quid pro quo harassment.
- Hostile environment harassment* - unwelcome sex-based conduct that, based on the totality of the circumstances, is subjectively and objectively offensive and is so severe or pervasive that it limits or denies a person's ability to participate in or benefit from a district education program or activity. Determination of whether a hostile environment has been created is a fact-specific inquiry that includes consideration of factors, including but not limited to:
- The degree to which the conduct affected the complainant's ability to access the district's education program or activity;
 - The type, frequency and duration of the conduct;
 - The complainant's and respondent's ages, roles in the district education program or activity, previous interactions and other relevant factors;
 - The location and context in which the conduct occurred; and
 - Other sex-based harassment in the district's education program or activity.
- Sexual assault, dating violence, domestic violence or stalking.

Dating violence means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim and where the existence of such a relationship is determined by the following factors:

- Length of relationship.
- Type of relationship.
- Frequency of interaction between the persons involved in the relationship.

Domestic violence includes felony or misdemeanor crimes committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the

victim under the domestic or family violence laws of the jurisdiction receiving federal funding, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction.

Sexual assault means a sexual offense under a state or federal law that is classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation.

Stalking means stalking on the basis of sex, for example when the stalker desires to date a victim. Stalking means to engage in a course of conduct directed at a specific person that would cause a reasonable person to either:

1. Fear for their safety or the safety of others.
2. Suffer substantial emotional distress.

IX. Title IX Information to Complainant

What supportive measures were discussed with the complainant, and what were the complainant's wishes with respect to supportive measures and reasonable safety concerns?

Upon designating a course of action under Title IX sex-based discrimination or harassment, the Title IX Coordinator will promptly:

1. Explain to the complainant the process for filing a complaint and provide information about the Grievance Procedures and informal resolution process, if applicable.

2. Inform the complainant of the continued availability of supportive measures with or without the filing of a complaint.
3. Determine what supportive measures may be offered to the respondent.
4. Determine whether the complainant wishes this report to be treated as a complaint.

X. Title IX Coordinator Signature

I recommend the above course of action based on my consultation with the complainant and the information available at this time.

Title IX Coordinator: _____

Date: _____

XI. District-Initiated Title IX Complaint

If the complainant does not wish this report to be treated as a complaint pursuant to Title IX, the Title IX Coordinator must assess whether actions limited to supportive measures are a sufficient response to alleged behavior, or whether initiation of the Grievance Procedures is necessary to investigate and address the situation adequately.

This assessment shall be fact specific, including at a minimum, the following factors:

1. The complainant's request not to proceed with initiation of a complaint pursuant to Title IX.
2. The complainant's reasonable safety concerns regarding the initiation of a complaint pursuant to Title IX.
3. The risk that additional acts of sex-based discrimination or harassment would occur if a complaint is not initiated.
4. The severity of the allegation, including whether the sex-based discrimination or harassment, if established, would require the removal of the respondent from campus or imposition of another disciplinary sanction to end the discrimination or harassment and prevent its recurrence.
5. The age and relationship of the parties, including whether the respondent is a district supervisor.

6. The scope of the allegation, including information suggesting a pattern, ongoing sex-based discrimination or harassment or sex-based discrimination or harassment alleged to have impacted multiple individuals.
7. The availability of evidence to assist a decision-maker in determining whether sex-based discrimination or harassment occurred.
8. Whether the district could end the alleged sex-based discrimination or harassment and prevent its recurrence without initiating the Grievance Procedures.

The Title IX Coordinator may consult with the school solicitor and other district officials in making this decision.

If after assessment of the factors above and any other relevant factors, the Title IX Coordinator determines that the alleged conduct presents an imminent and serious threat to the health or safety of the complainant or other person, or that the alleged conduct prevents the district from ensuring equal access on the basis of sex to the district's education programs or activities, the Title IX Coordinator will notify the complainant of the decision prior to filing the complaint and the Title IX Coordinator will take measures to appropriately address reasonable concerns about the complainant's safety or the safety of others, including the provision of supportive measures.

As Title IX Coordinator, I have determined that, notwithstanding the complainant's preference, it is necessary to proceed with the initiation of the Grievance Procedures for the following reasons:

Therefore, I am signing this form for the purpose of serving as the complaint initiating the Grievance Procedures:

	<h3>113.1. DISCIPLINE OF STUDENTS WITH DISABILITIES</h3>
<p>Purpose</p>	<p>The district shall develop and implement Positive Behavior Support Plans and programs for students with disabilities who require specific interventions to address behaviors that interfere with learning.^{[1][2][3]}</p> <p>Students with disabilities who violate the Code of Student Conduct, or engage in inappropriate behavior, disruptive or prohibited activities and/or actions injurious to themselves or others, which would typically result in corrective action or discipline of students without disabilities, shall be disciplined in accordance with state and federal laws and regulations and Board policy and, if applicable, their Individualized Education Program (IEP) and Positive Behavior Support Plan.^{[1][4][5][6][7]}</p>
<p>Definitions</p>	<p>Students with disabilities - school-aged children within the jurisdiction of the district who have been evaluated and found to have one or more disabilities as defined by law, and who require, because of such disabilities, special education and related services.^[2]</p> <p>Suspensions from school - disciplinary exclusions from school for a period of one (1) to ten (10) consecutive school days.^{[7][8]}</p> <p>Expulsions from school - disciplinary exclusions from school by the Board for a period exceeding ten (10) consecutive school days and may include permanent exclusion from school.^{[7][8]}</p> <p>Interim alternative educational settings - removal of a student with a disability from the student’s current placement. Interim alternative educational settings may be used by school personnel for up to forty-five (45) school days for certain infractions committed by students with disabilities. The IEP team shall determine the interim alternative educational setting; however, this does not constitute a change in placement for a student with a disability.^{[5][9]}</p>

113.1. DISCIPLINE OF STUDENTS WITH DISABILITIES

Authority	<p>The Board directs that the district shall comply with provisions and procedural safeguards of the Individuals with Disabilities Education Act (IDEA) and federal and state regulations when disciplining students with disabilities for violations of Board policy or district rules or regulations. No student with a disability shall be subjected to a disciplinary change in placement if the student's particular misconduct is a manifestation of the student's disability. However, under certain circumstances a student with a disability may be placed in an interim alternative educational setting by school personnel or the IEP team could, if appropriate, change the student's educational placement to one which is more restrictive than the placement where the misconduct occurred.^{[4][5][9]}</p> <p><u>Provision of Education During Disciplinary Exclusions</u></p> <p>During any period of expulsion, or suspension from school for more than ten (10) cumulative days in a year, or placement in an interim alternative educational setting for disciplinary reasons, a student with a disability shall continue to receive a free and appropriate public education (FAPE), in accordance with law.^{[5][8][10]}</p> <p><u>Suspension From School</u></p> <p>A student with a disability may be suspended for ten (10) consecutive and fifteen (15) cumulative days of school per school year, for the same reasons and duration as a student without a disability. Such suspension shall not constitute a change in the student's educational placement.^{[4][5][8][9][11]}</p> <p><u>Changes in Educational Placement/Manifestation Determinations</u></p> <p>For disciplinary exclusions which constitute a change in educational placement, the district shall first determine whether the student's behavior is a manifestation of the student's disability. Expulsion, or exclusion from school for more than fifteen (15) cumulative days in a year, or patterns of suspensions for substantially identical behaviors, constitute changes in educational placements requiring a manifestation determination. For students with intellectual disability, any disciplinary suspension or expulsion is a change in educational placement.^{[4][5]}</p> <p>A student with a disability whose behavior is not a manifestation of the student's disability may be disciplined in accordance with Board policy, district rules and regulations in the same manner and to the same extent as students without disabilities.^{[4][5][6][7]}</p>
------------------	--

113.1. DISCIPLINE OF STUDENTS WITH DISABILITIES

Parent/Guardian Appeals From Disciplinary Actions/Request for Hearing by District for Students Who Are a Danger to Themselves or Others

A due process hearing may be requested by a parent/guardian of a student with a disability who disagrees with a disciplinary placement or manifestation determination, or by the district if the district believes that the current placement is substantially likely to result in injury to the student or others. On parent/guardian appeal, or when the district requests a due process hearing, the hearing officer may return the student to the placement from which the student was removed or order the student's removal to an appropriate interim alternative educational setting for up to forty-five (45) school days if the hearing officer determines that maintaining the student's current placement is substantially likely to result in an injury to the student or others.^{[9][12]}

Placement during appeals of disciplinary actions shall be in the interim alternative educational setting pending the decision of the hearing officer or expiration of the time period set for the disciplinary exclusion from the student's regular placement unless the district and the parent/guardian agree otherwise.^{[9][13]}

Students Not Identified as Disabled/Pending Evaluation

Students who have not been identified as disabled may be subject to the same disciplinary measures applied to students without disabilities if the district did not have knowledge of the disability. If a request for evaluation is made during the period the student is subject to disciplinary measures, the evaluation shall be expedited.^{[9][14]}

Administrative Removal to Interim Alternative Educational Setting for Certain Infractions

School personnel may remove a student with a disability, including intellectual disability, to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability if the student:^{[5][9]}

1. Carries a weapon to or possesses a weapon at school, on school property or at school functions under the jurisdiction of the district. For purposes of this provision, weapon is defined as a weapon, device, instrument, material or substance, animate or inanimate, that is used for, or is readily capable of, causing death or serious bodily injury, except that such term does not include a pocket knife with a blade of less than two and one-half (2 ½) inches in length.^{[5][9][15][16]}
2. Knowingly possesses or uses illegal drugs, as defined by law, or sells or solicits the sale of a controlled substance, as defined by law, while at school, on school property or at school functions under the jurisdiction of the district.^{[5][9][17][18]}

For reporting purposes, the term incident shall mean an instance involving an act of violence; the possession of a weapon; the possession, use or sale of a controlled substance or drug paraphernalia as defined in the Pennsylvania Controlled Substance, Drug, Device and Cosmetic Act; the possession, use or sale of alcohol or tobacco products; or conduct that constitutes an offense listed in the school safety and security provisions of School Code.^{[20][21][22]}

The Superintendent or designee shall immediately report required incidents and may report discretionary incidents committed on school property, at any school-sponsored activity or on a conveyance providing transportation to or from a school or school-sponsored activity by a student with a disability, including a student for whom an evaluation is pending, to the law enforcement agency that has jurisdiction over the school's property, in accordance with state and federal laws and regulations, the procedures set forth in the memorandum of understanding with law enforcement and Board policies. The Superintendent or designee shall respond to such incidents in accordance with the district's Special Education Plan and, if applicable, the procedures, methods and techniques defined in the student's Positive Behavior Support Plan.^{[1][2][3][6][9][16][18][20][21][23][24][25][26][27][28][29][30][31][32][33][34]}

For a student with a disability who does not have a Positive Behavior Support Plan, subsequent to notification to law enforcement, the district shall convene the student's IEP team to consider whether a Positive Behavior Support Plan should be developed to address the student's behavior, in accordance with law, regulations and Board policies.^{[1][3][26][31]}

When reporting an incident committed by a student with a disability to the appropriate authorities, the district shall provide the information required by state and federal laws and regulations and shall ensure that copies of the special education and disciplinary records of the student are transmitted for consideration by these authorities. The district shall ensure compliance with the Family Educational Rights and Privacy Act when transmitting copies of the student's special education and disciplinary records.^{[9][21][24][25][26][29][34][35][36][37][38]}

113.1. DISCIPLINE OF STUDENTS WITH DISABILITIES

<p>FREEPORT AREA SCHOOL DISTRICT</p>	<p>SECTION: PROGRAMS TITLE: BEHAVIOR SUPPORT ADOPTED: May 13, 2015 REVISED: November 12, 2020 April 8, 2021 October 9, 2024</p>
<p>Purpose</p> <p>Authority</p> <p>Definitions</p>	<p style="text-align: center;">113.2. BEHAVIOR SUPPORT</p> <p>Students with disabilities shall be educated in the least restrictive environment (LRE) in accordance with their Individualized Education Program (IEP), and shall only be placed in settings other than the regular education class when the nature or severity of the student’s disability is such that education in the regular education class with the use of appropriate supplementary aids and services cannot be achieved satisfactorily and cannot meet the needs of the student. The IEP team for a student with a disability shall develop a Positive Behavior Support Plan if the student requires specific intervention to address behavior that interferes with learning. The identification, evaluation and plan or program shall be conducted and implemented in accordance with state and federal laws and regulations.^{[1][2][3][4][5]}</p> <p>The Board directs that the district’s behavior support programs shall be based on positive rather than negative behavior techniques to ensure that students shall be free from demeaning treatment and unreasonable use of restraints or other aversive techniques. The use of restraints shall be considered a measure of last resort and shall only be used after other less restrictive measures, including de-escalation techniques. Behavior support programs and plans shall be based on a functional behavioral assessment and shall include a variety of research-based techniques to develop and maintain skills that will enhance students’ opportunity for learning and self-fulfillment.^{[1][3][5][6][7][8][9][10][11]}</p> <p>The following terms shall have these meanings, unless the context clearly indicates otherwise.^[1]</p> <p>Aversive techniques - deliberate activities designed to establish a negative association with a specific behavior.</p> <p>Behavior support - development, change and maintenance of selected behaviors through the systematic application of behavior change techniques.</p>

113.2. BEHAVIOR SUPPORT

<p>Delegation of Responsibility</p>	<p>Positive Behavior Support Plan or Behavior Intervention Plan - plan for students with disabilities who require specific intervention to address behavior that interferes with learning. A Positive Behavior Support Plan shall be developed by the IEP team, be based on a functional behavioral assessment and become part of the individual student's IEP. These plans must include methods that use positive reinforcements, other positive techniques and related services required to assist a student with a disability to benefit from special education.</p> <p>Positive techniques - methods that utilize positive reinforcement to shape a student's behavior, ranging from the use of positive verbal statements as a reward for good behaviors to specific tangible rewards.</p> <p>Restraints - application of physical force, with or without the use of any device, designed to restrain free movement of a student's body, excluding the following:</p> <ol style="list-style-type: none">1. Briefly holding a student, without force, to calm or comfort the student.2. Guiding a student to an appropriate activity.3. Holding a student's hand to escort the student safely from one area to another.4. Hand-over-hand assistance with feeding or task completion.5. Techniques prescribed by a qualified medical professional for reasons of safety or for therapeutic or medical treatment, as agreed to by the student's parents/guardians and specified in the IEP.6. Mechanical restraints governed by this policy, such as devices used for physical or occupational therapy, seatbelts in wheelchairs or on toilets used for balance and safety, safety harnesses in buses and functional positioning devices. <p>Seclusion - confinement of a student in a room, with or without staff supervision in the same room at all times, in order to provide a safe environment to allow the student to regain self-control.</p> <p>Students with disabilities - school-aged children within the jurisdiction of the district who have been evaluated and found to have one or more disabilities as defined by law, and who require, because of such disabilities, special education and related services.^[9]</p> <p>The Superintendent or designee shall ensure that this Board policy is implemented in accordance with federal and state laws and regulations.</p> <p>The Superintendent or designee shall develop administrative regulations to implement this policy.</p>

113.2. BEHAVIOR SUPPORT

Guidelines

The Superintendent or designee shall provide regular training and retraining of staff in the use of specific procedures, methods and techniques, including de-escalation techniques, emergency responses, restraints and seclusions, that will be used to implement positive behavior supports or interventions in accordance with students' IEPs, Positive Behavior Support Plans and Board policy.^[1]

The Superintendent or designee shall maintain and report data on the use of restraints, as required. Such report shall be readily available for review during the state's cyclical compliance monitoring. Procedures shall be established requiring reports to be made to the district by entities educating students with disabilities who attend programs or classes outside the district, including private schools, agencies, intermediate units and career and technical schools.^[1]

Development of a separate Positive Behavior Support Plan is not required when appropriate positive behavioral interventions, strategies and supports can be incorporated into a student's IEP.^{[1][5]}

When an intervention is necessary to address problem behavior, the positive techniques and types of intervention chosen for a student shall be the least intrusive necessary.

Physical Restraints

Restraints to control acute or episodic aggressive behavior may be used only when the student is acting in a manner that presents a clear and present danger to the student, other students or employees, and only when less restrictive measures and techniques have proven to be or are less effective.^[1]

The Special Services Coordinator or designee shall notify the parent/guardian as soon as practicable of the use of restraints to control the aggressive behavior of the student and shall convene a meeting of the IEP team within ten (10) school days of the use of restraints, unless the parent/guardian, after written notice, agrees in writing to waive the meeting. At this meeting, the IEP team shall consider whether the student needs a functional behavioral assessment, re-evaluation, a new or revised Positive Behavior Support Plan or a change of placement to address the inappropriate behavior.^[1]

The use of restraints shall not be included in the IEP for the convenience of staff, as a substitute for an educational program or employed as punishment. Restraints may be included in an IEP with parental consent only if:^[1]

1. The restraint is used with specific component elements of a Positive Behavior Support Plan.
2. The restraint is used in conjunction with teaching socially appropriate alternative skills or behaviors.
3. Staff are authorized to use the restraint and have received appropriate training.

113.2. BEHAVIOR SUPPORT

4. Positive Behavior Support Plan includes efforts to eliminate the use of restraints.

Mechanical Restraints

Mechanical restraints, which are used to control involuntary movement or lack of muscular control of a student when due to organic causes or conditions, may be employed only when specified by an IEP and as determined by a medical professional qualified to make the determination, and as agreed to by the student's parents/guardians.^[1]

Mechanical restraints shall prevent a student from injuring the student or others, or promote normative body positioning and physical functioning.

Seclusion

The district permits involuntary seclusion of a student for a limited period of time in accordance with the student's IEP or in an emergency to prevent immediate or imminent injury to the student or others, but the seclusion must be the least restrictive alternative. District staff shall provide continuous supervision of students in seclusion, which need not always involve presence of staff within the same room.

The district prohibits the seclusion of students in locked rooms, locked boxes and other structures or spaces from which the student cannot readily exit.^[1]

Aversive Techniques

The following aversive techniques of handling behavior are considered inappropriate and shall not be used in educational programs:^[1]

1. Corporal punishment.
2. Punishment for a manifestation of a student's disability.
3. Locked rooms, locked boxes, other locked structures or spaces from which the student cannot readily exit.
4. Noxious substances.
5. Deprivation of basic human rights, such as withholding meals, water or fresh air.
6. Suspensions constituting a pattern as defined in state regulations.^[12]
7. Treatment of a demeaning nature.
8. Electric shock.

113.2. BEHAVIOR SUPPORT

9. Methods implemented by untrained personnel.

10. Prone restraints, which are restraints by which a student is held face down on the floor.

Referral to Law Enforcement

The Superintendent or designee shall immediately report required incidents and may report discretionary incidents committed on school property, at any school-sponsored activity or on a conveyance providing transportation to or from a school or school-sponsored activity by a student with a disability, including a student for whom an evaluation is pending, to the law enforcement agency that has jurisdiction over the school's property, in accordance with state and federal laws and regulations, the procedures set forth in the memorandum of understanding with law enforcement and Board policies. The Superintendent or designee shall respond to such incidents in accordance with the district's Special Education Plan and, if applicable, the procedures, methods and techniques defined in the student's Positive Behavior Support Plan.^{[1][6][9][10][13][14][15][16][17][18][19][20][21][22][23][24][25][26][27][28]}

For a student with a disability who has a Positive Behavior Support Plan at the time of referral, subsequent to notification to law enforcement, the district shall convene the student's IEP team and an updated functional behavioral assessment and Positive Behavior Support Plan shall be required.^{[1][11][18]}

If, as a result of such referral, the student is detained or otherwise placed in a residential setting located outside the district, the Special Services Coordinator or designee shall ensure that the responsible school district or intermediate unit is informed of the need to update the student's functional behavioral assessment and Positive Behavior Support Plan.^[1]

For a student with a disability who does not have a Positive Behavior Support Plan, subsequent to notification to law enforcement, the district shall convene the student's IEP team to consider whether a Positive Behavior Support Plan should be developed to address the student's behavior, in accordance with law, regulations and Board policy.^{[1][18]}

Relations With Law Enforcement

The district shall provide a copy of its administrative regulations and procedures for behavior support, developed in accordance with the Special Education Plan, to each law enforcement agency that has jurisdiction over school property. Updated copies shall be provided each time the administrative regulations and procedures for behavior support are revised by the district.^{[9][18][20][28]}

113.2. BEHAVIOR SUPPORT

The district shall invite representatives of each law enforcement agency that has jurisdiction over school property to participate in district training on the use of positive behavior supports, de-escalation techniques and appropriate responses to student behavior that may require intervention, as included in the district's Special Education Plan and positive behavior support program.^{[1][9][18][20][28]}

113.3. SCREENING AND EVALUATIONS FOR STUDENTS WITH DISABILITIES

Testing and assessment procedures shall be selected and administered to yield valid measurement or assessment of the construct or quality they purport to measure or assess. The evaluator shall administer any testing or assessment procedures in a manner consistent with the requirements and recommendations of the publisher of the test or procedure and in compliance with applicable and authoritatively recognized professional principles and ethical tenets. S/He shall report any factor that might affect the validity of any results obtained.

All assessments and evaluation materials shall be selected and administered so as not to be discriminatory on a racial or cultural basis. Where feasible, assessments and evaluations shall be administered in a language and form most likely to provide accurate information about the student.

The evaluation shall include an observation of the student in an educational setting, unless the student is not currently in such a setting. The evaluator shall obtain information concerning the performance of the student directly from at least one (1) current teacher of the student, unless s/he does not have a current teacher.

The evaluator shall hold an active certification that qualifies the evaluator to conduct that type of evaluation. If certification is not issued for the particular area of professional practice in which the evaluator is lawfully engaged, the evaluator shall hold such license or other credentials as required for the area of professional practice under state law.

The evaluator shall prepare and sign a full report of the evaluation containing:

1. Clear explanation of the testing and assessment results.
2. Complete summary of all test scores, including, for all standardized testing administered, all applicable full scale or battery scores; domain or composite scores; and subtest scores reported in standard, scaled, or T-score format.
3. Complete summary of all information obtained or reviewed from sources other than testing conducted by the evaluator.
4. Identification of all special education and related services needs and relevant information that directly assists persons in determining the educational needs of the student.
5. Specific, individualized recommendations for consideration by the IEP team for educational programming and placement to enable the student to participate as appropriate in the general education curriculum in the least restrictive environment, as defined by federal and state law and regulations.

113.3. SCREENING AND EVALUATIONS FOR STUDENTS WITH DISABILITIES

<p>Title 22 Sec. 14.124 34 CFR Sec. 300.303 PARC v. Com. 343 F. Supp. 279</p>	<p><u>Re-Evaluations</u></p> <p>Re-evaluations shall be conducted within the timeframes required by state and federal laws and regulations unless the parent/guardian and the district agree in writing that a re-evaluation is unnecessary. For students with mental retardation, the re-evaluation cannot be waived. The group of qualified professionals that reviews the evaluation materials to determine whether the child is a student with a disability shall include a certified school psychologist when evaluating a student for autism, emotional disturbance, mental retardation, multiple disabilities, other health impairment, specific learning disability and traumatic brain injury.</p> <p>Copies of the re-evaluation report shall be disseminated to parents/guardians at least ten (10) days prior to the meeting of the IEP team unless this requirement is waived in writing.</p> <p><u>Independent Educational Evaluations</u></p> <p>A parent/guardian who disagrees with the results or content of an evaluation performed or obtained by the district may request an independent educational evaluation at district expense. A parent/guardian is entitled to only one (1) independent educational evaluation at public expense each time the district conducts an evaluation with which the parent/guardian disagrees. The independent educational evaluation must arise from parents'/guardians' disagreement with the district's most recent evaluations or re-evaluations of the student. The district shall be entitled to a copy of all results of independent educational evaluations conducted at public expense. If an oral request for an independent educational evaluation is made to a professional employee or administrator, that person shall inform the parent/guardian that the request must be in writing. If the native language of the parent/guardian is other than English, the requirement that the parent/guardian make his/her request in writing shall be conveyed by whatever means practicable and, where feasible, in the native language of the parent/guardian.</p> <p>A written request for an independent educational evaluation at district expense shall be immediately forwarded to the Special Services Coordinator, who may, upon receipt of the written parent/guardian request, ask that the parent/guardian state his/her reasons for disagreement with the evaluation conducted or proposed by the district. The district cannot require the parent/guardian to do so, and the refusal of the parent/guardian shall not delay the process required by this policy.</p>
---	--

113.3. SCREENING AND EVALUATIONS FOR STUDENTS WITH DISABILITIES

The criteria under which the independent educational evaluation at public expense is obtained must be the same as the criteria used by the district in conducting an appropriate evaluation, including the location of the evaluation and the qualifications of the examiner, to the extent those criteria are consistent with the parent's/guardian's right to an independent educational evaluation at public expense. The qualified examiners who conduct the independent educational evaluation may not be employed by the public agency responsible for the education of the student.

Within ten (10) school days of receipt of a request for an independent educational evaluation in writing from a parent/guardian, the Special Services Coordinator shall either initiate a due process hearing to show that the district's evaluation is appropriate and notify the parent/guardian in writing that s/he has done so or issue to the parent/guardian correspondence containing:

1. Assurance that the district will pay for an independent educational evaluation as long as the evaluation meets all of the requirements of an appropriate evaluation and is in compliance with this policy.
2. Statement that the district will not pay for the evaluation until it receives directly from the evaluator a complete copy of a report of that evaluation and determines that the evaluation is in compliance with this policy.
3. Request that the parents/guardians consider accessing reimbursement for all or part of the evaluation from public or private sources of insurance or reimbursement, together with a clear assurance that the parent/guardian is not required to do so and that the district will pay any cost not covered by such sources.
4. Directions that the parent/guardian is responsible for arranging for the evaluation and ensuring that the evaluator contacts the Special Services Coordinator to arrange for payment of the evaluation.

Upon request, the district shall provide to parents/guardians information about where an independent educational evaluation may be obtained.

If the evaluation has already been conducted and paid for, the district shall issue correspondence advising the parent/guardian that the district will not reimburse the parent/guardian for the evaluation until it receives a complete and unredacted copy of the report of the evaluation and determines that the evaluation is in compliance with this policy. The district shall require documentation substantiating that the parents/guardians paid for or incurred the obligation to pay for the evaluation without reimbursement from a public or private source of insurance or reimbursement.

113.3. SCREENING AND EVALUATIONS FOR STUDENTS WITH DISABILITIES

The Special Services Coordinator shall send the correspondence to the parent/guardian by certified mail or by other independently verifiable means of conveyance and enclose a copy of this policy.

The Special Services Coordinator shall maintain a list of qualified independent evaluators in each of the various disciplines commonly relied upon to provide education-related evaluations and assessments and shall promptly make that list available to any parent/guardian who requests it.

The district may charge a fee for copies of records that are made for parents/guardians so long as the fee does not effectively prevent parents/guardians from exercising their right to inspect and review those records.^{[16][17]}

The district shall not charge a fee to search for or to retrieve information in response to a parental request.

Record of Access

The district shall keep a record of parties obtaining access to education records collected, maintained, or used in providing special education and related services to students with disabilities, except access by parents/guardians and authorized district employees.^[18]

The district's record of access shall include the name of the party, the date access was given, and the purpose for which the party is authorized to use the records.

Amendment of Records Upon Parental Request

If a parent/guardian believes that information in the student's education records is inaccurate, misleading or violates the privacy or other rights of the student, the parent/guardian may request that the district amend the information.^{[19][20]}

The district shall decide whether to amend the information within a reasonable period of time from receipt of the request.

If the district declines to amend the information in accordance with a parental request, the district shall inform the parent/guardian of the refusal and advise the parent/guardian of the right to a hearing.

113.4. CONFIDENTIALITY OF SPECIAL EDUCATION STUDENT INFORMATION

Records Hearing

The district shall, on request, provide parents/guardians with an opportunity for a hearing to challenge information in the student's education records to ensure that the information is not inaccurate, misleading, or otherwise in violation of the student's privacy or other rights. The district recognizes that parents/guardians who believe that there is a due process violation relating to an alleged violation of confidentiality may also request a special education due process hearing.^{[21][22][23]}

Hearing Procedures

A hearing to challenge information in education records must meet the following requirements.^{[24][25]}

1. The district shall hold the hearing within a reasonable time after receiving the request for a hearing.
2. The district shall give the parent/guardian reasonable advanced written notice of the date, time, and place of the hearing.
3. The hearing may be conducted by any individual, including a district official, who does not have a direct interest in the outcome of the hearing.
4. The district shall give the parent/guardian a full and fair opportunity to present relevant evidence. The parent/guardian may, at their own expense, be assisted or represented by one (1) or more individuals of their choice, including an attorney.
5. The district shall inform parents/guardians of its decision in writing within a reasonable period of time after the hearing.
6. The decision must be based solely on the evidence presented at the hearing, and must include a summary of the evidence and the reasons for the decision.

Result of Hearing

If, as a result of the hearing, the district decides that the information is inaccurate, misleading, or otherwise in violation of the student's privacy or other rights, the district shall amend the information accordingly and inform the parent/guardian in writing.^{[23][26]}

113.4. CONFIDENTIALITY OF SPECIAL EDUCATION STUDENT INFORMATION

If, as a result of the hearing, the district decides that the information is not inaccurate, misleading, or otherwise in violation of the student's privacy or other rights, the district shall inform the parent/guardian of the parent's/guardian's right to place in the student's records a statement commenting on the information and/or providing any reasons for disagreeing with the district's decision.

Any explanation placed in the student's records shall be:

1. Maintained by the district as part of the student's records as long as the record or contested portion is maintained by the district; and
2. Included with the record or contested portion if the record or contested portion are disclosed to any party.

Storage, Retention and Destruction of Information

The district shall store all education records and personally identifiable information of students receiving special education services in such a way as to protect the confidentiality and integrity of the records and information, prevent unauthorized access to and disclosure of records and information, and ensure compliance with other legal and regulatory requirements regarding records retention.^[27]

The district shall maintain, for public inspection, a current listing of the names and positions of those district employees who have access to personally identifiable information.^[27]

In order to comply with state compliance monitoring requirements, the district shall maintain education records for students receiving special education services for at least six (6) years.^[2]

The district shall inform parents/guardians when personally identifiable information collected, maintained, or used is no longer needed to provide educational services to the student. After notice, such information shall be destroyed upon parental request.^[28]

No education record shall be destroyed if there is an outstanding request to inspect or review the record or if a litigation hold exists.^[11]

The district shall maintain a permanent record of the student's name, address, phone number, grades, attendance record, classes attended, grade level completed, and year completed.^[28]

The district shall ensure the destruction of education records in a manner that protects the confidentiality and privacy rights of the student and the student's family.^[27]

Dear Parents/Guardians:

Pennsylvania Law now allows schools to obtain and store epinephrine auto-injectors to administer epinephrine in the event a student goes into anaphylaxis (life-threatening allergic reaction).

[NAME OF SCHOOL] has obtained epinephrine auto-injectors pursuant to this law, to be administered in the event a person experiences anaphylaxis in the school setting. The intent of this program is not to replace epinephrine auto-injectors brought to school by students who have been prescribed the devices to control a known/diagnosed allergy.

Pennsylvania law requires the school to offer an opt-out for parents who do not wish for their child to be included in this program. If, for some reason, you do not want your child to be treated with an epinephrine auto-injector in the event your child has a life-threatening allergic reaction (anaphylaxis), please complete and sign the bottom portion of this letter and return it to your child's school.

Sincerely,

_____, Principal

Such procedures shall be written to permit the safe and orderly operation of schools, while recognizing the rights of students to engage in protected expression.^{[1][3]}

The Board requires that students who wish to disseminate nonschool materials on school property shall obtain approval by submitting them at least one (1) school day in advance to the building principal or designee, who shall forward a copy to the Superintendent.^[1]

Disciplinary actions shall be in accordance with applicable Board policy and the Code of Student Conduct.^{[6][7]}</p> <p>The Superintendent shall ensure that building principals and other staff involved in reviewing nonschool materials proposed for dissemination and evaluating whether violations of this policy have occurred receive training regarding applicable standards and procedures. REVISED: March 22, 2018

226. SEARCHES	
1. Purpose	The Board acknowledges the need to respect the rights of students to be free from unreasonable searches and seizures while fulfilling the district’s interest in protecting and preserving the health, safety and welfare of the school population, enforcing rules of conduct, and maintaining an appropriate atmosphere conducive to learning.
2. Authority Pa. Const., Art. I Sec. 8 SC 510 Title 22 Sec. 12.14 U.S. Const., Amendment IV	School officials have the authority to lawfully search students or their belongings, including lockers, automobiles, electronic devices, purses, backpacks, clothing, and other possessions, without a warrant, when in school, on school grounds or when otherwise under school supervision, if there is a reasonable suspicion that the place or thing to be searched contains prohibited contraband, material that would pose a threat to the health, safety and welfare of the school population, or evidence that there has been a violation of the law, Board policy, or school rules. The scope and extent of searches must be reasonable in relation to the nature of the suspected evidence, contraband or dangerous material and to the grounds for suspecting that it may be found in the place or thing being searched.
Pol. 218.1, 223, 227	The district has a compelling interest in protecting and preserving the health, safety and welfare of the school population, which under certain circumstances may warrant general or random searches of students and their lockers, vehicles or other belongings without individualized suspicion, for the purpose of finding or preventing entry onto school property of controlled substances, weapons or other dangerous materials.
3. Delegation of Responsibility	The Board authorizes the administration to conduct searches of students or their belongings, including lockers, automobiles, electronic devices, purses, backpacks, clothing, and other possessions in accordance with the standards set forth in this policy.

226. SEARCHES

<p>Title 22 Sec. 12.14</p> <p>4. Guidelines</p>	<p>The Superintendent or designee, in consultation with the district solicitor, shall develop guidelines and procedures to implement this policy, and shall ensure that school staff who are involved in carrying out searches or determining when searches will be conducted receive appropriate periodic training about such procedures and currently applicable legal standards.</p> <p>Students, parents/guardians and staff shall be notified at least annually, or more often if deemed appropriate by administration, about the standards and procedures in effect pursuant to this policy.</p>
<p>Title 22 Sec. 12.14</p>	<p><u>Individualized Suspicion Searches</u></p> <p>Students or their belongings, including lockers, automobiles, electronic devices, purses, backpacks, clothing, and other possessions, may be searched without a warrant when in school, on school grounds or when otherwise under school supervision, if there is a reasonable suspicion that the place or thing to be searched contains prohibited contraband, material that would pose a threat to the health, safety and welfare of the school population, or evidence that there has been a violation of the law, Board policy, or school rules. The scope and extent of searches must be reasonable in relation to the nature of the suspected evidence, contraband or dangerous material and to the grounds for suspecting that it may be found in the place or thing being searched.</p> <p>In determining whether reasonable suspicion exists, the principal or designee always should be able to articulate what is being looked for, and why it is thought to be located in the particular place to be searched. The scope of a search should be limited to the place or places the item sought is believed to be.</p> <p>Examination by school staff of text messages, call logs, files, images or other data contained in a student's mobile telephone or other electronic device, without the student's consent, normally constitutes a search that must be justified by reasonable suspicion that material in violation of law, district policy or school rules, or evidence of such a violation, is contained in the particular files, directories or other data locations being examined in the device.</p>

226. SEARCHES

Random Or General Searches Without Individualized Suspicion

Under certain circumstances, random or general searches of students and their belongings, including student lockers or vehicles parked on school property, may be conducted during the school day or upon entry into school buildings or school activities, in the absence of suspicion focused on a particular student or students, for the purpose of finding or preventing entry onto school property or activities of controlled substances, weapons or other dangerous materials. Such searches normally will be conducted in a minimally intrusive manner using screening methods such as dogs or other animals trained to detect controlled substances, explosives or other harmful materials by smell, as well as metal detectors and other technology. When such screening methods provide a reasonable suspicion that particular students, items or places possess or contain controlled substances, weapons or other dangerous material, screening may be followed by physical searches of those particular students, items or places on an individualized basis.

Random or general searches for weapons may be conducted when there are circumstances, information or events tending to indicate increased likelihood that students may be armed or headed for physical confrontation because of community strife or tensions, or as a continuation or escalation of a prior incident, in or out of school, which threatens to spill over into school, into a school-sponsored activity, or into other times and places that students are under school supervision.

Random or general searches for controlled substances may be conducted when there are circumstances, events or information tending to indicate significant drug use, possession or trafficking among students in school.

Metal / Weapons Detection System and Devices

The Board of School Directors authorizes the use of metal/weapon detection scanning systems and devices, including walk-through units and handheld wands, for the regulation of entry of students, staff and/or the general public into school facilities and school-sponsored activities, whether on or off school grounds, under the direction of the Superintendent.

226. SEARCHES

<p>Pol. 805</p>	<p>The Superintendent may authorize daily metal/weapon detector screenings, using school personnel, school police officers and/or security personnel to operate the metal/weapons detection systems and/or devices, when the Superintendent determines such daily screenings are necessary or warranted to promote school safety. Alternatively, the Superintendent may authorize metal detector screenings on selected days to address particular safety concerns, such as following articulated threats, or on days on which special events such as athletic competitions, social events or dignitary visits are held, using school personnel, school police officers and/or security personnel to operate the metal/weapons detection systems and/or devices.</p> <p>School officials may conduct a search of the individual or person and may inspect the contents of any backpack, book bag, purse, parcel, jacket or other clothing or item that activates the metal detector for the limited purpose of determining whether a weapon is concealed. Staff will be instructed to insure that people with disabilities will be thoroughly screened while being sensitive to each person's condition.</p> <p>Students and staff who refuse to cooperate in or attempt to evade metal/weapon detector screenings may be subject to disciplinary action. Members of the public who refuse to submit to the screening process shall be denied access to the school building/facilities/event and any such person shall be required to leave school property immediately.</p> <p>The Superintendent and/or his designee shall develop and distribute administrative procedures to utilize when conducting searches using metal/weapons detection systems and devices. When metal/weapon detection scanning systems and devices are in use, notices shall be posted at the building entrances notifying entrants that they are subject to metal/weapon detector screenings. Similar notice of such screenings will be annually provided to parents and students in the Parent-Student Handbook or similar publication.</p> <p>Nothing in this policy requires the use of a metal/weapon detection system or security screening device.</p> <p>Random or general searches not based on individualized suspicion must be approved in advance by the Superintendent or designee, in consultation with the district solicitor. Coordination with law enforcement officials will be accomplished as provided in the memorandum of understanding with the applicable law enforcement agency.</p>
------------------------	--

226. SEARCHES

<p>Pol. 223</p> <p>Pol. 805</p>	<p><u>Searches Upon Consent</u></p> <p>Searches may be conducted at any time, with or without reasonable suspicion, if the student has given knowing and voluntary consent specific to the place to be searched.</p> <p>The administration may establish rules and procedures governing certain privileges enjoyed by students, such as the privilege of parking a vehicle on school grounds, that make the student's consent to random searches or inspections a condition of access to the privilege.</p> <p><u>Searches By Or At The Request Of Law Enforcement Officials</u></p> <p>The legal standards governing searches initiated by school officials are less strict than the standards applicable to law enforcement authorities in many situations. When searches of students, student belongings, vehicles or lockers are conducted by or at the request of law enforcement officials, with or without the involvement of school staff, the law enforcement officials are solely responsible for ensuring that a warrant has been issued or that the circumstances otherwise permit the search to be lawfully conducted in accordance with the standards applicable to law enforcement actions. School staff will not interfere with or obstruct searches initiated by law enforcement, but may assist when law enforcement officials have requested such assistance and have represented that a warrant has been issued or that they otherwise have proper authority for a lawful search.</p> <p><u>Locker Inspections And Searches</u></p> <p>Lockers are assigned to or otherwise made available to students as a convenience for the safe storage of books, clothing, school materials and limited personal property, and to facilitate movement between classes and activities and to and from school. Such lockers are and shall remain the property of the school district, and to the extent students have any expectation of privacy of lockers at all, it is very limited.</p> <p>No student may place or keep in a locker any substance or object that is prohibited by law, Board policy or school rules, or that constitutes a threat to the health, safety or welfare of the occupants of the school building or the building itself. Students are required to ensure that their lockers do not contain spoiled food items or beverages, or soiled clothing which may attract pests, create odors or cause unhealthy conditions. A student locker may be opened and inspected for cleanliness, with or without the consent of the student, whenever there are odors, pests or other indications that a locker contains spoiled food, soiled clothing in need of laundering or similarly unhealthy matter.</p>
---	--

226. SEARCHES

Students are exclusively responsible for locking their assigned lockers to ensure the security of their personal belongings and school property entrusted to them. Students are permitted to secure their assigned lockers only with locks provided by the district, or if the district does not provide locks, personal combination locks for which the combination has been provided to designated school staff.

Prior to an individual locker search or inspection, the student to whom the locker is assigned shall be notified and be given a reasonable opportunity to be present. However, when there is a reasonable suspicion that a locker contains materials which pose a threat to the health, welfare or safety of the school population, student lockers may be searched without prior notice to the student.

The principal or a designated staff person shall be present whenever a student locker is inspected for cleanliness or is searched. The principal or designee shall maintain written records of all occasions when a locker is searched or inspected. Such records shall include the reason(s) for the search, persons present, objects found and their disposition.

Searches Involving Removal Of Clothing Or Examination Beneath Clothing

Searches of students involving the removal of undergarments or examination beneath undergarments are subject to stricter standards than are required to justify other searches of a student's person or belongings. Such searches are permitted only when the basis for suspicion establishes either:

1. That the reasons for believing that the items being searched for are concealed specifically inside undergarments are stronger reasons than grounds that would support only a more general reasonable suspicion that the student is in possession of the items or has them somewhere on the student's person; or,
2. That the quantity or nature of the items being sought present a higher level of danger to the school population than other kinds of contraband.

Searches involving the removal of or examination beneath any clothing of a student, other than jackets, coats or other outerwear, shall be conducted only by a staff person of the same gender as the student, with at least one (1) other staff person of the same gender present as a witness, and in a location assuring privacy from observation by persons not involved in the search or of the opposite sex.

Searches involving the removal of undergarments or examination beneath undergarments will be conducted only after consultation with the district solicitor.

226. SEARCHES

Handling And Disposal Of Items Found In The Course Of Searches

Any items or material found during a search or inspection, the student's possession of which is in violation of law, district policies or school rules, or otherwise is evidence of such a violation, may be confiscated, and may be used as evidence in student discipline proceedings or a criminal investigation, even if such items or material were not the original objective of the search or inspection.

The principal shall be responsible to ensure that confiscated items or material are properly inventoried and secured until the conclusion of disciplinary action, if any, and are then properly disposed of if not appropriate to be returned to the student. Items or materials that are evidence of a criminal offense, or that are not lawful for ordinary citizens to possess will be promptly turned over to proper law enforcement authorities for custody or disposal.

<p>Purpose Authority Guidelines</p>	<p style="text-align: center;">233. SUSPENSION AND EXPULSION</p> <p>The Board recognizes that exclusion from the educational program of the schools, whether by suspension or expulsion, is the most severe sanction that can be imposed on a student and one that cannot be imposed without due process. The Board shall define and publish the types of offenses that would lead to exclusion from school. Exclusions affecting students with disabilities shall be governed by applicable state and federal law and regulations.^{[1][2][3][4][5]}</p> <p>The Board may, after a proper hearing, suspend or expel a student for such time as it deems necessary, or may permanently expel a student.^{[1][6][7]}</p> <p><u>Exclusion From School - Suspension</u></p> <p>The principal or person in charge of the school may suspend any student for disobedience or misconduct for a period of one (1) to ten (10) consecutive school days and shall immediately notify the parent/guardian and the Superintendent in writing when the student is suspended.^{[1][7]}</p> <p>No student may be suspended without notice of the reasons for which the student is suspended and an opportunity to be heard on their own behalf before the school official who holds the authority to reinstate the student. Prior notice is not required where it is clear that the health, safety or welfare of the school population is threatened. Suspensions may not be made to run consecutively beyond the ten-school day period.^[1]</p> <p>When a suspension exceeds three (3) school days, the student and parent/guardian shall be given the opportunity for an informal hearing with the designated school official. Such hearing shall take place as soon as possible after the suspension, and the district shall offer to hold it within the first five (5) days of the suspension.^{[1][6]}</p> <p>Informal hearings under this provision shall be conducted by the building principal.</p>

233. SUSPENSION AND EXPULSION

Purpose of Informal Hearing

Exclusion From Class - In-School Suspension

No student may receive an in-school suspension without notice of the reasons for which the student is suspended and an opportunity to be heard prior to the time the suspension becomes effective. The parent/guardian shall be informed of the suspension action taken by the school.^[2]

Should the in-school suspension exceed ten (10) consecutive school days, the student and parent/guardian shall be offered an informal hearing with the building principal. Such hearing shall take place prior to the eleventh day of the in-school suspension. An **education program or activity** includes the locations, events or circumstances over which the district exercises substantial control over both the respondent and the context in which the sexual harassment occurs. Title IX applies to all of a district's education programs or activities, whether such programs or activities occur on-campus or off-campus.

To meet the definition of Title IX sexual harassment, the conduct needs to satisfy one or more of the following (please check all that apply):

- Unwelcome conduct determined by a reasonable person to be so severe, pervasive and objectively offensive that it effectively denies a person equal access to a district education program or activity.
- Sexual assault, dating violence, domestic violence or stalking.

Dating violence means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim and where the existence of such a relationship is determined by the following factors:

- Length of relationship.
- Type of relationship.
- Frequency of interaction between the persons involved in the relationship.

Domestic violence includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving federal funding, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction.

X. Title IX Information to Complainant

What supportive measures were discussed with the complainant, and what were the complainant's wishes with respect to supportive measures?

Upon designating a course of action under Title IX sexual harassment, the Title IX Coordinator will promptly:

1. Explain to the complainant the process for filing a formal complaint.
2. Inform the complainant of the continued availability of supportive measures with or without the filing of a formal complaint.
3. The Title IX Coordinator shall contact a student complainant's parents/guardians and provide them with information regarding the report and Title IX sexual harassment procedures and grievance process for formal complaints.

If the complainant/reporter, school staff or others with professional knowledge relating to the complainant's health and well-being indicate that notifying the parents/guardians could cause serious harm to the health or well-being of the complainant or other person(s), the Title IX Coordinator will determine, in consultation with such individuals and upon advice of legal counsel, whether to withhold or delay notification of the report from the complainant's parents/guardians.

4. Determine what supportive measures may be offered to the respondent.

If the complainant does not wish this report to be treated as a formal complaint pursuant to Title IX, the Title IX Coordinator must assess whether actions limited to supportive measures are a sufficient response to alleged behavior, or whether a formal complaint process is necessary to investigate and address the situation adequately. For example, if disciplinary action would be warranted if allegations are true, if the respondent is an employee, or if further investigation is needed to assess the extent of the behavior and impact on others, it may be clearly unreasonable not to initiate the formal complaint process. The Title IX Coordinator may consult with the school solicitor and other district officials in making this decision.

As Title IX Coordinator, I have determined that, notwithstanding the complainant's preference, it is necessary to proceed with the Grievance Process for Formal Complaints for the following reasons:

Therefore, I am signing this form for the purpose of serving as the formal complaint initiating that process:

To meet the definition of Title IX sexual harassment, the conduct must have taken place during a district education program or activity involving a person in the United States. An **education program or activity** includes the locations, events or circumstances over which the district exercises substantial control over both the respondent and the context in which the sexual harassment occurs. Title IX applies to all of a district's education programs or activities, whether such programs or activities occur on-campus or off-campus.

To meet the definition of Title IX sexual harassment, the conduct needs to satisfy one or more of the following (please check all that apply):

- Sexual assault, dating violence, domestic violence or stalking.

Dating violence means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim and where the existence of such a relationship is determined by the following factors:

- Length of relationship.
- Type of relationship.
- Frequency of interaction between the persons involved in the relationship.

Domestic violence includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving federal funding, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction.

What supportive measures were discussed with the complainant, and what were the complainant's wishes with respect to supportive measures?

If the complainant does not wish this report to be treated as a formal complaint pursuant to Title IX, the Title IX Coordinator must assess whether actions limited to supportive measures are a sufficient response to alleged behavior, or whether a formal complaint process is necessary to investigate and address the situation adequately. For example, if disciplinary action would be warranted if allegations are true, if the respondent is an employee, or if further investigation is needed to assess the extent of the behavior and impact on others, it may be clearly unreasonable not to initiate the formal complaint process. The Title IX Coordinator may consult with the school solicitor and other district officials in making this decision.

As Title IX Coordinator, I have determined that, notwithstanding the complainant's preference, it is necessary to proceed with the Grievance Process for Formal Complaints for the following reasons:

Therefore, I am signing this form for the purpose of serving as the formal complaint initiating that process:

If the complainant does not wish this report to be treated as a formal complaint pursuant to Title IX, the Title IX Coordinator must assess whether actions limited to supportive measures are a sufficient response to alleged behavior, or whether a formal complaint process is necessary to investigate and address the situation adequately. For example, if disciplinary action would be warranted if allegations are true, if the respondent is an employee, or if further investigation is needed to assess the extent of the behavior and impact on others, it may be clearly unreasonable not to initiate the formal complaint process. The Title IX Coordinator may consult with the school solicitor and other district officials in making this decision.

As Title IX Coordinator, I have determined that, notwithstanding the complainant's preference, it is necessary to proceed with the Grievance Process for Formal Complaints for the following reasons:

Substantial decrease in student enrollment in the district.2. Curtailment or alteration of the educational program as a result of substantial decline in class or course enrollments or to conform with standards of organization or educational activities required by law or recommended by the Pennsylvania Department of Education. Such curtailment or alteration must be recommended by the Superintendent, agreed to by the Board, and approved by the Pennsylvania Department of Education. If not prevented by an existing or future provision of a collective bargaining agreement or employment contract, such a suspension may be effectuated without approval of the Pennsylvania Department of Education provided that, where an educational program is altered or curtailed, the district shall notify the Pennsylvania Department of Education of such action.3. Consolidation of schools, whether within the district, through a merger of districts, or as a result of Joint Board agreements, when such consolidation makes it unnecessary to retain the full staff of professional employees.
-------------------	--

311. REDUCTION OF STAFF

4. When new school districts are established as the result of reorganization of school districts and such reorganization makes it unnecessary to retain the full staff of professional employees.
5. Economic reasons that require a reduction in professional employees; however, the district is prohibited from using an employee's compensation in the suspension determination. A Superintendent knowingly in violation of this prohibition shall have a letter from the Secretary of Education placed in his/her permanent employee record.

Economic Suspension Requirements -

The Board may suspend professional employees for economic reasons if all of the following apply:^[4]

1. The Board approves the proposed suspensions by a majority vote of all school directors at a public meeting.
2. No later than sixty (60) days prior to the adoption of the final budget, the Board adopts a resolution of intent to suspend professional employees in the following fiscal year, setting forth:
 - a. The economic conditions necessitating the proposed suspensions and how the economic conditions will be alleviated by the proposed suspensions, including:
 - i. The total cost savings expected from the proposed suspensions.
 - ii. A description of other cost-saving actions taken by the Board, if any.
 - iii. The projected district expenditures for the following fiscal year with and without the proposed suspensions.
 - iv. The projected total district revenues for the following fiscal year.
 - b. The number and percentage of employees to be suspended who are:
 - i. Professional employees assigned to provide instruction directly to students.

311. REDUCTION OF STAFF

ii. Administrative staff.

iii. Professional employees who are not assigned to provide instruction directly to students and who are not administrative staff.

c. The impact of the proposed suspensions on academic programs to be offered to students following the proposed suspensions, as well as the impact on academic programs to be offered to students if the proposed suspensions are not undertaken, compared to the current school year, and the actions if any, that will be taken to minimize the impact on student achievement.

Professional Employees Assigned to Provide Instruction Directly to Students -

Suspensions, due to economic reasons, of professional employees assigned to provide instruction directly to students may be approved by the Board only if the Board also suspends at least an equal percentage proportion of administrative staff, except when all of the following apply:^[4]

1. The Secretary of Education determines that the district's operations are already sufficiently streamlined or that the suspension of administrative staff would cause harm to the school stability and student programs.
2. The Secretary of Education submits the determination to the State Board of Education.
3. The State Board of Education approves the determination by a majority of its members.

The Board may choose to exempt from this requirement any five (5) administrative positions, one of which shall be the Business Manager or another staff member with the primary responsibility of managing the district's business operation.^[4]

Order of Suspensions

Data necessary for computation of each professional employee's performance rating and seniority status shall be recorded and maintained to ensure compliance with the required order for suspensions.^{[7][8]}

311. REDUCTION OF STAFF

Performance Evaluation Rating -

Professional employees shall be suspended, within the area of certification required by law for the professional employee's current position, in the following order based on the two (2) most recent annual performance evaluations:^{[5][7][8]}

1. Consecutive unsatisfactory ratings.
2. One (1) unsatisfactory rating and one (1) satisfactory rating.
3. Consecutive satisfactory ratings which are either consecutive ratings of proficient, or a combination of one (1) proficient or distinguished rating and one (1) needs improvement rating.
4. Consecutive satisfactory ratings which are consecutive distinguished, or a combination of one (1) rating of proficient and one (1) rating of distinguished.

Seniority -

When the number of professional employees within each certification area receiving the same performance rating is greater than the number of suspensions, professional employees with the least seniority within each certification area shall be suspended before employees with greater seniority having the same performance rating.^[5]

In addition, professional employees shall be realigned to ensure that employees with more seniority have the opportunity to fill other positions within the district for which they are certificated and which are currently filled by less senior employees with the same or lower overall performance rating.

Seniority shall continue to accrue during a suspension and all approved leaves of absence.^[5]

When there is or has been a consolidation of schools, departments or programs, all professional employees shall retain the seniority rights they had prior to the reorganization or consolidation.^[5]

Reinstatement

Suspended professional employees, or professional employees demoted for reasons of this policy, shall be reinstated within the area of certification required by law for the vacancy being filled in the district, in the inverse order by which they were suspended and on the basis of their seniority within the district.^[5]

311. REDUCTION OF STAFF

No new appointment shall be made while there is a suspended or demoted professional employee available who is properly certificated to fill such vacancy.^[5]

Positions from which professional employees are on approved leaves of absence shall be considered temporary vacancies.^[5]

To be considered available, suspended professional employees shall annually report in writing to the Board their current address and intent to accept the same or similar position when offered.^[5]

A suspended professional employee enrolled in a college program during a period of suspension and who is recalled shall be given the option of delaying a return to service until the end of the current semester.^[5]

Local Agency Law Hearings

The decision to suspend a professional employee shall be considered an adjudication for the purposes of the Local Agency Law, and a professional employee subject to such a decision shall have the right to a Local Agency Law hearing before the Board, if a hearing is requested within ten (10) days after being notified of suspension.^{[5][9]}

A decision to nonrenew the employment of a temporary professional employee whose position has been eliminated or who is being nonrenewed for reasons for which professional employees may be suspended, shall be considered an adjudication for purposes of the Local Agency Law, and the employee shall be entitled to a Local Agency Law hearing, if a hearing is requested within ten (10) days after being notified of the decision to nonrenew.^[9]

TITLE: CHILD REARING LEAVE

ADOPTED: April 12, 2017

REVISED:

FREEPORT AREA SCHOOL DISTRICT

<p>1. Purpose</p> <p>2. Guidelines</p> <p>Pol. 335</p>	<p style="text-align: center;">339.1. CHILD REARING LEAVE</p> <p>The purpose of this policy is to establish guidelines under which professional employees may be granted an uncompensated leave immediately following the birth or legal adoption of a child. For purposes of this policy, such uncompensated leave is referred to as child rearing leave.</p> <p>Child rearing leave is applicable in those instances where an employee desires an unpaid leave of absence for the purpose of rearing a child in that period immediately following the birth or legal adoption of a child.</p> <p>To be eligible for child rearing leave, the employee must have been employed by the Freeport Area School District for at least twelve (12) months and in regular active service for at least one (1) semester during the twelve-month period immediately preceding the commencement of the leave.</p> <p>Employees may be provided with a child rearing leave for a period not to exceed one (1) school year, inclusive of any leave provided under the Family and Medical Leave Act. Child rearing leave must commence not later than thirty (30) days following the birth or adoption of the child and, if possible, coincide with the end of a marking period, provided that the Board, at its exclusive discretion, may excuse this requirement under exigent circumstances. If possible, child rearing leave should terminate on the last instructional day of a school grading period or the last day of the Christmas/New Year break. Employees granted child rearing leave should make every attempt to schedule their return to their position on the first work day following the conclusion of a school grading period or the Christmas/New Year break.</p>
---	--

339.1. CHILD REARING LEAVE

Requests for child rearing leave shall be made in writing to the Superintendent or designee at least thirty (30) days prior to the beginning date of the leave and are subject to approval or rejection at the discretion of the Board. Requests not made with sufficient advance notice will not be granted, although the notice requirement may be waived in the event of premature childbirth, the unanticipated placement of an adopted child, a serious health condition of a newborn or newly adopted child.

Except as otherwise required to be provided by federal or state law, including the Family and Medical Leave Act, child rearing leave shall be without compensation or fringe benefits. The employee shall be entitled to continue insurance benefits at his/her own expense by remitting in advance the necessary premiums to the district office by the specified dates.

Upon return from child rearing leave, the employee will be returned to an equivalent position as was held before the leave unless the position has been eliminated or the employee is subject to furlough or discharge. Failure to return to work at the scheduled conclusion of the child rearing leave will constitute a voluntary termination of employment.

A child rearing leave shall not constitute a break in seniority, but the period of the child rearing leave shall not be credited as active service for salary step advancement, eligibility for benefits or any other purpose. It is understood that, in order for salary step advancement to occur, the employee must have been in active service (not on unpaid leave) for a minimum of ninety-one (91) instructional days.

Management of Investments and Collateral

SC 440.1

All securities or other investments in which the school district invests or that collateralize school district investments shall be managed as provided in this policy and in the school district's investment plan annually approved by the Board.

The plan shall require that securities purchased as investments be purchased in the name of the school district and held in custody for the benefit of the school district as provided in the investment plan and authorized custodian agreements. The plan may make exceptions to such requirements for investments in LGIPs as defined in this policy, or for the purchase of shares of an investment company.

If, after purchase, the rating of any instrument is reduced and no longer in compliance with Board policy, the individual responsible for district investments shall advise the Board at the earliest opportunity of such action and make recommendations for altering the investments.

The foregoing rating change related requirement does not apply to investments in LGIPs as defined in this policy.

For purposes of interest rate disclosure in the annual financial report, the method of determining interest rate risk shall be based on weighted average maturity.

609. INVESTMENT OF DISTRICT FUNDS

Following a review of valuation, the Investment Officer may request an additional review by the district's investment advisors or financial consultant, and shall require additional collateral if the existing collateral has declined in value and exposes the district to potential loss of principal. The status of the valuation review and any additional collateral shall be included in an annual report to the Board regarding the investment program.

Reporting Requirement for Local Government Investment Pools (LGIPs)

Local Government Investment Pools (LGIPs) pool the resources of participating government entities and invest in various securities as permitted under state law, so that participating governments can benefit from economies of scale, professional fund management and other advantages.

Recognizing that LGIPs invest directly in permissible securities on behalf of the participating government entities, which in turn have proportional ownership rights in those securities, district investments in a LGIP shall not be subject to the collateral requirements of this policy, provided that the LGIP:

1. Makes available to participants daily and monthly statements, and other information from which the status of the investments can be verified; and
2. Provides an audited annual financial report to each participating government entity.

Further Risk Mitigation for Act 10 Permissible Investments

Recognizing that Act 10 of 2016 expanded the range of permissible investments to include investments with the potential to expose the school district to elevated levels of credit risk and other investment risks, the Board directs that any investment plan or investment recommendations proposed by the Investment Officer take into account, implement and highlight the following factors and precautions with respect to Act 10 Permissible Investments:

1. A significantly more thorough level of due diligence is required.
2. In addition to verification of rating by a nationally recognized statistical rating organization and other due diligence requirements, the investigation of Act 10 Permissible Investments shall include ensuring that there is an independent credit review (a qualified financial services organization with an active and recognized credit analysis team is also monitoring the issuer, in addition to the nationally recognized statistical rating organization(s)).

TITLE: GENERAL FUND BALANCE

REVISED:

FREEPORT AREA SCHOOL DISTRICT

<p>1. Purpose</p> <p>2. Definitions</p> <p>3. Guidelines</p>	<p style="text-align: center;">620. GENERAL FUND BALANCE</p> <p>The Board recognizes that the maintenance of a general fund balance is essential to the preservation of the financial integrity of the school district and is fiscally advantageous for both the district and the taxpayer. This policy establishes goals and provides guidance concerning the desired level of year-end fund balance to be maintained by the district.</p> <p>Fund balance is a measurement of available financial resources. Fund balance is the difference between total assets and total liabilities in each fund.</p> <p>GASB Statement 54 classifies fund balances based on the relative strength of the constraints that control the purposes for which specific amounts can be spent. Beginning with the most binding constraints, fund balance amounts shall be reported in the following classifications:</p> <p>Nondisposable - amounts that cannot be spent because they are in a nondisposable form (e.g., inventory) or legally or contractually required to be maintained intact (e.g., principal of a permanent fund).</p> <p>Restricted - amounts limited by external parties, or legislation (e.g., debt covenants, grants or donations).</p> <p>Committed - amounts limited by Board policy or Board action to be used for a specific purpose (e.g., future anticipated costs). Action must be taken by the Board to commit fund balance for the designated purpose prior to the end of the fiscal year.</p> <p>Assigned - amounts that are intended for a particular purpose, such as a rate stabilization fund or segregation of an amount intended to be used at some time in the future. Generally balances in special revenue funds or capital project funds will be designated as assigned.</p> <p>Unassigned - amounts available for consumption or not restricted in any manner.</p> <p>The school district will strive to maintain an unassigned general fund balance of not less than five percent (5%) and not more than ten percent (10%) of the budgeted expenditures for the fiscal year.</p> <p>The total fund balance, consisting of several portions including committed, assigned and unassigned, may exceed ten percent (10%).</p>
---	---

620. GENERAL FUND BALANCE

<p>4. Delegation of Responsibility</p>	<p>If the unassigned portion of the fund balance falls below the threshold of five percent (5%), the Board will pursue options for increasing revenues and decreasing expenditures, or a combination of both until five percent (5%) is attained.</p> <p><u>Use Of Fund Balance</u></p> <p>The restricted fund balance shall be reduced to the extent that the underlying reason for the restriction has been eliminated.</p> <p>If the district experiences an excess of expenditures over revenues for a given fiscal year, the fund balance shall be consumed in the following order:</p> <ol style="list-style-type: none">1. Restricted fund balance to the extent that expenditures related to the restriction contributed to the excess of expenditures over revenues.2. Committed fund balance to the extent that expenditures related to the commitment contributed to the excess of expenditures over revenues. If a plan for periodic use of committed fund balance is reviewed and approved by the Board, the committed fund balance will not be reduced by more than the amount designated in the plan.3. Assigned fund balance to the extent that expenditures related to the assignment contributed to the excess of expenditures and revenues.4. Unassigned fund balance for any remaining excess of expenditures over revenues. <p>The responsibility for designating funds to specific classifications shall be as follows:</p> <ol style="list-style-type: none">1. Nonspendable – may be assigned by the Business Manager.2. Restricted – may be assigned by the Business Manager.3. Committed – shall be assigned by Board Resolution.4. Allowability of Costs – Federal Programs

Expenditures must be aligned with approved budgeted items. Any changes or variations from the state-approved budget and grant application need prior approval from the state.

Delegation of Responsibility

When determining how the school district will spend its grant funds, the Business Manager will review the proposed cost to determine whether it is an allowable use of federal grant funds *before* obligating and spending those funds on the proposed good or service.

Allowability Determinations

All costs supported by federal education funds must meet the standards outlined in EDGAR, 2 CFR Part 3474 and 2 CFR Part 200, Subpart E, which are listed below. The Business Manager must consider these factors when making an allowability determination. A section entitled, *Helpful Questions for Determining Whether Costs are Allowable*, is located at the end of this document.

Part 200 sets forth general cost guidelines that must be considered, as well as rules for specific types of items, both of which must be considered when determining whether a cost is an allowable expenditure of federal funds. The expenditure must also be allowable under the applicable program statute (e.g., Title I of the Elementary and Secondary Education Act (ESEA), or the Carl D. Perkins Career and Technical Education Act (Perkins)), along with accompanying program regulations, nonregulatory guidance and grant award notifications.

Restrictions in state and local rules or policy also must be considered. For example, travel and other job-related expenses incurred by employees are not allowable unless they also are in compliance with Board Policy 331 (Job Related Expenses) and related administrative regulations.

Whichever allowability requirements are stricter will govern whether a cost is allowable.

General allowability determination factors include the following:

1. Be Necessary and Reasonable for the performance of the federal award. A cost is reasonable if, in its nature and amount, it does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision to incur the cost was made. For example, reasonable means that sound business practices were followed, and purchases were comparable to market prices.

When determining reasonableness of a cost, consideration must be given to:

- Whether the cost is a type generally recognized as ordinary and necessary for the operation of the district or the proper and efficient performance of the federal award.

- The restraints or requirements imposed by factors, such as: sound business practices; arm's-length bargaining; federal, state and other laws and regulations; and terms and conditions of the federal award.
- Market prices for comparable goods or services for the geographic area.
- Whether the individual incurring the cost acted with prudence in the circumstances considering responsibilities to the district, its employees, its students, the public at large, and the federal government.
- Whether the district significantly deviates from its established practices and policies regarding the incurrence of costs, which may unjustifiably increase the federal award's cost. (2 CFR Sec. 200.404)

Whether a cost is necessary will be determined based on the needs of the program. Specifically, the expenditure must be necessary to achieve an important program objective. A key aspect in determining whether a cost is necessary is whether the district can demonstrate that the cost addresses an existing need, and can prove it. For example, the school entity may deem a language skills software program necessary for a Language Instruction Education Program.

When determining whether a cost is necessary, consideration may be given to:

- Whether the cost is needed for the proper and efficient performance of the federal award program.
 - Whether the cost is identified in the approved budget or application.
 - Whether there is an educational benefit associated with the cost.
 - Whether the cost aligns with identified needs based on results and findings from a needs assessment.
 - Whether the cost addresses program goals and objectives and is based on program data.
2. **Allocable to the federal award.** A cost is allocable to the federal award if the goods or services involved are chargeable or assignable to the federal award in accordance with the relative benefit received. This means that the federal grant program derived a benefit in proportion to the funds charged to the program. (2 CFR Sec. 200.405)

For example, if fifty percent (50%) of a teacher's salary is paid with grant funds, then that teacher must spend at least fifty percent (50%) of his/her time on the grant program.

3. Consistent with policies and procedures that apply uniformly to both federally-financed and other activities of the school entity.

4. Conform to any limitations or exclusions set forth as cost principles in Part 200 or in the terms and conditions of the federal award.
5. Consistent treatment. A cost cannot be assigned to a federal award as a direct cost if any other cost incurred for the same purpose in like circumstances has been assigned as an indirect cost under another award.
6. Adequately documented. All expenditures must be properly documented.
7. Be calculated in accordance with generally accepted accounting principles (GAAP), unless provided otherwise in Part 200.
8. Not included as a match or cost-share, unless the specific federal program authorizes federal costs to be treated as such. Some federal program statutes require the nonfederal entity to contribute a certain amount of nonfederal resources to be eligible for the federal program.
9. Be the net of all applicable credits. The term “applicable credits” refers to those receipts or reduction of expenditures that operate to offset or reduce expense items allocable to the federal award. Typical examples of such transactions are: purchase discounts; rebates or allowances; recoveries or indemnities on losses; and adjustments of overpayments or erroneous charges. To the extent that such credits accruing to or received by the state relate to the federal award, they shall be credited to the federal award, either as a cost reduction or a cash refund, as appropriate. (2 CFR Sec. 200.406)

Selected Items of Cost

Subpart E of Part 200 sets forth principles to be applied in establishing the allowability of fifty-five (55) specific cost items (commonly referred to as Selected Items of Cost), at 2 CFR Sec. 200.420-200.475. These specific cost items are listed in the chart below along with the citation to the section of Subpart E addressing the allowability of that item. These principles are in addition to the other general allowability standards, and apply whether or not a particular item of cost is properly treated as direct cost or indirect (F&A) cost. Meeting the specific criteria for a listed item does not by itself mean the cost is allowable, as it may be unallowable under other standards or for other reasons, such as restrictions contained in the terms and conditions of a particular grant or restrictions established by the state or in Board policy. If an item is unallowable for any of these reasons, federal funds cannot be used to purchase it.

School district personnel responsible for spending federal grant funds and for determining allowability must be familiar with and refer to the Part 200 selected items of cost section. These rules must be followed when charging these specific expenditures to a federal grant. When applicable, employees must check costs against the selected items of cost requirements to ensure the cost is allowable, and also check state, district and program-specific rules.

The selected item of cost addressed in Part 200 includes the following (in alphabetical order):

Helpful Questions for Determining Whether Costs are Allowable -

In addition to applying the cost principles and standards described above, district staff involved in expending federal funds should ask the following questions when assessing the allowability of a particular cost:

1. Is the proposed cost allowable under the relevant program?
2. Is the proposed cost consistent with an approved program plan and budget?
3. Is the proposed cost consistent with program specific fiscal rules? For example, the school entity may be required to use federal funds only to supplement the amount of funds available from nonfederal (and possibly other federal) sources, or only as a match for funds from nonfederal sources.
4. Is the proposed cost consistent with EDGAR?
5. Is the proposed cost consistent with specific conditions imposed on the grant (if applicable)?
6. Is the proposed cost consistent with the underlying needs of the program? For example, program funds must benefit the appropriate population of students for which they are

allocated. This means that, for instance, funds allocated under Title III of the Elementary and Secondary Education Act (ESEA) governing language instruction programs for English Learner (EL) students must only be spent on EL students and cannot be used to benefit non-EL students.

7. Will the cost be targeted at addressing specific areas of weakness that are the focus of the program, as indicated by available data?

Any questions related to specific costs should be forwarded to the Business Manager who shall consult with the school solicitor for clarification as appropriate.

Cash Management – Federal Programs

Generally, the school district receives payment from the Pennsylvania Department of Education (PDE) on a reimbursement basis. In some circumstances, the district may receive an advance of federal grant funds. This attachment addresses responsibilities of the district and district staff under those alternative payment methods. In either case, the district shall maintain accounting methods and internal controls and procedures that assure those responsibilities are met.

Payment Methods

Reimbursements -

The school district will initially charge federal grant expenditures to nonfederal funds.

The Business Manager will request reimbursement for actual expenditures incurred under the federal grants quarterly.

Such requests shall be submitted with appropriate documentation and signed by the requestor.

Requests for reimbursements will be approved by the Business Manager.

Reimbursement will be submitted on the appropriate form to the PDE portal. All reimbursements are based on actual disbursements, not on obligations. PDE will process reimbursement requests within the timeframes required for disbursement.

Consistent with state and federal requirements, the school district will maintain source documentation supporting the federal expenditures (invoices, time sheets, payroll stubs, etc.) and will make such documentation available for PDE to review upon request.

Reimbursements of actual expenditures do not involve interest calculations.

Advances -

When the district receives advance payments of federal grant funds, it must minimize the time elapsing between the transfer of funds to the district and the expenditure of those funds on allowable costs of the applicable federal program. (2 CFR Sec. 200.305(b)) The district shall attempt to expend all advances of federal funds within seventy-two (72) hours of receipt.

When applicable, the district shall use existing resources available within a program before requesting additional advances. Such resources include program income (including repayments to a revolving fund), rebates, refunds, contract settlements, audit recoveries, and interest earned on such funds. (2 CFR Sec. 305(b)(5))

The district shall hold federal advance payments in insured, interest-bearing accounts.

The school district is permitted to retain for administrative expense up to \$500 per year of interest earned on federal grant cash balances. Regardless of the federal awarding agency, interest earnings exceeding \$500 per year shall be remitted annually to the Department of Health and Human Services Payment Management System (PMS) through an electronic medium using

either Automated Clearing House (ACH) network or a Fedwire Funds Service payment. (2 CFR Sec. 200.305(b)(9))

Pursuant to federal guidelines, interest earnings shall be calculated from the date that the federal funds are drawn down from the G5 system until the date on which those funds are disbursed by the district. Consistent with state guidelines, interest accruing on total federal grant cash balances shall be calculated on cash balances per grant and applying the actual or average interest rate earned.

Remittance of interest shall be responsibility of the Business Manager.

Administration of Federal Funds – Type of Costs, Obligations and Property Management

The district establishes and maintains Board policies, administrative regulations and procedures on administration of federal funds in federal programs as required by the Uniform Grant Guidance and other federal, state and local laws, regulations and requirements. The district's financial management system includes internal controls and grant management standards in the following areas.

Direct and Indirect Costs

Direct costs – costs that can be identified specifically with a particular final cost objective, such as a federal award, or other internally or externally funded activity, or that can be directly assigned to such activities relatively easily with a high degree of accuracy.

Indirect costs – costs incurred for a common or joint purpose benefiting more than one (1) cost objective, and not readily assignable to the cost objectives specifically benefitted, without effort disproportionate to the results achieved.

Costs incurred for the same purpose in like circumstances must be treated consistently as either direct or indirect costs. (2 CFR Sec. 200.405, 200.413)

Identification with the federal award rather than the nature of the goods and services involved is the determining factor in distinguishing direct from indirect costs.

Direct and indirect costs shall be determined in accordance with law, regulations, the terms and conditions of the federal award, and the district's negotiated indirect cost rate.

The district shall develop an indirect cost rate proposal and cost allocation plan in accordance with law, regulations and the terms and conditions of the federal award.

Timely Obligation of Funds

Obligations – orders placed for property and services, contracts and subawards made, and similar transactions during a given period that require payment by the district during the same or a future period.

The following table illustrates when funds must be obligated under federal regulations:

Obligation is for:	Obligation is made:
Acquisition of property	On the date on which the district makes a binding written commitment to acquire the property
Personal services by a district employee	When the services are performed

Obligation is for:	Obligation is made:
Personal services by a contractor who is not a district employee	On the date on which the district makes a binding written commitment to obtain the services
Public utility services	When the district receives the services
Travel	When the travel occurs
Rental of property	When the district uses the property
A pre-agreement cost that was properly approved by the Secretary under the cost principles in 2 CFR Part 200, Subpart E - Cost Principles	On the first day of the project period

34 CFR §75.707; 34 CFR §76.707

All obligations must occur between the beginning and ending dates of the federal award project, which is known as the period of performance. The period of performance is dictated by law and regulations and will be indicated in the federal award. Specific requirements for carryover funds may be specified in the federal award and must be adhered to by the district. (2 CFR Sec. 200.77, 200.309)

The district will handle obligations and carry over of state-administered and direct grants in accordance with state and federal law and regulations, and the terms and conditions of the federal award. Carryover will be calculated and documented by the Business Manager.

The district may exercise an extension of the period of performance under a direct grant in accordance with law, regulations and the terms and conditions of the federal award when written notice is provided to the federal awarding agency at least ten (10) calendar days prior to the end of the period of performance. (2 CFR Sec. 200.308(d)(2))

The Business Manager will decide when an extension of the period of performance is necessary and will recommend that the Superintendent approve this process.

The Business Manager will develop the required written notice, including the reasons for the extension and revised period of performance; the notice will be issued no later than ten (10) calendar days prior to the end of the currently documented period of performance in the federal award.

The district must seek approval from the federal awarding agency for an extension of the period of performance when the extension is not contrary to federal law or regulations, and the following conditions apply:

1. The terms and conditions of the federal award prohibit the extension;
2. The extension requires additional federal funds; or

3. The extension involves any change in the approved objectives or scope of the project. (2 CFR Sec. §200.308)

The Business Manager will determine when an extension must be requested for approval by the federal awarding agency, draft the written request and notify the Superintendent of the requested extension.

Management of Property Acquired With Federal Funds

Contract and Purchasing Administration -

The district maintains internal controls, administrative regulations and procedures to ensure that contractors deliver goods and services in accordance with the terms, conditions and specifications of the designated contract, purchase order or requisition.

Property Classifications -

Property shall be classified as **equipment, supplies, computing devices and capital assets** as defined and specified in accordance with law, regulations and Board policy. (Pol. 622)

Inventory Control/Management -

All property purchased with federal funds, regardless of cost, will be inventoried as a safeguard.

Inventory will be received by the department or program requesting the item; designated staff will inspect the property, compare it to the applicable purchase order or requisition, and ensure it is appropriately logged and tagged in the district's property management system.

Items acquired will be physically labeled by source of funding and acquisition date.

Inventory records of equipment and computing devices must be current and available for review and audit, and include the following information:

1. Description of the item, including any manufacturer's model number.
2. Manufacturer's serial number or other identification number.
3. Identification of funding source.
4. Acquisition date and unit cost.
5. Source of items, such as company name.
6. Percentage of federal funds used in the purchase.
7. Present location, use, condition of item, and date information was reported.
8. Pertinent information on the ultimate transfer, replacement or disposition of the item and sale price of the property.

Inventory will be updated as items are sold, lost or stolen, or cannot be repaired, and new items are purchased.

Physical Inventory -

Physical inventory of property will be completed by designated district staff in accordance with applicable federal and state law and regulation and Board policy. (Pol. 622, 706)

The physical inventory of items will be conducted annually, and the results will be reconciled with the inventory records and reported to the federal awarding agency.

Maintenance -

The district establishes adequate maintenance procedures to ensure that property is maintained in good condition in accordance with law, regulation and Board policy. (Pol. 704, 708, 710)

Safeguards -

The district ensures that adequate safeguards are in place to prevent loss, damage or theft of property:

1. Any loss, damage or theft will be reported to the Business Manager, and investigated and fully documented, and may be reported to local law enforcement.
2. If stolen items are not recovered, the district will submit copies of the investigative report and insurance claim to the federal awarding agency.
3. The district may be responsible for replacing or repairing lost, damaged, destroyed or stolen items.
4. Replaced equipment is property of the originally funded program and should be inventoried accordingly.
5. District property may only be loaned in accordance with Board policy and administrative regulations. (Pol. 707, 708, 710)

Disposition of Property Acquired with Federal Funds –

When the district determines that real property, including land, land improvements structures and accessories thereto, acquired under a federal award is no longer needed for the originally authorized purpose, the district must obtain disposition instructions from the federal awarding agency or pass-through entity administering the program, in accordance with applicable law and regulations. (2 CFR Sec. 200.311)

When the district determines that equipment or supplies acquired under a federal award are no longer needed for the original project or program or for other activities currently or previously supported by a federal awarding agency, the Business Manager will contact the federal awarding agency or pass-through entity administering the program to obtain disposition instructions, based on the fair market value of the equipment or supplies.

Generally, items with a fair market value of \$5,000 or less that are no longer effective may be retained, sold, purged, or transferred to the district. For items with a fair market value greater than \$5,000, the federal awarding agency is entitled to the federal share of the current market value or sales proceeds.

If the district will be replacing the equipment or supplies, the district may use the existing equipment or supplies as a trade-in or sell the property and use the proceeds to offset the cost of the replacement property.

The Business Manager will be responsible for contacting the federal awarding agency and determining the process for disposition of equipment or supplies.

The district may use the following methods in disposing of unnecessary equipment or supplies acquired with federal funds:

Public auction and/or online sale – generally conducted by a licensed auctioneer.

Salvage – scrap sold to local dealers.

Negotiated sale – normally used when disposing of items of substantial value.

Sealed bid – normally used for items of substantial value or unique qualities.

Pre-priced sale – large quantities of obsolete or surplus equipment or supplies may be sold by this method.

Donation to charitable organizations, for equipment or supplies with little to no value.

Disposition to trash for equipment or supplies with no value.

The Business Manager will be responsible for maintaining records of obsolete and surplus property disposed of, and will report to the federal awarding agency when required.

Procurement – Federal Programs

This document is intended to integrate standard district purchasing procedures with additional requirements applicable to procurements that are subject to the federal Uniform Guidance regulations, federal guidance of the Office of Management and Budget and/or U.S. Department of Agriculture (USDA) regulations governing school food service programs. The district maintains the following purchasing procedures, in accordance with federal and state laws, regulations and Board policy. (2 CFR 200.102, 200.318-200.325; 7 CFR 210.16, 210.19, 210.21, 215.14a, 220.16; 24 P.S. 120, 24 P.S. 504, 24 P.S. 508, 24 P.S. 521, 24 P.S. 607, 24 P.S. 609, 24 P.S. 751, 24 P.S. 807.1; 62 Pa. C.S.A. 4601 et seq; Pol. 610, 611, 612, 613, 808)

<u>2025 Procurement Thresholds</u>		
PA State Quotation Threshold	\$12,900	Adjusted based on Consumer Price Index published in PA Bulletin (24 P.S. Sec. 120)
PA State Bid Threshold	\$23,800	Adjusted based on Consumer Price Index published in PA Bulletin (24 P.S. Sec. 120)
Federal Micro-Purchase Threshold	\$10,000	Adjusted periodically and published in Federal Register (48 CFR Subpart 2.1) or through guidance of the federal Office of Management and Budget
Federal Simplified Acquisition Threshold	\$250,000	Adjusted periodically and published in Federal Register (48 CFR Subpart 2.1) or through guidance of the federal Office of Management and Budget

The district implements exceptions to the Micro-Purchase and Simplified Acquisition Threshold amounts announced by the federal Office of Management and Budget as part of its procurement procedures.

Responsibility for Purchasing

The Board has outlined standard district purchasing responsibility, methods of purchasing, price quotations and bid requirements in the following Board policies and their accompanying administrative regulations or procedures:

- Policy 610. Purchases Subject to Bid/Quotation
- Policy 611. Purchases Budgeted
- Policy 612. Purchases Not Budgeted
- Policy 613. Cooperative Purchasing

Purchase Methods

When a request for purchase of equipment, supplies or services has been submitted and approved as outlined below, the procurement method to be used will be determined based on the type of purchase and the total cost of the purchase as further outlined below. This procedure outlines how the cost thresholds for determining when the quote or formal bidding procedures that are required by state law as reflected in Policy 610 must be modified when making purchases for federally funded purposes to which the Uniform Grant Guidance or USDA regulations apply, so as to comply with both state and federal requirements. At each point where requirements for food service-related procurement under USDA regulations differ, a note will refer to the Food Service Program Notes at the end of this procedure. Final determination of which purchasing procedures are to be applied is delegated to the Business Manager under the authority of the Board.

Standard Procurement Documents and Purchase Request Process

The district shall use purchase orders for purchase requests in accordance with the applicable purchase method.

The district shall use electronic purchasing records, which are pre-numbered and are accessible to designated purchasing staff in the Business Office.

Purchase requests by an employee must be submitted to the building administrator or immediate supervisor. Purchase of all budgeted items or items approved by an administrator or supervisor must be initiated by use of a purchase order or requisition submitted to the Business Manager.

Purchase orders and requisitions shall contain information including, but not limited to:

1. Description of the services to be performed or goods to be delivered.
2. Location of where services will be performed, or goods will be delivered.
3. Appropriate dates of service or delivery.

Documentation on purchase orders and requisitions shall be maintained in accordance with the district's Records Management Policy and records retention schedule. (Pol. 800)

Contracts shall be reviewed by the Board Secretary, Business Manager, Superintendent, or school solicitor, as needed, prior to submission to the Board for approval.

Contracts to which the Uniform Grant Guidance apply shall contain the clauses specified in Appendix II to 2 CFR Part 200 (Contract Provisions for Non-Federal Entity Contracts Under Federal Awards), when applicable.

Micro-Purchases Not Requiring Quotes or Bidding

For purposes of this procedure, **micro-purchase** means a purchase of equipment, supplies or services for use in federally funded programs using simplified acquisition procedures, the aggregate amount of which does not exceed a base amount of \$10,000. The micro-purchase dollar threshold is adjusted periodically by the federal government, and the threshold most recently established and published in the Federal Register or announced as an exception by the federal Office of Management and Budget shall apply if other than \$10,000. (48 CFR Subpart 2.1)

Note: The micro-purchase maximum for federal purposes is lower than the amount below which the School Code allows purchase for nonfederal purposes to be made without obtaining at least three (3) written or telephonic quotes or using formal competitive bidding.

The micro-purchase method is used in order to expedite the completion of its lowest dollar small purchase transactions and minimize the associated administrative burden and cost. Procurement by micro-purchase is the acquisition of equipment, supplies or services, the aggregate dollar amount of which does not exceed the micro-purchase threshold.

To the extent practicable, the district distributes micro-purchases equitably among qualified suppliers when the same or materially interchangeable products are identified and such suppliers offer effectively equivalent rates, prices and other terms. The Business Manager will be responsible to determine the equitable distribution of micro-purchases.

Micro-purchases may be awarded without soliciting competitive quotations if the district considers the price to be reasonable. The district will maintain evidence of this reasonableness in the records of all micro-purchases. Reasonable means that sound business practices were followed and the purchase is comparable to market prices for the geographic area. Such determinations of reasonableness may include comparison of the price to previous purchases of the same item or comparison of the price of items similar to the item being purchased.

Even if the cost of a purchase qualifies it as a micro-purchase, bidding or small purchase procedures may be used optionally when those procedures may result in cost savings.

Small Purchase Procedures

For purposes of this procedure, **small purchase procedures** are those relatively simple and informal procurement methods for securing equipment or supplies that cost more than the amount qualifying as a micro-purchase and do not cost **\$23,800** or more, or in the case of services other than construction, maintenance or repair on school facilities, where the total cost does not exceed the \$250,000 federal Simplified Acquisition Threshold at which formal competitive bidding or competitive proposals are required. Small purchase procedures cannot be used for purchases of equipment or supplies or for construction, repair or maintenance services costing **\$23,800** or more because the School Code requires formal competitive bidding at that level of cost.

The base amount at which bidding is required under state law for purchases of equipment, supplies and construction, maintenance or repair services on school facilities is adjusted for inflation annually, and the adjusted amount most recently determined and published in the Pennsylvania Bulletin shall apply if other than **\$23,800**. (24 P.S. Sec. 120)

The federal Simplified Acquisition Threshold at which competitive bidding or competitive proposals are required is adjusted periodically by the federal government, and the threshold most recently established and published in the Federal Register or announced as an exception by the federal Office of Management and Budget shall apply if other than \$250,000. (48 CFR Subpart 2.1, 2 CFR 200.102)

Because state law does not require competitive bidding for the purchase of services other than construction, maintenance or repairs on school facilities regardless of total cost, small purchase procedures, including a request for proposal (RFP) procedure, may be used for procurement of such other services except when the estimated total cost will be at or over the federal threshold at which formal competitive bidding or competitive proposals are required (\$250,000).

If small purchase procedures are used, written or telephonic price or rate quotations are obtained from at least three (3) qualified sources and records of quotes are maintained as provided in Policy 610. (Pol. 610)

Formal Competitive Bidding

Publicly Solicited Sealed Competitive Bids:

For purchases of equipment or supplies, or of services for construction, maintenance or repairs of school facilities, sealed competitive bids are publicly solicited and awarded to the lowest responsive and responsible bidder as provided in Policy 610 when the total cost is estimated to be **\$23,800** or more. (Pol. 610)

Note: The amount at which formal competitive bidding or competitive proposals are required by federal regulations is much higher than the base amount at which the School Code requires competitive bidding. Therefore, the lower base amount specified by the School Code, as annually adjusted, is used to determine when bidding will be used for purchases of equipment or supplies, or for obtaining services for construction, maintenance or repairs on school facilities. (24 P.S. Sec. 120)

State law does not require bidding for the purchase of services other than construction, maintenance or repairs on school facilities regardless of total cost. For procurement of such other services for federally funded purposes to which the Uniform Grant Guidance applies, formal competitive bidding or competitive proposals will be used when the estimated total cost will be at or over the federal threshold of \$250,000.

The federal Simplified Acquisition Threshold at which competitive bidding or competitive proposals are required is adjusted periodically by the federal government, and the threshold most

recently established and published in the Federal Register or announced as an exception by the federal Office of Management and Budget shall apply if other than \$250,000. (48 CFR Subpart 2.1, 2 CFR 200.102)

For procurement of services costing at or over the \$250,000 federal threshold other than for construction, maintenance or repairs on school facilities, the use of competitive sealed bidding is considered feasible and appropriate when:

1. A complete, adequate, and realistic specification or purchase description is available;
2. Two (2) or more responsible bidders are willing and able to compete effectively for the business; and
3. The procurement lends itself to a firm fixed-price contract and the selection of the successful bidder can be made principally on the basis of price.

Where specified in bidding documents, factors such as discounts, transportation cost, and life cycle costs must be considered in determining which bid is lowest. Payment discounts will only be used to determine the low bid when prior experience indicates that such discounts are usually taken advantage of. Any or all bids may be rejected if there is a sound documented reason.

Competitive Proposals

State law does not require public school entities to solicit competitive bids for services other than construction, repairs or maintenance of school facilities, for which competitive bidding is required if the cost will be a base amount of **\$23,800** or more. State law allows competitive proposals relating to work on facilities in lieu of bidding only in the context of guaranteed energy savings contracts.

Federal regulations allow the use of competitive proposals as an alternative to formal competitive bidding when conditions are not appropriate for the use of sealed bids.

In the case of services other than for construction, repairs or maintenance of school facilities costing less than that threshold, the district may use small purchase procedures or micro-purchase procedures as applicable based on total cost. A request for proposal (RFP) process can also meet or exceed the small purchase competition requirements under state law and Policy 610 for the acquisition of services other than for construction, repairs or maintenance of school facilities, and can be used if the total cost will be less than \$250,000.

When permitted, the technique of competitive proposals is normally conducted with more than one (1) source submitting an offer, and either a fixed price or cost-reimbursement type contract is awarded. Competitors' qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The district shall comply with other applicable state and federal law and regulations, Board policy and administrative regulations regarding purchasing; the district may consult with the school solicitor or other qualified counsel

in determining the required process for purchasing through competitive proposals when necessary.

If this method is used, the following requirements apply:

1. Requests for proposals must be publicized and identify all evaluation factors and their relative importance. Any response to publicized requests for proposals must be considered to the maximum extent practical.
2. Proposals must be solicited from an adequate number of qualified sources.
3. Contracts must be awarded to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered.

An alternative form of competitive proposal is permitted only for qualifications-based procurement of architectural and engineering services, in which price is not a selection factor and reasonable compensation is negotiated after source selection. This alternative is not permitted for procurement of other types of services.

Competitive proposals shall be evaluated by the Business Manager based on factors including but not limited to:

1. Cost.
2. Experience of contractor.
3. Availability.
4. Personnel qualifications.
5. Financial stability.
6. Minority business, women's business enterprise, or labor surplus area firm status.
7. Project management expertise.
8. Understanding of district needs.

Evaluations shall be completed in a timely manner, documented and shall be reviewed by the Superintendent.

Contract/Price Analysis

The district performs a cost or price analysis in connection with every procurement action in excess of \$250,000, including contract modifications. (2 CFR Sec. 200.323(a)).

A **cost analysis** generally means evaluating the separate cost elements that make up the total price, while a **price analysis** means evaluating the total price, without looking at the individual cost elements.

The method and degree of analysis is dependent on the facts surrounding the particular procurement situation; however, the Business Manager must come to an independent estimate prior to receiving bids or proposals. (2 CFR Sec. 200.323(a)). As part of the analysis, the Business Manager will enact established business practices which may include evaluation of similar prior procurements and a review process.

Negotiated Profit

In any procurement in which there has been no price competition, or in which a cost-analysis is performed, profit must be negotiated separately as an element of price. Accordingly, solicitations of bids, proposals or quotes shall require that bids, proposals or quotes be limited to costs other than profit, and exclude profit.

To establish a fair and reasonable profit, consideration is given to the complexity of the work to be performed, the risk borne by the contractor, the contractor's investment, the amount of subcontracting, the quality of its record of past performance, and industry profit rates in the surrounding geographical area for similar work. (2 CFR Sec. 200.323(b)).

When profit must be negotiated as a separate element of the total price, it shall be negotiated by the Business Manager.

Noncompetitive Proposals (Sole Sourcing)

Procurement by noncompetitive proposals means procurement through solicitation of a proposal from only one (1) source and may be used only when one or more of the following circumstances apply:

1. The item is available only from a single source.
2. The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation. An **emergency** exists whenever the time required for the Board to act in accordance with regular procedures would endanger life or property or threaten continuance of existing school classes.
3. The federal awarding agency or pass-through entity expressly authorizes noncompetitive proposals in response to a written request from the district.
4. After solicitation of a number of sources, the district determines the competition is inadequate.

In addition to standard procurement policy and procedures, the district will document the grounds for using the noncompetitive method in lieu of an otherwise required competitive

method of procurement, which may include written confirmation from the contractor as the sole source of the item. Documentation must be submitted to and maintained by the Business Office.

All noncompetitive proposals will ultimately be approved by the Board. The district may utilize legal advice from the solicitor regarding noncompetitive proposals.

Profit must be negotiated separately for noncompetitive proposals, and a cost or price analysis will also be performed for noncompetitive proposals when the price exceeds \$250,000.

Purchase Cards

The district approves the use of procurement cards for permissible purchases by designated employees to improve the efficiency of purchasing activities, reduce processing expenses, improve controls for small-dollar purchases, and streamline contractor payment.

Procurement cards may be used for purchases under federal programs. The use of procurement cards is governed by Board policy 625 Procurement Cards and established administrative regulations. (Pol. 625)

Full and Open Competition

All procurement transactions must be conducted in a manner providing full and open competition consistent with 2 CFR Sec. 200.319. In order to ensure objective contractor performance and eliminate unfair competitive advantage, contractors that develop or draft specifications, requirements, statements of work, or invitations for bids or requests for proposals must be excluded from competing for such procurements. Some of the situations considered to be restrictive of competition include but are not limited to:

1. Placing unreasonable requirements on firms in order for them to qualify to do business.
2. Requiring unnecessary experience and excessive bonding.
3. Noncompetitive pricing practices between firms or between affiliated companies.
4. Noncompetitive contracts to consultants that are on retainer contracts.
5. Organizational conflicts of interest.
6. Specifying only a “brand name” product instead of allowing “an equal” product to be offered and describing the performance or other relevant requirements of the procurement.
7. Any arbitrary action in the procurement process.

Minority Businesses, Women's Business Enterprises, Labor Surplus Area Firms

The district must take necessary affirmative steps to assure that minority businesses, women's business enterprises, and labor surplus area firms are used when possible. Affirmative steps must include: (2 CFR Sec. 200.321)

1. Placing qualified small and minority business and women's business enterprises on solicitation lists.
2. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources.
3. Dividing total purchasing requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority business and women's business enterprises.
4. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses and women's business enterprises.
5. Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce.
6. Requiring the prime contractor, if subcontracts are let, to take the affirmative steps listed above.

Geographical Preferences Prohibited

The district must conduct procurements in a manner that prohibits the use of statutorily or administratively imposed state, local, or tribal geographical preferences in the evaluation of bids or proposals, except in those cases where applicable federal statutes expressly mandate or encourage geographic preference. When contracting for architectural and engineering (A/E) services, geographic location may be a selection criterion provided its application leaves an appropriate number of qualified firms, given the nature and size of the project, to compete for the contract.

Prequalified Lists

The district must ensure that all prequalified lists of persons, firms, or products which are used in acquiring goods and services are current and include enough qualified sources to ensure maximum open and free competition. Also, the district must not preclude potential bidders from qualifying during the solicitation period.

Solicitation Language

The district must ensure that all solicitations incorporate a clear and accurate description of the technical requirements for the material, product, or service to be procured. Such description must not, in competitive procurements, contain features which unduly restrict competition. The description may include a statement of the qualitative nature of the material, product or service to be procured and, when necessary, must set forth those minimum essential characteristics and standards to which it must conform if it is to satisfy its intended use. Detailed product specifications should be avoided if at all possible.

When it is impractical or uneconomical to make a clear and accurate description of the technical requirements, a “brand name or equivalent” description may be used as a means to define the performance or other salient requirements of procurement. The specific features of the named brand which must be met by offers must be clearly stated; and identify all requirements which the offerors must fulfill and all other factors to be used in evaluating bids or proposals.

Avoiding Acquisition of Unnecessary or Duplicative Items

The district must avoid the acquisition of unnecessary or duplicative items. Additionally, consideration must be given to consolidating or breaking out procurements to obtain a more economical purchase; and, where appropriate, an analysis must be made of leases versus purchase alternatives, and any other appropriate analysis to determine the most economical approach.

These considerations are given as part of the process to determine the allowability of each purchase made with federal funds. Such considerations are accessible in the procedure attached to Policy 626: Allowability of Costs – Federal Programs.

Use of Intergovernmental Agreements and Cooperative Purchasing

To foster greater economy and efficiency, the district enters into state and local intergovernmental agreements where appropriate for cooperative purchasing or use of common or shared goods and services, as permitted by the Intergovernmental Cooperation Act, the School Code and the Commonwealth Procurement Code. (Pol. 613; 53 Pa. C.S. Ch. 23; 24 P.S. 521; 62 Pa. C.S. Ch. 19)

When procuring supplies or services for federally funded purposes to which the Uniform Grant Guidance applies, the district shall verify that the organization conducting the procurement pursuant to such agreements complies with the applicable procurement methods, requirements and standards of the Uniform Grant Guidance as outlined in this procedure.

Use of Federal Excess and Surplus Property

The district considers the use of federal excess and surplus property in lieu of purchasing new equipment and property whenever such use is feasible and reduces project costs.

Debarment and Suspension

The district awards contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources.

The district may not subcontract with or award subgrants to any person or company who is debarred or suspended. For all contracts over \$25,000 the district verifies that the contractor with whom the district intends to do business is not excluded or disqualified. (2 CFR Part 200, Appendix II, and 2 CFR Sec. 180.220 and 180.300).

All successful contractors must provide written certification that they have not been suspended or debarred from federal projects. The Business Manager will be responsible for verification. Such verification may include accessing the online federal System for Award Management (SAM) to determine whether any relevant party is subject to any suspension or debarment restrictions.

Maintenance of Procurement Records

The district must maintain records sufficient to detail the history of all procurements. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, the basis for the contract price (including a cost or price analysis), and verification that the contractor is not suspended or debarred.

Maintenance of records of procurement will be governed by Board policy 800 Records Management and the district's established records retention schedule. (Pol. 800)

Time and Materials Contracts

The district may use a time and materials type contract only: (1) after a determination that no other contract is suitable; and (2) if the contract includes a ceiling price that the contractor exceeds at its own risk. **Time and materials type contract** means a contract whose cost to the district is the sum of: the actual costs of materials, and direct labor hours charged at fixed hourly rates that reflect wages, general and administrative expenses, and profit.

Since this formula generates an open-ended contract price, a time-and-materials contract provides no positive profit incentive to the contractor for cost control or labor efficiency. Therefore, each contract must set a ceiling price that the contractor exceeds at its own risk. Further, the district must assert a high degree of oversight in order to obtain reasonable assurance that the contractor is using efficient methods and effective cost controls.

Settlements of Issues Arising Out of Procurements

The district alone is responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to, source evaluation, protests, disputes, and claims. These standards do not relieve the district of any contractual responsibilities under its contracts. Violations of law will be referred to the local, state, or federal authority having proper jurisdiction.

Protest Procedures to Resolve Dispute

The district maintains protest procedures to handle and resolve disputes relating to procurements and, in all instances, discloses information regarding the protest to the awarding agency. Protest procedures will be acted on in accordance with current state law and regulations, established district administrative regulations and the advice of the solicitor. (Pol. 610)

Food Service Program Notes:

Exemption from Bidding for Perishable Food Items -

The School Code exempts purchases of perishable food items from bidding requirements. Bidding for perishable food items is required only if the cost would be at or over the federal threshold at which formal competitive bidding is required (\$250,000). Small purchase procedures may be used for purchases below \$250,000, or micro-purchase procedures for purchases below \$10,000. Use of bidding should be considered as an option if it is feasible and likely to result in cost savings. (24 P.S. Sec. 504(d))

Geographic Preferences -

The district is permitted to apply a geographic preference when procuring unprocessed locally grown or locally raised agricultural products. When a geographic preference is applied, the district has discretion to determine the local area to which the geographic preference option will be applied.

Unprocessed locally grown or locally raised agricultural products means only those agricultural products that retain their inherent character. The effects of the following food handling and preservation techniques shall not be considered as changing an agricultural product into a product of a different kind or character: cooling; refrigerating; freezing; size adjustment made by peeling, slicing, dicing, cutting, chopping, shucking, and grinding; forming ground products into patties without any additives or fillers; drying/dehydration; washing; packaging (such as placing eggs in cartons), vacuum packing and bagging (such as placing vegetables in bags or combining two (2) or more types of vegetables or fruits in a single package); the addition of ascorbic acid or other preservatives to prevent oxidation of produce; butchering livestock and poultry; cleaning fish; and the pasteurization of milk. (7 CFR Sec. 210.21, 215.14a, 220.16)

Buy American -

The district shall purchase, to the maximum extent practicable, domestic commodities or products for food service purposes. The term **domestic commodity or product** means: (7 CFR Sec. 210.21, 220.16)

1. An agricultural commodity that is produced in the United States; and
2. A food product that is processed in the United States substantially using agricultural commodities that are produced in the United States.

Mandatory Contract Clauses -

The following provisions shall be included in all cost reimbursable contracts for food services purchases, including contracts with cost reimbursable provisions, and in solicitation documents prepared to obtain offers for such contracts: (7 CFR Sec. 210.21, 215.14a, 220.16)

1. Allowable costs will be paid from the nonprofit school food service account to the contractor net of all discounts, rebates and other applicable credits accruing to or received by the contractor or any assignee under the contract, to the extent those credits are allocable to the allowable portion of the costs billed to the school food authority;
2. (a) The contractor must separately identify for each cost submitted for payment to the school food authority the amount of that cost that is allowable (can be paid from the nonprofit school food service account) and the amount that is unallowable (cannot be paid from the nonprofit school food service account); or

(b) The contractor must exclude all unallowable costs from its billing documents and certify that only allowable costs are submitted for payment and records have been established that maintain the visibility of unallowable costs, including directly associated costs in a manner suitable for contract cost determination and verification;
3. The contractor's determination of its allowable costs must be made in compliance with the applicable departmental and program regulations and Office of Management and Budget cost circulars;
4. The contractor must identify the amount of each discount, rebate and other applicable credit on bills and invoices presented to the school food authority for payment and individually identify the amount as a discount, rebate, or in the case of other applicable credits, the nature of the credit. Grant Subrecipient Monitoring Procedures – Federal Programs

In the event the district disperses federal funds received through a federal award to other entities and assigns responsibilities to the outside entity to conduct a portion of the work, the district shall be responsible for determining, on a case-by-case basis, whether the agreement with such entity places the outside entity in the role of a subrecipient receiving a subaward of federal funding, or the role of a contractor.

If the district grants subawards of federal funding to other entities as subrecipients, the district shall be responsible for:

1. Evaluating the entity for risk of noncompliance to determine appropriate monitoring practices.
2. Monitoring the subrecipient entity's implementation to ensure compliance with federal, state and local laws, conditions of the federal funding award, and Board policy and procedures.
3. Notifying the subrecipient entity of identified deficiencies found during the monitoring process and ensuring that identified deficiencies are corrected.
4. Documenting and retaining records on subrecipient identification, notification, evaluation, monitoring and corrective actions taken.

Definitions

For purposes of policies and procedures related to federal programs, the following definitions shall apply:

Contract – a legal instrument by which a non-federal entity purchases property or services needed to carry out the project or program under a federal award. The term as used here does not include a legal instrument, even if the entity considers it a contract, when the substance of the transaction meets the definition of a federal program award or subaward. (2 CFR 200.22)

Contractor – an entity that receives a contract, as defined in law and regulations, by which a non-federal entity purchases property or services needed to carry out the project or program under a federal award. (2 CFR 200.23)

Pass-through entity – a non-federal entity that provides a subaward to a subrecipient to carry out part of a federal program. The district serves as the pass-through entity in cases where it awards federal funding to a subrecipient as defined in this procedure. (2 CFR 200.74)

Subaward – an award provided by a pass-through entity to a subrecipient in order to carry out part of a federal award received by the pass-through entity. It does not include payments to a contractor or payments to an individual that is a beneficiary of a federal program. A subaward may be provided through any form of legal agreement, including an agreement that the pass-through entity considers a contract. (2 CFR 200.92)

Subrecipient – a non-federal entity that receives a subaward to carry out part of a federal program; but does not include an individual that is a beneficiary of such program. (A subrecipient may also be a recipient of other federal awards directly from a federal awarding agency.) (2 CFR 200.93)

Subrecipient Versus Contractor

The district must determine, on a case-by-case basis, whether an entity receiving funds from the district as part of a federal funding program serves in a role of subrecipient or contractor. (2 CFR 200.330)

The Business Manager shall be responsible for analyzing the criteria listed in the chart below and evaluating the relationship with the entity based on the substance of the legal agreement, rather than the form of the agreement. The Business Manager may consult with the school solicitor or other qualified counsel in making such determination.

Subrecipient	Contractor
Creates a Federal assistance relationship	Purpose is to obtain goods and services for the non-Federal entity's own use and creates a procurement relationship
Determines who is eligible to receive what Federal assistance	Provides the goods and services within normal business operations
Has its performance measured in relation to whether objectives of a Federal program were met	Provides similar goods or services to many different purchasers
Has responsibility for programmatic decision making	Normally operates in a competitive environment
Is responsible for adherence to applicable Federal program requirements specified in the Federal award; and	Provides goods or services that are ancillary to the operation of the Federal program; and
In accordance with its agreement, uses the Federal funds to carry out a program for a public purpose specified in authorizing statute, as opposed to providing goods or services for the benefit of the pass-through entity (PTE)	Is not subject to compliance requirements of the Federal program as a result of the agreement, though similar requirements may apply for other reasons

Follow-Up Actions –

The Business Manager or designee shall provide subrecipients with written documentation detailing their monitoring results and listing any identified deficiencies. The district shall consider whether the results of monitoring indicate the need to revise existing district policy and procedures. (2 CFR 200.331)

The district shall require subrecipients to take immediate action on issues involving ineligible or illegal use of federal funding, and notify the district of corrective action taken.

The district shall require subrecipients to develop a corrective action plan to address other identified deficiencies or noncompliance issues; such plan shall be submitted to the district within 60 days, and the district shall evaluate and monitor the activities taken by the subrecipient under the corrective action plan. The district may provide technical assistance and/or training to subrecipients in complying with corrective action requirements.

TITLE: MEMORIALS

ADOPTED: March 12, 2020

REVISED:

	<p style="text-align: center;">702.2 MEMORIALS</p> <p>Purpose</p> <p>The death of a student, friend, colleague, or other loved one often motivates individuals to make memorial contributions to the school district. In addition, requests for specific types of memorials are commonly made by donors. However, the district recognizes that it may not always be appropriate to comply with these specific wishes. The purpose of this policy is to establish procedures for the management of memorials.</p> <p>Authority</p> <p>The Board has the authority and responsibility to establish rules and regulations for the presentation of memorials to the District.^[1]</p> <p>Guidelines</p> <p>Memorials to the deceased can be a very sensitive issue, especially in the aftermath of a tragic death. During the grieving process, those grieving often attempt to honor the memory of a student, friend, colleague, or loved one through a visible memorial. In responding to these memorial requests, schools must be careful not to glamorize or sensationalize the death.</p> <p>The Board of Education has established school facilities as a place for learning, education, and youth activities.</p> <p>The District encourages consideration of monetary memorial contributions directed to the Freeport Area School District Foundation and utilized for student scholarships and/or classroom grants for the benefit of the students.</p> <p><u>Spontaneous Temporary Memorials/Expressions Following a Death</u></p> <p>The District is sensitive to the emotional needs of our school community during times of crisis. Tragic incidents or deaths may be observed by spontaneous expressions of grief, support, or sympathy for a victim and/or their family. So that no human life is interpreted to be more or less important than others, the following procedures shall be followed:</p> <ol style="list-style-type: none"> 1. In enforcing this policy, it is imperative that students and staff involved are treated in a sensitive manner by explaining the reasons for the policy to students, staff, parents/guardians.
--	---

702.2 MEMORIALS

2. Since expressions of grief are often emotional and cathartic, individual or trained professionals should be available to appropriately address need.
3. Decorations or displays should be limited to an area designated by the superintendent (or designee). The superintendent (or designee) should use discretion as to the appropriateness of the decorations or displays and when they are to be removed.
4. Candles and other flammable items cannot be permitted on school grounds without the permission of the Superintendent.
5. Gatherings on school property without the presence of an appropriate adult will not be allowed without permission by the superintendent (or designee).

SECTION: OPERATIONS

TITLE: ELECTRONIC SIGNATURES/
RECORDS

ADOPTED: September 9, 2021

800.1 ELECTRONIC SIGNATURES/RECORDS

Purpose

Under certain conditions, electronic records and signatures satisfy the requirements of a manual record and/or signature when transacting business. The Board recognizes that the effectiveness of electronic records and signatures depends upon the authenticity and reliability of the signatures and the context in which the electronic records are created, transferred and stored. Therefore, the Board adopts this policy to allow for the use of and acceptance of electronic records and signatures and to establish the guidelines under which electronic signatures may be utilized by the district.^[1]

Authority

The Board authorizes the use of electronic signatures in place of manual signatures to conduct district business unless a manual signature is required by law or regulations. Electronic signatures shall have the full force and effect of a manual signature when used in accordance with this policy and applicable law and regulations.^[1]

Electronic records filed with or issued by the district shall have the full force and effect of paper records when the requirements of this policy and applicable law and regulations are satisfied.^{[2][3][4]}

This policy applies to the use of electronic records and signatures when permitted or required in connection with district programs and operations.

Definitions

Electronic record – any record created, generated, sent, communicated, received, or stored by electronic means.^{[4][5][6]}

Electronic signature – an electronic sound, symbol or process attached to or logically associated with a record and executed or adopted by a person with the intent to sign the record. More simply, it is a paperless means of committing to a contract or other document in a manner that indicates the signer’s intent to bind themselves and/or the district.^{[5][6]}

**Delegation of
Responsibility**

The Superintendent or designee may develop administrative regulations to direct staff on the parameters for authorized use of electronic signatures related to district programs and operations.

800.1 ELECTRONIC SIGNATURES/RECORDS

Guidelines	<p><u>Electronic Recordkeeping</u></p> <p>The maintenance of electronic records and signatures by the district shall comply with the electronic recordkeeping requirements of state and federal laws and regulations and the district's Records Management Plan.^{[4][7]}</p> <p>Electronic records created or received by the district shall be appropriately attributed to the individual(s) responsible for their creation, authorization and/or approval.</p> <p>The district may specify the type of electronic signature required on an electronic record, the manner and format in which the electronic signature must be affixed to the electronic record, and the criteria that must be met when an individual uses a third party to file a document if electronic records must be signed by electronic means.^[8]</p> <p>The district shall implement and maintain electronic recordkeeping systems to securely receive, store, and reproduce electronic records and signatures relating to transactions in their original form.^{[6][9][10]}</p> <p>Such a system shall allow the district to implement:</p> <ol style="list-style-type: none">1. A security procedure for the purposes of verifying that an electronic signature is that of a specific person or for detecting changes or errors in the information in an electronic record.2. Appropriate control processes and procedures to ensure adequate preservation, disposition, integrity, security, confidentiality and auditability of electronic records.^[8]3. A consistent manner and format in which the electronic records must be created, generated, sent, communicated, received and stored.^[8] <p><u>Electronic Signatures</u></p> <p>An electronic signature may be used if the law requires a signature unless there is a specific law, regulation, or order that requires records to be manually signed. The issuance and/or acceptance of an electronic signature by the district shall be permitted in accordance with the provisions of this policy and all applicable state and federal laws and regulations. Such electronic signature shall have the full force and effect of a manual signature only if the electronic signature satisfies all of the following requirements:^{[1][2][11][12]}</p> <ol style="list-style-type: none">1. The signing employee is authorized to manually sign the document on behalf of the district.
-------------------	---

800.1 ELECTRONIC SIGNATURES/RECORDS

2. The electronic signature identifies the individual signing the document by their name and position.
3. The individual signing with an electronic signature has signed a statement of exclusive use (i.e., a statement that the signer alone has access to and use of the key, PIN, or password which was used to create the electronic signature).
4. The identity of the individual signing with an electronic signature is capable of being validated through the use of an audit trail.
5. The electronic signature and the document to which it is affixed cannot be altered once the electronic signature has been applied.
6. The electronic signature conforms to all other provisions of this policy.

Freeport Area School District shall maintain a secure hard copy log of each employee authorized to utilize an electronic signature in connection with district business, any associated key/PIN/password and a copy of their unique electronic signature.^[4]

This policy does not require a specific method for executing an electronic signature. The employee signing a particular document is responsible for verifying that the method chosen is appropriate for the nature of the transaction. Employees must consider confidentiality, authentication of signatures, and verification that the document signed is, in all respects, identical to the one to which the signer intends to bind the district.

Any electronic signature that appears to be forged, altered, or otherwise not authentic, or that is not compliant with law or regulation, this policy or related administrative regulation, is not a valid signature. Should an electronic signature be deemed invalid, the Superintendent or designee may require a manual signature.

All other policies that apply to the execution of contracts or other documents on behalf of the district remain in full force and effect.

	No fee may be imposed for review of a record to determine whether the record is subject to access under law. ^[17]
	Prior to granting access, the district may require prepayment of estimated fees when the fees required to fulfill the request are expected to exceed \$100. ^[17]
	The Superintendent may waive duplication fees when the requester duplicates the record, or the Superintendent deems it is in the public interest to do so. ^[17]

	A public record that the district does not possess but is possessed by a third party with whom the district has contracted to perform a governmental function and which directly relates to that governmental function, shall be considered a public record of the district, and shall be made accessible in accordance with law, Board policy and administrative regulations. When the district contracts with such a third party, the district shall require the contractor to agree in writing to comply with requests for such records and to provide the district with the requested record in a timely manner to allow the district to comply with law. ^[21]
	If the Open Records Officer determines that a public record contains information both subject to and not subject to access, the Open Records Officer shall grant access to the information subject to access and deny access to the information not subject to access. 	The Open Records Officer may deny a request for access to a record when timely access is not possible due to a disaster, or when access may cause physical damage or irreparable harm to the record. To the extent possible, a record's contents shall be made accessible even when the record is physically unavailable. ^[21]

The district shall not discriminate or retaliate against any person for making, in good faith, a report of suspected child abuse.^[34]

Reporting Procedures

School employees, independent contractors or volunteers who suspect child abuse shall immediately make a written report of suspected child abuse using electronic technologies (www.compass.state.pa.us/cwis) or an oral report via the statewide toll-free telephone number (1-800-932-0313). A person making an initial oral report of suspected child abuse must also submit a written electronic report within forty-eight (48) hours after the oral report. Upon receipt of an electronic report, the electronic reporting system will automatically respond with a confirmation, providing the district with a written record of the report.^{[15][35][36]}

A school employee, independent contractor or volunteer who makes a report of suspected child abuse shall immediately, after making the initial report, notify the building principal or administrator and if the initial report was made electronically, also provide the building principal or administrator with a copy of the report confirmation. The building principal or administrator shall then immediately notify the Superintendent or designee that a child abuse report has been made and if the initial report was made electronically, also provide a copy of the report confirmation.^{[15][35][36]}

806. CHILD ABUSE

When a report of suspected child abuse is made by a school employee, independent contractor or volunteer as required by law, the school district is not required to make more than one (1) report. An individual otherwise required to make a report who is aware that an initial report has already been made by a school employee, independent contractor or volunteer is not required to make an additional report. The person making an initial oral report is responsible for making the follow-up written electronic report within forty-eight (48) hours, and shall provide the building principal or administrator with a copy of the report confirmation promptly after the written electronic report has been filed. The building principal or administrator shall in turn provide a copy of the report confirmation to the Superintendent or designee.^{[15][35][36]}

When necessary to preserve potential evidence of suspected child abuse, a school employee may, after the initial report is made, take or cause to be taken photographs of the child who is the subject of the report. Any such photographs shall be sent to the county agency at the time the written report is sent or within forty-eight (48) hours after a report is made by electronic technologies or as soon thereafter as possible. The building principal or administrator shall be notified whenever such photographs are taken.^[37]

If the Superintendent or designee reasonably suspects that conduct being reported involves a school safety and security incident required to be reported under law, the Superintendent or designee shall inform the law enforcement agency that has jurisdiction over the school's property, in accordance with applicable law, regulations and Board policy.^{[38][39][40][41][42][43]}

Investigation

The building principal or administrator shall facilitate the cooperation with the Department of Human Services of the Commonwealth and/or the county agency investigating a report of suspected child abuse, including permitting authorized personnel to interview the child while in attendance at school.^{[15][44]}

Upon notification that an investigation involves suspected child abuse by a school employee, the building principal or administrator shall immediately implement a plan of supervision or alternative arrangement that has been approved by the Superintendent for the school employee under investigation. The plan of supervision or alternative arrangement shall be submitted to the county agency for approval.^[45]

This policy addresses a range of behaviors that include not only obviously unlawful or improper interactions with students, but also precursor grooming and other boundary-blurring behaviors that can lead to more egregious misconduct.</p> <p>The Board directs that all adults shall be informed of conduct that is prohibited and the disciplinary actions that may be applied for violation of Board policies, administrative regulations, rules and procedures.^[1]</p> <p>This policy is not intended to interfere with appropriate pre-existing personal relationships between adults and students and their families that exist independently of the district or to interfere with participation in civic, religious or other outside organizations that include district students.</p>
<p>Definition</p>	<p>For purposes of this policy, legitimate educational reasons include matters or communications related to teaching, counseling, athletics, extracurricular activities, treatment of a student’s physical injury or other medical needs, school administration or other purposes within the scope of the adult’s assigned job duties.</p>

Electronic communications include, but are not limited to, emails, instant messages and communications made by means of an Internet website, including social media and other networking websites.

As with other forms of communication, when communicating electronically, adults shall maintain professional boundaries with students.

Electronic communication with students shall be for legitimate educational reasons only.

When available, district-provided email or other district-provided communication devices or platforms shall be used when communicating electronically with students. The use of district-provided email or other district-provided communication devices or platforms shall be in accordance with district policies and procedures.^[7]

All electronic communications from coaches and advisors to team or club members shall be sent in a single communication to all participating team or club members, except for communications concerning an individual student's medical or academic privacy matters, in which case the communications will be copied to the building principal. In the case of sports teams under the direction of the Athletic Director, such medical or academic communications shall also be copied to the Athletic Director.

Adults shall not follow or send or accept requests for current students to be friends or connections on personal social networking sites and shall not create any networking site for communication with students other than those provided by the district for this purpose, without the prior written approval of the building principal.

824. MAINTAINING PROFESSIONAL ADULT/STUDENT BOUNDARIES

Exceptions

An emergency situation or a legitimate educational reason may justify deviation from the rules regarding communication or methods for maintaining professional boundaries set out in this policy. The adult shall be prepared to articulate the reason for any deviation from the requirements of this policy and must demonstrate that they have maintained an appropriate relationship with the student.

Under no circumstance will an educational or other reason justify deviation from the “Romantic and Sexual Relationships” section of this policy.

There will be circumstances where personal relationships develop between an adult and a student’s family, e.g., when their children become friends. This policy is not intended to interfere with such relationships or to limit activities that are consistent with such relationships. Adults are strongly encouraged to maintain professional boundaries appropriate to the nature of the activity.

It is understood that many adults are involved in various other roles in the community through non district-related civic, religious, athletic, scouting or other organizations and programs whose participants may include district students. Such community involvement is commendable, and this policy is not intended to interfere with or restrict an adult’s ability to serve in those roles; however, adults are strongly encouraged to maintain professional boundaries appropriate to the nature of the activity with regard to all youth with whom they interact in the course of their community involvement.

Reporting Inappropriate or Suspicious Conduct

Any person, including a student, who has concerns about or is uncomfortable with a relationship or interaction between an adult and a student, shall promptly notify the building principal or Title IX Coordinator. Reports may be made using the Discrimination/Harassment/Bullying/Hazing/Dating Violence/Retaliation Report Form or by making a general report orally or in writing. Upon receipt of a report, school staff shall promptly notify the Title IX Coordinator.^{[5][8]}

All district employees, independent contractors and volunteers who have reasonable cause to suspect that a child is the victim of child abuse, shall immediately report the suspected abuse, in accordance with applicable law, regulations and Board policy.^{[9][10]}

An educator who knows of any action, inaction or conduct which constitutes sexual abuse or exploitation or sexual misconduct under the Educator Discipline Act and/or Child Protective Services Law shall report such misconduct immediately through the Child Welfare Portal or by calling ChildLine at 1-800-932-0313 and, within fifteen (15) days of discovery of such misconduct, to the Pennsylvania Department of Education on the required form and to the Superintendent, Title IX Coordinator and his/her immediate supervisor.

824. MAINTAINING PROFESSIONAL ADULT/STUDENT BOUNDARIES

If the Superintendent or designee reasonably suspects that conduct being reported involves an incident required to be reported under the Child Protective Services Law, the Educator Discipline Act or the school safety and security provisions of School Code, the Superintendent or designee shall make a report, in accordance with applicable law, regulations and Board policy.^{[9][10][11][12][13][14][15][16][17][18]}

It is a violation of Board policy to retaliate against any person for reporting any action pursuant to this policy or for participating as a witness in any related investigation or hearing.^{[5][8]}

Investigation

The Title IX Coordinator shall promptly assess and address allegations of inappropriate conduct in accordance with the procedures for reports of discrimination/harassment.^{[5][8]}

It is understood that some reports made pursuant to this policy will be based on rumors or misunderstandings; the mere fact that the reported adult is cleared of any wrongdoing shall not result in disciplinary action against the person making the report or any witnesses. If as the result of an investigation any individual, including the reported adult, the person making the report or a witness is found to have knowingly provided false information in making the report or during the investigation or hearings related to the report, or if any individual intentionally obstructs the investigation or hearings, this may be addressed as a violation of this policy and other applicable laws, regulations and Board policies. Obstruction includes, but is not limited to, violation of “no contact” orders given to the reported adult, attempting to alter or influence witness testimony and destruction of or hiding evidence.^{[5][8][12][19][20][21][22]}

Disciplinary Action

A district employee who violates this policy may be subject to disciplinary action, up to and including termination, in accordance with all applicable district disciplinary policies and procedures.^{[8][12][19]}

A volunteer, student teacher, or independent contractor or an employee of an independent contractor who violates this policy may be prohibited from working or serving in district schools for an appropriate period of time or permanently, as determined by the Superintendent or designee.

Training

The district shall provide training with respect to the provisions of this policy to current and new district employees, volunteers and student teachers subject to this policy.

824. MAINTAINING PROFESSIONAL ADULT/STUDENT BOUNDARIES

The district, at its sole discretion, may require independent contractors and their employees who interact with students or are present on school grounds to receive training on this policy and related procedures.

SECTION: PROPERTY

TITLE: REASONABLE USE OF FORCE

ADOPTED: April 10, 2019

REVISED:

FREEPORT AREA SCHOOL DISTRICT

<p>Purpose</p>	<p style="text-align: center;">825. REASONABLE USE OF FORCE</p> <p>The purpose of this policy is to provide the School Police Officer with a clear and consistent understanding of his/her performance expectations when force is asserted, upon any person, especially with respect to students. In addition, this policy addresses authorized weapons, respective training, and the reporting requirements when the use of force is asserted, as a result of threatened and/or assaultive behavior of an individual that risks physical injury to himself or others.</p> <p>This policy is not intended to create or affect an officer’s alleged liability in any criminal or civil court proceeding. This policy is not intended to establish a higher standard of safety or care in regulating employee actions as they may pertain in cases of third party claims. It is understood that no set of policies or procedures can effectively address every possible scenario a School Police Officer may encounter and that the judgment and discretion of the individual School Police Officer necessarily govern the decision-making utilized in use of force incidents. When using reasonable force against a subject, the School Police Officer must have a sound and articulable reason for doing so as determined by the totality of the circumstances confronting the officer.</p>
<p>Policy</p>	<p>The primary purpose of a School Police Officer at the Freeport Area School District is to promote the safety of students, staff and visitors. This includes the safety of any student who needs to be controlled by the officer. Accordingly, a School Police Officer shall use only that force that is reasonably necessary to protect persons from immediate risk of injury.</p> <p><u>Definitions</u></p> <p>Use of Force: Use of force is the amount of effort required by the School Police Officer to compel compliance from a person in order to protect the individual or others from serious bodily injury. Force used must be “objectively reasonable” based on the facts and circumstances confronting the officer and judged from the perspective of a reasonable officer on the scene.</p>

825. REASONABLE USE OF FORCE

Deadly force: Any force, which, under the circumstances in which it is used, is readily capable of causing death or serious bodily injury. 18 Pa.C.S.A. § 501.

Non-Lethal force: Any force other than that which is considered deadly force.

Serious bodily injury: Bodily injury that creates a substantial risk of death or which causes permanent disfigurement, or protracted loss or impairment of the function of any bodily member or organ.

Objectively Reasonable: In determining the necessity for force and the appropriate level of force, officers shall objectively evaluate each situation in light of the known facts and circumstances, including, but not limited to, the seriousness of the situation and risk of injury to others, the level of threat or resistance presented by the subject and the danger to the community.

Excessive Force: Physical force that exceeds the degree permitted by law or the policies and guidelines of the Freeport Area School District. A school police officer shall not apply physical force to a person who has been rendered incapable of inflicting harm on himself or others.

Use of Force Statutory Justification

The Pennsylvania Crimes Code, Title 18, Chapter 5, “General Principles of Justification”, describes those circumstances in which the use of force is justified. Relevant sections within that chapter include, but are not necessarily limited to:

18 Pa.C.S.A. § 505 - Use of Force in Self-Protection

18 Pa.C.S.A. § 506 - Use of Force for the Protection of Other Person

18 Pa.C.S.A. § 508 - Use of Force in Law Enforcement

These provisions establish the legally binding restrictions regarding the use of force by Freeport Area School District’s School Police Officers as it relates to criminal or enforceable civil matters. All officers are responsible for the review and knowledge of these Pennsylvania Statutes.

Use of Force Continuum

School Police Officers are permitted to use the degree of force objectively reasonable to accomplish the lawful objective of providing a safe and secure school environment. The general progression of force can be depicted with the following levels except as the specific circumstances encountered otherwise may require:

825. REASONABLE USE OF FORCE

Level 1

Officer Presence - Identification of authority through school police officer in uniform.

Verbal commands - Dialogue of commands of direction or arrest. Verbal commands should be used in conjunction with all levels of force). Commands issued to a student shall appropriately reflect the student's age and intelligence level, and shall not consist of taunting, name-calling, threats, or cursing directed at the student. Warnings should be issued to the student each time a School Police Officer intends to escalate the level of force (e.g., "Stop this behavior or I will escort you to the principal's office"; "If you do not stop punching/kicking immediately, I will restrain your arms/legs").

Level 2

Minimal Restraint and Control - Soft empty hand or balance displacement control techniques that have minimal probability of injury if the subject resists (i.e. holding/grasping/cuffing/escorting, etc.)

Level 3

Physical Commands (Take downs, Joint Manipulation/Pressure Point, Control Tactics, Striking Muscle Groups) - Control techniques that include pain compliance techniques to the subject that present minimal potential of injury to the subject. The strikes should be aimed at major muscle masses of the subject's body.

Level 4

Striking/Punching/Kicking - Control techniques with the officer's open hand, clenched fist, forearm or leg that have a greater potential of injury to the subject.

Baton Restraints - Use of the baton as a controlling device (joint manipulation) not as an impact weapon.

Level 5

Baton strikes - Less lethal option for use against violent/aggressive subjects not armed with firearms.

Level 6

Deadly force - Force that, under the circumstances in which it is to be used is readily capable of causing death or serious bodily injury.

825. REASONABLE USE OF FORCE

Use of Force Guidelines

The School Police Officer's degree of force used in subduing a student or other person shall be based on the totality of the circumstances, including: 1) the severity of any crime at issue, 2) the immediate threat to the safety of the officer or others that the student poses, 3) whether the student or other person is resisting or evading the officer, 4) how violent or dangerous the officer perceives the student or other person to be, based on the student's or person's age, size, mental and physical capacity, 5) the duration of the force, 6) whether the force was used in making an arrest, 7) whether the student or other person might be armed or carrying some other weapon, and 8) the number of people with whom the officer must contend. Once a School Police Officer has affected control of a situation he/she shall de-escalate to the lowest level of force necessary to maintain control of the situation/subject.

The Use of Force Continuum options are not absolute. The ability to escalate or de-escalate is imperative. The standard by which use of force decisions are made is the totality of the circumstance, which includes, but is not limited to the following factors:

- a) Officer vs. Subject factors
 - Age
 - Size
 - Skill level

- b) Special Circumstances
 - Close proximity to a firearm/other weapon
 - Special knowledge as to the subject
 - Injury to or exhaustion of officer
 - Officer forced to the ground or other vulnerable position
 - Disability of officer
 - Imminent danger to officer or another

In using any level of force, with respect to secondary students, a School Police Officer shall at all times be cognizant of the age, grade level, size and physical and mental capacity of the student. In general, the policy of the Freeport Area School District is to avoid the use of any device with respect to any student whose actions do not constitute an immediate threat of serious bodily injury to himself or another.

Restraint Devices and Procedures

Upon prior authorization by the Superintendent, a School Police Officer while on duty may carry handcuffs, as well as, "flex cuffs," leg shackles or similar restraining devices.

825. REASONABLE USE OF FORCE

The use of handcuffs, leg shackles and other restraining device constitutes a level of force and should only be used as necessary to restrain an individual in order to affect control of a situation. Under no circumstances should those devices be used as a form of punishment. Handcuffs and other restraints should be used as a last resort to subdue or escort a student or subject and should never be utilized as a scare tactic, to embarrass the student or to “teach a student a lesson.”

Typically, handcuffs are to be used behind the back. School Police Officers are permitted to handcuff an individual’s hands in front, if used in conjunction with other restraining devices, (i.e.) restraining belt/chain and/or leg shackles. Exigencies may arise that prohibit a subject from being handcuffed in this manner, such as a person with injuries that could be aggravated by standard handcuffing procedures. At no time should a School Police Officer handcuff a person to themselves.

When it is necessary for the School Police Officer to use his/her body weight to subdue and/or restrain an individual, the School Police Officer, once the individual is controlled, should quickly remove his weight to allow the individual to breathe freely and to avoid the possibility of positional asphyxia, which is death from lack of oxygen. School Police Officers should attempt to get the individual into a sitting or standing position or, at the very minimum, roll the individual on to his side, as soon as possible.

Non-Lethal Force Equipment

The Freeport Area School District recognizes that combative, non-compliant, armed and/or violent subjects may cause control problems that necessitate the use of non-lethal equipment, such as tasers, pepper spray and batons. Such less than lethal force equipment may be used to assist with the control and de-escalation of these potentially violent confrontations to lessen the likelihood of serious bodily injury or death to the School Police Officer or combative subject or other persons. Where deadly force is not authorized, the School Police Officer should assess the incident in order to determine which non-lethal technique or equipment may best de-escalate the incident and bring it under control in a safe manner.

Use of Batons

Upon prior authorization by the Superintendent, a School Police Officer while on duty may carry a baton, which shall be carried in a black scabbard. The School Police Officer must receive annual training and certification by a certified baton instructor to be authorized to carry this device.

825. REASONABLE USE OF FORCE

The deployment and delivery of the baton should be to the following areas:

- a) Primary Target, major muscle masses: The primary target areas are the major muscle masses, those being the forearm, thigh and calf. Impact strikes to the District mass of these primary areas, have a low probability of injury to the subject and normally create severe muscle cramping which inhibits the subject's ability to continue their aggression.
- b) Secondary target areas, joints and bones: If primary areas are unavailable or unreasonable officers shall target the District mass of joints or bones. For example, elbows, wrists and knees. These areas carry a high probability of creating damage to the soft or connecting tissues as well as bone fractures.
- c) Deadly force targets: include the face, neck, head, chest, spine, and lower back, which are very likely to cause death/serious injury and shall be avoided unless deadly force is authorized, necessary and reasonable in accordance with Freeport Area School District policy and applicable law.

The use of alternative impact devices (i.e. flashlight, broom handle, stick, etc.) shall be permitted in the event that the School Police Officer's use of their primary impact device is not feasible, malfunctions, or is unavailable. When an alternative impact device is used it shall be used in the same manner as prescribed in this section.

As with any other use of force options, application of impact devices will cease when the offender stops resistance or aggression, or when the School Police Officer has gained sufficient control of the subject. The subject is to be immediately restrained when the situation is stabilized. The School Police Officer shall check the subject for obvious injuries and summon medical assistance and/or render first aid when appropriate.

Use of Tasers

Upon prior authorization by the Superintendent, a School Police Officer while on duty may carry a conductive electrical weapon (taser), which shall be carried in an appropriate holster. The School Police Officer must receive annual training and certification to be authorized to carry this device.

825. REASONABLE USE OF FORCE

A taser may be used to control a subject when the School Police Officer reasonably perceives that he/she or another person is threatened with serious bodily injury or to control a threatening subject when deadly force is not justified and attempts to control the subject by other tactics are ineffective or if there is a reasonable expectation that it is unsafe for School Police Officers to approach within contact range of a subject.

When using a taser, the size, weight, and age of the subject should be considered. The School Police Officer should avoid targeting the eyes, face, groin and breasts and should attempt to target the taser in a less sensitive area of the person's body. The minimal number of tases should be used to subdue the subject. If possible under the circumstances, a warning should be given to the person if the School Police Officer anticipates use of the taser is imminent.

Once the subject is restrained or in custody, the taser probes should be promptly removed from the subject. The School Police Officer shall check the subject for obvious injuries and summon medical assistance and/or render first aid when appropriate.

Use of Deadly Force

A School Police Officer is justified to use deadly force and/or discharge weapons when he/she reasonably believes that the action is in defense of human life, including the officer's own life, or in defense of any person in imminent danger of serious bodily injury or death. Officers shall give due consideration to their weapon system being used and their potential limitations when deployed in specific environments or situations.

An officer must reasonably believe that subject has the **OPPORTUNITY** to cause death or serious bodily injury to the officer or another person; the officer must reasonably believe the subject has the **ABILITY** to cause death or serious bodily injury to the officer or another person; and the officer must reasonably believe that the officer's life or the life of another person is in **JEOPARDY** of death or serious bodily injury.

Lethal Weapons - Prohibited Use

The School Police Officer is prohibited from discharging firearms under the following circumstances:

- a) When it is probable that an innocent bystander(s) is likely to be injured by the School Police Officer's firearm discharge, directly or indirectly.

825. REASONABLE USE OF FORCE

- b) Firing Warning Shots-Defined as discharging any firearm into the air or ground (i.e., “warning shots”) in an attempt to cause a fleeing suspect to stop or surrender.
- c) To protect or preserve property.
- d) To obtain compliance of a subject that does not present an imminent threat to cause serious bodily injury to another person.

Except during general maintenance, storage, inspections or authorized training, an officer shall not draw or exhibit an authorized firearm unless under circumstances which create reasonable cause to believe it may be necessary to lawfully use such firearm in conformance with law and this policy.

In the event the School Police Officer is involved in a firearm discharge, he/she shall determine the physical condition of any injured party and immediately summon medical assistance and/or render first aid when appropriate. All discharged weapons and ammunition shall be immediately delivered to the custody of the Superintendent or his/her designee for investigation purposes.

Firearms Possession

While on duty, a School Police Officers shall carry his/her issued handgun fully loaded and all other related equipment.

The School Police Officer shall annually complete any training required to maintain or renew certification to carry firearms.

In the event that a School Police Officer loses or has stolen his/her firearm and/or any other firearm authorized for duty use, he/she shall immediately notify the Superintendent and the Superintendent of Record of such loss or theft and have the incident documented accordingly.

Reporting Procedures

The School Police Officer shall complete and submit to the Superintendent a written incident report whenever he/she:

- a) Takes an action which results in, or is alleged to have resulted in injury to or the death of another person.
- b) Applies force on another person through the means of lethal or non-lethal force no matter if injury occurs or not.

825. REASONABLE USE OF FORCE

	<p>c) Applies force of Level 2 or greater from the Use of Force Continuum: relating to takedowns, joint manipulations, pepper spray, Pain/Mechanical Compliance, or Deadly Force, in an effort to control subject(s).</p> <p>An incident report will also be completed, and will include a detailed description of the incident describing the actions of both the suspect(s) and the School Police Officer.</p> <p>Each discharge of a firearm while on duty shall be reported to the Superintendent and the Superintendent of Record whether or not someone is injured by such discharge. A written report shall be made as soon as the circumstances permit. A complete investigation will be conducted into any discharge of a firearm by the School Police Officer in the course of his/her duties.</p> <p>References:</p> <p>School Code - 24 P.S. § 13-1306-C</p> <p>Municipal Police Education and Training Act - 53 Pa.C.S. §§ 2161, <i>et seq.</i></p>

REVISED:

829. ELECTRONIC RECORDS/SIGNATURES	
Purpose	Under certain conditions electronic records and signatures satisfy the requirements of a written signature when transacting business. The District wishes to promote effective and efficient use of electronic communications to conduct business. Although all electronic signatures are represented digitally, they can take many forms and can be created using many different types of technology. The authenticity and reliability of electronic records and signatures relating to transactions are dependent on the accompanying processes, supplemental records and the overall context in which records are created, transferred, signed and stored. District adopts the following policy with respect to the use of electronic records and signatures in connection with the transaction of District business.
Definitions	<p>Attribution - an electronic record or electronic signature is attributable to a person if it was the act of the person. Guidelines	<p><u>Electronic Records</u></p> <p>Electronic records created or received by the District shall be appropriately attributed to the individual(s) responsible for their creation and/or authorization or approval. The District shall utilize available technology to implement reliable methods for generating and managing electronic records. 2. If a signature is required on the record or communication by any law, rule or other applicable District policy, the electronic signature must conform to the requirements set forth in this policy governing the use of electronic signatures.

Electronic Signature

An electronic signature may be used if the law requires a signature unless there is a specific law, regulation, or order that requires records to be signed in non-electronic form. The issuance and/or acceptance of an electronic signature by the District shall be permitted in accordance with the provisions of this policy and all applicable state and federal laws. Such electronic signature shall have the full force and effect of a manual signature only if the electronic signature satisfies all of the following requirements:

1. The electronic signature identifies the individual signing the document by his/her name and title.
2. The identity of the individual signing with an electronic signature is capable of being validated through the use of an audit trail.
3. The electronic signature and the document to which it is affixed cannot be altered once the electronic signature has been affixed unless authorized by the original signatory.
4. The electronic signature conforms to all other provisions of this policy.

Acceptance, Use and Issuance of Electronic Records and Signatures

The District shall develop and maintain an electronic recordkeeping system that can receive, store, and reproduce electronic records and signatures relating to transactions in their original form. Such system shall include security procedures whereby the District can:

1. Verify the attribution of a signature to a specific individual.
2. Detect changes or errors in the information contained in a record submitted electronically.
3. Protect and prevent access, alteration, manipulation or use by an unauthorized person.

829. ELECTRONIC RECORDS/SIGNATURES

4. Provide for non-reproduction through strong and substantial evidence that will make it difficult for the signer to claim that the electronic representation is not valid.

The District shall ensure that all electronic records and signatures are capable of being accurately reproduced for later reference and retained until such time as all legally mandated retention requirements are satisfied.

The Superintendent shall designate individuals who are authorized to utilize an electronic signature in connection with District business and shall require each designated individual to sign a statement of exclusive use. All persons authorized to utilize an electronic signature are responsible for activities conducted under their user ID and are expected to take all precautions to safeguard their password and files to prevent unauthorized use. Sharing of passwords or other access credentials is prohibited.

The District shall maintain a secure hard copy log of the PIN/password or actual signature of any individual authorized to provide an electronic signature in connection with District business.

The District will receive and accept as original, electronic records and signatures so long as the communication, on its face, appears to be authentic.

The District will retain in its records this policy and all statements of exclusive use, until such time as all legally mandated retention requirements are satisfied.

Nothing in this policy is intended to authorize any individual to sign on behalf of the District if he or she has not been granted such authority, and such signature authority continues to be governed by all other applicable District policies.

916. SCHOOL VOLUNTEERS

1. Purpose

The Board values the unique contributions made by parent and community volunteers to the educational programs of the School District. Accordingly, the Board encourages the use of parent and community volunteers, subject to certain requirements and procedures as set forth below.

2. Definitions

Routine interaction -- Regular and repeated contact that is integral to a person's volunteer responsibilities.

A **volunteer** is any individual who performs a service for the School District without compensation, remuneration or other consideration and who otherwise meets the requirements of this policy. A volunteer must be at least 18 years of age. A volunteer need not be a parent of a student enrolled in the School District. A School District student who serves as equipment manager or assistant athletic trainer or who provides other volunteer assistance in support of a curricular, co-curricular or extra-curricular activity, other than an activity for children who are in the care of a child-care service, is not considered to be a volunteer for purposes of this policy.

A **guest volunteer** is an adult who voluntarily provides a service to the district, who: (1) works directly under the supervision and direction of a school administrator, a teacher or other member of the school staff; and (2) does not have direct contact with children. Examples include, but are not limited to, speakers at school assemblies, ushers at school concerts, collecting tickets at events, working concession stands, participating in "Career Day", etc.

A **program volunteer** is a volunteer who: 1) works under the general direction and supervision of a teacher or administrator employed by the District; and 2) provides direct services to students or may, from time to time, have or may be reasonably expected to have direct contact with children. A volunteer shall not receive wages, salary or other valuable consideration for the performance of his or her services. Holding the position of a volunteer is not a right, but a privilege conferred upon the volunteer by the Board, acting through the building principal of each school within the School District. The School District reserves the right to terminate the services or status of any volunteer at its exclusive discretion.</p> <p><u>Clearance and Training Requirements</u></p> <p>A program volunteer shall be required to complete, submit for approval, pay for and file in the office of the school building on whose behalf the volunteer renders such services an Act 34 criminal history report from the Pennsylvania State Police, an Act 114 federal criminal history report and an Act 151 child abuse clearance statement. Once the required clearances are on file with the School District, the program volunteer will be required, on an annual basis, to sign an affirmation that they have not perpetrated or been convicted of any offense that would preclude their employment by the School District under Act 34, Act 114 or Act 151 ("Volunteer Affirmation"). Program volunteers will be required to renew their state and federal criminal history reports and child abuse clearance statement every five years.</p> <p>With the exception of any program volunteer who will participate in student activities that extend beyond a single day and/or occur overnight (in which case the volunteer must in all cases provide a federal criminal history report), a program volunteer shall not be required to obtain and provide a federal criminal history report if:</p> <ul style="list-style-type: none">(a) the individual has been a resident of the Commonwealth of Pennsylvania during the entirety of the previous ten-year period or(b) if the individual was not a resident of the Commonwealth of Pennsylvania during the entirety of the previous ten-year period but has obtained a federal criminal history report at any time since establishing residency in the Commonwealth of Pennsylvania and provides a copy of that report to the School District, and submits a Program Volunteer Affidavit affirming that they have not perpetrated or been convicted of any offense that would preclude their employment by the School District under Act 34, Act 114, or Act 151 or Section 6344(C) of the Child Protective Services Law. <p>Program volunteers shall report to the Superintendent or designee, in writing, within seventy-two (72) hours, an arrest or conviction required to be reported by law or notification that the volunteer has been named as a perpetrator in a founded or indicated report pursuant to the Child Protective Services Law.</p>
-----------------------------	--

916. SCHOOL VOLUNTEERS

The Superintendent or designee shall require a program volunteer to submit new certifications if the Superintendent or designee has a reasonable belief that the volunteer was arrested for or has been convicted of an offense required to be reported by law, was named as a perpetrator in a founded or indicated report, or has provided written notice of such occurrence.

Failure to accurately report such occurrences may subject the program volunteer to termination of their volunteer status and criminal prosecution.

A guest volunteer is not required to obtain clearances.

Program volunteers having direct contact with children for ten (10) or more hours per week shall undergo a tuberculosis examination in accordance with regulations of the Pennsylvania Department of Health and to furnish such report to the School District prior to performing services for the School District.

Program volunteers shall attend orientation and training sessions, if required or appropriate to the nature of their volunteer service. When training is provided for school employees relating to the legal obligations of employers and educational institutions, consideration shall be given to which volunteers should also receive that training.

Child Abuse Reporting

All volunteers who have reasonable cause to suspect that a child is the victim of child abuse shall make a report of suspected child abuse in accordance with applicable law, Board policy and administrative regulations.

Under no circumstances shall volunteers be permitted to administer or enforce discipline upon students enrolled in the School District.

Volunteers shall follow all applicable administrative procedures established pursuant to this policy and shall follow all other rules, regulations and administrative guidelines concerning the conduct of the professional and paraprofessional staff of the School District including all of the requirements of the Family Education Rights and Privacy Act (FERPA); provided, however that such rules, regulations and administrative procedures and guidelines shall not be deemed to expand the responsibility, authority or scope of activity applicable to volunteers under this policy.

Except in the case of an emergency, volunteers shall not administer first aid or other medical assistance to students.

TITLE I PARENT AND FAMILY ENGAGEMENT POLICY SOUTH BUFFALO ELEMENTARY SCHOOL

Purpose

The Board recognizes that meaningful parent and family engagement contributes to the achievement of state academic standards by students participating in Title I programs. This policy, developed by South Buffalo Elementary School in collaboration with and agreed to by parents and family members, describes how parents and family members will be engaged at the school level.

Components

The school complies with federal law related to the engagement of parents and family members by detailing how the school will:

1. Involve parents and family members in the planning, review and improvement of the school's Parent and Family Engagement Policy:
 - As a component of the Schoolwide Title I planning process, parents are involved in the development/revision/update to the Parent and Family Engagement Policy. A committee is formed consisting of the Building Principal, special Services Coordinator, regular education teachers, special education teachers, instructional specialists, parents, and community members. One of the established meetings is reserved for the review of the existing plan, making revisions, and updating the engagement policy to meet the needs of the parents and school.
2. Convene an annual meeting, at a convenient time:
 - To which all parents and family members of participating children shall be invited, and encouraged to attend;
 - To inform parents and family members of their school's participation as a Title I school; and
 - To explain the requirements and the rights of parents and family members to be involved.
 - Each school year will begin with an opening informational meeting where the teachers and administrators are present to discuss the program and explain the processes. Parents will be provided with a description and explanation of the curriculum in use at the school, the forms of academic assessments used to measure student progress, and the achievement levels of the challenging state academic standards. All parents are invited and encouraged to attend. This is followed by at least two parent advisory meetings where suggestions are requested. In addition, an annual survey/ needs assessment is sent to all parents.

3. Offer a flexible number of meetings in the morning and/or the evening, and may provide Title I funds, if sufficient, to facilitate parent and family member attendance at meetings through payment of transportation, child care costs and/or refreshments.
 - Based upon the results of the parents' needs assessment, meetings are scheduled in the evening, during the school day, or in the morning prior to the start of the school day in order to maximize parent participation. Title I funds are reserved in the budget for facilitation of parent engagement activities, as detailed in the Consolidated Application.
4. Involve parents and family members, in an organized, ongoing, and timely way, in the planning, review, and improvement of the Title I program, including the planning, review, and improvement of the school's parent and family engagement program:
 - Parents are involved in the development/revision/update to the overall schoolwide Title I plan, which includes the revision and improvement of the Parent and Family Engagement Policy. A committee is formed consisting of the Building Principal, special Services Coordinator, regular education teachers, special education teachers, instructional specialists, parents, and community members. Meetings are held during the school year to review the existing plan, make revisions, and update the plan (including goals, professional development, and parent engagement activities) based upon the comprehensive need assessment. Parents are also involved through the committee, as well as an advisory committee of interested parents, for the purpose of revising the Parent and Family Engagement Policy, School-Parent-Compact, and other related Title I forms.
5. Provide parents and family members of participating children with timely information about the Title I program:
 - Aside from the annual Title I parent meeting at the onset of the school year, The South Buffalo Elementary School will notify parents of available parent involvement activities, workshops, and trainings via letters, flyers, notes, emails, website postings, and social media. Teachers will routinely send home materials as guided practice with directions for the parents to participate, as well as online resources that can foster involvement. The school will offer assistance to parents and family members on how to monitor a child's progress and work with teachers to improve the achievement of their children. Materials and trainings will be provided to parents in the areas of literacy and the use of technology to encourage involvement.
6. Provide parents and family members of participating children with a description and explanation of the curriculum in use at the school, the forms of academic assessments used to measure student progress, and the achievement levels of the state academic standards:
 - During the annual parent meeting at the onset of the school year, the building principal provides parents and family members with a description of the curriculum used at the school, as well as the forms of academic assessments used to measure student progress, such as PSSA, NWEA MAP, DIBELS, and DRA. At this meeting, the building principal also reviews the school's prior year scores on the PSSA for ELA, Math, and Science.

7. Provide, if requested by parents and family members, opportunities for regular meetings to formulate suggestions and to participate, as appropriate, in decisions relating to the education of their children, and respond to any such suggestions:
 - In addition to the annual Title I parent meeting at the onset of the school year, opportunities for regular meetings to formulate suggestions and participate in decisions relating to the education of their children occur during monthly Title I schoolwide planning sessions, parent advisory meetings, parent trainings and workshops, open house, needs assessments surveys, and parent-teacher conferences during the school year. The building principal and the teaching staff are also available by appointment as needed to discuss with parents any topic related to the education of their children.
8. Involve parents and family members in the joint development of the Schoolwide Program Plan in accordance with federal law. [Note: applies only to Title I schools operating a Schoolwide Program]:
 - Parents and family members are involved in the joint development of the Schoolwide Program Plan through an invitation to join both the South Buffalo Elementary Schoolwide Planning Committee, as well as the South Buffalo Elementary Parent Advisory Committee. Monthly meetings are held to develop the plan for the upcoming school year consisting of goal development based upon a teacher and parent needs assessment, plan professional development for the staff with parent input, create parent involvement opportunities through trainings and workshops, and review, revise, and create required Title I forms.
9. Create a school-parent and family compact developed jointly with parents and family members outlining how parents and family members, the entire school staff, and students will share in the responsibility for improved student academic achievement and the means by which the school and the parents and family members will build and develop partnerships to help children achieve the state's academic standards. The compact will outline how parents, the entire school staff, and students will share in the responsibility for improved student academic achievement and the means by which the school and the parents will build and develop partnerships to help children meet the State's high academic standards. The compact, along with all other Title I documents, procedures, policies, and resources will be posted on the District's Title I website.
 - Parent Conferences are held for all students twice a year, and an additional two parent conferences are held for parents whose children require additional services, or who are struggling academically. The school schedules evening conference hours, as well as daytime hours. During this time, teachers review the academic standards, the child's present level of instruction, assessments scores (i.e. DIBELS, DRA, NWEA MAP), as well as teacher crafted assessments and instructional strategies. In addition to the scheduled conference dates, the school's reading specialist, RTII specialist, and building principal are available upon request to meet with parents to further review progress.
 - Numerous opportunities exist to volunteer in the classroom and at school functions, provided parents possess the required clearances. The school will provide direction and assistance to parents to obtain said clearances. The South Buffalo Elementary School will notify parents of available parent involvement activities and will work with them to provide accommodations.

Teachers also discuss these items at parent-teacher conferences, and information is posted on the school's Title I website.
