Peer Mentors is a leadership organization that supports incoming 9th graders transition to high school and acclimate to a high pressure STEM school! We strive to create lasting bonds and create a family community.

We host Summer Adventure, JumpStart, and many Fall FLEXES for our 9th graders.

Support

We aim to be there for our Mentees for whatever they may need. We provide our support in academics, time management, organization, and general wellness.

Empathize

As your mentors we have taken all of the same classes as 9th graders. We will always understand struggles and share our experiences to relate.
