

7 Hour S.T.E.M Crime Scene Class for Students

2025 Spring Class

STEM concepts relating to Forensics and solving Crime Scenes are explored. The lecture, labs, and exercises will cover many "CSI" topics including: collecting, analyzing and classifying fingerprints, creating & examining blood spatter patterns, casting footprints, and so much more... This is a very hands-on and interactive enrichment class for students. Current or former Detectives teach this class.
