WEST PARK *Leadership*

Welcome to WPHS Leadership!

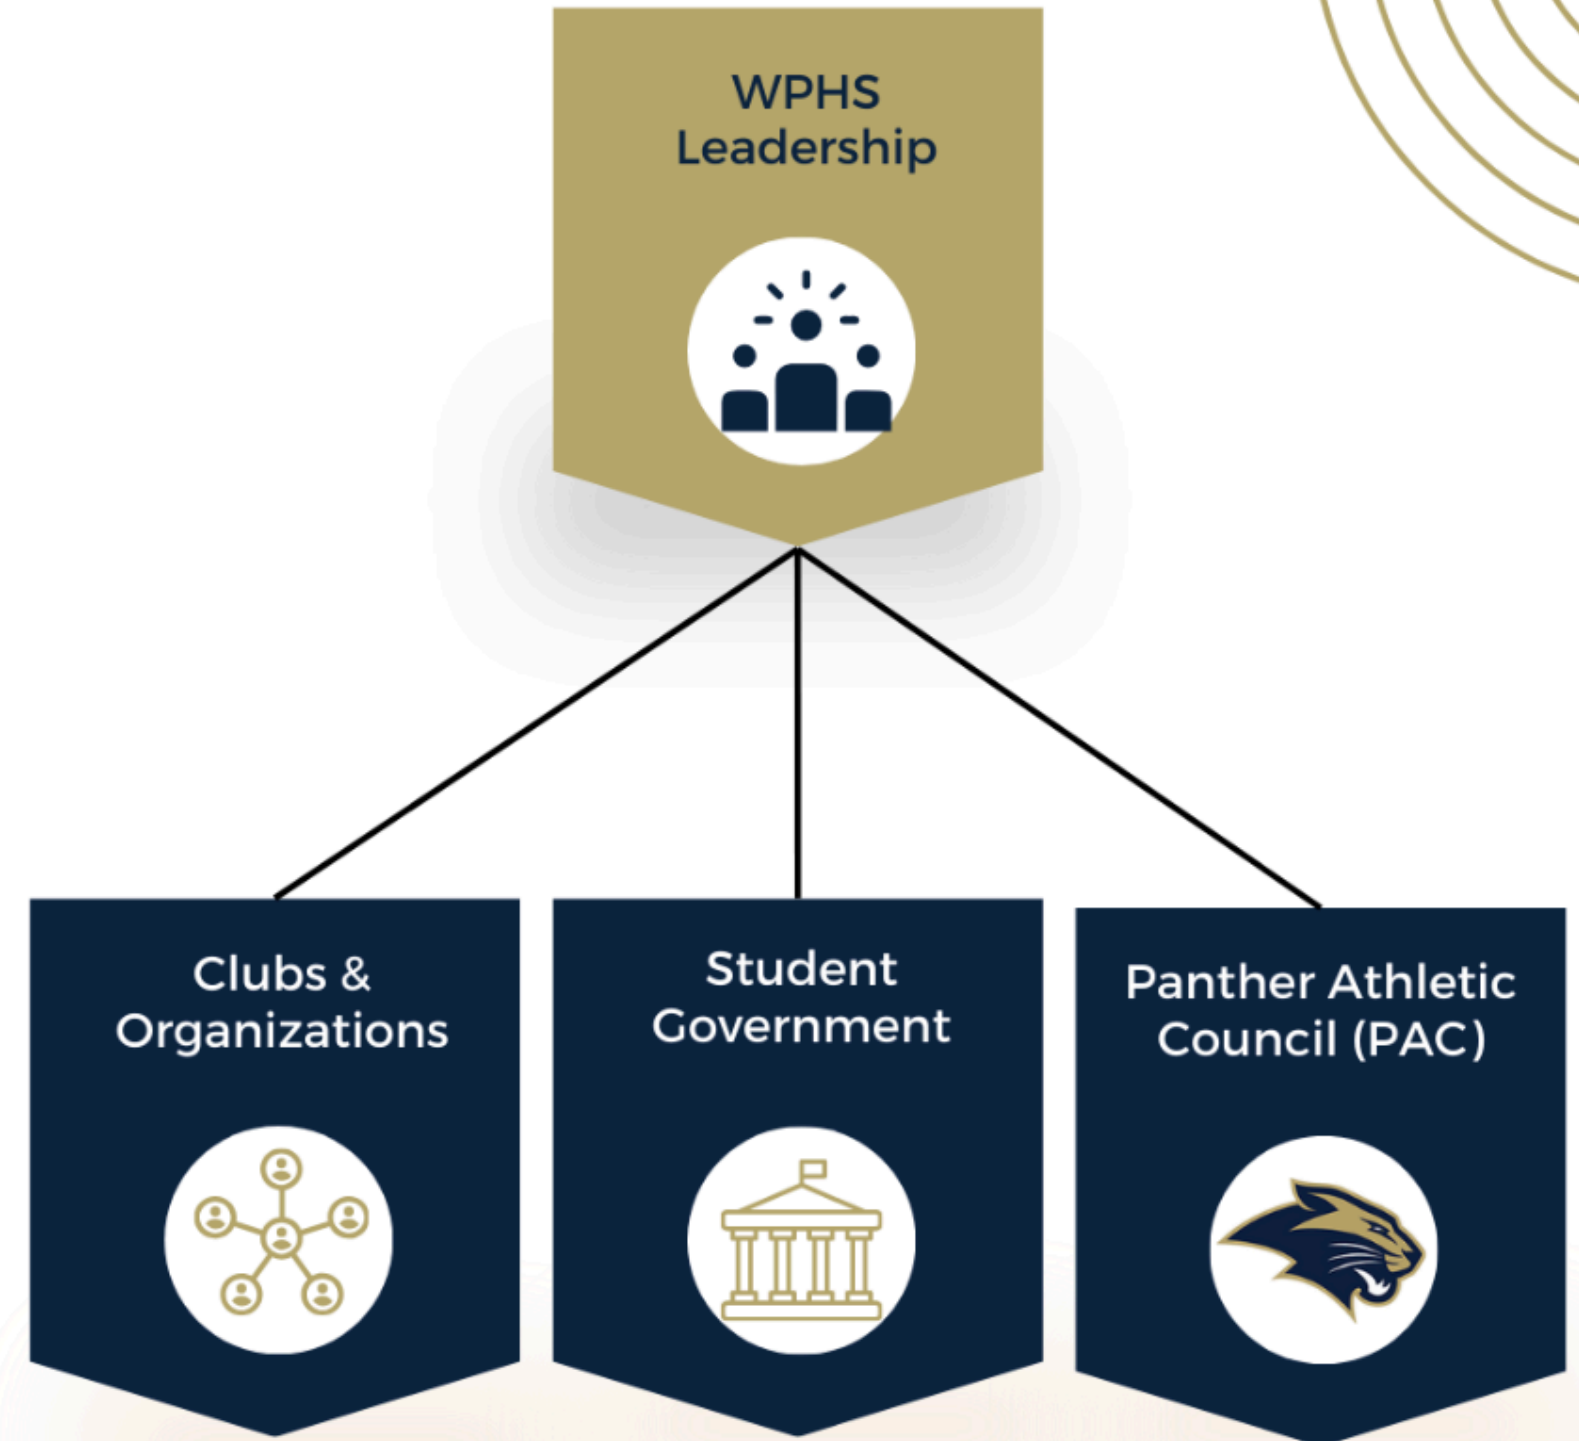

Leadership is for incoming Freshmen that want to get involved in activities and Student Government. Students will learn the skills needed to be an effective leader, such as understanding personality and leadership styles, time and stress management, conflict resolution, group dynamics, and public speaking. In addition, students will partner with Student Government to inspire and build school spirit, plan and coordinate school activities, and provide help and support to other groups and staff on campus.

Skills learned will be useful in Student Government, Athletics, and other co-curricular activities as well as work experiences and career preparation outside of school.

Students will have some outside of class events and commitments they will need to attend, such as:

- Homecoming Float Decorating
- Homecoming Dance Set-Up & Clean-Up
- The Claw (Student Section) Set-Up & Clean Up
- Back to School Night
- Panther Preview Night
- & More!
