## Principal's Message

By Mace Gratz

***Hello Seaview Families,***

***Thank you all for such a wonderful Open House and the chance to meet some folks in person. It was great to see a few of our Seattle families and reinforce our role as a distance learning program that fosters strong relationships with our students and staff.***

***If you have not seen it yet, our ORCA program for North Olympic Peninsula students was featured on the front page of Peninsula Daily News. The article can also be found on the peninsuladailynews.com. It was exciting to see our innovation taking root and benefitting students with quality opportunities for learning and community-building.***

***Now is the time to communicate with teachers and staff if your student needs any additional help with their learning. We pride ourselves in providing a high level of personal support to our families.***

***Have a wonderful Autumn and don't hesitate to call us or stop by the Seaview Learning Center to connect about your child's learning.***

The Seaview Academy Open House was a huge success! We had many families join us for some food, fun, and door prizes (thanks, Mrs. Rhyne!). More gatherings will happen in the future!

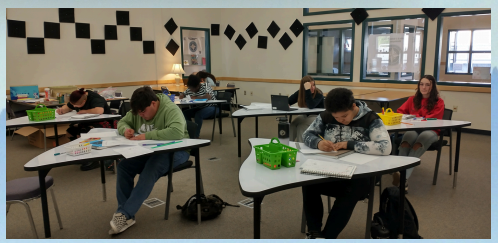

## ORCA PROGRAM

*On Friday, October 21st, the Peninsula Daily News featured our ORCA Program on the front page. This innovative program is held at Lincoln Park in cooperation with Olympic Nature Experience, offers outdoor learning every Wednesday, and in-person tutoring on Thursday at Seaview Learning Center.*

## SEAVIEW LEARNING CENTER

We are loving the new Seaview Learning Center, and having a home! We welcome families visiting and seeing the new space. Tutoring is available Monday-Thursday from 1 to 3 p.m. in the classroom, and the ORCA Program is in our space on Thursdays. Stop by and say hi!

## LINCOLN AND SEAVIEW TEAM UP

Recently, some Lincoln High School Art students and their teacher, Angie Tamas, worked with our ORCA Program to create art and play some chess. A great time was had by all, and the Lincoln students were wonderful mentors!
