THE *NEW* INDIANA DIPLOMA

CURRENT & FUTURE INDIANA DIPLOMA: COMPARISON

INDIANA DEPARTMENT of EDUCATION

The new diploma structure includes a base (minimum requirements) for every student, plus the opportunity to earn readiness seals aligned with their unique path. Students are encouraged to seize this flexibility by personalizing their high school experience. The new seals provide additional intentionality to maximize readiness and are designed to be permeable, allowing students to update their graduation plan and pivot, if their original interests and goals change. Students who do not earn a seal must still complete components 2 and 3 of Graduation Pathways.
