Communication Plan & Family Outreach Events 2024 - 2025

San Elizario High School in collaboration with our middle school, Ann M. Garcia-Enriquez Middle School will hold community and parent meetings to ensure that everyone, especially our at-risk population, receives all the information about our San Elizario ECHS. Student presentations will take place for our middle school students so that they are informed. Follow-up academic counseling sessions will be available as well. All students who have completed the early college application will have an equal opportunity to be accepted. San Elizario ECHS will ensure that access is provided to our at-risk populations.
