February 16, 2025:

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER), which provides key information on the 2023-24 educational progress Northwest Community School District and our schools. The AER addresses the complex reporting information required by federal and some requirements of state laws. Our staff is available to help you understand this information. Please contact Cari Bushinski, Director of Instruction at 571-817-4770 for help if you need assistance.

The DISTRICT AER is available for you to review electronically by visiting the following website, <https://www.mischooldata.org/annual-education-report-1/> or you may review a copy in the main office at your child's school. Each school will also be communicating their own AER to parents directly.

These reports contain the following information:

## **Student Assessment Data**

## **School Accountability Data**

Includes information on schools' performance on various measures such as student proficiency and growth on state assessments, graduation, and attendance rates. Performance is measured on 0-100 index scales

Reports schools identified under three federally required categories for further support: Comprehensive Support and Improvement, Targeted Support and Improvement, and Additional Targeted Support

## **Educator Qualification Data**

Reports teachers who are teaching with emergency or provisional credentials

Includes teachers who are not teaching in the subject or field for which they are certified

**NAEP Data (National Assessment of Educational Progress)**

**Civil Rights Data**

Provides information on school quality, climate, and safety

Review the table below listing our schools. For the 2023-24 school year, schools were identified based on previous years' performance using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that had at least one underperforming student subgroup in 2023-24. An Additional Targeted Support (ATS) school is one that had a student subgroup performing at the same level as the lowest 5% of all schools in the state in 2023-24. A Comprehensive Support and Improvement (CSI) school is one whose performance was in the lowest 5% of all schools in the state or had a graduation rate at or below 67% in 2023-24. Some schools are not identified with any of these labels. In these cases, no status label is given.

Northwest Community Schools is proud of the accomplishments made during the 2023-2024 school year. All Northwest Schools have strong Multitier Systems of Support and provide Positive Behavior, Attendance, and Content Intervention programs. Each school has a MICIP Team that oversees the three goal areas and provides structure to the Tier 1 efforts. Each grade level K-5 has a problem-solving team that meets regularly to implement strategies related to the Tier One data. Each goal area has several Tier 2 and 3 interventions that are implemented by the building Intervention Teams. All five buildings have counselors and At-Risk support creating a positive nurturing culture, which is the foundation for our success.
