MISSION STATEMENT

Granada High School develops caring, knowledgeable, and active lifelong learners ready to contribute and thrive in an interconnected and changing world.

VISION

Granada High School uses a focus on California Common Core State Standards, continuous technological developments, staff development, and a schoolwide commitment to excellence and innovation in order to produce students who can:

- Follow and apply logical processes
- Problem solve
- Interpret and evaluate texts and data
- Identify and evaluate chains of causality
- Effectively communicate in a global society using a variety of media
- Advocate for personal and community well-being

INTERNATIONAL BACCALAUREATE PROGRAMME (IB)

The IB program offers an internationally recognized, rigorous curriculum focused on both breadth and depth of knowledge. Students are challenged to think critically, understand others perspectives, develop an international mindset, write and communicate effectively at a college level, and contribute to their classroom and local communities. Students who complete the IB Diploma course of study and pass the exams receive the prestigious International Baccalaureate Diploma, which is well respected by leading national and international universities.
