Rotary International District 6710 sponsors a speech contest each year for high school students, providing them an opportunity to speak on a meaningful topic, to sharpen their speaking skills, and to gain recognition in addition to monetary awards at multiple levels. By participating, students will learn about Rotary and be presented with the opportunity to establish a relationship with their local Rotary Club. In exchange, the Rotarians will benefit from allowing students to showcase their talents and learning more about the student's educational journey. It's a good partnership between the club and the students!

Who is eligible and how do I participate?

Any high school student, freshman through senior, residing within District 6710 (the western counties of Kentucky) is eligible. Students can be enrolled in a public, private, or home school setting. Students should enter the contest of the nearest Rotary Club in their area. Entry forms should be available in the school office or guidance office, from speech teachers, from local Rotary Club members and on the District 6710 website: <https://www.rotarydistrict6710.org/district-speech-contest.php>.

What about the speech?

Students are expected to read and become familiar with the contest rules and the scoring system included in the speech packets. The year's topic is part of these packets. Students should research Rotary International and the announced topic. Students may consult teachers, parents, Rotarians or others for information and coaching assistance. However, each student must write their own speech. Any part of the speech from other sources must be acknowledged in the speech delivery. The time limit for the speech is 5 to 8 minutes.

At the first club level, students may use notes or cue cards while delivering their speech. Students who win the local level contest must deliver their advanced contest speeches without reading or using notes or cue cards. There are no exceptions to this rule. Students who use such aids at advanced levels will be penalized points which significantly affect their scores and jeopardize their chances of winning. Only one contestant per club contest will advance to the next level.

So how does this all work?

A local Rotary Club usually chooses a member to serve as the Club Speech Contest Chairperson. The chair is responsible for contacting local schools, distributing and collecting entry forms,

scheduling and managing the contest, reporting the winners, and enforcing the contest rules.

The chair is also responsible for obtaining 3 judges, 2 timekeepers, and 2 tellers. Contestants will be introduced as Contestant A, B, C, etc., not by their name or school, to be fair. After the contest is complete, students will be presented with an opportunity to introduce themselves to the audience.

Are there awards or prizes?

Each local Rotary Club will award cash prizes of \$300 to first place, \$200 to second place, and \$100 to third place finishers. At the club's discretion, additional prizes may be offered if there are more than three contestants. All prizes beyond the club level are determined yearly by the District and will be published in the speech packets. These prizes will be supplied by the District.

What about these advanced levels?

Advanced levels beyond the first local club level are the Sectionals, the Regionals, and the Final. Sectionals are comprised of local area clubs in close geographic proximity to each other. These are known as the Jackson Purchase, the Coal Fields, the Pennyrite, the Cave Country, the Louisville Metro, and the Bluegrass Sectionals. Regionals are held in three areas – West, Center, and East. The Final is held in conjunction with the annual District 6710 Conference at a date and place selected by the District Governor, usually in May.

2025

Developmental Relationships

Developmental relationships are the roots of thriving and resilience for young people regardless of their background or circumstances. Through these relationships, young people discover who they are, cultivate abilities to shape their own lives, and learn how to engage with and contribute to the world around them.

Express Care - Be dependable, be someone I can trust.

- Ask open-ended questions
- Give specific encouragement
- Show your child that you're trustworthy too (and recognize when you make a mistake).
- Give your child opportunities to be independent.
- In good times, and bad, be on their team.

DTP...On The Go!

Happy New Year everyone! The new year brings about a fresh new start for many individuals whose goals may include eating healthier or participating in some type of exercise. Families can work on supporting one another in adopting a healthier lifestyle when traveling or at home. If on the go, families can discuss the difference between healthy and unhealthy food choices when eating in a restaurant. Caregivers can also assist younger family members with prepping healthy meals to take on the go. Exercise can be especially challenging during the winter months. Families can participate in fun activities that promote family bonding and physical activities. One example of an inside activity is a family dance contest from different eras in history. YouTube videos may help families practice some of the most popular dance moves from each era.

2025

Relaciones de desarrollo

Las relaciones de desarrollo son las raíces para el éxito y la capacidad de adaptación de los jóvenes, independientemente de sus antecedentes o circunstancias. A través de estas relaciones, los jóvenes descubren quiénes son, cultivan habilidades para moldear sus propias vidas y aprenden cómo involucrarse y contribuir con el mundo que los rodea.

Expresar interés - Sea confiable, sea alguien en quien pueda confiar

- Haga preguntas abiertas
- Ofrezca estímulos específicos
- Muéstrole a su hijo que usted también es confiable (y reconozca cuando se equivoca)
- Déle a su hijo oportunidades de ser independiente
- En las buenas y en las malas, esté de su lado

DTP... ¡sobre la marcha!

¡Feliz año nuevo a todos! El nuevo año trae consigo un nuevo comienzo para muchas personas, entre cuyos objetivos se encuentran comer de forma más saludable o participar en algún tipo de ejercicio. Las familias pueden trabajar para apoyarse mutuamente y adoptar un estilo de vida más saludable cuando viajan o están en casa. Si están de viaje, las familias pueden hablar sobre la diferencia entre opciones de alimentos saludables y no saludables cuando comen en un restaurante. Los cuidadores también pueden ayudar a los miembros más jóvenes de la familia a preparar comidas saludables para llevar. Hacer ejercicio puede ser especialmente desafiante durante los meses de invierno. Las familias pueden participar en actividades divertidas que fomenten los vínculos familiares y las actividades físicas. Un ejemplo de una actividad que se puede practicar bajo techo es un concurso de baile de diferentes épocas de la historia. Los videos de YouTube pueden ayudar a las familias a practicar algunos de los pasos de baile más populares de cada época.

Healthy Kids Clinic News

Healthy Kids Clinic Registration Form

Please read before filling out the health form....

WCPS partners with Cumberland Family Medical Center to have a full service clinic and a nurse in each school. Here are the options listed on the back of the form and what they mean. I must have this form returned to the nurse so I have consent to see your child at school (even to take a temperature.) It will also give me your child's pertinent health history.

SCHOOL NURSE SERVICES:

This gives me permission to see your child in the Nurse's office when they don't feel good, check their vital signs and see if they need any medications. All of the medications are free and I will attempt to call you for consent before administering any medication. Draw a line through any medication you do not want me to give.

NURSE PRACTITIONER SERVICES:

We now offer SICK VISITS with our Nurse Practitioner via telehealth or in person visits. Your insurance will be billed just as if you are going to a doctor's office or urgent care. This is a very convenient option for parents that your child can be seen at school and their medications (if needed) can be called in to your preferred pharmacy by the time you pick up your child from school or if they are seen by the APRN and the child is not contagious they may remain at school. We have all the tests available as in any doctor's office (flu, strep, covid, etc.) I will call you for consent before any visit with the nurse practitioner.

WELL CHILD EXAM:

The next option on the form is a Well Child Visit. This is the yearly "check up" visit. If you do not have a pediatrician, have transportation issues, or it's not convenient for you to leave work to take your child, we can do their well child exam, sports physical or immunizations at school during the school day. Parents are welcome to come for this visit as well. Please only check this service if you want your child to have their well child exam at school. Most insurance companies will cover one well child exam per year.

If you have any questions about this form or any of our services, please feel free to reach out to me. I look forward to taking care of your child this school year!

To See Nurse in Health Room

If your student is sick and would like to see the school nurse, they need to ask their teacher to put them on the sick list. The teacher will then fill out a Google form that puts the student's name on the Nurse List to be seen.

The list will be triaged as the most emergent to the least. Student's will be called from class when the nurse has availability. The nurse will see student's on the sick list between emergencies and student's with standing appointments.

There could be days not every student on the sick list will be seen. It is the nurse's goal to see everyone on the list, but some days will be much busier than others. The nurse will attempt to contact those students waiting to be seen and let them know if they will be unable to be seen that day.

Nurse will stop looking at the sick list around 1:50pm. Policy states nurses can not give over the counter medication 30 minutes before school lets out. So no OTC medication will be given after 1:55pm.

Looking forward to having a great school year.
